

SPECIAL CITY COUNCIL

Wednesday, December 4, 2019, 5:30 p.m. Council Chambers, 2nd Floor, City Hall

1. CALL TO ORDER

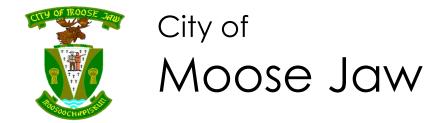

2. MOTION TO GO INTO THE COMMITTEE OF THE WHOLE

- a. Capital Budget Presentation (Verbal) Departments of Engineering Services and Parks & Recreation
- b. 2019 Parks and Recreation Capital Budget Carry Forward, CC-2019-0255
- c. Tabled Matter: WW16 BPWTP Transmission Line Phase II Fluoridation System and Northeast Reservoir Influent, CC-2019-0250
- d. Tabled Matter: Solid Waste Utility Material Crushing and Recycling, CC-2019-0241
- e. Tabled Matter: Slumping Strategy, CC-2019-0251
- f. Tabled Matter: Urban Forestry Program, CC-2019-0228
- g. Tabled Matter: Economic Development Initiatives, CC-2019-0242
- h. Tabled Matter: Parks and Recreation Department Capital Budget Shortfall, CC-2019-0243
- i. Referred Matter: Moose Jaw Public Library 2020 Operating Budget Estimates, CC-2019-0221
- j. Referred Matter: Third-Party Funding Group Presentations, CC-2019-0248
- k. Referred Matter: Options for the Introduction of an Infrastructure Levy, EC-2019-0141
- I. Referred Matter: Recycling Collection Contract Renewal, CC-2019-0154
- m. Tabled Matter: City of Moose Jaw 2020 Budgets, CC-2019-0236

3. ADOPTION OF THE REPORT OF THE COMMITTEE OF THE WHOLE

4. ADJOURNMENT

The next Special Meeting of City Council is scheduled for December 11, 2019 (if needed).

COMMUNICATION # CC-2019-0255

TITLE: 2019 Parks and Recreation Capital Budget Carry Forward

TO: City Council

FROM: Department of Parks and Recreation

DATE: November 26, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the Parks and Recreation 2019 Capital Budget carry forward funding amount be increased to \$1,158,784.00 and amended as follows:

City Complex Upgrades	\$235,000
Library/Art Museum	\$6,500
Crescent Park Upgrades	\$1,100
General Upgrades – Parks	\$68,510
Building Improvements	\$59,265
Pathway Upgrades	\$15,590
Reforestation City	\$0
Energy Mgt Program	\$132,510
Special Needs Upgrades	\$45,301
Kinsmen Sportsplex Arena	\$425,000
City Hall	\$146,645
Community Projects	\$11,513
Parks Dedication Reserve	\$11,850
	\$1,158,784
	Library/Art Museum Crescent Park Upgrades General Upgrades – Parks Building Improvements Pathway Upgrades Reforestation City Energy Mgt Program Special Needs Upgrades Kinsmen Sportsplex Arena City Hall Community Projects

TOPIC AND PURPOSE

The purpose of this report is to present City Council with the updated 2019 Parks and Recreation Capital Budget carry forward amounts for approval.

BACKGROUND

The Parks and Recreation Department received the Call for Estimates - 2020 Operating and Capital Budgets from the City Manager and Director of Finance on June 25, 2019.

Preparation, review and revision of budgets took place from June 26 to September 12, 2019, with final submission on September 13, 2019.

Included in the 2020 Capital Budget submission were 2019 Capital carry forward amount requests, which were based on the status of 2019 Capital projects at the time of submission.

DISCUSSION

At the time of the 2019 Capital Budget submission, several Parks & Recreation capital projects were ongoing. Many projections have changed since September, therefore the Parks and Recreation Department is submitting the updated 2019 carry forward amounts for approval.

PARKS & RECREATION CAPITAL PROJECTS	Original	Amended	Difference
PR-4 City Complex Upgrades	\$235,000	\$235,000	\$0
PR-11 Library/Art Museum	\$17,000	\$6,500	(\$10,500)
PR-14 Crescent Park Upgrades	\$0	\$1,100	\$1,100
PR-23 General Upgrades – Parks	\$78,000	\$68,510	(\$9,490)
PR-47 Building Improvements	\$65,835	\$59,265	(\$6,570)
PR-52 Pathway Upgrades	\$15,590	\$15,590	\$0
PR-55 Reforestation City	\$880	\$0	(\$880)
PR-56 Energy Mgt Program	\$0	\$132,510	\$132,510
PR-59 Special Needs Upgrades	\$45,301	\$45,301	\$0
PR-63 Kinsmen Sportsplex Arena	\$425,000	\$425,000	\$0
PR-64 City Hall	\$146,645	\$146,645	\$0
PR-65 Community Projects	\$11,513	\$11,513	\$ O
PR-68 Parks Dedication Reserve	\$12,700	\$11,850	(\$850)
TOTAL	\$1,053,464	\$1,158,784	\$105,320

The increase is in the carry forward amount is directly linked to the City Hall LED Lighting project being delayed. In September, it was projected to be completed by December 31, 2019 but delays following the tender process have resulted in the timelines being adjusted. The updated completion date is January 31, 2020.

PARKS & RECREATION CAPITAL PROJECTS	SUMMARY OF PROJECTS CARRIED OVER
PR-4 City Complex Upgrades (\$235,000)	City complex mechanical upgrades (\$235,000) *Delay in receiving Tender Drawings from engineering firm. Tender is expected to be out in early December and the project awarded in January.
PR-11 Library/Art Museum (\$6,500)	Humidifier installation (\$6,500)

PR-14 Crescent Park Upgrades (\$1,100)	Storm drain clean-out (\$1,100)
PR-23 General Upgrades – Parks (\$68,510)	Regal Park building upgrade (\$5,485) Self-watering hanging baskets (\$3,000) Sprinkler head replacements (\$11,630) Dugout replacement (\$1,895) Park sign replacements (\$1,500) Ross Wells retaining wall (\$45,000)
PR-47 Building Improvements (\$59,265)	R22 Consulting (\$50,000) Sportsplex Heat Exchanger (\$9,265)
PR-52 Pathway Upgrades (\$15,590)	Pathway Development (\$15,000) Crescent Park Pathway Repairs (\$590)
PR-55 Reforestation City (\$0)	
PR-56 Energy Mgt Program (\$132,510)	City Hall LED Lighting (\$132,510)
PR-59 Special Needs Upgrades (\$45,301)	Smith Park Building (\$45,301)
PR-63 Kinsmen Sportsplex Arena (\$425,000)	Gas Tax – Facility Upgrades (\$425,000) *The City is awaiting final confirmation from the province to proceed. Estimated completion is August 31, 2020.
PR-64 City Hall (\$146,645)	Elevator Replacement (\$146,645) *Equipment is on order and will arrive in December. Project is 1 month behind schedule due to initial delays from contractor's legal team on construction and installation agreement. Estimated completion is January 31, 2020.
PR-65 Community Projects (\$11,513)	Capital Grant Program Carry Forward (\$11,513)
PR-68 Parks Dedication Reserve (\$11,850)	Boulevard Tree Program (\$11,850)

PRESENTATION

VERBAL: The Director of Parks and Recreation will provide a brief verbal summary and will be available to answer any questions.

CITY MANAGER COMMENTS

Council will recall that the allocated funding of \$ 425,000 for the Kinsmen Sportsplex Arena was only provided in Summer, 2019 and was not enough lead time to get completed in 2019.

When the above, the Elevator Replacement, City Complex upgrades and lighting upgrade, all projects committed is taken into account, that would leave only \$ 219,629 carried forward.

To be completed by the Clerk's Department of	only.
Presented to Regular Council or Executive Cor	mmittee on
No.	Resolution No.

COMMUNICATION # CC-2019-0250

TITLE: Request to Proceed with Construction of the New Fluoridation System

WW16 BPWTP Water Supply Transmission Line Project – Phase II

TO: Special City Council

FROM: Department of Engineering Services

DATE: November 22, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT City Council approve construction of the new Fluoridation System at the Buffalo Pound Water Treatment Plant (BPWTP) and Northeast Reservoir (NER) influent line including tie ins and increase the 2020 capital budget to \$2,300,000.

TOPIC AND PURPOSE

The purpose of this report is to obtain approval for the additional cost to proceed with construction of the new Fluoridation System and NER influent line including tie ins.

BACKGROUND

The City retained Stantec Consulting Ltd. as the engineering consultant for this project. The project has two phases: 1) The Pipeline Construction and 2) The Pumps & Electrical Upgrades. This phasing is based on BPWTP current improvements and upgrades to their electrical systems that will also house the City's pumps and electrical system. This work at BPWTP was completed this spring of 2019 and therefore, Phase II – Pumps & Electrical Upgrades construction can be carried out.

Construction of Phase I began on November 30, 2017 and was substantially completed on December 4, 2018 after a successful pressure test of 750 mm diameter, 19 kilometres long PVC pipe with 17 trenchless crossings.

The NER pumphouse and influent line were constructed and commissioned in 1982. Replacement of this line was not considered during preliminary design in 2011 due to its current service life at that time. The plan was to carry out an assessment to determine the condition of the steel line. Assessment ranges from \$25k to \$50k depending on the extent of work, which partially covers the replacement cost. Upon further review of methodology and associated cost, it was concluded to not undertake this assessment.

The City Council, at its regular meeting held dated April 22, 2019 approved to complete the detailed design of a fluoridation system to replace the old fluoridation system, which has exceeded its service life. The existing fluoride system had experienced several mechanical and hardware issues. It is currently out of service because replacement parts are difficult to obtain and/or obsolete.

DISCUSSION

This report addresses two issues related to the Buffalo Pound Transmission Line Project – Phase II – Pumps and Electrical Upgrades.

- 1. Fluoride system replacement of an existing system. This was not previously budgeted and not part of the original scope. It is recommended to be included due to failure of the existing system.
- 2. Influent tie in at the Northeast reservoir replacing existing tie in line. This was not previously included in the budget and was not part of the original scope. It is now recommended to be included as the line is reaching the end of its expected life and would be the only section of the transmission line not replaced, and a contractor will be doing tie in work at the plant.

These items require additional budget, the overall budget impact is outlined in this report. Both items are being considered to be included as part of the Phase II – Pumps and Electrical Upgrades tender package, scheduled for tender this year.

Fluoride system

The current system has failed and is no longer operational. The regulatory permit to operate includes fluoridation of our water at the BPWTP. Council approved design of the replacement system and design of the fluoride system is now complete. A letter from Saskatchewan Health Authority was received by the Department of Engineering Services in support for community water fluoridation. The letter states "that many governments and health organizations in Canada support the fluoridation of drinking water as an important public health measure to prevent tooth decay. Community water fluoridation remains a safe, cost-effective and equitable public health practice and an important tool in protecting and maintaining health and well-being of Canadians." The advantages and benefits are also stated in this letter. See Attachment i.

Influent tie in at Northeast reservoir

This is the replacement of the section of line from the new transmission line to the Northeast reservoir. It includes a new Flow Control Valve (FCV), 160m of pipe and an access for maintenance

Replacement the NER influent line is recommended based on the following factors:

- 1. Age the line is approaching 38 years of its service life.
- 2. Swabbing structures no pig launch and retrieval.
- 3. Maintenance, serviceability and operations.
- 4. Appropriate sizing and optimum capacity.

Under normal conditions, a steel water pipe service life span is about 20 to 50 years. For steel water pipes, it is recommended to carry out swabbing as a preventive measure to maintain and prolong its service life. Not having these structures will expedite the deterioration of its condition.

In addition, the new influent line is designed to accommodate future expansions of the reservoir. A reservoir expansion is one of the recommendations stated in Associated Engineering's *Potable Water Storage and Pumping Facilities Conceptual Study* dated August 2018 to meet current capacity requirements of two times average day demand (short term) and to meet projected demand for a population of 45,000 (long term). The replacement of NER influent line will complete the renewal of the entire transmission line, which will ensure a safe and reliable supply of potable water.

With the construction contract for Phase II scheduled to be committed in January 2020, it is recommended the full amount be available to proceed with the construction and complete the project in its entirety.

The total estimated cost of the entire project is summarized below:

	Description	Subtotal	10% (Contingency	PST (6%)	Total
	Engineering Services - Stantec	\$ 1,976,520.96	\$	-	\$ -	\$ 1,976,520.96

allocated	\$ 3,659,694	\$ 3,500,000	\$ 100,000	\$0	\$0	\$0	\$ 7,259,694

Proposed: 2020-2024 Capital Budget

Dhasa II	2019 CF	2020	2021	2022	2023	2024	Total
Phase II	\$ 6,100,000	\$ 2,300,000	\$0	\$0	\$0	\$0	\$ 8,400,000

Market conditions will determine the final construction costs.

OPTIONS TO RECOMMENDATION

- Reject this report and not replace the Fluoridation System at Buffalo Pound Water Treatment Plant and the influent line at Northeast Reservoir, and direct Administration to make changes to the City's permit to operate with the provincial regulator.
- 2. Other City Council direction to proceed with one or the other of the fluoride systems or influent line at the Northeast Reservoir.

OTHER CONSIDERATIONS/IMPLICATIONS

There is no policy or privacy implications, official community plan implementation strategies or other considerations.

Public Health Services 107-110 Ominica St. W. Moose Jaw, SK S6H 6V2 P: 306-691-1500 | F: 306-691-1523

April 16, 2019

To: Mr. Mark Caringal Engineering Technologist City of Moose Jaw

Position statement on Community Water Fluoridation

Good oral health is essential to our overall health and well-being. In fact, tooth decay is one of the most common and widespread chronic diseases in Canada and worldwide. Community water fluoridation is an important and often overlooked public health measure that has contributed over the last 70 years to the health of Canadians by preventing tooth decay and thereby improving oral health.

Fluoride is a mineral found naturally in almost all water sources, and in small amounts in food and soil. Fluoride helps to prevent tooth decay by strengthening the enamel layer and making teeth more resistant to acid attacks from plaque bacteria and sugars in the mouth. Water fluoridation is the process of adjusting the level of fluoride in the water to provide optimal dental health benefits.

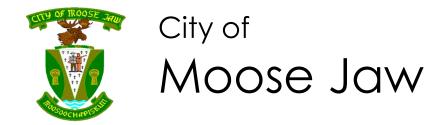

The big advantage of community water fluoridation is that it benefits all residents in a community, regardless of age, socioeconomic status, education, oral hygiene practices, employment or access to routine dental care, making it a truly equitable public health practice. Canadian and international studies agree that properly fluoridated water is safe. High levels of ingested fluoride may cause dental fluorosis, which causes white specks to appear on the teeth and is usually unnoticeable. There is no scientific evidence to suggest that children should avoid drinking fluoridated water at the accepted levels in Canadian drinking water.

Many governments and health organizations, including the Public Health Agency of Canada, Health Canada, the Canadian Public Health Association, the Canadian Dental Association, the Canadian Medical Association and the World Health Organization support the fluoridation of drinking water as an important public health measure to prevent tooth decay.

Community Water Fluoridation remains a safe, cost-effective and equitable public health practice and an important tool in protecting and maintaining the health and well-being of Canadians. Public Health strongly supports the Public Health Agency of Canada in promoting Community Water Fluoridation.

COMMUNICATION # CC-2019-0241

TITLE: Solid Waste Utility – Material Crushing and Recycling

TO: City Council

FROM: Department of Engineering Services

DATE: November 27, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

That the City proceed with a tender to crush the diverted asphalt and concrete stockpiles at an estimated cost of \$179,200 funded from inventory cash flow accounts.

That the City sell all but two years' worth of the by-products to industry with profits offsetting capital requirements in the Water Utility.

TOPIC AND PURPOSE

The purpose of this report is to obtain Council's permission on a new initiative for the City of Moose Jaw. Construction and demolition waste (asphalt and concrete) has been diverted from the landfill for the last 3-1/2 years. This material can be crushed and repurposed to the City's benefit.

BACKGROUND

The City of Moose Jaw began diverting most construction and demolition waste (asphalt and concrete) from the landfill in 2016 beginning with the demolition of the Union Hospital. This practice has continued as part of normal operations in the Solid Waste Utility. The current landfill site does not have adequate storage for these materials, so space was made for contractors to deposit this material south of the City's aggregate materials storage compound on High Street West. This area is nearing full capacity for storage and the material should now be processed for re-use by the City or others.

DISCUSSION

There is an estimated 18,000 cubic meters (9,200 tonnes) of concrete and 8,000 cubic meters (3,600 tonnes) of asphalt based upon a drone survey completed in May 2019.

This is a recycling initiative that will have a positive environmental impact, diverting material from the landfill through the recycling of a non-renewable resource (aggregate material). This volume represents diversion of 4 months of landfill waste over a 3-1/2-year timespan or 10% of the total waste stream diverted. This practice helps prolong the life of the landfill, stretching out capital investment requirements

Asphalt reclaim and concrete have material value if processed through a crushing operation to render the material into useable aggregate. The asphalt reclaim can be crushed into 3/4-inch aggregate suitable for limited applications in back lanes and gravel roads. The concrete can also be crushed into 7/8-inch crushed aggregate, which the City uses in wet excavations such as water main breaks, service leaks and some hydrant and valve repairs. Both materials have broader applications for use within private industry. The City has obtained an estimate to crush this material at a cost of approximately \$14.00 per tonne. The estimated cost to crush all the material is \$179,200.

The approximate open market values for 7/8-inch crushed aggregate and 3/4-inch crushed asphalt is \$45.00 and \$35.00 respectively. The potential value of the material recovered by the City is **\$540,000**. Current uses for this material at the City indicate a feedstock inventory of 18 years for the 7/8-inch crushed aggregate and 7 years for the 3/4-inch crushed asphalt reclaim.

Funding to crush this material can come from the City's inventory cash flow accounts with no requirement for a tax increase or rate charge to the citizens of Moose Jaw. It is recommended that the internal use of this material be charged out at cost recovery, an estimated \$14.00/tonne. Due to the volume of material previously indicated, it is recommended that the City retain 2 years' worth of inventory and sell the rest at a slight discount to open market rates and re-direct those proceeds into offsetting Capital needs in the Water Utility. The potential maximum value of material sold is \$308,800. Once this material is processed, the City can begin to measure and quantify annual diversion and incorporate these practices into normal business activities.

OPTIONS TO RECOMMENDATION

- 1. Start to landfill concrete and asphalt reclaim as current storage is near capacity.
- 2. Find a new location and continue stockpiling diverted concrete and asphalt.

FINANCIAL IMPLICATIONS

\$179,200 to be funded from inventory.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy as incorporated into the City Administration Bylaw No. 5175 of 2016 is not required.

COMMUNICATION # CC-2019-0251

TITLE: Slumping Strategy

TO: City Council

FROM: Engineering Department

DATE: November 21, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the City engage an expert consultant to evaluate slumping areas and formulate a plan for the City on how to manage these areas consistent with best practice; and,

THAT an estimated cost of \$110,000 be partially funded from the former Flood Reserve. of \$68,095 with the remaining \$41,905 being funded by the general fund.

TOPIC AND PURPOSE

The purpose of this report is to request funding to develop a plan to manage slumping areas in the City.

BACKGROUND

The City has slump zoning along the river valley area. This zoning has been in place for some time and serves as an information tool to ensure citizens are aware of the risk. Over time best practices for municipalities have changed with regard to due-diligence on the oversight, management and communication of slumping areas. The intent of this is to update the City's management approach.

Efforts have been made over the last year to monitor the slumping areas. These include regular photographs of the areas to monitor for movement and the edge of the slumping areas has been surveyed.

The City is aware of four (4) active slumping areas that movement is being monitored. See Attachment i.

DISCUSSION

Slumping can cause safety and protection of property issued and concerns.

The goal of the plan is to create determine potential courses of action to manage the risk and optimize any potential investment. And to ensure that any action that is taken is consistent with the plan and are in line with best practice.

OPTIONS TO RECOMMENDATION

Status quo – leave existing monitoring in place.

Other direction of City Council.

FINANCIAL IMPLICATIONS

A one-time Capital cost of \$110,000 would be required. Any significant potential costs would be identified in the report and subject to further City Council approval.

PRESENTATION

COMMUNICATION # CC-2019-0228

TITLE: Urban Forestry Program

TO: City Council

FROM: The Department of Parks and Recreation

DATE: November 4, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the City of Moose Jaw establish a dedicated crew to maintain the City's Urban Forest with the source of funding being the 2020 Operating Budget in the amount of \$45,850.00; and

THAT the City of Moose Jaw expand the contracted block pruning program with the source of funding being the 2020 Operating Budget in the amount of \$14,185.00.

TOPIC AND PURPOSE

Requesting that City Council approve an additional \$45,850.00 to implement a year-round, 2-person urban forestry crew and that an additional \$14,185.00 be approved to expand the contracted block pruning program to decrease the City's tree pruning cycle from thirty-three (33) years to fourteen (14) years.

The total cost of both requests is \$60,035.00.

BACKGROUND

Trees are an important part of a vibrant, liveable city. Growing research supports the many benefits of an urban forest on the environment, economy and human health. Moose Jaw's publicly owned and managed urban forest has an estimated population of fifteen thousand (15,000) trees with an estimated collective value of \$90-\$100 million. Like many other City assets, the City's urban forest requires annual maintenance funding to ensure it remains healthy, safe and valuable into the future.

Please see link below for further information regarding the benefits of an Urban Forest:

https://treecanada.ca/resources/canadian-urban-forest-compendium/3-benefits-of-urban-forests/

Current State of Moose Jaw's Urban Forest

The Parks and Recreation Department is currently completing a GIS tree inventory of all City-owned trees, which provides data on the health, species, size and maintenance history of the trees.

There are currently 6,661 trees logged in the inventory. Of these trees, 522 have been marked as "poor health" and have a remaining lifespan of less than ten (10) years, which means these trees will need to be removed and replaced in the near future. Additionally, 2,128 trees have been marked as "fair health", indicating that they have an estimated remaining lifespan of greater than ten (10) years but need maintenance to prevent a further decline in their health and becoming a safety concern.

In order to maintain our urban forest, the Department strives to plant a new tree for every tree that is removed. Ideally, every newly planted tree would be pruned approximately three (3) years after planting and again approximately seven (7) years after planting to ensure a strong structure which reduces the risk of failure when it's mature and increases the trees' longevity.

DISCUSSION

The request to implement a year-round, 2-person urban forestry crew would result in an additional seasonal staff being added to the department from the beginning of May to the end of October. In November one of the existing crew leads would replace the seasonal staff to maintain the 2-person crew for the winter months.

The second request to increase the funding for contracted block pruning would allow the City's in-house forestry crew to focus on other priorities such as responding to requests for service, the removal of dead fall, tree planting, stump removals, tree inventories and tree inspections. The request would also assist in decreasing the City's tree pruning cycle to a projected fourteen (14) year cycle instead of the current thirty-three (33) year cycle.

Current In-House Pruning

The in-house tree pruning crew prunes mainly in November, January, February, March and April but not full time. The Parks Department carries seven (7) staff through the winter months which try to balance the outdoor rinks, pathway snow removal, cemetery operations and tree maintenance. In December, this crew is primarily concentrated on building ice for the outdoor rinks. Pruning can be sporadic in January and February as outdoor rinks and snow removal are priority. Summer tree pruning consists of responding to tree damage from storms, addressing safety concerns, addressing infestation or disease issues and the removal of trees infected with Dutch elm disease (DED). The pruning crew also does stump removals throughout the warmer months.

The current in-house tree pruning program has pruned 1,355 trees over the past seven (7) years which accounts for approximately 9% of our urban forest.

In-house tree pruning is primarily complaint driven but in 2019 City staff were able to complete some block pruning. Staff pruned the boulevard trees along the 1100 block of Duffield Crescent, all of Currie Crescent and the 900, 1000, 1100 and 1200 blocks of Grace Street, for a total of 0.6% of City-owned trees. The estimated cost of in-house block

pruning is \$150 per tree and this cost will decrease over time with experienced staff and a dedicated crew.

A year-round, 2-person forestry crew would provide a greater response time to complaints and would deal with tree removals related to underground infrastructure replacements, DED removals, stump removals and additional block pruning. The full-time forestry crew would also be two (2) more sets of eyes watching for symptoms of DED, Cottony Ash Psyllid, and the future threat of emerald ash borer, which is expected to be found in Moose Jaw in the next few years.

It is uncommon for a city the size of Moose Jaw to not have a year-round crew dedicated to urban forestry. For example, the City of Prince Albert has an inventory of 40,000 trees with a 4-person year-round crew and the City of North Battleford has an inventory of 20,000 trees with a 3-person year-round crew.

Current Block Pruning

In 2014, \$40,000.00 was added to the Parks and Recreation budget for contracted tree pruning. The budgeted amount is now \$47,816.00 and the request for an additional \$14,185.00 would bring the total budgeted amount to \$62,000.00.

The following is a summary of the contracted block pruning that has been completed since 2014:

- 2019 YTD No contracted block pruning completed
- 2018 No contracted block pruning completed
- 2017 420 trees completed at a cost of \$33,463.00; \$80 per tree (2.8% of our trees)
- 2016 319 trees completed at a cost of \$24,715.00; \$78 per tree (2.1% of our trees)
- 2015 309 trees completed at a cost of \$42,258.00; \$136 per tree (2.1% of our trees)
- 2014 290 trees completed at a cost of \$31,125.00; \$107 per tree (2% of our trees)

In 2019, most of the urban forestry work required a contractor due to a shortage of qualified in-house staff which did not allow for any block pruning to take place. (Spent \$37,700 YTD on these services)

In 2018 the Department only contracted emergency calls and trees that the City bucket truck could not reach. (Spent \$10,900 on these services). The Department was advised to limit spending in this area due to potential budget cuts stemming from the Provincial government municipal funding reductions.

In 2014/2015 work was concentrated in the Avenues. The boulevard trees in this location are large, older trees that require more work, contributing to the higher cost per tree.

It is also important to note that the price for contract tree pruning has been decreasing due to greater competition in the market and a possible work slow-down for contractors.

In total, contractors have pruned approximately 9% of our trees since 2014.

The following table reflects the City's current pruning cycle and options to enhance it:

Current Program	Trees per year	Projected Pruning Cycle
In-house	200	75 years
Contracted Block Pruning	260	58 years
In-house & Contracted Block Pruning Combined	460	33 years
Expanded Program	Trees per year	Projected Pruning Cycle
In-house	600	25 years
Contracted Block Pruning	500	30 years
In-house & Contracted Block Pruning Combined	1,100	14 years

^{*}Based on estimated tree population of 15,000

If approved in 2020, contracted block pruning could complete roughly 500 trees and the in-house crew could complete an additional 400-600 trees. The in-house forestry crew would also have the opportunity to catch up on other priorities such as responding to requests for service, the removal of dead fall, tree planting, stump removals, tree inventories and tree inspections.

OPTIONS TO RECOMMENDATION

- City Council can decide to approve only one (1) of the two (2) recommended options. This was not recommended as the establishment of a full-time urban forestry crew and the enhancement of the City's block pruning program are both considered high priority.
- City Council can deny the expansion of the Urban Forestry Program in 2020. This
 option was not recommended as it would result in a further backlog of urban
 forestry work for the Department. Tree health would continue to decline at an
 increased rate which also heightens safety and liability concerns.

STRATEGIC PLAN

The Urban Forestry Program request supports the strategic priorities of Community Safety and Community Pride. It also aligns with our values of being forward thinking and innovative when addressing problems.

OFFICIAL COMMUNITY PLAN

The request also supports the Official Community Plan objectives identified in the Natural Environment/Conservation Section of the plan which speaks to ensuring the protection and sustainability of the "urban forest" in Moose Jaw through new planting and the protection and maintenance of existing trees throughout the City.

BYLAW OR POLICY IMPLICATIONS

The Parks and Recreation Department is working on a Tree Protection Bylaw which will be brought to City Council for approval in 2020. This new Bylaw would align well with the protection and maintenance strategies identified with the expansion of the Urban Forestry Maintenance Program.

FINANCIAL IMPLICATIONS

The request would result in an additional \$60,035.00 being added to the Parks and Recreation Department operating budget.

Breakdown:

Wages – \$25,300 Seasonal Employee Benefits - \$2,050 Equipment Charges - \$18,500 Contracted Services – \$14,185

Note: There will be no additional training costs as one of the City's certified arborists resigned in 2019 therefore training for a new staff person will be required either way.

OTHER CONSIDERATIONS/IMPLICATIONS

There is no privacy implications or other considerations.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy as incorporated into the City Administration Bylaw No. 5175 of 2016 is not required.

PRESENTATION

VERBAL: The Director of Parks and Recreation will provide a verbal presentation and will be available to answer any questions related to the report.

Pruning Cycle of Urban Forests

A systematic regular pruning program has many benefits:

- Decreased cost per tree pruned
- Reduced requests for pruning services (complaints)
- Improved safety and decreased liability
- Improved pest and disease management (DED, black knot)
- Improved tree condition and therefore increased tree value and property value
- Improved sidewalk and street clearance
- Improved public image
- Increased tree longevity

Under the current program, the tree pruning cycle for all trees in the City of Moose Jaw is projected at thirty-three (33) years. Traditionally, the City has tried to maintain a 7-year pruning cycle for our elm population but has not been able to maintain this.

The following is a comparison to pruning cycles in other cities:

City of Moose Jaw: 33-year cycle, 7-year cycle for elms

City of Regina: 13 – 15-year cycle

City of Winnipeg: 12-year cycle

City of Oakville: 5-year cycle

City of Lethbridge: 5-year cycle

Town of Okotoks: 3-year cycle

City of Swift Current: 5-6-year cycle

City of Saskatoon: 7-year cycle for boulevards, 13-year cycle for parks

City of Yorkton: 5-year cycle for elms, as needed for other trees

City of Prince Albert 19-year cycle, working on a plan to bring it down to 10 years

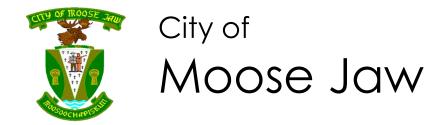

The City of Lethbridge compiled information from various cities in order to establish their current program. The following was taken from their Urban Forestry Management Program:

"Many cities strive for a five-year cycle, but only a few have the financial resources to actually meet this goal. A five-year pruning cycle is desired for a comprehensive urban forestry program and a pruning cycle in the seven to eight-year range is the minimum arboriculturally acceptable cycle length. The longer the time frame between pruning,

the greater the cultural requirements will be for the tree. Cycles beyond eight (8) years are further complicated by larger numbers of service requests. Scheduling problems develop that prevent the crews from adhering to a systematic pruning program, and cycle goals become more difficult to attain."

The Department also found the following in The Research Foundation to Tree Pruning: A review of the Literature by James R. Clark and Nelda Matheny, published in the May 2010 issue of Arboriculture & Urban Forestry (page 112):

"Municipal arborists have benefited from research dealing with pruning of street trees (10 citations). In 1981, Miller and Sylvester addressed the question: What is the appropriate length of the pruning cycle for municipal trees? Using Milwaukee, WI, as a test case, they concluded four to five years was the appropriate pruning cycle. They observed that tree condition declined as the length of the pruning cycle increased."

COMMUNICATION # CC-2019-0242

TITLE: Economic Development Initiatives

TO: City Council

FROM: Department of Planning and Development –

Economic Development Services

DATE: November 14, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the City of Moose Jaw contract with MDB Insight to carry out the Business Retention and Expansion (BR + E) Triage Project, with a focus on value-add Agriculture and Food Production, with the source of funding being the 2020 Operating Budget in the amount of \$15,000.

THAT the City of Moose Jaw financially support the Rural and Northern Immigration Pilot (RNIP) Program with the source of funding being the 2020 Operating Budget in the amount of \$5,000.

THAT City Council support the inclusion of funding to facilitate participation in trade missions with the source of funding being from the Land Reserve in the amount of \$10,000.

TOPIC AND PURPOSE

Economic Development Services is presenting two new initiatives for consideration in the 2020 Budget year, including the BR + E Triage Project, and funding support for the Rural and Northern Immigration Pilot (RNIP) Program.

BACKGROUND

Economic Development Services continuously looks for opportunities to enhance its activities in order to grow the City's business and industry sector, as well as the labour market in order to support and sustain this growth. Business retention, expansion and workforce development are key strategic priorities in our economic development strategies.

During the time the South Central Enterprise Region program was in effect, a strategic business expansion and retention program was carried out through funding support from the provincial government. This program achieved critical engagement with the business community in order to identify barriers to growth and at the same time identify opportunities for growth. The program provided value in this respect and was well received by the business community.

Since 2012 there has been no BR & E Program in the City due to lack of capacity to support the program. MDB Insight is a nationally respected Economic Development entity that offer a BR + E Triage Project (Attachment 1).

Workforce attraction and attention to labour market needs is an equally critical priority for the City. With the loss of labour due to baby boomers exiting the workforce over the next number of years, it is of critical importance to attract and retain workers. The RNIP Program (Attachment 2) is a federal government initiative that supports the attraction and retention of immigrants to rural and northern cities. The City of Moose Jaw is one of eleven (11) communities across Canada that has been successful in offering the pilot program and has targeted an April 2020 roll out. There were no funding dollars provided to support the pilot program by the federal government.

DISCUSSION

TRIAGE BR + E

A key and critical tool of any economic development program is a **Business Retention & Expansion (BR&E)** strategy that takes the pulse of local businesses. We currently achieve this through visitations, along with business and industry engagement on a modest level based on capacity challenges. The proposed MDB Insight BR&E Triage program offers a new way to better predict future business opportunities and challenges. It is a community/sector outreach plan with 80-100 completed interviews (a critical aspect of BR&E). Real time insight is acquired, barriers to growth identified (red flags), benchmarks established, and opportunities identified (green flags). The value-add agriculture/food processing sector is a key focus and would be our target area, particularly as we attract ag value-added/food processing industry to our industrial park. This project would support growing existing business where more than 70% of a City's economic growth comes from. The cost of this initiative would be \$15,000.

RNIP PILOT PROGRAM

The Rural and Northern Immigration Pilot (RNIP) program has been initiated to help spread the benefits of economic immigration to smaller communities in Canada. Moose Jaw is among eleven (11) communities selected to participate under the pilot that will:

- use immigration to help meet local labour market needs and support regional economic development (a key focus of the City's economic development strategy). How many positions are required in Moose Jaw? What type of population would come from those jobs?
- test a new pathway to permanent residence in rural Canada for skilled foreign nationals at various skill levels; and
- create welcoming environments that encourage and help new immigrants to stay in their new communities

According to The Conference Board of Canada Mid-Sized Cities Outlook 2019, the City of Moose Jaw's economy generated a total of 1,600 jobs over the past three years, but it is expected to shed 500 jobs this year before recovering with the addition of 200 net new jobs in 2020. It is expected that with the SaskPower project coming on stream and the need for 700 plus construction workers, labour demands will increase over the next few years. The accommodation, service and retail sectors will see a demand in labour needs over the next few years with the RNIP program helping to address this demand.

There are no federal financial resources available for the pilot communities and as a result local securing of funds will be required. The yearly cost to administer and carry out the program is anticipated to be \$75,000 per year. The Manager of Economic Development is a member of the leadership team that is leading the project. The pilot in Moose Jaw's case will be rolled out in April of 2020. Since no funds were provided by the federal government, local initiatives are required to raise funds to support the pilot. Resources from the federal government are being provided to assist in establishing the project and training the leadership team.

There are however, concerns with the ability to fund the pilot project as a great deal of administration and organization will be involved. It is anticipated that a full-time administrator will be required for the duration of the pilot program.

In order to effectively attract business and industry, direct approaches to companies through visitations is a desirable strategy. Our commitment to Carpere Canada includes supporting and participating in missions to meet with potential investors and companies outside of the City. It was also addressed through the strategic planning process that there was value in the City participating in trade missions. We are projecting a cost of \$10,000 to help achieve this goal and believe that land sales will be enhanced by this kind of activity, therefore funding from this account can be justified. This initiative can be considered an investment in future land sales.

OPTIONS TO RECOMMENDATION

- Not approve the funding of the BR + E Triage project at a cost of \$15,000.
- Not approve the RNIP Pilot funding request at a cost of \$5,000.
- Not approve the trade missions funding request at a cost of \$10,000.

PUBLIC AND/OR STAKEHOLDER INVOLVEMENT

The Leadership Team coordinating the RNIP Pilot project includes the Moose Jaw and District Chamber of Commerce, South Central Regional Immigration Partnership, Moose Jaw Multicultural Council and Accola Immigration Services. The Leadership Team has been very active in the application process and planning of the initiative and will perform ongoing oversight during the pilot project.

STRATEGIC PLAN

The City's updated Community Strategic Plan identifies that new opportunities, actions and tactics are required in order to successfully advance the community into the future. Both these initiatives would contribute to achieving that goal.

OFFICIAL COMMUNITY PLAN

According to Section 15 of <u>The Official Community Plan</u>, Bylaw No. 5345, the RNIP proposal meets the following objective:

15.1 OBJECTIVES

d) To develop and promote a positive employment environment in Moose Jaw which will retain and increase the numbers of young residents in the work force.

FINANCIAL IMPLICATIONS

 Approval of one or both will have an impact of up to \$20,000 on the 2020 City budget.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy is not required.

TRIAGE BR + E: TAKE THE PULSE OF YOUR LOCAL BUSINESSES

MDB INSIGHT OFFERS A NEW WAY TO BETTER PREDICT FUTURE BUSINESS OPPORTUNITIES AND CHALLENGES.

Attracting and retaining businesses takes significant resources. You need to maximize the limited time and money your team has to execute these programs.

Our affordable solution frees up your resources so you can proactively reach out to businesses with the most critical needs.

No other technique can start conversations with a broader cross-section of your business owners. Engage people you have never engaged before.

The statistically significant data generated by Triage BR+E is more accurate and timely than traditional methods. With precise, real-time insight you can be more nimble in responding to challenges and opportunities faced by local businesses.

Our solution provides you with a list of practical priorities you can act on. The data gathered provides a benchmark against which you can measure your progress towards meeting your BR+E goals.

AN AGILE BR+E SOLUTION FOR AN EVOLVING ECONOMY: GET AHEAD OF BUSINESS CHALLENGES AND OPPORTUNITIES

One of the cornerstones of economic development is business retention and expansion. Nurturing the growth of local businesses can create jobs, add to the tax base, and foster healthy communities more quickly than investment attraction activities.

In practice, attracting and retaining businesses is often a grueling task. Limited time, staff, and financial resources create major barriers for economic developers. Establishing an effective BR+E program requires a sound understanding of best practices. Maintaining a traditional BR+E program requires a substantial investment of time and money.

Uncover and predict issues in your business community.

Our Triage BR+E solution overcomes these challenges by expanding beyond traditional approaches to provide precise, statistically significant, and unbiased information about local businesses in a timeline of weeks rather than months. This information measures the health of businesses in the present and helps to predict challenges and opportunities on the horizon.

Support your priorities with quantitative evidence.

For decades, the private sector has used derived importance to establish customer priorities. Through Triage BR+E, this technique is now available to economic developers. Based on the degree of importance business owners (your customers) place on local issues, you will gain a deeper understanding of how the community can foster local business growth.

Maximize your time and financial resources.

Triage BR+E relieves pressure on your resources by directing your focus to the businesses with the most pressing challenges and opportunities. This means you can quickly and proactively mitigate pending negative change or encourage business growth that will retain and create revenue and jobs.

Equipped with this information, you can connect with the local businesses most in need of assistance, building stronger relationships with them and supporting local economic growth.

Paul Blais, Executive Vice-President, has more than 20 years of BR+E experience as a municipal economic developer and consultant. Whether you are looking for ways to improve your current BR+E program or you are wanting to start one up for the first time, contact Paul to get more details on how Triage BR+E can be a fit.

pblais@mdbinsight.com | 1.855.367.3535 ext. 241

1.855.367.3535 www.mdbinsight.com

BR+E programs are considered to be "foundational" elements of economic development services delivery.

Thriving local businesses drive economic growth for communities. They create jobs and add to the tax base. Sometimes at a faster pace than attracting new investment.

Business Retention and Expansion (BR+E) programs have significant benefits, but there are also hurdles for economic developers to overcome.

Whether you're new to BR+E or have an established program in place, the challenges are similar.

Financial resources often limited.

Understanding best practices is essential.

Staff time is often stretched.

Our Triage BR+E solution overcomes these challenges

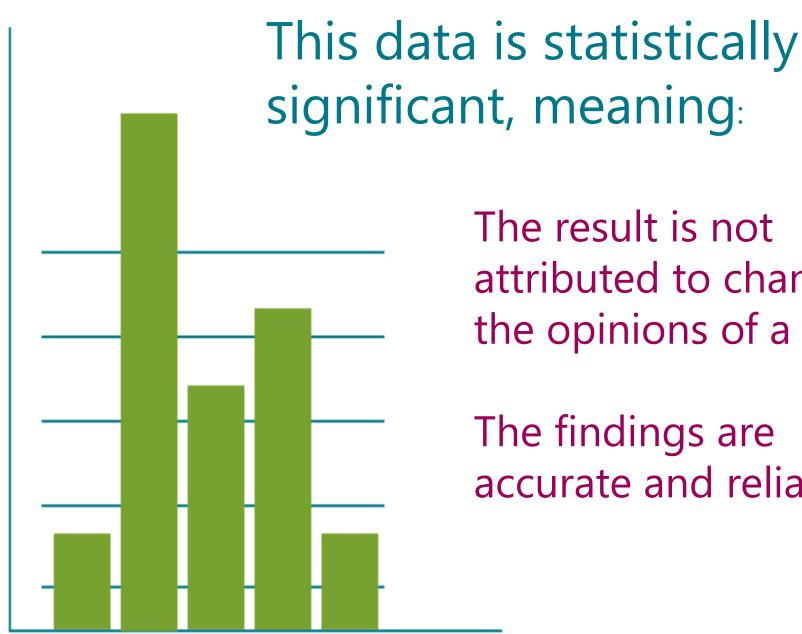

Triage BR+E builds on the best of traditional approaches while eliminating some of the biggest downsides.

	Traditional	Triage BR+E
Minimizes staff time on administration	X	✓
Maximizes staff time on business visits	X	>
Has a timeline of weeks rather than months	X	→
Uses leading-edge best practices	X	>
Generates statistically significant data	?	→
Uses derived importance	X	→
Is affordable	?	~

The result is not attributed to chance or the opinions of a few.

The findings are accurate and reliable.

This real-time, statistically significant data means you can:

Prioritize your resources more effectively

Predict, and respond to, challenges and opportunities on the horizon

What is Derived Importance?

Derived importance has been used for years in private sector market research.

Derived importance gives community leaders insight into the services that drive reinvestment and overall business satisfaction.

Derived importance measures how well the community is performing on services that businesses care about.

Derived Importance

Issue	Importance	Performance	
Land costs	0.483	64	
Zoning	0.480	76	
Support from municipality	0.521	79	
Development/building permit process	0.420	74	
Development charges	0.389	13	
Municipal property taxes	0.301	68	
Availability of serviced land	0.329	75	Increasing
Regional/Provincial roads and highways	0.423	80	Priority
Local roads and streets	0.7.15	79	
Availability of space for rent or lease	ل عمد	07	
Support from other businesses	1 421	7.5	
Off-site levy	0.450	87	
Workforce	0.293	81	
Support from local residents	0.542	90	
Internet service	0.285	79	
Water/wastewater fees	1.17Ն	79	
Proximity to rail	1ر د.0	88	Decreasing
Cost of natural gus	J.092	62	Priority
Water/waster rater capacity	0.288	90	Thomey
Availability of au quate housi q	0.230	91	
Cellular phone serv ce	0.214	94	
Quality of Life	0.442	98	
Availability of health and medical services	0.078	92	
Lack of business tax	0.211	99	
Proximity to airports	0.000	70	

Derived Importance can be used to Triage the issues and measure performance.

Put your time and money towards issues you know will have a positive impact on the business environment.

No longer will you be distracted by the opinions of a few who are telling you to focus on issues that you now know are not significant.

Benchmark priorities and then measure how your efforts have had an impact.

Triage BR+E also allows you to triage individual business needs:

Reach out to businesses in the greatest need For example, a local business' lease is expiring soon. Or it has export potential but doesn't know how to capitalize

Triage BR+E helps you take the pulse of your business community.

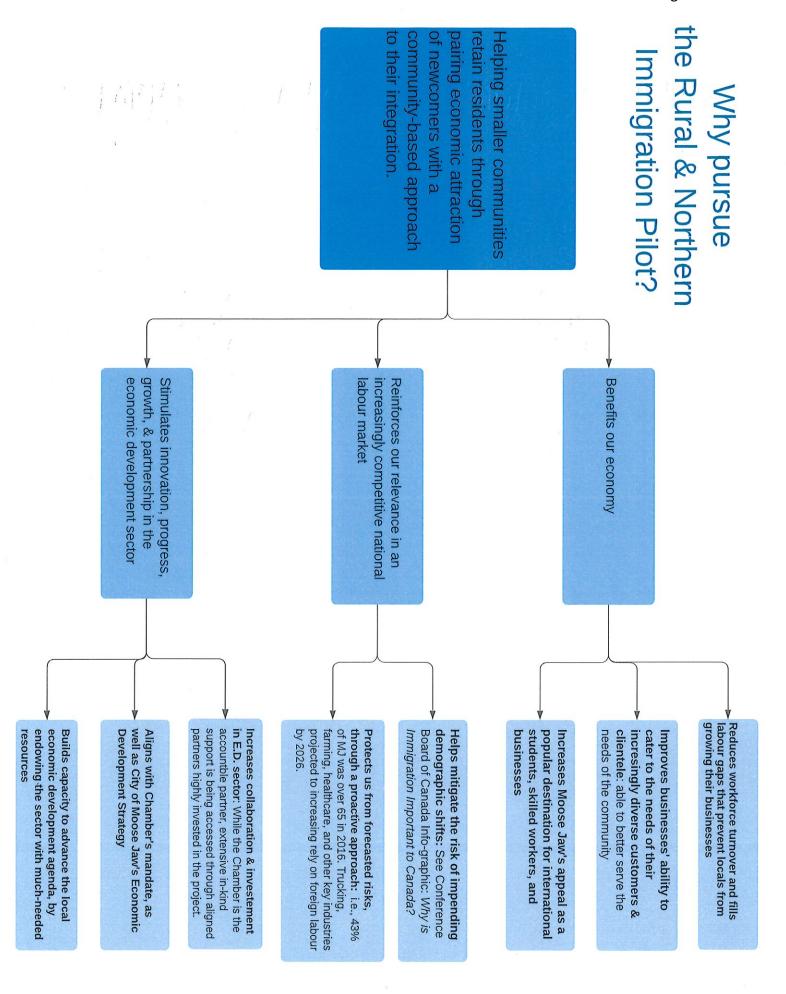

Paul Blais

Rural and Northern Immigration Pilot

Immigration Refugees and Citizenship Canada IRCC has developed a Rural and Northern Immigration Pilot RNIP to help spread the benefits of economic immigration to smaller communities throughout Canada. The Government of Canada will work with local communities to:

- use immigration to help meet local labour market needs and support regional economic development
- test a new pathway to permanent residence in rural Canada for skilled foreign nationals at various skill levels
- create welcoming environments that encourage and help new immigrants to stay in their new communities

Moose Jaw is among 11 Canadian communities selected to participate in the RINP. The goal is to measure the impact on retention when targeted immigration strategies are paired with community-based settlement programs. IRCC and the Moose Jaw and District Chamber of Commerce will draft a Memorandum of Understanding in the Fall of 2019 outlining the terms of reference for the pilot: the community-specific endorsement criteria, settlement approach, list of partners, and community boundaries. Leading up to this, the Chamber will consult with employers, settlement service providers, industry professionals, and other stakeholders to gather the information that will shape the program.

Positions that would be most affected by the pilot fall under National Occupation Classification NOC C, such as: farm equipment operators/general farm workers, transport truck drivers, and industrial meat cutters. Currently, an employer must first hire these positions on a Labour Market Impact Assessment LMIA. For several reasons: cost, caps, processing times, and application size, LMIA's can present barriers to employers hiring and maintaining workers. Under the RNIP the Chamber will endorse candidates in NOC 0, A, B, and C, that are brought forward by employers. While candidate criteria has not been finalized, IRCC has said that an offer of employment, settlement funds, a min. language proficiency, and a min. education requirement will all be part of the criteria.

This is a rare opportunity to tailor 'working class' economic immigration criteria and remove the LMIA barrier for employers who are hiring NOC C positions. Candidates need both a job offer and settlement funds to qualify. Attraction and retention of these workers is central to Moose Jaw's 2019 Economic Development strategy, and an opportunity to promote Moose Jaw as an attractive destination for economic immigration.

Moose Jaw is already well positioned for a robust retention strategy, but this pilot would see increased resources from IRCC to the settlement sector to even further increase capacity for a community-based approach to settlement. Moose Jaw was recently selected as one of Canada's 14 pilot projects for IRCC's Welcoming Francophone Communities. In this project the settlement advisory board will spend the next year creating a community action plan to be implemented in Moose Jaw in 2020-2021. Moose Jaw is also home to IRCC's Local Immigration Partnership, the South-Central Regional Immigration Partnership SCRIP., and a well-established network of settlement service providers.

Further details about the program will be available when the communities are announced later this month, with the final details coming in the fall.

COMMUNICATION # CC-2019-0243

TITLE: Parks and Recreation Department Capital Budget Shortfall

TO: City Council

FROM: The Department of Parks and Recreation

DATE: November 15, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the Parks and Recreation Department complete dressing room upgrades at the Pla-Mor Palace to better serve all users of the facility with the source of funding being the 2020 Capital Budget in the amount of \$109,000.00; and

THAT the Parks and Recreation Department complete an LED lighting conversion at the Moose Jaw Cultural Centre to increase energy efficiency with the source of funding being the 2020 Capital Budget in the amount of \$80,000.00; and

THAT the Parks and Recreation Department complete irrigation upgrades in the Iron Bridge development to improve the quality of the Parks space with the source of funding being the 2020 Capital Budget in the amount of \$51,000.00; and

THAT the Parks and Recreation Department engage an external consultant to work with the Department on completing a Parks and Recreation Master Plan with the source of funding being the 2020 Capital Budget in the amount of \$55,000.00.

TOPIC AND PURPOSE

The purpose of the report is to provide information to City Council regarding the Capital Budget shortfall within the Parks and Recreation Department and to request an additional \$295,000.00 to the Department's Capital Budget program in 2020.

BACKGROUND

Annual capital funding is required in order to properly conserve, maintain and improve facilities and assets within the Parks and Recreation Department.

A 2017 report from the Department to the Budget Committee estimated that the replacement value of the capital assets and facilities identified in the current capital program are in excess of \$155,000,000. (Does not include Mosaic Place.)

The facilities and assets in the capital program include:

Yara Centre	Library/Art Museum	Outdoor Basketball (1)	Spray Parks (4)
Kinsmen Sportsplex	City Hall	Skate Park (1)	Paddling pools (2)
Pla-Mor Palace	City Complex	BMX Park (1)	40 kms of Trails
Phyllis Dewar Pool	Ross Wells Park	Dog Parks (2)	Rosedale Cemetery
Natatorium	Memorial Field	Outdoor Rinks (12)	Moose Jaw Cemeteries
YMCA Building	Outdoor Sports Fields (17)	Playground Buildings (10)	Storage Buildings
MJ Cultural Centre	Ball Diamonds (17)	Playgrounds (29)	Irrigation Systems

The average annual capital funding provided to the Parks and Recreation Department over the past 10 years is \$1,096,181. The current 2020 Capital Budget allotment for the Parks and Recreation Department is \$1,072,995, which is a 2% reduction from the 10-year average. Other areas of the City's Capital Budget, specifically the utilities, have seen drastic increases in their 2020 capital budgets over their 10-year averages as a result of under spending in the past.

If investments are made in facility renewal, life cycles will increase, emergency repairs will decrease, and the City will avoid having to allocate large amounts of capital funding to completely renew a facility at one-time.

A recent study completed by PwC Canada for the City of Saskatoon indicated that the American Public Works Association has published guidelines allocating a minimum of 2% to 4% of current replacement value to provide for renewal of facilities, while other published guidelines refer to a range of 1.5% to 2.5%.

The current 2020 Capital Budget allotment for the Parks and Recreation Department is \$1,072,995 which equates to .69% of the approximate replacement value being put towards facility renewal. If the City was to allocate capital funding to facilities based on 1.5% of the replacement value, annual funding would need to be increased to approximately \$2,300,000. (114% increase in funding)

With the current capital priorities in other areas, the Parks and Recreation Department understands that this would not be immediately feasible but would like to work on a sustainable plan to attain proper capital investment levels in the future.

An important part of creating a capital budgeting and life-cycle plan will be the implementation of an asset management software system, which will be made available through the implementation of a new Enterprise Resource Planning System. Once a proper asset inventory is established, the Department will be able to create accurate replacement values and life-cycle projections for each facility.

DISCUSSION

An overview of the current Parks and Recreation Department Capital Budget is attached to the report and includes the age of each facility and very broad life-cycle estimations. The overview also indicates which projects are currently funded and unfunded.

The total value of the funded projects over the 5-year plan is \$5,941,043 while the total value of the unfunded projects is \$8,791,800 with a significant portion of that being the outdoor pool replacement. The current funded plan consists strictly of facility renewal projects and does not include any new infrastructure projects.

In order to catch up on some of the outstanding priorities the Department is recommending that the following projects be considered in the 2020 Capital Budget as part of the 1% proposed increase:

- Dressing Room Upgrades Pla-Mor Palace (\$109,000)
- LED Lighting Conversion Moose Jaw Cultural Centre (\$80,000)
- Irrigation Upgrades Iron Bridge (\$51,000)
- Parks and Recreation Master Plan (\$55,000)

*detailed descriptions of each project are included in Attachment ii.

It is important to note that the following priority projects would remain unfunded:

- Outdoor Pool Replacement
- YMCA Building Demolition
- Iron Bridge Pathway Lights
- Iron Bridge Landscaping Upgrades
- Memorial Field Upgrades
- City Hall Bell Restoration
- Yara Centre LED Lighting Conversion
- Outdoor Pickleball/Tennis Courts

OPTIONS TO RECOMMENDATION

City Council may choose to not approve any of the recommendations.

City Council may choose to allocate funding towards other priorities that are not identified in the recommendations but included in the unfunded projects list.

STRATEGIC PLAN

The report supports the objectives in the Strategic Plan regarding infrastructure renewal and innovation.

OFFICIAL COMMUNITY PLAN

The report supports the following Parks, Open Space, Community Recreation objective in the Official Community Plan which is to provide parks, open space and recreational program delivery at a level that aids in the attraction and retention of young families to the City.

FINANCIAL IMPLICATIONS

Approval of the recommendations would result in an additional \$295,000 being allocated to the 2020 Parks and Recreation Department Capital Budget.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy is not required.

PRESENTATION

VERBAL: The Director of Parks and Recreation will present the report and be available to answer any questions.

Attachment ii

Summary of Recommended Projects

Dressing Room Upgrades – Pla-Mor Palace (\$109,000)

The Pla-Mor Palace currently has 4 dressing rooms for each arena. This causes issues when there are both male and female players on the same team as there is no additional dressing room to assign them to. A storage area under the bleachers was converted into a "female dressing room" at the Bert Hunt Arena but does not have benches, ventilation, a washroom, or showers.

Previous capital budgets identified \$400,000 to build a new dressing room outside of the existing building structure. The large cost was primarily associated with having to expand the facilities heating, plumbing and ventilation units.

The Department has obtained price quotes to renovate space within the existing building structure that would allow for 200 sq ft dressing rooms to be built at both the Burt Hunt and Wally Boschuk Arenas. The dressing rooms would include LED light fixtures, baseboard heaters, exhaust fans, shower & vanity, rubber flooring and benches.

LED Lighting Conversion – Moose Jaw Cultural Centre (\$80,000)

The progression of lighting has reached a point at which facility lighting needs can be served at a much lower cost due to LED technology.

The LED lighting conversion at the Cultural Centre was initially planned to be completed in Phase 2 with the City Hall conversion in 2019. \$120,000 was budgeted for both facilities but only ended up being enough to complete City Hall. The Department is requesting that funding be allocated to complete the Cultural Centre in 2020. Since lighting accounts for approximately 50% of a facility's electricity consumption, cost savings are available from the reduced energy consumption estimated at an annual \$10,000 - \$15,000 per year. This project would also be viewed as a green initiative.

<u>Irrigation Upgrades – Iron Bridge (\$51,000)</u>

Irrigation was only installed in select areas of the Municipal Reserve in the Iron Bridge development. It is recommended that the irrigation coverage be expanded so that turf can be properly seeded and maintained in the park area within the residential properties. The lack of irrigation has led to continuous weed control issues and has not allowed the turf in the area to properly develop.

Parks and Recreation Master Plan (\$55,000)

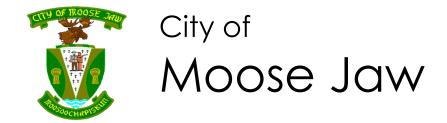

The Parks and Recreation Department currently does not have any formally adopted Master Plans and/or Strategies. The last plan adopted by the Department was the 1976 Parks and Recreation Master Plan.

Master Plans are tools used by municipalities to guide future development in key areas. They are generally adopted for 10 to 20-year periods with annual reporting on the outcomes and regular feedback from the community through public surveys and meetings. Municipalities typically engage an external consultant to assist with the development of these plans as they have the expertise and resources to conduct community engagement, provide links to provincial and national initiatives and deliver professional formatting. It is also beneficial to have an external viewpoint from professionals that have worked with many other organizations. The typical timeframe for a consultant to complete a master plan is 9 to 12 months.

The Parks and Recreation Master Plan would:

- Engage the public and user groups through public meetings and surveys.
- Establish the community need for recreational facilities, parks and open spaces and recreational programs based upon the public and user group input.
- Review existing recreational programs and provide recommendations for the future direction of the role of the Parks and Recreation Department.
- Review existing facilities and park spaces to determine current and future community requirements.
- Prioritize the current upgrades and future development of recreation facilities based on public feedback.

By completing a Parks & Recreation Master Plan, the City will adopt a clear vision for the delivery of parks and recreation services in the City of Moose Jaw. It is anticipated that the Plan will provide clear recommendations when it comes to service delivery, programming, infrastructure, and finances.

COMMUNICATION # CC-2019-0221

TITLE: Moose Jaw Public Library 2020 Operating Budget Estimates

TO: City Council

FROM: City Clerk/Solicitor's Department

DATE: October 28, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

1.THAT representatives of the Moose Jaw Public Library be allowed to present to City Council the Moose Jaw Public Library 2020 Operating Budget estimates in accordance with section 17(3) of *The Public Libraries Regulations*, 1996.

2. THAT this communication be referred to Budget deliberations.

TOPIC AND PURPOSE

The purpose of this report is to allow representatives of the Moose Jaw Public Library to present City Council with the Moose Jaw Public Library 2020 Operating Budget estimates.

BACKGROUND

Ms. Gwen Fisher, Head Librarian of the Moose Jaw Public Library, forwarded a letter dated September 13, 2019 requesting permission to address and present to City Council the 2020 Operating Budget Estimates for the Public Library.

DISCUSSION

Pursuant to The Public Libraries Regulations, 1996, section 17(3) states that "a local library board shall prepare an annual budget of necessary local expenditures and present it to the council or councils concerned by March 1 in each year."

In accordance to section 21 of The Public Libraries Act, 1996, "on or before March 1 in each year, a municipal library board shall make, or cause to be made, an estimate of the sums required during that year for:

a) The amount of principal and interest required for the annual payment of any outstanding debenture; and

- b) The expense of maintaining and managing the municipal library under its control and for making the purchases required for the municipal library.
- c) The municipal library board shall transmit the estimate immediately after it is made to the clerk or administrator of the municipality for the consideration of the council."

The Moose Jaw Public Library Budget Estimates for the Year 2020 is attached.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy is not required.

PRESENTATION

VERBAL: Ms. Gwen Fisher, Head Librarian, will present the budget estimates.

ATTACHMENTS

- i. Letter dated September 13, 2019 from Ms. Fisher, Head Librarian of the Moose Jaw Public Library.
- ii. 2020 Operating Budget estimates and Business Plan Executive Summary for the Moose Jaw Public Library.

Jim Puffalt, City Manager City of Moose Jaw 228 Main Street North Moose Jaw SK S6H 3J8

Dear Mr. Puffalt:

RE: 2020 Operating Budget Estimates for the Public Library

The Moose Jaw Public Library 2020 Operating Budget Estimates are enclosed. These estimates were approved by the Moose Jaw Public Library Board at their meeting on August 27, 2019. The budget estimates have been entered into the Hubble Budgeting software and the supporting documents have been uploaded.

The Public Libraries Act 1996, Regulation 17(3) requires representatives of the Moose Jaw Public Library Board to attend a City Council meeting to present these estimates. Please let us know when it would be appropriate for the presentation to take place.

Sincerely

Gwen Fisher Head Librarian

The Moose Jaw Public Library

Business Plan Executive Summary

Overview

The Moose Jaw Public Library serves the citizens of Moose Jaw and surrounding area. With service guided by the Saskatchewan Library's Act, the Moose Jaw Public Library's mandate is to provide Moose Jaw and area residents of all ages equitable access to informational, cultural, recreational and educational materials and programs. In so doing, the library serves as an addition to and extension of other educational systems to ensure opportunities for individual lifelong learning. The Library strives to partner with community organizations, groups and schools to offer community outreach programs and services.

Organizational Structure:

Work Plan Highlights

In 2020 the Library will focus on 3 priority areas:

The Library as a Space: In 2019 work was complete on ensuring the safety of the space by creating an Emergency Response Plan, Reviewing Emergency Procedures and creating Rules of Conduct. In 2020 the focus will be on making the space more welcoming by reviewing and planning budgeted and cost effective improvements to the Children's Library. The Library will also begin assessment of the rental spaces in the Library and investigate improvements that will enhance the experience of the space.

<u>Lifelong Learning</u>: The Library will prioritize the development of technology related learning opportunities, including greater access to Maker equipment. Opportunities for digital acquisitions to be added to the Collection will also be explored.

Organizational Effectiveness: The Library Board will complete a strategic planning cycle begun in 2019 taking into consideration the results from the Library's Community Needs Assessment and the City's Strategic Plan. Actions to improve organizational effectiveness will be implemented under the direction of the Library Board

Financial Summary:

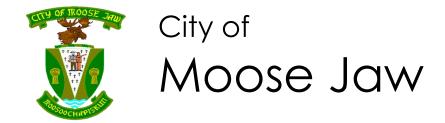

The majority of the Library's initiatives will be carried out with existing resources. In order to achieve a Status Quo budget with no changes in programming an increase would be required in the following areas.

- 1. An increase to the levy is requested to accommodate staffing costs related to a projected Wage increase.
- 2. The Final area will be an increase of 2% to the Equipment Reserve Budget as requested by the City's Financial Services Department.

The Operating Estimates would require a 1.4% over 2019 funding levels.

Future Goals:

Under the guidance of the Moose Jaw Public Library Board and with the results from the 2019-2020 strategic plan the Library will find new ways to contribute to the education and wellbeing of this community.

COMMUNICATION # -2019-0227

TITLE: Third-Party Funding Group Presentations

TO: City Council

FROM: Department of Financial Services

DATE: November 4, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

1. THAT each of the groups present this evening be allowed to make a presentation to City Council.

2. THAT this report be referred to Budget deliberations.

TOPIC AND PURPOSE

The purpose of this report is to present the schedule for third-party group presentations and to transmit information provided by the groups for Council's consideration.

BACKGROUND

The City of Moose Jaw provides third-party funding to a number of groups. The funding for the majority of these groups have been established through agreements with the various parties. The City's long-standing practice has been to bring new agreements or revised agreements to City Council for approval. On an ongoing basis, unless specified in the agreement, the City has generally allowed third-party funding groups a cost of living increase annually. If the third-party groups fell within the cost of living increase, their funding request was included in the budget. If the third-party group requested funding beyond this level, they would be required to come before Council to provide support for their request and ultimately the level of funding would be a Council decision.

For 2020, City Council has indicated a desire to have all third-party funding groups appear before City Council to provide an overview of their services and their 2020 Budget request. As such a special Council Meeting on November 18, 2019 commencing at 5:30 p.m. in City Council Chambers has been scheduled for this to occur.

DISCUSSION

City Administration has identified the following third-party funding groups and invited them to attend the Special Council Meeting on November 18, 2019:

- **5:30 p.m. Moose Jaw Board of Police Commissioners** 2019 net operating funding of \$9,809,647 and capital funding of \$65,000 (see Letter of Transmittal for details of request)
- **5:50 p.m. Moose Jaw Public Library** 2019 net funding \$1,190,406 (see Letter of Transmittal for details of request)
- **6:10 p.m. Tourism of Moose Jaw & Canada Day Committee** 2019 funding \$91,152 for Tourism of Moose Jaw and \$2,484 for Canada Day Committee (see attachment for additional information)
- **6:30 p.m. Festival of Words** 2019 funding \$7,713 (see attachment for additional information)
- **6:45 p.m. Murals of Moose Jaw** 2019 funding \$13,158 (see attachment for additional information)
- 7:00 p.m. Cultural Centre Inc. 2019 program funding \$157,509 and maintenance and operations funding of \$219,433 (see attachment for additional information)
- **7:20 p.m. Art Museum –** 2019 program funding \$134,800 and maintenance and operations funding of \$258,310 (see attachment for additional information)
- **7:40 p.m. Sask Burrowing Owls** 2019 funding \$6,302 (see attachment for additional information)
- **7:55 p.m. Moose Jaw Airport Authority** 2019 funding \$146,646 (see attachment for additional information)
- **8:15 p.m. Moose Jaw Humane Society** 2019 funding \$22,539 (see attachment for additional information)
- **8:35 p.m. Wakamow Valley Authority** 2019 Statutory levy \$323,148 and landscape maintenance \$4,726 (see attachment for additional information)
- **8:55 p.m. Moose Jaw and District Seniors** 2019 funding \$25,000 (see attachment for additional information)
- **9:15 p.m. Multicultural Council** 2019 funding \$2,000 (see attachment for additional information)
- 9:30 p.m. Moose Jaw River Watershed Stewards 2019 funding \$10,000 (see attachment for additional information)

• 9:45 p.m. Cosmo Senior Citizens Association – 2019 funding \$0 (see attachment for additional information)

The third-party groups have been advised they have 10 minutes to present, which will be followed by questions from City Council.

FINANCIAL IMPLICATIONS

Decisions on funding levels for third-party groups will be made as part of budget deliberations and the budget adjusted accordingly.

PRESENTATION

VERBAL: x Each third-party organization will present their 2020 Budget request.

FINANCIAL STATEMENTS

Tourism Moose Jaw Inc.

Moose Jaw, Saskatchewan
December 31, 2018

INDEPENDENT AUDITOR'S REPORT

To:

The Members of

Tourism Moose Jaw Inc.

Qualified Opinion

We have audited the financial statements of Tourism Moose Jaw Inc., which comprise the statement of financial position as at December 31, 2018, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at December 31, 2018, and its results of its operations and its cash flows for the year then ended in accordance with Accounting Standards for Not-for-Profit Organizations (ASNPO).

Basis for Qualified Opinion

We were not able to observe the counting of the physical inventories at the beginning or end of 2018 or satisfy ourselves concerning those inventory quantities by alternative means.

Since opening and ending inventories affect the determination of the results of operations and cash flows, we were unable to determine whether adjustments to the results of operations and cash flows might be necessary for the year ended December 31, 2018. Our audit opinion on the financial statements for the year ended December 31, 2018 is qualified accordingly because of the possible effects of this limitation in scope as well as the possible effects of this matter on the comparability of the current period's figures and the comparative information.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Other Matter

The financial statements of the Company for the year ended December 31, 2017 were not audited, however, they were reviewed.

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT, continued

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT, continued

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing to would reasonably be expected to outweigh the public interest benefits of such communication.

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 2018

NATURE OF OPERATIONS

Tourism Moose Jaw Inc. is a not-for-profit organization incorporated under the Business Corporations Act of Saskatchewan. The organization was formed to work in co-operation with local business to promote the City of Moose Jaw.

The organization enjoys tax-exempt status as a not-for-profit organization under Paragraph 149(1)(f) of the Income Tax Act.

2. BASIS OF ACCOUNTING AND SIGNIFICANT ACCOUNTING POLICIES

The organization applies the Canadian accounting standards for not-for-profit organizations.

Revenue recognition

a) Contributions

Revenue from contributions is recognized using the deferral method. Under this method, restricted contributions are recognized in the period the related expenses are incurred or their restrictions are met. Contributions for depreciable property, plant and equipment are deferred and amortized on the same basis as the underlying asset. Unrestricted contributions are recognized as revenue when received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

b) Membership sales

Membership fees are set annually by the Board of Directors and are recognized as revenue proportionately over the fiscal year to which they relate.

c) Merchandise, Trolley and Mini-City Display Advertising revenues

Revenue is recognized at the time of shipment, when the service is rendered, or proportionately over the period in which the advertising is displayed, depending on the nature of the the product or service.

d) Lease revenue

The organization records rental revenue on a monthly basis as per the rental agreement.

e) Sidewalk Days revenue

Revenue from Sidewalk Days is recognized as received or receivable. Vendor fees are receivable at the time the vendor registers for the event.

Inventories

Inventories are measured at the lower of cost and net realizable value, with cost bein determined using the purchase cost method. Net realizable value is the estimated selling price in the ordinary course of business, less any applicable variable selling costs.

Property, plant and equipment

Property, plant and equipment are recorded at cost. The organization provides for amortization using the declining balance method at rates designed to amortize the cost of the property, plant and equipment over their estimated useful lives. The annual amortization rates are as follows:

Professional Accountants

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 2018

2. BASIS OF ACCOUNTING AND SIGNIFICANT ACCOUNTING POLICIES, continued

Property, plant and equipment, continued

Buildings	4%
Equipment	20%
Paving	4%
Displays	20%
Computer equipment	30%
Signs	35%

Financial instruments

(i) Measurement of financial instruments

The organization initially measures its financial assets and financial liabilities at fair value adjusted by, in the case of a financial instrument that will not be measured subsequently at fair value, the amount of transaction costs directly attributable to the instrument.

The organization subsequently measures its financial assets and financial liabilities at amortized cost. Financial assets measured at amortized cost include cash, accounts receivable and term deposits. Financial liabilities measured at amortized cost include accounts payable and accrued liabilities.

(ii) Impairment

Financial assets measured at amortized cost are tested for impairment when there are indicators of possible impairment. When a significant adverse change has occured during the period in the expected timing or amount of future cash flows from the financial asset or group of assets, a write-down is recognized in net income.

Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the year. Significant areas where management uses estimates include valuation of inventories, accounts receivable and in the determination of the useful lives of property, plant and equipment. Actual results could differ from those estimates.

	\$	587,734	\$ 613,808

11. FINANCIAL INSTRUMENTS

The organization is exposed to various financial risks through transactions in financial instruments. The following provides helpful information in assessing the extent of the organization's exposure to these risks.

(a) Fair value

The fair value of current financial assets and current financial liabilities approximates their carrying value due to their short-term maturity dates. The fair value of long-term financial liabilities approximates their carrying value based on the presumption that the organization is a going concern and thus expects to fully repay the outstanding amounts.

Tourism Moose Jaw Inc.

NOTES TO THE FINANCIAL STATEMENTS For the year ended December 31, 2018

11. FINANCIAL INSTRUMENTS, continued

(b) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The organization does not regularly transact in foreign currency, and does not use foreign exchange contracts to mitigate the currency risk.

- (c) Credit risk
 - Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The organization's main credit risk relates to its accounts receivable. The organization reduces this risk by regularly reviewing credit policies and limiting the amount of credit extended when necessary. Management believes concentrations of credit risk with respect to accounts receivable is limited due to the large number of smaller customers.
- (d) Liquidity risk
 Liquidity risk is the risk that the organization will encounter difficulty in meeting obligations associated
 with financial liabilities. The organization is exposed to this risk mainly in respect of its accounts
 payable and accrued liabilities. Management regularly reviews cash flows from operations to mitigate
 liquidity risk.
- (e) Interest rate risk nterest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The organization is exposed to interest rate risk on its fixed interest rate financial instruments. The primary objective of the organization with respect to its investments is to ensure the security of principal amounts invested and provide for a high degree of liquidity, while achieving a satisfactory investment return.
- (f) Changes in risk
 There have been no changes in the organization's risk exposures from the prior year.

12. COMPARATIVE AMOUNTS

The financial statements for the year ended December 31, 2017 were not audited and are presented for comparative purposes only. The December 31, 2017 financial statements were reviewed.

THIS AGREEMENT MADE THIS 22 DAY OF JULY

, A.D. 2003

BETWEEN:

THE MUNICIPAL CORPORATION OF

THE CITY OF MOOSE JAW

(hereinafter referred to as the "City")

AND:

TOURISM MOOSE JAW INC.

(hereinafter referred to as the "Tourism Moose Jaw")

FEE FOR SERVICE AGREEMENT

(TOURISM SERVICES)

WHEREAS the City of Moose Jaw acknowledges the important role of tourism in the Moose Jaw economy;

AND WHEREAS the City wishes to support, promote and expand the tourism industry in the City and to provide a broad range of helpful and timely services and information to tourists, travellers, and new members of the community;

AND WHEREAS the Tourism Moose Jaw is a non-profit organization formed for the purpose of supporting the growth of Moose Jaw's tourism industry and for the purpose of services and information to tourists, travellers, new members of the community, and the organizers of local community events;

AND WHEREAS the City of Moose Jaw wishes to retain the services of Tourism Moose Jaw to provide the tourism services provided for within this Agreement;

NOW THEREFORE THIS AGREEMENT WITNESSETH AS FOLLOWS:

COPY

1. INTERPRETATION AND SCHEDULES

- 1.1 In the recital to this Agreement and in this Agreement:
 - (a) the term "City Council" means the elected officials of the City of Moose Jaw;
 - (b) the term "Strategic Plan" means the plan referred to in Article 2.2.

2. TOURISM SERVICES

- 2.1 During the term of this Agreement, Tourism Moose Jaw undertakes and agrees to provide all reasonable and necessary services for the purpose of supporting the growth of Moose Jaw's tourism industry and to provide helpful and timely services and information to tourists, travellers, new members of the community and the organizers of local community events.
- 2.2 Each year during the term of this Agreement, Tourism Moose Jaw undertakes and agrees to prepare a plan setting out the strategic planning priorities for Tourism Moose Jaw.
- 2.3 During the term of this Agreement, Tourism Moose Jaw undertakes and agrees to provide the following specific services:
 - (a) Tourism Moose Jaw shall maintain its head office within the corporate limits of the City of Moose Jaw.
 - (b) Tourism Moose Jaw shall promptly respond to all enquiries seeking information about the City of Moose Jaw, its features and attractions.
 - (c) Tourism Moose Jaw shall diligently pursue the priorities set forth in the Strategic Plan, through aggressive promotion of the City of Moose Jaw in partnership with compatible businesses and marketing groups in the Moose Jaw region.
 - (d) Tourism Moose Jaw shall solicit and provide editorial content to all media promoting the City of Moose Jaw.
 - (e) Tourism Moose Jaw shall provide and promote tours, educational opportunities and tools.

- (f) Tourism Moose Jaw shall maintain current membership in the following associations and representative bodies:
 - (i) Tourism Saskatchewan
 - (ii) Southwest Saskatchewan Region
 - (iii) Moose Jaw Regional Economic Development Authority
- (g) Tourism Moose Jaw shall promote the City of Moose Jaw through the production of:
 - (i) Visitor Services Guide and Directory;
 - (ii) Tourist Information Map.
- (h) Tourism Moose Jaw shall monitor and evaluate the priorities set forth in the Strategic Plan and shall periodically report to the City on client contacts and marketing activities.

3. REPRESENTATION ON TOURISM BOARD OF DIRECTORS

During the term of this Agreement, one member of City Council and the City of Moose Jaw's Director of Parks and Recreation, or his designate, shall serve as, and enjoy the full voting privileges on, the Board of Directors of Tourism Moose Jaw.

4. FUNDING BY THE CITY

- 4.1 The City agrees, during the term of this Agreement, to provide Tourism Moose Jaw with annual funding in the amount of \$54,500.
- 4.2 The City shall reimburse Tourism Moose Jaw an amount equal to the cost incurred by Tourism Moose Jaw to maintain the City of Moose Jaw's membership in the Saskatchewan Tourism Association.

- 4.3 In addition to the annual funding provided for in Article 4.1, the City may retain Tourism Moose Jaw to provide additional or supplementary services and may agree to provide additional funding in consideration therefore, in which case such additional funding shall be distributed together with the annual funding.
- 4.4 The annual funding provided for in Article 4.1, together with any additional sums payable pursuant to Articles 4.2 and/or 4.3, shall be payable to the Tourism Moose Jaw as follows:
 - (a) 50% of annual funding for the calendar year payable on or before January 3 of the current funding year; and
 - (b) 50% of the annual funding for the calendar year payable on or before July 4th of the current funding year, plus any additional funding agreed to by City Council pursuant to Article 4.3.

5. DISCLOSURE OF INFORMATION

- 5.1 The Tourism Moose Jaw shall provide the City with copies of the following documents promptly upon the following events:
 - (a) the annual budget for Tourism Moose Jaw, upon approval by the Board of Directors;
 - (b) all audited financial statements, upon approval by the membership of Tourism Moose Jaw;
 - (c) all activity reports tracking projects and client interactions, including marketing activities, upon production;
 - (d) the approved Strategic Plan.
- 5.2 In addition to the information set forth in Article 5.1, the Tourism Moose Jaw shall provide the City with copies of the following upon request by the City:
 - (a) minutes of all regular and special meetings of the Board of Directors of Tourism Moose Jaw;
 - (b) any financial or other documents or information related to the activities or services provided pursuant to the terms of this Agreement or any other supplemental or additional services acquired by the City.

6. TERM OF AGREEMENT

- The term of this Agreement shall be for an initial period of three (3) years, commencing January 1, 2003 and continuing until December 31, 2005.
- 6.2 Unless notice of termination is provided by either party in accordance with the terms of this Agreement, this Agreement shall automatically renew for successive one (1) year terms, commencing January 1 and continuing until December 31 of that same year.
- 6.3 Either party may terminate this Agreement:
 - (a) at the end of the initial period, by providing ninety (90) days' notice to the other party prior to the end of that term; or
 - (b) at the end of any successive term thereafter, by providing ninety (90) days' notice to the other party prior to the end of that term.

7. BINDING AGREEMENT

7.1 This Agreement and the development standards, terms and conditions contained herein shall apply to, and be binding upon, the parties hereto and their successors, administrators, executors and assigns, and each of them.

8. INTERPRETATIONS

8.1 This Agreement shall for all purposes be construed and interpreted according to the laws of the Province of Saskatchewan and any cause of action arising under or by virtue of this Agreement shall be deemed to have arisen at the City of Moose Jaw in the Province of Saskatchewan and any such cause of action shall be tried in the Judicial Centre in which the City of Moose Jaw is situated.

IN WITNESS WHEREOF the **Tourism Moose Jaw Inc.** has hereunto affixed its corporate seal as attested to by the hands of its duly authorized officers on the day and year first above written.

TOURISM MOOSE JAW INC.

PREŚIDÉNT

VICE-PRESIDENT

IN WITNESS WHEREOF the Municipal Corporation of the City of Moose Jaw has hereunto affixed its corporate seal as attested to by the hands of its duly authorized officers on the day and year first above written.

THE MUNICIPAL CORPORATION OF CITY OF MOOSE JAW

MAYOR

CITY CIRRK

THIS LEASE MADE THE 3 DAY OF JULY, A.D. 2002.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

(hereinafter referred to as the "Landlord")
OF THE FIRST PART

AND:

TOURISM MOOSE JAW INC.

(hereinafter referred to as the "Tenant")
OF THE SECOND PART

LEASE AGREEMENT

WHEREAS the Landlord is the owner of the land comprising Parcel "B" shown in the Plan of Survey attached hereto as Schedule "A" (hereinafter referred to as the "Land");

AND WHEREAS the Tenant wishes to develop a tourist information centre on the Land and the Landlord wishes to facilitate the same;

AND WHEREAS the Land is zoned M.5 Industrial Zone (Light-Medium Industrial Park) and must be rezoned C.4 Commercial Zone (Restricted Highway Service) to accommodate the tourist information centre:

AND WHEREAS the Land is presently not serviced;

NOW THEREFORE in consideration of the covenants and agreements contained herein the parties hereto agree as follows:

1. LEASE

1.1 Subject to the registration of the Plan of Survey shown in Schedule "A" and to the rezoning of the Land to accommodate a tourist information centre, the Landlord leases the Land to the Tenant. The registration of the Plan of Survey and the rezoning of the Land are conditions precedent to this Lease.

2. TERM

2.1 The term of this lease shall continue for so long as the Tenant complies with Tenant's construction obligation, provided for by Article 6.1 hereof (hereinafter, the Land and the building constructed pursuant to Article 6.1 shall be referred to as the "the Premises") and, thereafter, for so long as the Premises are used in accordance with the terms of this lease (hereinafter referred to as the "Term").

3. RENT

3.1 The rent shall be one dollar (\$1.00) per year payable annually in advance, in the first instance upon the execution of this lease and, thereafter, on or before the anniversary of the execution.

4. SERVICING

4.1 The Landlord shall construct a paved road to access the Land from Thatcher Drive in the City of Moose Jaw, including curbs and gutters, and shall construct a subsurface water main along the road. The Tenant shall pay sixty-five thousand dollars (\$65,000.00) to the Landlord for constructing the road and water main. The payment shall be due when this Lease is executed.

5. SUBDIVISION AND REZONING

5.1 The Landlord shall do everything within its control to effect the registration of the Plan of Survey shown in Schedule "A" and to rezone the Land in order to accommodate the tourist information centre; provided however, the Tenant acknowledges that the Landlord must act in the public interest and agrees that the Landlord shall not be liable to the Tenant if the Landlord declines to proceed with the proposed subdivision or rezoning.

6. TENANT'S CONSTRUCTION

6.1 Immediately after the Land is rezoned, the Tenant shall construct a building on the Land to house the tourist information centre. The building shall consist of office, meeting and display areas and shall be developed as a first class facility. The portion of the Land that is not occupied by the building shall be developed to provide paved parking that is

adequate for the purposes of the tourist information centre and landscaped in a manner befitting a first class facility. The value of the building and development of the remainder of the Land shall exceed five hundred thousand dollars (\$500,000,00).

7. OWNERSHIP OF THE BUILDING

7.1 The building constructed pursuant to the Tenant's construction obligation, provided for by Article 6.1, shall be the property of the Tenant throughout the Term. At the conclusion of the Term or upon the earlier determination of this lease, the building shall automatically become the property of the Landlord.

8. TENANT'S COVENANTS

- 8.1 The Tenant covenants with the Landlord:
 - (1) Rent: to pay the rent in the manner and at the time specified herein;
 - (2) Utilities: to pay all charges for utilities provided to the Premises including, but not limited to, gas, electricity and water;
 - (3) Maintenance and Repairs: to retain the building on the Land throughout the Term and to keep the Premises in a good state of repair and the Land in a neat and tidy condition and free of weeds;
 - (4) Property Insurance: to insure the building to the extent of its insurable value and to do nothing nor suffer anything whereby the policy of insurance may be vitiated and to pay all premiums and sums of money for such purposes when due; the insurance policy shall stipulate that the insurer shall provide thirty (30) days' written notice to the City of any amendment, non-renewal or cancellation of the policy; and, upon obtaining the insurance, the Tenant shall submit to the City an insurance certificate relating to policy;
 - (5) Entry by Landlord: to permit the Landlord, its servants or agents to enter upon the Premises at any time and from time to time for the purpose of inspecting the Premises, and the Tenant is not entitled to compensation for any inconvenience, nuisance or discomfort occasioned thereby;

(6) Assigning, subletting or pledging: not to assign, sublet, pledge as security or part with possession of any part of the Premises without the written consent of the Landlord;

(7) Use of Premises:

- (a) not to use the Premises except for the purpose of a tourist information centre including the promotion of tourism in the City of Moose Jaw and not to carry on or permit to be carried on therein any other trade or business;
- (b) not to do or omit to do or permit to be done or omitted anything, upon the Premises which causes the rate of insurance upon the building to be increased;
- (c) if any insurance policy upon the building is cancelled by the insurer as a result of the use or occupation of the Premises by the Tenant or by any assignee or subtenant of the Tenant or by anyone permitted by the Tenant to be upon the Premises, the Landlord may at its option determine this Lease forthwith by leaving upon the Premises notice in writing of its intention to terminate and thereupon rent and any other payments for which the Tenant is liable under this Lease shall be apportioned and paid in full to the date of the determination and the Tenant shall immediately deliver up possession of the Premises to the Landlord and the Landlord may re-enter and take possession of them;
- (8) Observance of law: in its use and occupation of the Premises, not to violate any law or ordinance or any order, rule, regulation or requirement of any federal, provincial or municipal government and any department, commission, board or officer thereof;
- (9) Waste and nuisance: not to do or suffer any waste or damage, disfiguration or injury to the Premises or the fixtures and equipment or permit or suffer any overloading of the floors; and not to use or permit the use of any part of the Premises for any dangerous, noxious or offensive trade or business and not to cause or maintain any nuisance in, at or on the Premises;

- (10) Indemnity: to indemnify the Landlord against all claims by any person, firm, or corporation arising from the conduct of work by or through any act of negligence of the Tenant or any assignee, subtenant, agent, contractor, servant, employee or licensee of the Tenant, and against all costs, counsel fees, expenses and liabilities incurred in any claim, action or proceeding brought thereon;
- claims for damage or injury to person or property or for loss of life occurring on the Premises or the area adjacent thereto in the amount of \$2,000,000.00 per occurrence (such limit to be reviewed from time to time and increased if considered necessary by the City); the insurance policy shall stipulate that the insurer shall provide thirty (30) days' written notice to the City of any amendment, non-renewal or cancellation of the policy; and, forthwith upon the execution of this lease, the Tenant shall submit to the City an insurance certificate relating to policy;
- (12) Exhibiting Premises: to permit the Landlord or its agents to exhibit the Premises to prospective tenants during normal business hours of the last six months of the Term;
- (13) Alterations, etc.: not to make or erect in or to the Premises any installation, alteration, addition, or partition without submitting plans and specifications to the Landlord and obtaining the Landlord's prior written consent;
- of work done and materials supplied thereto, to obtain and register a discharge of the lien within ten days thereafter; and if the Tenant fails to do so, the Landlord may pay into court the amount required to obtain a discharge, in the name of the Tenant, and the amount paid, together with all disbursements and costs of the proceedings on a solicitor-client basis, shall be repayable by the Tenant to the Landlord and may be collected by the Landlord as rent in arrears:

(15) Signs: with the exception of the Tenant's normal everyday signs, posters and advertising used in the operation of its business in the Premises, not to paint, display, inscribe or affix any sign, picture, advertisement, notice, lettering or direction on any part of the Premises without the Landlord's prior written consent which shall not be unreasonably withheld.

9. LANDLORD'S COVENANTS

9.1 The Landlord covenants to allow the Tenant quiet enjoyment of the Premises so long as the Tenant pays the rent and complies with the covenants and agreements herein on the part of the Tenant.

10. PROVISOS

- 10.1 Provided always and it is agreed as follows:
 - (1) Damage to property: The Landlord is not liable nor responsible in any way for any loss of or damage or injury to any property belonging to the Tenant or to its employees or to any other person while the property is on the Premises unless the loss, damage or injury is caused by the negligence of the Landlord or of its employees, servants or agents and the Landlord is not liable in any event for damage to the property caused by steam, water, rain or snow which may leak into, issue or flow from any part of the building or from the water, steam or drainage pipes or plumbing works of the building or from any other place or quarter nor for any damage caused by or attributable to the condition or arrangement of any electric or other wiring nor for any damage caused by anything done or omitted by any other tenant;
 - (2) Impossibility of performance: It is agreed that whenever the Landlord is unable to fulfil, or is delayed or restricted in fulfilling any obligation hereunder for the supply or provision of any service or utility or the doing of any work or the making of any repairs because it is unable to obtain the material, goods, equipment, service, utility or labour required to enable it to fulfil the obligation or by reason of any statute, law or order-in-council or any regulation or order passed or made pursuant thereto or by reason of the order or direction of any

administrator, controller or board, or of any government department or officer or other authority, or by reason of not being able to obtain any permission or authority required thereby, or by reason of any other cause beyond its control, the Landlord is relieved from the fulfilment of the obligation and the Tenant is not entitled to compensation for any inconvenience, nuisance or discomfort thereby occasioned;

- (3) Default of Tenant: If the rent is not paid when due, whether lawfully demanded or not, or in case of breach or non-observance or non-performance of any of the covenants or agreements or rules or regulations herein contained or referred to on the part of the Tenant to be observed and performed, or in the case the Premises are vacated or remain unoccupied or in case the Term is taken in execution or attachment for any cause, then the Landlord is entitled to enter upon the Premises or any part thereof in the name of the whole and to repossess and enjoy the Premises as of its former estate; provided that in the event of breach or non-observance or non-performance of any of the covenants or agreements or rules or regulations herein contained, the Landlord shall provide the Tenant with written notice describing the breach or non-observance or non-performance and the Tenant shall have ten days to remedy the breach or non-observance or non-performance to the satisfaction of the Landlord;
- (4) Bankruptcy of Tenant: In case, without the written consent of the Landlord, the Premises remain vacant or not used for the period of thirty (30) consecutive days or for 150 days in any 365 day period or are used by a person other than the Tenant or for any other purpose than that for which they were let or in the case the Term or any of the goods and chattels of the Tenant are seized in execution or attachment by a creditor of the Tenant or if the Tenant makes any assignment for the benefit of creditors or any bulk sale or becomes bankrupt or insolvent or takes the benefit of any act now or hereafter in force for bankrupt or insolvent debtors or if an order is made for the winding-up of the Tenant, then this Lease shall at the option of the Landlord cease and the Term shall immediately be forfeited and the Landlord may re-enter and take possession of the Premises as though the Tenant or other occupant of the was holding over after the expiration of the Term;

- (5) Distress: The Tenant waives the benefit of any present or future statute taking away or limiting the Landlord's right of distress, and agrees that none of the goods and chattels of the Tenant on the Premises at any time during the Term is exempt from levy by distress for rent in arrears;
- (6) Right of re-entry: On the Landlord's becoming entitled to re-enter the Premises under any of the provisions of this Lease, the Landlord, in addition to all other rights, may do so as the agent of the Tenant, using force if necessary, without being liable to prosecution therefor, and may relet the Premises as agent of the Tenant, and receive the rent therefor, and as agent of the Tenant may take possession of furniture or other property on the Premises and sell it a public or private sale without notice and apply the proceeds of sale and rent derived from reletting the Premises upon account of the rent under this Lease, and the Tenant is liable to the Landlord for any deficiency;
- (7) Right of termination: On the Landlord's becoming entitled to re-enter the Premises under any of the provisions of this Lease, the Landlord, in addition to all other rights, has the right to determine this Lease forthwith by leaving upon the Premises notice in writing of its intention, and thereupon rent and any other payments for which the Tenant is liable under this Lease shall be computed, apportioned and paid in full to the date of such determination, and the Tenant shall immediately deliver up possession of the Premises to the Landlord, and the Landlord may re-enter and take possession of the Premises;
- (8) Non-waiver: Any condoning, excusing or overlooking by the Landlord of any default, breach or non-observance by the Tenant of any covenant, proviso or condition herein contained does not operate as a waiver of the Landlord's rights hereunder in respect of subsequent defaults, breaches or non-observances and does not defeat or affect in any way the rights of the Landlord herein in respect of any subsequent defaults or breaches;
- (9) Overholding: If the Tenant continues to occupy the Premises after the expiration of this Lease with or without the consent of the Landlord, and without any further written agreement, the Tenant shall be a monthly tenant at the same rent and on the terms and conditions herein set out except as to length of tenancy;

Notice: Any notice required by this Lease is deemed sufficiently given if (10)contained in writing enclosed in a sealed envelope addressed, in the case of notice to the Landlord, to it at City Hall, 228 Main Street North, Moose Jaw, Saskatchewan, S6H 3J8; and in the case of notice to the Tenant, to the Premises, and mailed by registered mail, and any notice mailed by registered mail to the Tenant shall be deemed to have been received by the Tenant five (5) days after the mailing thereof.

11. HEADINGS

The headings in this Lease have been inserted as a matter of convenience and for 11.1 reference only and in no way define, limit or enlarge the scope or meaning of this Lease nor of any provisions hereof.

12. EFFECT OF LEASE

This lease and everything herein contained shall extend to and bind and may be taken 12.1 advantage of by the heirs, executors, administrators, successors and assigns, of each of the parties hereto, subject to the granting of consent by the Landlord as provided in subsection 11(6) to any assignment, subletting or pledging, and where there is more than one tenant or a tenant is not a corporation, the provisions hereof shall be read with all changes in gender or number required by the context and all covenants are deemed joint and several.

IN WITNESS WHEREOF the Tenant has affixed its corporate seal as attested to by the hand(s) of its duly authorized officer(s) this 3/5t day of July

SCHEDULE "A"

TOURISM MOOSE JAW LEASE AMENDING AGREEMENT

Agreement dated august 6, 2015

Between:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW, a municipal corporation continued under the Cities Act ("the Landlord")

- and -

TOURISM MOOSE JAW INC. a non-profit corporation incorporated pursuant to *The Non-Profit Corporations Act, 1995* (the "Tenant")

The Parties agree as follows:

- The agreement between the Landlord and the Tenant, dated July 31, 2002 (the "Agreement"), respecting the lease of land legally described as Surface Parcel # 131706301, Parcel B, Plan 101157151 and a building (hereinafter referred to as the "Premises") for the purpose of providing a tourist information centre for the promotion of tourism in the City of Moose Jaw is amended as set out in this Amending Agreement.
- 2 Section 8.1(7) is deleted and the following substituted:

(7) Use of Premises

- (a) The Premises is to be used for the purpose of a tourist information centre for the promotion of Tourism in Moose Jaw and area.
- (b) In the event that the Tenant sublets any portion of the Premises, prior written approval of the Landlord is required. All subleases shall terminate if Tourism Moose Jaw ceases to exist or the Agreement between the parties is terminated.
- (c) The Tenant understands that where the Premises is sublet to a subtenant that does not qualify for an exemption under The Cities Act, SS 2002, c C-11.1, the portion of the Premises that the subtenant occupies will become taxable.
- (d) Not to do or omit to do or permit to be done or omitted anything, upon the Premises which causes the rate of insurance upon the building to be increased;
- (e) If any insurance policy upon the Premises is cancelled by the insurer as a result of the use or occupation of the Premises by the Tenant or by any assignee or subtenant of the Tenant or by anyone permitted by the Tenant to be upon the Premises, the Landlord may at its option terminate this Lease forthwith by leaving upon the Premises notice in writing of its intention to terminate and thereupon rent and any other payments for which the Tenant is liable under this Lease shall be apportioned and paid in full to the date of the termination and the Tenant shall immediately deliver up possession of the

Premises to the Landlord and the Landlord may re-enter and take possession of them;

3 In all other respects, the terms and conditions of the Agreement continue to apply.

The parties have duly executed this Amending Agreement as of the date written above.

AUG 0 1 2019

July 31, 2019

Derek Blais, Director of Parks and Recreation City of Moose Jaw 228 Main Street North Moose Jaw, SK S6H 3J8

Dear Mr. Blais:

Re: 2020 Third Party Funding

The Saskatchewan Festival of Words is pleased to describe our past year's activities in the City and the response to our annual 4-day festival, which presents over to 60 events in the downtown area every summer and 20+ events in the community throughout the rest of the year.

Last year, the City of Moose Jaw approved the Saskatchewan Festival of Words for ongoing municipal funding through line item budgeting under the Parks and Recreation Department and we were granted \$7713. This contribution makes a huge difference in our organization and we thank the City for its continued support and for helping us (a registered charity) achieve a sustainable future.

2019 saw continued success with our Executive Director and Operations Coordinator. Together, with a dedicated Board of Directors and a large team of volunteers we hosted one of the best Festivals in years, with increased awareness for diversity and accessibility. In addition to this we have continued working diligently to foster partnerships with other community organizations in order to raise awareness and to create new community outreach programs that will serve a broader demographic which allowed us to create activities that reached 2000 children and youth.

We have enclosed documents outlining our history, vision, artistic objectives, programs, and impact on the community of Moose Jaw. Also enclosed is our current operating budget projected to the end of our fiscal year (March 31st) and our most recent audited year-end financials.

July 2020 marks the 24th anniversary of our festival so we're working on another exciting line-up of Canadian authors and performers. We're confident that our ambitious program for 2020 will exceed the success of 2019 and introduce new writers, readers, and visitors to the Friendly City. Thank you for considering our request for support. We look forward to hearing from you.

Sincerely,

Sarah Simison, Executive Director

Email: sarah@festivalofwords.com Ph: 306-691-0557

Saskatchewan Festival of Words Staff

- Sarah Simison, Executive Director (full-time, year-round)
- Amanda Farnel, Operations Coordinator (full-time, year-round)
- Three Festival Interns, May to July (dependent on partial funding through Canada Summer Jobs and/or Young Canada Works Program)

Saskatchewan Festival of Words Volunteers

The Saskatchewan Festival of Words has over 130 volunteers committing to over 1,200 volunteer hours to year-round events and festival programming. During the summer festival at least 80 volunteers work to stage the annual 4-day event. There are 9 board members committing over 1000 volunteer hours at the board and governance level. We have also introduced a new board position: youth advisor to the board, to help train youth to be good volunteers and board members.

Saskatchewan Festival of Words Board of Directors

Please see list of directors and executive attached as well as structure chart.

Statement of Purpose

Programs and Services Profile

The Festival of Words provides many diverse services to the Saskatchewan community and beyond. These programs have been outlined below. It should be noted that not all services are operative year-round or every year. Programs and events are either an ongoing part of our mandate and objectives, part of our fundraising activities, or a way of keeping our profile before the public. The Festival of Words provides year-round programming to Saskatchewan in three areas:

COMMUNITY OUTREACH SERVICES aimed primarily at supporting literary artists in Moose Jaw and area and working with them and other community organizations to engage with the community creatively, raising funds for the summer festival, and keeping a high profile year-round for our organization as a whole. We aim for community outreach activities to be free to the public.

YOUTH SERVICES aimed at promoting literacy, lifelong reading, and writing skills among school-age children and young adults, inspiring and encouraging creative expression, and spreading word of the Festival and its programs among these age groups.

SUMMER FESTIVAL aimed at providing wide public exposure to Canadian artists including (but not limited to) authors, storytellers, songwriters, dramatists, and filmmakers with a heavy emphasis on Saskatchewan content and inclusion of Moose Jaw talent. The Festival has a number of components including live literary, dramatic, and musical performances as well as writing workshops, film screenings, and discussions about Canadian art.

Year-Round: Community Outreach Programming and Youth Services

Performer's Cafe

Begun in 1997, this monthly open mic night features performers from Moose Jaw and surrounding area at Mitsu Sweet Café. It is free and open to all ages. Attendance varies from 4 to 50, with some presenters from hundreds of miles away. We invite feature performers, arrange the venue, and organize publicity materials. Volunteers assist with getting the equipment, poster distribution, phoning, emceeing, set-up and take down. Runs monthly every year.

Writers-in-Schools We arrange author visits to elementary and high schools. These are all free to the schools. The writers do readings, answer questions, work on creative writing with students, and promote Festival programs. We host two week long sessions. one in the Spring and one in the Fall. We also use this program to partner with the Battle of the Books program run by the Holy Trinity Catholic School Division.

CineView

This branch of the Festival in partnership with the Toronto International Film Festival and Galaxy Entertainment presents independent and foreign feature films monthly through subscriptions and tickets (approximately 9 films per year). These are films that would not normally be shown in the theatre in Moose Jaw.

Book Club

The Moose Jaw Public Library/Saskatchewan Festival of Words Book Club in 2017. These free event takes place at the library and guests will read books by authors coming to the summer Festival (approximately 9 events). The library and Festival provides moderators to facilitate discussion. This event has taken the place of the Great Big Book Club Retreat that used to take place each spring.

Fundraisers

The Saskatchewan Festival of Words aims to hold a fundraising event once a year in addition to the Author Auction that takes place at the Festival Trivia Night.

Public Readings

The Festival has organized a large number of public readings in various formats at the behest of publishers, authors or our patrons. These involve a fee to the writer, accommodations and meals, promotion, book sales and a social component. These events take place as opportunities arise and funding is available.

Film Screenings

Working with local volunteers and either the Mae Wilson Theatre or the Moose Jaw Public Library, we showcase local filmmakers as well as other independent Canadian films or documentaries. These events take place as opportunities arise and funding is available.

Speakers

We have let schools, businesses, and service clubs know that we will help them arrange speakers from the Saskatchewan writing community. One such example is assisting the mayor's office with finding poets for the Mayor's Poetry Challenge each year and most recently working with HTCSD on finding books for their Battle of the Books Competition and authors to engage with.

Public Services

As a fundraising activity the Festival staff and volunteers provide promotion and production services to various organizations and assist other charities with their work.

Summer: Saskatchewan Festival of Words (~60 events over 4 days)

Teen Writing Experience In conjunction with Sage Hill Writing the Festival organizes an annual, weeklong workshop for Saskatchewan teens 14 - 18. Selected teens work with an established writer and guest presenters to learn the craft of writing. Billets are arranged for non-local attendees. This event leads directly into the summer Festival where the teens have their own session to present their work.

Kids Ink Workshop

The Festival runs a one-day summer drama, illustration. and/or writing program for children aged 7 - 12. Often sponsored by a local service club, the program runs half-days and consists of drama or writing activities and games instructed by a professional author or graphic novelist.

Storytime for Little Ones The Festival of Words programs a morning storytime event hosted by a professional children's author or storyteller. This activity is aimed for children aged 4 and up.

Writing Workshops

Adult/Teen workshops are led by professional authors that are being featured at the summer festival. Workshops include instruction as well as one-on-one consults with the aspiring writers in attendance and may also include readings of their own work.

Great Big Book Club

The Great Big Book Club involves participants selecting and discussing a book by a Canadian author attending the festival, with the author present. Participants register to attend and a moderator coordinates discussions.

Reading Sessions

~100 individual readings throughout the Festival that all take place in City of Moose Jaw facilities including: the Mae Wilson Theatre, Moose Jaw Cultural Centre, Moose Jaw Public Library, Moose Jaw Museum and Art Gallery, Mosaic Place, and sometimes also the Crescent Park Amphitheatre.

Poetry Slam Competition Each year the festival hosts a poetry slam competition with spoken word artists from across the prairies. Poets compete with one another to win a spot on the Saskatchewan Festival of Words roster. All poets are paid to participate.

Film Screening

Since its early years, the summer festival has screened selected Canadian feature films and documentaries or literary themed films as part of opening night celebrations at the summer Festival.

Concerts

We have presented public concerts involving such performers as Colin James, Ian Tyson, Fred Penner, Connie Kaldor, Brenda Baker, the Arrogant Worms, Ian Thomas, Murray McLaughlan, Jeffrey Straker, True live Pluckers, Shane Koyczan, Rosie and the Riveters, Belle Plaine, Sierra Noble, and Megan Nash.

What does the Festival of Words do for Moose Jaw?

- Markets Moose Jaw as a desirable destination for sustained visits
- Promotes other city and regional attractions
- Will generate over \$600,000 in collateral spending. In addition, will spend over \$100,000 locally
- Helps establish Moose Jaw as a leader in arts and culture not only provincially but also nationally!
- Provides educational and creative experiences for all age groups
- Raises Moose Jaw's profile across the country

- Adds to the entertainment options of our citizens, gives people another reason to make Moose Jaw home
- Provides year-round programming to the community with a focus on youth
- Operates a full-time, year-round office employing two full-time staff and three seasonal employees including summer students
- Provides administrative support services to CineView Saskatchewan, Performers Café, Writers-in-Schools, and Writer in Residence
- Founded CineView Saskatchewan, an arts organization bringing the best in independent and foreign films to Moose Jaw
- Founded Kids Ink, a summer program for children ages 8 to 12 years
- Founded Performers' Café series of performance opportunities for emerging and established writers in all genres and musicians in all disciplines that draws artists from Moose Jaw and surrounding area as well as touring artists from across Canada
- Active member of Moose Jaw & District Chamber of Commerce, Tourism Moose Jaw, Southwest Tourism Region, Moose Jaw Arts in Motion, Saskatchewan Festivals, Moose Jaw Literacy, Saskatchewan Literacy Network, Saskatchewan Aboriginal Literacy Network, SaskCulture, and the Canadian Literary Festival Directors

Why is this funding important?

Formerly known as 'the little fest with the best', Moose Jaw's Saskatchewan Festival of Words has grown to become a nationally-acclaimed event, winner of provincial and civic awards, that brings over 500 visitors to our city for an average stay of 3 days with spending of an estimated \$100,000. With 60% of the audience coming from outside Moose Jaw, The Festival is a major Tourism event in the city. In addition, the Festival spends approximately \$200,000 in Moose Jaw in goods and services. Praised throughout Canada, the Saskatchewan Festival of Words is a showcase for the Friendly City and an introduction for many visitors to the advantages of living in a community that thrives on vibrant culture, history and arts appreciation.

The Festival of Words - A Brief and Biased History

The Festival of Words should not exist. Located in the fourth-largest city (35,000) of a sparsely populated hockey and bingo-loving province, a Festival that celebrates the imaginative uses of language would appear to have no *raison d'etre*. But the founding volunteers who laid the groundwork for the Festival were not easily discouraged; they were inspired and planned well.

In July of 1996 when they held their first meeting they were unaware that a literary festival, financed by a petroleum company, was being hatched for the coming fall in Calgary. They believed theirs was going to be the first festival between Toronto, and Sechelt, B.C. They researched these and other events, but their vision called for something more than what they were hearing about. They wanted to add some zing to the traditional concept of a book-based literary festival, emphasizing

<u>all</u> aspects of creative language use and promoting literacy. Books and writers would be the foreground and foundation of the festival but variety would be added by storytellers, illustrators, book designers, journalists, editors, singer-songwriters, filmmakers, dramatists, actors, and the like. It was also decreed that efforts would be made to provide programming for all age groups and that a year-round program promoting literacy, creative writing and life-long reading would be developed, all of which came to pass.

Over the first three years, a large policy binder outlining objectives, constitution and bylaws, operating principles, organization charts, staff and volunteer functions, team objectives, roles of team leaders, and financial policies and procedures was developed. By means of annual revisions and updates, these documents ensure the Festival has a sound structure for resolving differences and implementing change. Board members attend orientation/planning meetings, and regular planning retreats and think tanks are organized.

Building on this formula, a rock solid organization, a creative business plan, support from funding bodies and donors and the willing work of over 140 volunteers, the Festival has become a remarkable success story. Unlike similar events in other areas, it has not had to go through a period of deficit financing, having balanced its books each year.

Early on, Festival organizers cultivated strong ties with tourist agencies, media and the business community. In 1998 the Festival's founder and coordinator, Gary Hyland, was named Moose Jaw's Citizen of the Year and the Festival was named Group of the Year, the first time in the thirty-two year history of these awards that both went to the same organization. The founder was awarded the Order of Canada in 2005, partly because of his work with the Festival. With no large-scale sponsor and no arts infrastructure with which to share staff and facilities, the Festival has resourcefully created its own system.

From the start the Festival embraced other disciplines such as visual art, drama, music and film and included year-round programming. Fundraising concerts and readings of various sorts were natural extensions of the summer festival activities. By 1999 in partnership with SaskEnergy the Festival launched the Books For Kids program that distributes books to schoolchildren particularly in disadvantaged areas. In 2001 Schloop, a summer drama program for children was added to the offerings. The Festival has also presented film premieres, film and drama competitions for teens, workshops for writers, and coffee houses with open mikes. As well, the Festival developed the Moose Jaw Honours Award to recognize lifetime contributions to the community.

In 2001 the Festival board of directors sanctioned and assisted with the development of CineView Saskatchewan, which has become one of the most successful film societies in the country.

The organizers were successful in part because they achieved valuable support from such groups as The Canada Council for the Arts, Canadian Heritage, SaskCulture, the Saskatchewan Arts Board, SaskFilm, the Saskatchewan Cultural Exchange Society, and the City of Moose Jaw. Media partners such as CBC radio as Margaret Atwood, John Ralston Saul, Peter Gzowski (with Stuart McLean), Ian Tyson, Gwynne Dyer, Alistair MacLeod, Connie Kaldor, Victor Malarek, Lorne Elliott

(and the Madly Off in All Directions crew), Rex Murphy, Will Ferguson, Rohinton Mistry, Yann Martel, Guy Vanderhaeghe, Allan Fotheringham, Rudy Wiebe, Nicole Brossard, Lorna Crozier, Sandra Birdsell, The Arrogant Worms, Roch Carrier, Brent Butt, Pamela Wallin, Susan Musgrave, Jane Urquhart and Sharon Butala. Hundreds of performances from readings to plays to concerts have been successfully presented to thousands of patrons. In addition, the Festival was the subject of a one-hour documentary featured several times on CBC News World. In 2003 the Festival received an Award of Excellence for Promotional Marketing of an Event from Tourism Saskatchewan.

Throughout, the Festival has presented to its audiences a cross-section of Canadian performers—emerging and established, in and out of province, First Nations and other heritage groups, fiction and nonfiction, prose and poetry. Presenters have come from all ten provinces and the Northwest Territories. All literary genres and several disciplines have been represented as well as works by various types of stage, music, visual, and film artists. Special programming for children and youth has also been a part of the Festival.

For an operation that might have had a brief and bleak future, the Festival of Words has evolved into an unparalleled organization looking forward to a long and successful life. Now facing its 24st anniversary, the Saskatchewan Festival of Words has become a mainstay in Moose Jaw's culture!

Fiscal Year and Financial Statements:

The Saskatchewan Festival of Words' fiscal year runs from April 1st to March 31st. Our most recent audited statement includes our April 1st 2018 to March 31st 2019 fiscal year and has been attached for your files. The board approved budget for April 1st 2019 to March 31st 2020 has also been attached for your files.

INDEPENDENT AUDITOR'S REPORT

To:

The Members of

Saskatchewan Festival of Words Inc.

Opinlon

We have audited the financial statements of Saskatchewan Festival of Words Inc., which comprise the statement of financial position as at March 31, 2019, and the statements of operations and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

Except as noted in the following paragraph, in our opinion, the financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2019 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

In common with many not-for-profit organizations, the organization derives revenue from fundraising activities the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the organization. Therefore, we were not able to determine whether any adjustments might be necessary to fundraising revenue, excess of revenues over expenses, and cash flows from operations for the years ended March 31, 2019 and 2018, current assets as at March 31, 2019 and 2018, and net assets as at April 1 and March 31 for both the 2019 and 2018 years. Our audit opinion on the financial statements for the year ended March 31, 2019 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

STATEMENT OF FINANCIAL POSITION As at March 31, 2019

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

NATURE OF OPERATIONS

Saskatchewan Festival of Words Inc. is incorporated under the provincial non-profit corporations act. The organizational purpose is to educate and inform the public about literacy by providing courses, workshops, readings and an annual writers and readers festival; and to undertake activities ancillary and incidental to the attainment of the above charitable purpose. Effective April 27, 2009, the organization changed its name to Saskatchewan Festival of Words Inc.

2. SIGNIFICANT ACCOUNTING POLICIES

The organization applies the Canadian accounting standards for not-for-profit organizations.

Fund Accounting

The resources of the Organization are classified for accounting purposes into funds according to the objective of each which are:

General Fund - to facilitate accounting for the current operating revenues and expenditures relating to the usual day-to-day activities of the Organization.

Capital Fund - to facilitate accounting for capital assets and debts related to capital assets and development of the Organization.

Anniversary Fund - to facilitate accounting for the 25th anniversary of the Organization in 2021.

Revenue recognition

Unrestricted contributions are recognized as revenue of the General Fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted contributions related to general operations are recognized as revenue of the General Fund in the year in which the related expenses are incurred. All other restricted contributions are recognized as revenue of the appropriate restricted fund.

Investment income earned is recognized as revenue of the General Fund.

Property, plant and equipment

The Organization expenses its' capital assets. During the current year, capital expenditures included nil (2018 - nil).

Contributed services

Volunteers contribute a significant amount of their time each year for several of the Organization's activities including, but not limited to, the festival, board of directors and other project committee meetings. Due to the difficulty of determining their fair value, volunteer contributed services are not recognized in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

4.	ACCOUNTS RECEIVABLE		
		2019	2018
	Canadian Heritage Grant	\$ 33,000	\$ 33,000
5.	UNEARNED REVENUE		
		2019	2018
	Canadian Heritage Grant Access Copyright Foundation Grant	\$ 40,000	\$ 44,875 5,500
-		\$ 40,000	\$ 50,375

6. CAPITAL RESERVE

A Capital Reserve Fund was established in order to use some of the accumulated surplus for future capital purchases.

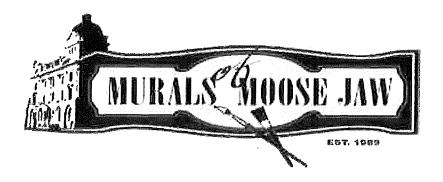

7. ANNIVERSARY RESERVE

An Anniversary Reserve Fund was established by the Board in order to use some of the accumulated surplus for the Organization's 25th anniversary in 2021.

8. ARTS BOARD / SASKCULTURE FUNDING PARTNERSHIP

The amount reported in these financial statements as grant revenue from the Saskatchewan Arts Board is made up of a combination of Lottery and non-Lottery funding. This is made possible through the Partnership Agreement between the Saskatchewan Arts Board and SaskCulture Inc., which is the Trustee for the Culture Section of Saskatchewan Lotteries Trust Fund for Sport, Culture and Recreation. Under the terms of this agreement for the applicable period, SaskCulture allocated a specified amount of Lottery funds to the Saskatchewan Arts Board as a portion of the total envelope of funds available for the program through which this grant was adjudicated and approved.

August 22, 2019

Derek Blais
Director of Parks and Recreation

As requested in your letter dated August 1, 2019, the Murals Project Management Board is attaching the items you required:

- -2020 Proposed Operating Budget
- -2019 Requested Budget that we were denied
- -2019 Highlights
- -2018 Financial Statement

We were allotted \$13,158.00 in 2019, and are requesting \$13, 300.00 in 2020.

If you require any more information, Please contact me @ the above email or phone.

Thank you,

Yours truly,

Norma Westgard, chair

And the Murals Project Management Board

2020 MURAL REPAIR PROPOSAL

While a budget proposal is always necessary it is difficult to project all murals that might need the most repair each year as even this winter showed more deterioration than was expected in some murals and moved priorities around, Stormin Main Street and stucco on Fire Watch needed more work than expected, and at times you change the approach once you start working on individual murals. With more murals close to 30 years old this could be more common but we are keeping up with repairs and tourists often mention they like seeing ours kept up compared to others they have seen. While we can no longer use 3 section scaffolding and even difficult to get approved scaffolding locally money can be saved by repairing lower parts off ladders and only using lifts for higher murals. Our lack of graffiti suggests future murals could be placed lower in low traffic areas which makes for less cost. I have included lift costs in estimated repair costs and time and weather will always determine if all work gets done, main priorities always first.

Opening Day Parade-While I love this old painting on brick and it is one of Gus's The colors have faded and I've run out of tricks to preserve it. The layers of paint on old brick mortar mean patching no longer works. Much of the lettering around the main picture is on concrete and easy to repaint, the top and worst peeling areas would be scraped, mortar sealer applied ,painted, and the main picture repainted on installed panels . Cost estimated at \$4800.00 Finishing repainting of Sisters of Sion-\$450.00 The First Run- This older mural has extensive cracking in the stucco, needs scraping, powerwashing and repainting , estimate cost at \$3000.00

So much depends on the weather and trying to book a lift when I can work long days in the summer, and possibly have the lift to do some other quick repairs, repainting, such as the top half of Sunday Outing. I could do the bottom from ladders/scaffolding, I see Clarke Bros. will likely need a bit of work, and some sky work on one or two others. Estimate \$1000.00 for other needed work.

Total-\$9250.00

Trying to get as much done to keep on top of any needed repairs.

BUDGET REQUEST DENIED- \$13,158.00 FUNDING APPROVED PROPOSED REPAIRS AMENDED ACCORDINGLY

2019 MURAL HIGHLIGHTS

- -Some of our Murals are now thirty years old, and it is increasingly more costly to preserve their lives, and keep them looking good. Our artist Grant McLaughlin does an amazing job of patching, restoring, and babying new life into fading, chipping, peeling and cracking masterpieces. Sometimes what looks to be a simple point up job ends up taking days, and even weeks.
- -SUMMER CARNIVAL'S falling plaster was removed, and the remaining portion painted over to blend into the background brick.
- -In 2019 FIRE WATCH was repaired, with the background changed a little to give it a new interest.
- -STORMIN MAIN STREET was one of those Murals that needed more intensive repainting than originally anticipated.
- -HOPES AND DREAMS sculpture was cleaned and rewaxed.

2019 REPAIRS STILL TO BE COMPLETED

- -AIR FORCE BLUE had some preventative repairs and B72 coating, But still needs some work.
- -OLD TIME THRESHING BEE needs concrete patch, and B72 coat
- -NATIONAL LIGHT AND POWER more touch ups and paint
- -LOST MURALS need to be moved to another wall to save them from winter damage

CULTURAL CENTRE FUNDING AMENDING AGREEMENT

Agreement dated FEB 6 * 20 142014

Between:

CITY OF MOOSE JAW, a municipal corporation continued under *The Cities Act (the City")*

- and -

MOOSE JAW CULTURAL CENTRE INC. a non-profit corporation incorporated pursuant to *The Non-Profit Corporations Act, 1995* (the "Corporation")

The Parties agree as follows:

- The agreement between the City and the Corporation, dated January 29, 2003 (the "Agreement"), respecting the operation of the Moose Jaw Cultural Centre, is amended as set out in this Amending Agreement.
- The Agreement is amended by striking out "the building occupied by" wherever it appears.
- 3 Section 2 is deleted and the following substituted:

"2. CORPORATION'S RESPONSIBILITIES

- 2.1 Subject to the terms of this Agreement, the Corporation shall occupy, be responsible for and assume management, control and operation of the cultural facility property owned by the City, which property is civically located at 217 Main Street North, Moose Jaw and legally described as:
 - (a) Surface Parcel #104357437, Lot 53 Plan 99MJ15800, as described on Certificate of Title 99MJ15800Z;
 - (b) Surface Parcel #104357426, Lot 54 Plan 99MJ15800, as described on Certificate of Title 99MJ15800AA; and
 - (c) Surface Parcel #104357417 Lot 55 Plan 99MJ15800, as described on Certificate of Title 00MJ06506; (the "Moose Jaw Cultural Center")."
- 4 Section 3 is deleted and the following is substituted:

"3. FUNDING BY CITY

3.1 The City shall provide funding to the Corporation in the form of a program grant commencing in the year 2007 in the amount of \$89,330.00 and continuing after that time for the term of the Agreement in that amount or such greater amount as may be approved by the City in any grant year.

- 3.2 The grant in section 3.1 shall be paid to the Corporation in payments of 50% of the grant on the first business day in January and 50% of the grant on the first business day of July of the grant year.
- 3.3 Any money owed by the Corporation to the City respecting excess income under the funding arrangement between the parties prior to January 1, 2007, is forgiven.
- 3.4 The Corporation shall not operate with a deficit budget.
- 3.5 On or before November 1 of each year of the Agreement, or such other date as requested by the City, the Corporation shall provide the City with a copy of the Corporation's previous year's audited financial statement and a budget detailing all planned revenues and expenses for the upcoming fiscal year."
- 5 Section 4 is deleted.
- 6 Section 7 is deleted and the following substituted:

"7. OFFICE AND PROGRAM EQUIPMENT

- 7.1 The Corporation shall maintain with the City an equipment reserve account to be known as the Equipment Reserve Fund, in an amount sufficient for the replacement of office and program equipment at the Cultural Centre.
- 7.2 The Corporation shall include in its annual operating budget the Corporation's contribution to the Equipment Reserve Fund referred to in section 7.1, which amount will be based on the replacement value of the equipment and its total and remaining life such that sufficient funds will be available at the end of the asset's life to fund its replacement.
- 7.3 The contribution in section 7.2 shall be paid to the City on an annual basis.
- 7.4 Office, program and maintenance equipment shall be purchased and disposed of, in accordance with the provisions of the City's Purchasing Policy attached to the City's Bylaw No. 5175, <u>City Administration Bylaw</u>.
- 7.5 Notwithstanding section 7.4, the Corporation shall not dispose of any equipment without the prior written consent of the City."
- 7 Section 8 is deleted.
- 8 Section 11 is deleted and the following substituted:

"11. BUILDING AND CONTENTS INSURANCE

11.1 During the term of this Agreement, the City shall, at its sole cost and expense, take out and keep in full force and effect property insurance covering damage to or destruction of the building and contents of the Moose Jaw Cultural Centre.

- 11.2 The City shall ensure that the insurance in section 11.1:
- (a) contains a waiver by the insurer of any rights of subrogation or indemnity or any other claim over to which the insurer might otherwise be entitled against the Corporation and persons for whom in law the Corporation is responsible;
- (b) lists the Corporation as an additional insured; and
- (c) provides that the Corporation will be notified in writing of cancellation or changes to the policy at least 30 days prior to such cancellation or change.
- 11.3 Upon request, the City will provide the Corporation a certified copy of the insurance policy required by this section.
- 11.4 The Corporation shall provide the City a list of the buildings contents by June 30 of each year.
- 11.5 Notwithstanding section 11.1, the City is not responsible for insuring building contents not on the list of building contents required by section 11.4."
- 9 Section 12 is deleted and the following substituted:

"12. INSURANCE

- 12.1 During the term of this Agreement, the Corporation shall, at its sole cost and expense, take out and keep in full force and effect:
 - (a) commercial general liability insurance for bodily injury, including death, and property damage or loss, in an amount of not less than \$5,000,000 per any one occurrence, or any greater amount as required by the City from time to time; and
 - (b) automobile (owned and non owned) third party liability insurance policy for bodily injury (including death) and property damage having a limit of not less than \$5,000,000 per occurrence, or any greater amount as required by the City from time to time, which insurance shall include passenger liability extension.
- 12.2 The insurance policies required by this section shall:
 - (a) be in a form, amount and deductible approved by the City;
 - (b) contain a waiver by the insurer of any rights of subrogation or indemnity or any other claim over to which the insurer might otherwise be entitled against the City and persons for whom in law the City is responsible;
 - (c) list the City as an additional insured; and
 - (d) include provisions that the City will be notified in writing of cancellation or changes to the policy at least 30 days prior to such cancellation or change.

- 12.3 Annually or upon request, the Corporation shall provide the City a certified copy of the insurance policies required by this section.
- 12.4 If the Corporation fails to secure or to maintain policies of insurance required by this section, or fails to prove the existence of such policies, the City may purchase on behalf of and at the expense of the Corporation, the required insurance coverage.
- 12.5 At its own expense, the Corporation may obtain insurance coverage in addition to that required by this section."
- 10 Section 15 is deleted and the following substituted:

INDEMNIFICATION "15.

- 15.1 The Corporation agrees that it shall at all times indemnify and save the City harmless from and against any and all actions, manner of actions, causes of actions, liabilities, claims and demands, suits, damages, losses or injuries, expenses or otherwise which may be brought against the City for personal injuries, death or property damage suffered by any person, firm or corporation arising from or in any way connected with the Corporation's occupancy, management, control and operation of the Moose Jaw Cultural Centre and all activities carried on therein including those of persons for whom the Corporation is in law responsible unless such losses, damages and expenses are incurred or sustained as a result of the negligence or willful default of the City or those for whom the City is in law responsible."
- 11 In all other respects, the terms and conditions of the Agreement continue to apply.

The parties have duly executed this Agreement as of the date written above.

CITY OF MOOSE JAW	MOOSE JAW CULTURAL CENTRE INC.
Quelic Sullis	Gna am Defall
City Clerk	(signature)

THIS AGREEMENT MADE THIS 29 DAY OF January , 2003.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

("the City")

OF THE FIRST PART

AND:

MOOSE JAW CULTURAL CENTRE INC.

("the Corporation")

OF THE SECOND PART

CULTURAL CENTRE FUNDING AGREEMENT

WHEREAS section 4(3) of <u>The Cities Act</u>, S.S. 2002, c. C-11.1 (hereinafter referred to as the Act) provides that "[f]or the purposes of carrying out its powers duties and functions, a city has the capacity and . . . the rights powers and privileges of a natural person";

AND WHEREAS "the rights, powers and privileges of a natural person" entail the authority to enter into agreements, own shares in incorporated bodies, make grants to or provide goods or services in aid of any persons or organizations and engage in commercial undertakings;

AND WHEREAS the Corporation was formed for the purpose of operating a cultural facility (hereinafter referred to as the "Moose Jaw Cultural Centre") and providing for the carrying out of all related activities;

AND WHEREAS the City wishes to provide assistance to the Corporation in accordance with the terms of this Agreement;

NOW THEREFORE THIS AGREEMENT WITNESSES that in consideration of the City and the Corporation entering into this agreement and in consideration of the mutual covenants, promises, undertakings and agreements herein contained, the parties hereto agree as follows:

173

1. TERM

The term of this agreement shall commence on February 1, 2003 and shall continue until December 31, 2008 and thereafter shall continue in force and effect from year to year unless terminated by notice in writing given by either party to the other not less than one year prior to the expiration of the original term of this agreement or any renewal thereof.

2. CORPORATION'S RESPONSIBILITIES

2.1 Subject to the terms of this agreement, the Corporation agrees and the City authorizes the Corporation to be responsible for and assume management, control and operation of the Moose Jaw Cultural Centre and the building occupied by the Moose Jaw Cultural Centre and all activities carried on therein and the Corporation agrees to perform all functions necessary to operate the Cultural Centre.

3. FUNDING BY CITY

- 3.1 The City agrees to provide funding to the Corporation as follows:
 - (a) In the year 2003, a start-up grant of \$54,000.00 will be payable within 30 days of execution of this agreement and a program grant of \$22,332.00 (\$7,444.00 per month) will be paid in full October 1, 2003;
 - (b) In the year 2004 and in each year thereafter during the term of this agreement, a program grant of \$89,330.00; provided however, that program grant will be adjusted as follows:
 - (i) If, in any fiscal year, the Corporation has gross income in excess of \$118,125.00, excluding any funding from the City, the next payment of the annual program grant shall be reduced by ninety (90) per cent of the amount by which the excess income exceeds any expense necessarily incurred or pending as a direct result of having obtained the excess income, which reduction shall not exceed \$43,937.00; and,
 - (ii) If, in any fiscal year, the Corporation has gross income in excess of \$166,944.00, excluding any funding from the City, the next payment of the annual program grant shall be reduced by fifty (50) per cent of the amount by which the excess income exceeds any expense necessarily

incurred or pending as a direct result of having obtained the excess income, which reduction shall not exceed \$45,393.00.

- 3.2 The program grant referred to in article 3.1(b) hereof shall be payable to the Corporation as follows:
 - (a) Fifty (50) per cent of the program grant on or before January 3, 2004 and in each year thereafter during the term of this agreement; and
 - (b) Fifty (50) per cent of the program grant on or before July 4, 2004 and in each year thereafter during the term of this agreement.
- 3.3 If, in any fiscal year, the Corporation has gross income in excess of \$257,730.00, excluding any funding from the City, the Corporation shall pay rent to the City in respect of the building occupied by the Moose Jaw Cultural Centre on the next July 1st during the term of this agreement in an amount equal to twenty-five (25) per cent of the amount by which the excess income exceeds any expense necessarily incurred or pending as a direct result of having obtained the excess income.
- 3.4 The Corporation shall submit to the City on or before November 1 of each year during the term of this agreement, a copy of the previous fiscal year's audited financial statement and a budget detailing all planned revenues and expenses for the upcoming fiscal year. The Corporation shall not run a deficit budget.

4. EMPLOYEES OF CORPORATION

- 4.1 The Corporation may hire in its own name and at its own expense, and supervise and dismiss as may be necessary from time to time, all persons required for the proper operation and management of the Moose Jaw Cultural Centre, it being agreed the Corporation may perform any of its duties pursuant to this agreement through the employment of such persons.
- 4.2 The Corporation shall maintain proper payroll records with respect to all persons engaged to work for the Corporation and shall make all payroll reports and returns required by law and remit to the proper authorities all deductions and payments for

income tax, employment insurance, hospitalization, medical and other group coverage, union dues, Canada Pension Plan, Workers' Compensation and any other deductions or payment which may from time to time be applicable to any such persons or their employer or both.

5. UTILITIES

- 5.1 The City shall arrange and pay for the supply, as may be required, of electricity, gas, steam and water to the building occupied by the Moose Jaw Cultural Centre from a public utility or other supplier.
- 5.2 If the public utility or supplier providing the service ceases to do so, the City shall use all reasonable efforts to arrange an alternative supply, and may at its option supply any of the services itself to be paid for by the City, but the City shall be under no obligation to supply the alternative service and shall not be liable if it fails to do so.
- 5.3 The Corporation shall arrange and pay for the supply of telephone and other related services to the building occupied by the Moose Jaw Cultural Centre; provided the City shall arrange and pay for the costs of telephone charges for the building maintenance office and the building's automated security system. The Corporation shall contract directly with the supplier of such telephone or other related services.

6. MAINTENANCE AND REPAIRS

6.1 The City shall be responsible, at its cost, for the effective and economical maintenance, including cleaning and caretaking services, and repair of the building occupied by the Moose Jaw Cultural Centre and its equipment (including, without limitation, fixed furnishings, any heating, ventilating, air conditioning, plumbing, electrical and elevator equipment) as may be required and approved by the Director of the City's Parks and Recreation Department, or his or her designate, provided the provision of such services is subject to funding available to the City's Parks and Recreation Department as approved by Council for the City.

7. OFFICE AND PROGRAM EQUIPMENT

7.1 The Corporation shall maintain an equipment reserve account, to be known as the Equipment Reserve Fund, with the City in an amount sufficient for the replacement of office and program equipment at the Cultural Centre. Office and program equipment purchased by the Corporation may not be disposed of without the written consent of the City. The annual equipment reserve contribution from the Corporation's operating budget shall be calculated based on no more than ten year straight-line depreciation of all equipment and of all new office and program equipment purchased by the Corporation.

8. DISPOSAL OF ASSETS

8.1 The Corporation shall not dispose of any property without first obtaining the written approval of the City.

9. FINANCIAL DISCLOSURE

9.1 The Corporation shall provide the City each year with a copy of its most recent financial statements indicating both expenditures and revenues in detail sufficient to reveal the financial state of the Corporation.

10. BORROWING POWERS

10.1 The Corporation shall provide in its articles of incorporation or by bylaw or by unanimous membership agreement that its borrowing power shall be limited to borrowing money for current operating expenses.

11. BUILDING AND CONTENTS INSURANCE

- 11.1 The City shall, throughout the term of this agreement, provide, and keep in force property insurance covering damage or destruction of property in and upon the building occupied by the Moose Jaw Cultural Centre including insurance on Cultural Centre buildings and contents with an all risk deductible of Ten Thousand (\$10,000.00) Dollars.
- The Corporation agrees to provide the City with a list of all contents by June 30 of each year.

11.3 Upon request by the Corporation, the City shall promptly furnish to the Corporation copies of insurance policies or other evidence satisfactory to the Corporation of such insurance and any renewals of it. If the City fails to insure as required in this paragraph or fails promptly, when requested, to furnish to the Corporation satisfactory evidence of the insurance, the Corporation may effect the insurance for a period not exceeding one year, and the premium paid by the Corporation shall be recoverable from the City as an addition to the amount owing to the Corporation under article 3.1 hereof.

12. LIABILITY INSURANCE

- 12.1 The Corporation shall, throughout the term of this agreement, provide and keep in force for the benefit of the Corporation and the City general liability insurance in an amount not less than Two Million (\$2,000,000.00) Dollars per occurrence in respect of damage to property and injury to or death of any persons. The Corporation shall promptly furnish to the City copies of insurance policies or other evidence satisfactory to the City of such insurance and any renewals of it. If the Corporation fails to insure as required in this paragraph or fails promptly to furnish to the City satisfactory evidence of insurance, the City may, at its sole discretion, effect the insurance for the benefit of the Corporation and the City for a period not exceeding one year, and the premium shall be recoverable from the Corporation and may be deducted from the amount owing to the Corporation under article 3.1 hereof.
- 12.2 The Corporation may obtain, at its expense, such additional insurance coverage as it deems advisable.

13. DISSOLUTION OR LIQUIDATION

- It is a condition precedent to this agreement that the Corporation shall provide in its articles of incorporation that all remaining property of the Corporation in the course of liquidation and dissolution of the Corporation is to be transferred to the City. Otherwise, this agreement shall be null and void from the outset.
- 13.2 Upon termination of this agreement, all property owned or used by the Corporation shall be transferred to the City.

14. MEMBERSHIP AND DIRECTORS

- 14.1 It is a condition precedent to this agreement that the Corporation issue to the City a membership interest to which is attached more than fifty per cent of the votes that may be cast to elect directors of the Corporation and the votes attached to the City's membership interest shall be sufficient, if exercised, to elect a majority of the directors of the Corporation. Otherwise, this agreement shall be null and void from the outset.
- 14.2 Subject to article 14.3 hereof, all directors shall be elected from within the membership of the Corporation.
- 14.3 One of the directors may, at the discretion of City Council, be a member of City Council.
- 14.4 The City's representative to cast votes for election of directors of the Corporation shall not be the City Council member who is currently a director or who is a candidate for director of the Corporation.

15. INDEMNIFICATION

15.1 The Corporation agrees that it shall at all times indemnify and hold the City safe and harmless from and against any and all actions, manner of actions, causes of actions, liabilities, claims and demands, suits, damages, losses or injuries, expenses or otherwise which may be brought against the City for personal injuries, death or property damage suffered by any person, firm or corporation arising from or in any way connected with the Corporation's management, control and operation of the Moose Jaw Cultural Centre and the building occupied by the Moose Jaw Cultural Centre and all activities carried on therein including those of persons for whom the Corporation is in law responsible unless such losses, damages and expenses are incurred or sustained as a result of the negligence or willful default of the City or those for whom the City is in law responsible.

16. NOTICE

Any notice in writing required or permitted to be given to the City or the Corporation under this agreement shall be sufficiently given in writing and shall be either delivered to

the City or the Corporation or mailed by registered mail, postage prepaid, addressed to the City at:

Director, Parks & Recreation 228 Main Street North Moose Jaw, Saskatchewan S6H 3J8;

and to the Corporation at:

Moose Jaw Cultural Centre Inc. P.O. Box 1782 Moose Jaw, Saskatchewan S6H 7K8.

16.2 Any notice, request, demand or other communication given by mail as mentioned, if posted anywhere in Canada, shall be deemed to have been received on the second business day following the posting of it. Any party may change its address by notice served as mentioned.

17. ASSIGNMENT

17.1 The Corporation shall not assign its rights under this agreement without the City's prior written consent, which consent may be unreasonably withheld.

18. ENUREMENT

18.1 This agreement shall enure to the benefit of and shall bind the parties and their respective heirs, executors, administrators, successors and permitted assigns.

19. ENTIRE AGREEMENT

19.1 This agreement contains the entire agreement between the parties and supersedes all previous negotiations, understandings and agreements, verbal or written, with respect to any matters referred to in this agreement.

20. HEADINGS

20.1 Descriptive headings are inserted solely for convenience of reference. They do not form a part of this agreement and are not to be used in interpreting this agreement.

21. JURISDICTION

21.1 This agreement shall for all purposes be construed and interpreted according to the laws of the Province of Saskatchewan and any cause of action arising under or by virtue of this agreement shall be deemed to have arisen at the City of Moose Jaw in the Province of Saskatchewan and any such cause of action shall be tried in the Judicial Centre in which the City of Moose Jaw is situated.

22. SEVERABILITY

22.1 If any covenant or provision of this agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions shall continue in full force and effect.

IN WITNESS WHEREOF the Corporation has executed this agreement as attested to by the signatures(s) of its proper signing officer(s) this 4 day of 5003.

MOOSE JAW CULTURAL CENTRE INC.

IN WITNESS WHEREOF the City has executed this agreement as attested to by the signatures of its proper signing officers on the day and year first written above.

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

Soly himmer

CHY CLERK

September 10, 2019

RECEIVED SEP 1 0 2019

The City of Moose Jaw c/o Parks & Recreation 228 Main Street North Moose Jaw, Saskatchewan, S6H 3J8

Dear Sirs:

Re: Request for 2020 Funding

As per the Agreement between the City of Moose Jaw and Moose Jaw Art Museum Incorporated, we hereby request annual funding for 2020 in the amount of \$ 137,496, a 2% increase. The 2% increase is much needed as wages and materials continue to rise but funds from funding agencies such as the Saskatchewan Arts Board and Canada Council are consistent but have been at a standstill with regard to any increases for the last few years.

Enclosed is a copy of the 2018 audited financial statements of Moose Jaw Art Museum Incorporated and a budget with planned revenues and expenses for 2020, which was presented and approved at the September 6, 2019, meeting of the Financial Committee of the Board of Directors.

As noted above, the Moose Jaw Museum & Art Gallery has seen approval of consistent funding through federal and provincial grants. Although this grant funding supports some of our operation costs, much of it has to be spent on the specific projects as outlined in the grants. Therefore, the struggle continues in budgeting salary and benefit increases for core staff.

The Board of the MJM&AG appreciates the City's continued support for the care of the City of Moose Jaw's collections and for the salaries and benefits of essential core staff. Without it, the Museum's ability to continue to apply for, and carry out the work supported by, project funding will be jeopardized. Matching funding Is also a criteria of many of these grants. It is important to the funding agencies that the professional level of work that is being accomplished at the Moose Jaw Museum & Art Gallery has continued support from the City of Moose Jaw. Accomplished projects and the funding awarded the Moose Jaw Museum & Art Gallery increase not only our profile, but the profile and reputation of the City of Moose Jaw. In addition, this funding also brings valuable provincial and federal dollars to our community. The City's continued support of operating expenses is not only appreciated but an essential part of our success.

If you have any questions, or need more information, please contact me. At the request of City Council, representatives of the Moose Jaw Museum & Art Gallery will be available to answer any questions with respect to the enclosed information and funding request.

Sincerely,

Ross Melanson, Operations Manager (on behalf of Jennifer McRorie, Curator Director) Enclosures: 2

MOOSE JAW MUSEUM & ART GALLERY NOTES TO 2020 BUDGET

1. MAP (Museums Assistance Program) - Projects - Exhibitions

MAP Grant Revenues include multi-year project funds.

A project grant written to produce the travelling Embodied Ecologies exhibit was approved for June 2019 to March 2021.

2. Canada Council - Art Museums & Public Galleries

Approved Funding for 2019 is \$65,000.

New Grant Written in 2019 for 2020.

3. Community Memories Grant

To be written for 2020,

4, SAB - Global and Galley Grant

Provincial funding cuts to SAB was felt by all organizations applying to them for grants in 2018/19. Although the grant jury recommended us for an increase based on our strong application, there were no funds available to do so. Therefore, the funding amount of \$102,120 from the previous year was sustained for 2019 and 2020. There will also be an application for a \$2,000 SAB mini Grant in 2020.

5. SaskCulture - MGP (Museum Grant Program)

A multi year grant funding for 2020 of \$30,000 will be written this fall.

6. GEL Collection

A request for additional funds for GEL Collection will be made in 2019

7. SaskCulture Projects/Other Grants

Funding through SKCulture CIF Grant to be written for Educational Programs and other project grants.

8. Other Grants and Foundations

Funding through Moffat Family Fund Foundation, other Foundations and City of MJ Community Grant to be written for Educational Programs.

9. Travelling Exhibition Revenue

These fees vary depending on the number of exhibitions that are travelling in a given year.

10. Acqusition Fund Interest

Estimated amount as Reserve is held by the City of Moose Jaw.

11. Peggy Fundraisers

Fundraisers will be established by the Board of Directors to raise funds for the 2020 installation payment for the Joe Faffard Sculpture, Peggy.

12. Donation to the Collection

These works are appraised, donated to the Collection and provided Tax Receipts.

13. Salaries

New contract will be negotiated at the end of 2019.

14. Exhibition Expense/Education & Programs Expense

These expenses fluxuate yearly due to grant funding projects. (See note 1)

- 15. Peggy Expense See note 11
- 16. Deficit

Funds will be used from the Project Cost Share reserve to cover the 2018 deficit.

S.N.ROY & ASSOCIATES

AUDITORS' REPORT

To the Members of Moose Jaw Art Museum Incorporated

We have audited the statement of financial position of Moose Jaw Art Museum Incorporated as at December 31, 2018 and the statements of revenues and expenditures, changes in fund balances and cash flow for the year then ended. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

Revenues, by their nature, are not susceptible to verification by audit procedures. Accordingly, our examination was confined to a comparison of recorded deposits with bank statements.

In our opinion, except for the effects of the nature of revenues, as described in the preceding paragraph, these financial statements present fairly, in all material respects the financial position of the company as at December 31, 2018 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Notes to Financial Statements

Year Ended December 31, 2018

1. DESCRIPTION OF OPERATIONS

Moose Jaw Art Museum Incorporated was incorporated in 1995 for the purpose of managing and operating the Moose Jaw Art Museum. Ownership of all capital assets remains with the City of Moose Jaw.

COMPARATIVE FIGURES

Some of the comparative figures have been reclassified to conform to the current year's presentation.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash includes cash and cash equivalents. Cash equivalents are short term investments and are valued at cost. The carrying amounts approximate fair value because they have maturities at the date of purchase of less than ninety days.

Contributed services

The operations of the organization depend on both the contribution of time by volunteers and donated materials from various sources. The fair value of donated materials and services cannot be reasonably determined and are therefore not reflected in these financial statements.

Goods and Services Tax

Contributed materials and services are recoverable at 50% as a rebate. The unrecoverable portion is recorded as an expense with the rebate treated as a receivable.

Net assets

1. Unrestricted net assets comprise the excess of revenue over expenses accumulated by the organization each year, net of transfers, and are available for general purposes.

Revenue recognition

Moose Jaw Art Museum Incorporated follows the deferral method of accounting for contributions.

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted investment income is recognized as revenue in the year in which the related expenses are incurred. Unrestricted investment income is recognized as revenue when earned.

Inventory

Inventory is valued at the lower of cost and net realizable value with the cost being determined on a first-in, first-out basis.

(continues)

Notes to Financial Statements

Year Ended December 31, 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment in capital assets

Amortization is not recorded in accounts as all capital assests are the property of the City of Moose Jaw. As part of the corporation's operating agreement with the City of Moose Jaw, an annual contribution from the corporation's operating budget to the City's equipment reserve fund is required. This reserve is for the replacement of office and program equipment. The contribution is calculated by the City based on their established policies. In 2018, the amount contributed was \$7,750 and is recorded as an operating expense in the financial statements.

4. FINANCIAL INSTRUMENTS

The company is exposed to various risks through its financial instruments and has a comprehensive risk management framework to monitor, evaluate and manage these risks. The following analysis provides information about the company's risk exposure and concentration as of December 31, 2018.

(a) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The company is exposed to this risk mainly in respect of its receipt of funds from its funders and other related sources and accounts payable.

Unless otherwise noted, it is management's opinion that the company is not exposed to significant other price risks arising from these financial instruments.

5. PROJECT COST SHARE

The funding arrangements for several projects undertaken by Moose Jaw Art Museum Incorporated includes a cost sharing component. The Board of Directors has established a project cost share reserve in order to ensure that sufficient funds are available for the organization's commitments, to be expended as projects are completed.

6. FAFARD ACQUISITION

The organization has committed to the purchase of a bronze sculpture "Peggy" by Joe Fafard. The organization is currently in possession of the artwork. The total cost of the acquisition is \$100,000 plus applicable taxes. The sculpture is currently valued at \$150,000.

Moose Jaw Art Museum Incorporated will be embarking on a fundraising campaign in order to finance acquisition of the artwork. It is expected that the campaign will take several years to complete.

Because ownership of The Art and Heritage Collection is vested with the City of Moose Jaw and the success of the campaign is uncertain, the liability for the remaining acquisition costs have not been recorded on these financial statements.

Notes to Financial Statements

Year Ended December 31, 2018

7. ACQUISITION FUND

The Acquisition Fund Reserve is held by the City of Moose Jaw. The Moose Jaw Art Museum Incorporated is allowed to spend 80% of the interest earned in the fund on acquisitions. The current balance of the Acquisition Fund is \$94,949 as at December 31, 2018. Of this amount, \$2,509 is available for use by Moose Jaw Art Museum Incorporated.

8. MEMORIAL EDUCATION FUND

A motion of the Board of Moose Jaw Art Museum Incorporated established the Memorial Education Fund. Interest earned on the fund is used for educational projects and programming of the Moose Jaw Art Museum Incorporated.

	2018
Fund Contributions Estate of Wesley Clare Dennis Estate of Eva Dennis	\$ 19,448 16,034
	\$ 35,482
Fund Balances - at cost VanCity Credit Union GIC maturing June 27, 2019 @ 2.30%	\$ 35,400

As at December 31, 2018 the market value of the fund is \$35,817.

The Board of Directors has approved the transfer of \$25,000 from the Memorial Education Fund to the Operating Fund in order to finance the initial instalment of the purchase of the artwork "Peggy" by Joe Fafard. The initial transfer of the funding is to be repaid to the Memorial Education Fund via the fundraising campaign.

Schedule of Fund Transactions

Fund Balance - Beginning of the Year Contribution to General Fund		\$ 35,950 (550)
	•	\$ 35,400

Amounts transferred from the Memorial Education Fund and the amounts repaid are detailed below:

Schedule of Fund Repayment

Funds transferred \$ 25,000

SASKATCHEWAN ARTS BOARD

The amount reported in these financial statements as grant revenue from the Saskatchewan Arts Board is made up of a combination of Lottery and non-Lottery funding. This is made possible through the Partnership Agreement between the Saskatchewan Arts Board and SaskCulture Inc., which is the Trustee for the Culture Section of Saskatchewan Lotteries Trust Fund for Sport, Culture and Recreation. Under the terms of this agreement for the applicable period, SaskCulture allocated a specified amount of Lottery funds to the Saskatchewan Arts Board as a portion of the total envelope of funds available for the program(s) through which this grant was adjudicated and approved.

Notes to Financial Statements

Year Ended December 31, 2018

10. ART MUSEUM SHOP OPERATIONS

Income and expenses from the Art Museum Shop operations are shown on a separate schedule and are recorded separately on the Statement of Revenues and Expenditures.

11. ART MUSEUM COLLECTION

The Art and Heritage Collection has not been capitalized on the Statement of Financial Position due to the fact that ownership of these assets remains with the City of Moose Jaw. Collections purchases are recorded at cost on the Schedule of Expenses in the period in which the items are acquired. Donated items for which official tax receipts are issued are recorded as revenue and expense on the Statement of Revenues and Expenditures at the stated appraised value. Appraised values in excess of \$1,000 are established by independent professional sources.

City of Moose Jaw Attn: Derek Blais, Director of Parks and Recreation 228 Main Street North Moose Jaw, SK S6H 3J8

> RECEIVED AUG 2 2 2019

Dear Mr. Derek Blais,

We are pleased to provide you the information required for the 2020 Third Party Funding. We understand that the funding level for 2020 will be submitting a 2% increase to the funding in the 2020 Operating Budget subject to City Council's approval and wish to thank you for that. Below is the information you requested.

SK Burrowing Owl Interpretive Centre
Attn: George Fowler, General Manager
c/o Moose Jaw Exhibition Company
250 Thatcher Drive East
Moose Jaw, SK S6J 1L7
Phone: 306-692-2723

The purpose of the Burrowing Owl Centre is to educate people about the situation of the owl and the fact it is an endangered species. We focus on why it is an endangered species and the pressure that man and development have put on it. We do this in two manners, one is the Centre. It is open to the public from May to September each year and is very popular with tourists coming to the City. Our second outreach program runs all year but with a major focus from September to April. We take an owl out to many of the schools in the City and also many seniors homes and spend an hour with groups of many sizes. We also take the owls out of town and teach people about them in other centres. Another part of our work with the owls is breeding, both for having birds to imprint for educational purposes, and also to release.

The centre runs with one full time co-ordinator and two summer students. The Moose Jaw Exhibition Company provides the maintenance workers and office support to keep the centre operating. Many of the Exhibition Company board members volunteer to help keep the centre open, providing fund raising support and some committee over sight.

Attached is a copy of the 2019 income & expenses to date, as well as an estimate for 2020 income and expenses. The Moose Jaw Exhibition Company covers all insurance, power, gas, accounting, and management support costs for the centre as well as upkeep on the buildings.

The funding we receive from the city is used to help keep the centre open from May to September so that tourists visiting the city can come see the owls and learn about the endangered species first hand.

We wish to thank the city for providing this Third Party Funding to the owl centre. Without support like this, the centre would not be able to stay open.

LETTER OF COMMUNICATION

TITLE: Moose Jaw Municipal Airport Authority Budgetary Request

TO: City Of Moose Jaw City Council

FROM: Moose Jaw Municipal Airport Authority

DATE: November 04, 2019

Whereas the City of Moose Jaw has approved the formation of an Airport Authority. Per Bylaw No. 5561 (Moose Jaw Municipal Airport Authority Bylaw) 7.1.b.i & ii that the City should forward all monies as listed, to include all monies paid for leases of the expropriated land (farmland and hangar leases) as they are paid to the city. Furthermore the City will forward the approved \$30,000 funds pledge to match the RM of Moose Jaw's payment, on January 15, 2020.

Funds as noted in the MJMAA budget:

- Hangar Leases (was \$29,748 in 2018)
- Farmland Lease (was \$86,130 in 2018; payable January 15th)
- Matching funds to RM funding pledge (\$30,000)
- Total Funds in approximation \$145,878 (to be adjusted based on any material changes to existing or additional leases in 2019.)

Following the approval of an updated budget (attached), in accordance with City Bylaw No. 5561 and the MJMAA Strategic plan (White Paper of June 2018), the MJMAA will initiate management and operations as soon as insurance has been secured and the approved operating agreement has been signed.

Respectfully submitted on behalf of the MJMAA by:

X	
Greg Simpson	
Chairman, MJMAA	
X	

Jarrett Johnson

Vice Chairman, MJMAA

Moose Jaw Municipal Airport White Paper AS PREPARED FOR THE CITY OF MOOSE JAW EXECUTIVE COUNCIL

JUNE 2017

BY: MS. MARYSE CARMICHAEL MR. GREG SIMPSON MR JARRETT JOHNSON

A. Acronym List

- 1. MJMA Moose Jaw Municipal Airport
- 2. MJMAA Moose Jaw Municipal Airport Authority

B. Purpose

The purpose of this paper is to assist the City of Moose Jaw Executive Council to understand the historical and current state of the Moose Jaw Municipal Airport (herein referred to as MJMA) and the proposed benefits and economic impact of the formation of the MJMA Authority (herein referred to as MJMAA). The final goal is to obtain City of Moose Jaw council approval for the creation of the MJMAA and its incorporation into a non-profit corporation under *The Non-Profit Corporations Act:* 1995 (Saskatchewan).

C. Overview

Over the past 20 years in Canada, and internationally, profound changes have been seen in how airports are owned, governed, and managed. The MJMA was developed in the late 1970's on 640 acres purchased for the sole purpose of building and developing an airport. This airport currently provides limited aviation fuel services, storage, maintenance, flight training as well as agricultural and recreational flights. Additionally, MJMA also supports itinerant charter, tourism, business and medevac flights.

The MJMA was originally built with the intent of meeting aviation requirements of the day. While there has been incidental maintenance, the main structures of the airport have not been upgraded since this time and do not currently meet the present day increasing operational ground and air traffic as well as aviation requirements. MJMA has one runway with a length of 2954' X 75' which limits the type and size of aircraft that can safely operate within the confines of the current amenities.

The airport is home to two businesses: Provincial Airways, who provide aerial application on 175,000 acres of land annually, and Skydive South Saskatchewan. Operations at the MJMA employ seven full time and eight seasonal employees and is home to approximately 30 privately owned aircraft. There are 12 hangars located at the airport, 11 of which have been built in the past eight years. At present all the allocated space for hangars has been fully developed therefore capping expansion within the current infrastructure.

According to an informal survey completed in the fall of 2015, survey results showed that within the last three years greater than 80% of all aircraft events occurring at the airport are business related. The businesses surveyed are all located within the City of Moose Jaw employing more than 300 people locally, and 50 people regionally. While Moose Jaw is the 4th largest city in Saskatchewan, the current airport is nearly half the size of the airport of the next largest city and is the smallest of the nine Saskatchewan city airports.

D. Mission

MJMAA shall operate, maintain and preserve a safe, high quality aviation facility that will serve the City of Moose Jaw as well as southern Saskatchewan surrounding area, along with its partners by:

- 1. Fostering high standards in safety and security.
- 2. Maintaining operations that meet environmental and energy standards.
- 3. Meeting and exceeding customer needs by striving to meeting customer expectations through maintaining and providing a customer-focused and efficient operations.
- 4. Evaluating and responding to community needs and requirements for commercial air service.
- 5. Support, when possible, RCAF and RCAF industry partners located at 15 Wing Moose Jaw.
- 6. Provide gateway for business, commercial, as well as aviation development and expansion.
- 7. Accountable for prudent financial management and sustainable processes, to stakeholders and taxpayers.

E. Vision

MJMA to be the prime general aviation airport in southern Saskatchewan to serve the socioeconomic needs of the City of Moose Jaw, the Industrial Corridor and the surrounding rural and agricultural communities.

F. Business Plan

The MJMAA has potential to be an economic driver with its proximity to 15 Wing Moose Jaw, the US border, as well as the chance to offer an alternative to the busy Regina International Airport for the business and general aviation community. The MJMA provides for millions in revenues and provides highly skilled jobs. The airport should be viewed as a key asset vs a burden to budget for the City of Moose Jaw. The following are initiatives of the future MJMAA, in partnership with all levels of government, including local RMs and the City of Moose Jaw:

- 1. Ensure the continuation of safe and efficient operations of the current MJMA facilities.
- 2. Extend the existing runway to allow for multi-engine aircraft, corporate/business aircraft, aerospace industry and RCAF assets to safely operate at the MJMA. This will include additional taxiways and lighting, ramp surfaces, updated instrument approaches, and deicing capabilities,
- 3. Airport Development maintain and improve existing business relationships and support their continued development; to respond effectively to development opportunities for hangar space and aviation related business; foster aviation related growth and development in future private and public partnerships.
- 4. Encourage chartered flight opportunities, to include flights to support northern Saskatchewan mining and exploration.
- 5. Built a grass crosswind runway.

G. Business Strategies

Estimate for the 2014 Economic Impact of the Moose Jaw Municipal Airport

Direct Impact			
<u>FTEs</u>	Labour <u>Income</u>	Other <u>Expenditures</u>	Economic <u>Output</u>
15	\$850,000	\$1,250,000	\$2,100,000
Total Impact	Labour Income	Other Expenditures	Economic Output
32	\$1,615,000	\$2,625,000	\$4,240,000

The MJMA Task Team Report, December 2014, provided in Annex A, recommended the formation of an Airport Authority for the local MJMA. The creation of the authority would provide for stakeholders, business development, aviation professionals, and 15 Wing to serve the community by expanding jobs for highly trained and highly skilled people as well as providing a sharp focus on airport operations and business.

H. S.W.O.T. Analysis

STRENGTHS

- Aviation Business Community
- Supports business and commercial development
- RM of MJ support
- Close to Highway #1 and #301
- Large land base for development
- No noise or environmental issues
- Enhances the economy (tourism, visitors, industry)

<u>WEAKNESSES</u>

- · Lack of runway length
- Poor runway maintenance
- No lighting on the apron
- No signage
- No road to the current hangars
- No terminal or washroom facilities
- No space for new hanger inquiries
- No business strategy or vision

- Lack of funding from provincial and/or federal sources
- Lack of hangar space
- Lack of apron space
- Poor transportation from airport to city

OPPORTUNITIES

- Extending runway and taxiways allows for larger aircraft to access MJ
- Expanded training from 15 Wing
- New hangar development
- Encourages youth to consider aviation related careers (highly trained and high paying)
- Enhanced relationship with tourism (Tourism Moose Jaw, Temple Garden Spa, Casino, Grant Hall, etc.)
- Private Pilot training easier than in Regina Airport Airspace
- Customs Services to facilitate US travelers and 15 Wing cross country on weekends
- Increase fuel sales, tie down, hangar storage and hangar tax.

THREATS

- Businesses and aerospace will overlook Moose Jaw due to inadequate runway length, hangar space, fuels services, at the MJMA.
- Current business in Moose Jaw relocate to Regina
- Misconceptions with regards to the MJMA; restricted use of 15 Wing as an airport, not aware that 85% of the landing and takeoffs are business related.

I. 2016 Financial Plan

Economic Outlook – The proposed business plan will consist of a two-step plan:

- 1. Step 1: Steady State of existing operations
 - a. Maintain current operations and budget:
 - b. Current revenues derived from airport property. Revenues from hangar leases to fund operations:
 - c. Secured Funding RM Secured Funding, and:
 - d. Asset Ownership of the current section of land transferred to the MJAA (~640 acres). This will allow the MJAA to have a revenue stream from ag land, hangars and the land asset has potential to be leveraged for funding of airport expansion.

The initial operations of the MJMAA will ensure seamless operations continue with regards to the steady state of existing operations at the MJMA by maintaining the current operations and budgets. The proposed plan is for current revenues derived from the hangar and land leases should be transferred from the City of Moose Jaw accounts to the MJMAA to fund daily operations and maintenance. To facilitate cash, the current land base should be transferred by the City of Moose Jaw to the MJMAA, the revenues from ag land, hangars and the asset have the potential to be leveraged for funding of MJMA expansion.

In addition, a request should be made to the RM of MJ 161 to secure RM funding in order to establish growth at the MJMA.

Included at Annex A is the proposed budget to maintain existing operations of the MJMA over the next ten years. Revenues are generated from hangar leases, fuel surtax, and commercial user fees. Proposed City and RM funding is included in the yearly revenues. Expenses will include diverse administrative fees and should include in the future payment for airport management fees.

- 2. Step 2: Expansion Taxiway and Runway, potential sources of future funding
 - a. Federal and Provincial funding (i.e. New Building Canada Fund; National Infrastructure Component, Community Airport Partnership Funding):
 - b. City of Moose Jaw capital investment and/or zero interest loan:
 - c. Secured loan from stakeholders:
 - d. Commercial/private funding, and:
 - e. Share ownership.

Funding for future airport expansion is proposed to derived from various sources; independent stakeholders, provincial as well as federal programs/entities. It is expected that the MJMAA will work collaboratively to secure adequate funding to maintain and develop the MJMA.

J. Airport Authority Composition

The MJMAA will develop its constitution and bylaws once approved by the City of Moose Jaw. The MJMAA Board of Directors should be composed of members who are and would be advocates for the future, growth and development of the MJMA with proper skill sets and experience. It is proposed that the board consist of nine members with the following as established by:

- 1. The Mayor of the City of Moose Jaw or its representative:
- 2. Representative of the RM:
- 3. 15 Wing Commander or its representative:
- 4. MJAA stakeholder representative:
- 5. Representative of commercial operations from the MJMA, and:
- 6. Four additional merit-based members

K. Decision Making Limits and reporting to City Council

L. Recommendations

It is proposed that the City of Moose Jaw move to adopt the creation of the MJMAA in order to promote the service to region as well as growth and prosperity.

The Airport Authority Governance Model: Implications for the Moose Jaw Municipal Airport

THE AIRPORT AUTHORITY GOVERNANCE MODEL: IMPLICATIONS FOR THE MOOSE JAW MUNICIPAL AIRPORT

prepared for

THE CITY OF MOOSE JAW

RP ERICKSON & ASSOCIATES
AVIATION CONSULTANTS
CALGARY, ALBERTA, CANADA

(OCTOBER 2014)

The Airport Authority Governance Model

Background

Over the past 20 years governments around the world have made profound changes in how their airports are owned and managed. Air transport is a growth industry which poses a challenge to the owner/operators of airports: as a cyclical growth industry, there is an on-going necessity for investment. Within the Canadian federal and most provincial governments, airports have generally been viewed as a mature industry, largely serving an affluent customer base; as such, airport investments have tended to be a low priority for funding.

In 1994 the federal government announced the National Airports Policy (NAP) under which virtually all of the regional airports that it owned were 'commercialized'. Provincial governments also swiftly followed suit; and by early 2000, most local airports in Canada, with the exception of the 26 largest (operated under long-term leases as Canadian Airport Authorities), were owned and operated by local governments.

Several differing governance models have been utilized for transferring airports from federal or provincial government operation. A common goal of the differing 'privatization' strategies has been the primary objective of obtaining access to private sector financial markets for the investment funds required for capital renewal or expansion. It is noted that the models differ in several important respects, including: ownership; for-profit vs not-for-profit; regulatory oversight; subsidization; and, taxation.

Amongst the airport governance models in current practice (worldwide) are:

- Operation by a federal government department;
- Operation by a government corporation;
- Operation by municipal or quasi-municipal governments;
- Joint operation by government/private corporations;
- Operations by a private corporation/syndicate; and,
- Operations under an Airport Authority.

In considering alternative governance structures, two key dimensions need be considered: 1) the means by which an airport is expected to meet its financial requirements; and 2) the degree of independence that an airport may have in setting its priorities and pricing strategies.

Of particular interest to this initiative is the Airport Authority model; however, caution should be noted with the 'ambiguous' nature of the airport authority term. By example, for Canada's NAP airports the term can be viewed as a private sector corporate alternative to the government corporation. Within the US, the term is used to reflect a quasi-governmental operation model, in many cases where elected board members have taxation, zoning and other quasi-governmental powers.

As noted, the 26 largest airports in Canada who control some 90% of the country's annual passenger and cargo throughput totals, are operated as Canadian Airport Authorities — essentially private sector corporations which operate an airport. Even though the Moose Jaw Municipal airport could not be operated as a Canadian Airport Authority (ie. no federal government ownership, amongst other major limiting factors), there nonetheless are a number of useful governance insights to be gained by an overview of the key attributes of the CAA model — many of which can be incorporated into a working airport authority model for the Moose Jaw Municipal airport. Another point is worth noting: the CAA model is unique to Canada, virtually all other airport privatizations worldwide have been to for-profit corporations.

Some of the major CAA governance characteristics are:

 CAAs are non-share capital corporations (operated not-for-profit) incorporated under Part II of the Canada Corporations Act (as is the case for the Regina and Saskatoon Airport Authorities) pursuant to provincial legislation (ie. the Province of Alberta, Regional Airports Authority Act – attached as Appendix 1);

Part II of the Canada Corporations Act can be viewed at:

http://www.ic.gc.ca/eic/site/cd-dgc.nsf/eng/h cs04952.html

- CAAs keep airports in the public domain where Board members are locallybased and tend to be strongly community-minded;
- CAAs have an independent Board selection process, where appointed members serve specific terms and have a fiduciary responsibility to the airport authority corporation. Changes in a government will not result in a change in the majority composition of a CAA Board;
- CAAs are non-share capital corporations and very noteworthy: are exempt from income tax;
- · CAAs do not pay dividends;
- CAAs pay municipal taxes;
- All 'surpluses' (ie. profits) must be re-invested in the business;
- Main sources of CAA funds are cash flow from operations; airport/facility improvement fees (AIFs), and debt instruments. There is no funding mechanism nor contributions from federal or provincial governments;
- CAAs have no ability to raise equity via share sales. As a consequence, the
 Airport Improvement Fee (AIF) is a consequence of the not-for-profit format.
 Given the near monopoly circumstance which airports provide and the lack of
 regulatory oversight on pricing, the AIF 'tool' allows CAAs to generally benefit
 from high credit ratings;
- Strict governance and transparency rules are set out under the Articles of Incorporation and Corporate By-laws (i.e. CAAs must publish an annual report, make their financial statements available for public scrutiny and hold at least one annual public meeting, generally after year-end financial results have been completed);
- CAAs aim to manage by consensus, largely through Community Advisory Committees; Airport Operations Committees; and/or Airline Advisory Committees. Where all major decisions are reviewed by stakeholders;
- CAAs have the unfettered ability to set rates and charges prices are not subject
 to any review, approval or appeal process other than an obligation to publish
 price changes (usually 60 days in advance), generally with prior consultation with
 key stakeholders;

- CAAs have some restrictions on the ability of authorities to create subsidiaries and to undertake ancillary activities;
- CAAs are free to determine service levels within the safety regulatory framework;
- Independent performance reviews are often carried out on a 5-year term basis;
- Obviously, CAAs must comply with all applicable laws and regulations; and,
- there is currently no regulatory oversight mechanism in place in Canada (eg. no formal appeals process is in place to arbitrate disputes arising between CAAs and their tenants).

Drawbacks of CAAs:

- Privatization is not a solution for all airports risks include public discomfort; risk
 of over-regulation; lack of investment/competition issues; and,
- Airports are often viewed as 'trophy assets' by government which can impact voting decisions in local elections.

Guidelines for the future Governance of the Moose Jaw Municipal Airport

- That the Airport Authority model be adopted by the City of Moose Jaw for the future governance, management and operation of the Moose Jaw Municipal Airport;
- That the Moose Jaw Airport Authority (MJAA) be created as a non-share capital corporation, operated not-for-profit, and incorporated under Part II of the Canada Corporations Act, pursuant to provincial legislation;
- That the MJAA report to a Board of Directors; that the number of Directors of the MJAA be set at 7, with 4 appointed by the City of Moose Jaw, 1 appointed by the RM of Moose Jaw, 1 appointed by the Province of Saskatchewan, with 1 Director-at-Large recommended by DND 15 Wing and endorsed by a majority of Board members. Prospective Board members must have experience in one of the following key areas: aviation, finance, legal, and/or human resources matters. Board members should be unpaid;

- That the MJAA adopt strict governance and transparency rules as set out in its
 Articles of Incorporation and Corporate By-Laws, to include at a minimum: the
 MJAA must publish an annual report; make MJAA financial statements available
 for public scrutiny; create a public tender process for MJAA contract work; and
 hold at least one annual MJAA public meeting;
- In terms of land ownership and revenues derived from airport lands the City of Moose Jaw should choose between the following two alternatives. Option 1: The Moose Jaw Municipal Airport and its land base should be transferred to the MJAA; where the City of Moose Jaw retains a veto in perpetuity over the sale or partial sale of airport lands. Option 2: The City of Moose Jaw retains ownership of the Municipal Airport and the airport base; however, the MJAA becomes the sole recipient of all airport revenues;
- That the primary goal of the MJAA is to operate the Moose Jaw Municipal Airport
 in accordance with all applicable safety regulations; in parallel, the MJAA will
 utilize and build airport assets to further the economic and social development of
 residents within the airport's catchment area;
- That all municipal taxes be returned to the MJAA;
- That the MJAA pay no dividends; that all 'surpluses' be re-invested in the business of operating the Moose Jaw Municipal Airport;
- That the MJAA have zoning authority over airport lands;
- That the MJAA have the unfettered ability to set rates and charges for the airport;
- That the MJAA manage and operate the airport with qualified, paid professional staff; where,

 An initial priority for the MJAA will be to undertake a Master Plan which clearly articulates the intended priorities and future directions for the airport, accompanied by a Business Plan which lays out a pragmatic strategy to accomplish those goals.

Saskatchewan Cities: Population Base to Current Runway Length

City	Population	Runway Length
Moose Jaw	30,000	2954'
Weyburn	11,000	3998'
Estevan	10,000	5000'
Swift Current	16,000	4250'
North Battleford	20,000	5000'
Prince Albert	35,000	5001'
Yorkton	16,000	4800'

(References: Wikipedia & Canada Flight Supplement)

Estimate for the 2014 Economic Impact of the Moose Jaw Municipal Airport

Direct	Impact
--------	--------

,	FTEs	Labour <u>Income</u>	Other Expenditures	Economic <u>Output</u>
	15	\$850,000	\$1,250,000	\$2,100,000
Total Impa	act FTEs	Labour Income	Other Expenditures	Economic Output
	32	\$1,615,000	\$2,625,000	\$4,240,000

Notes:

12 | MJMA White Paper January 2017 Direct economic effects are those economic activities related to labour and expenditures emanating from firms located on-airport.

Total impact is the direct, indirect and induced economic effects derived from activities which support both on-airport activities and others generally located off-airport which support on-airport businesses (e.g. the oil and gas industry which produces aviation fuel). This economic activity is accounted for by multipliers which quantify the interactive linkages within the local economy impacted by direct on-airport economic activity.

Employment is measured in terms of full-time equivalents (FTEs). FTEs are expressed in person-years and labour income by dollar value.

Labour income includes wages, salaries and all employee benefits.

Other Expenditures is the contribution created through airport expenditures.

Economic Output is an aggregate of labour income and other expenditure totals, and can be considered as a contribution to largely Moose Jaw's gross domestic product.

Economic Potential to the City of Moose Jaw of attracting new residents

The rationale for undertaking this benefits review is based on the premise that increased DND training undertaken at CJS4 would attract new residents to the City, with the promise that their home and personal spending patterns would create an economic boost within the local community.

Assumptions:

Alberta Finance - Retail Trade Multipliers used, as no SK-specific model is available; modelling includes direct, indirect and induced impact benefits.

2014 Statistics Canada Family spending patterns for Saskatchewan - \$69,400 (2009), adjusted for inflation to 2014 - \$78,900 p.a. Thus 10 families would create roughly \$790,000 of new annual spending within the community.

The economic impact derived from 10 households of typical spending would create the following annual economic benefits for Moose Jaw:

Impact from family spending

<u>FTEs</u>	Labour	Other GDP	Economic
	<u>Income</u>	Expenditures	<u>Output</u>
13	\$500,000	\$670,000	\$1,170,000

By increasing the above benefit analysis by multiples of 10, the following community benefits for 20, 30 or 50 new families is provided:

	<u>FTEs</u>	Labour <u>Income</u>	Other GDP Expenditures	Economic <u>Output</u>
20 families	26	\$1.0 million	\$1.34 million	\$2.34 million
30 families	39	\$1.5 million	\$2.01 million	\$3.51 million
50 families	65	\$2.5 million	\$3.35 million	\$5.85 million

(FTEs are in person-years)

THIS AGREEMENT MADE THIS _______ DAY OF _______, A.D. 2017.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW (hereinafter referred to as the "City")

AND:

THE MOOSE JAW HUMANE SOCIETY INCORPORATED (hereinafter referred to as the "Humane Society")

ANIMAL SERVICES AGREEMENT

WHEREAS the City has enacted certain bylaws for the control of domestic animals within the City of Moose Jaw, including the <u>Cat Control Bylaw</u>, the <u>Dog Bylaw</u>, and the <u>Dangerous Dog Bylaw</u>;

AND WHEREAS the said Bylaws provided for, among other things, the licensing of dogs, the impounding of stray cats and dogs, the euthanasia of unclaimed cats and dogs, and various other regulations related to the keeping and possessing of domestic animals, including the imposition of penalties for contravention of said regulations;

AND WHEREAS the Humane Society is a non-profit charitable corporation with the objective of providing for the humane treatment of animals;

AND WHEREAS the Humane Society is in the business of providing animal control, animal impound, and administrative and educational services;

NOW THEREFORE THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. INTERPRETATION

- 1.1 In this Agreement:
 - (a) The term "Agreement" shall include the recitals and schedules to this agreement.
 - (b) the term "Bylaw Enforcement Officer" means the person appointed as the

- Bylaw Enforcement Officer for the City and includes any duly authorized representative or designate of such person;
- (c) the word "City" means the Municipal Corporation of the City of Moose Jaw or, where the context requires, the geographical area within the city limits of the City of Moose Jaw;
- (d) the term "License Inspector" means the person appointed as the License Inspector for the City and includes any duly authorized representative or designate of such person;
- (e) the term "<u>Cat Control Bylaw</u>" means Bylaw No. 4785, a Bylaw of the City of Moose Jaw to Regulate and Control the Ownership and Possession of Cats within the City of Moose Jaw and includes any amendments thereto;
- (f) the term "<u>Dangerous Dog Bylaw</u>" means Bylaw No. 5248, a Bylaw of the City of Moose Jaw to Regulate the Keeping of Dangerous Dogs in the City of Moose Jaw and includes any amendments thereto;
- (g) the term "<u>Dog Bylaw</u>" means Bylaw No. 4495, a Bylaw of the City of Moose Jaw for Licensing and Regulating and Controlling Persons Owning or Harbouring Dogs and includes any amendments thereto;
- (h) the word "owner" includes:

. .

- (i) a person who keeps, possesses or harbors a dog within the meaning of the Dog Bylaw or the Dangerous Dog Bylaw, as the case may be;
- (ii) a person who keeps, possesses or harbors a cat within the meaning of the Cat Control Bylaw;
- (iii) the person responsible for the custody of a minor, where the minor is the owner of a dog or a cat to which the <u>Cat Control Bylaw</u>, the <u>Dog Bylaw</u> or the <u>Dangerous Dog Bylaw</u> applies;
- (i) the word "stray" is an animal found roaming at large, off the premises of its owner, and which may or may not have a license or identifiable ownership markings;
- (j) a "surrender" is an animal brought to the pound or whose ownership and care is surrendered to pound staff by its owner.

2. TERM OF AGREEMENT

- 2.1 The term of this Agreement shall be for a twenty (20) year period commencing January 1, 2017 and continuing until December 31, 2036.
- 2.2 At the end of each five years, with the first review to take place on or after January 1,

- 2022, the parties agree to review the terms of this agreement with a view to determining whether mutually acceptable revisions are warranted given changed circumstances or needs of either or both party.
- 2.3 Unless the parties agree in writing to extend this Agreement, this Agreement shall terminate on December 31, 2036 and be of no further force and effect.
- 2.4 This Agreement may be terminated by either party upon giving the other one (1) year written notice, which termination shall be effective on the expiry of that notice period or such other time as is set out in the notice, whichever is greater.
- 2.5 In the event the parties commence but have not completed negotiations towards a new Agreement, the parties may agree in writing to extend the within agreement for an additional one hundred and eighty (180 days) on the same terms and conditions.
- 2.6 The City may terminate the Agreement for cause where the Humane Society is in breach of its obligations. In that event the City shall give the Humane Society written notice specifying the breach and providing the Humane Society with ten (10) days to remedy the breach, or if such breach cannot be remedied within ten (10) days to provide the City with a reasonable plan for an expeditious remedying of such breach. If the breach is of a nature which cannot be remedied within ten (10) days and if the Humane Society fails to provide the City with a plan for remedying the breach within the said ten (10) day period, this Agreement shall, at the option of the City, terminate. On receipt of a plan from the Humane Society which is given in accordance with the foregoing, the City shall review it and if it is satisfied that such plan is effective, advise the Humane Society to proceed to carrying out such plan. If the City is not satisfied with such plan, the City shall so advise the Humane Society and unless the Humane Society provides the City with a revised plan that is acceptable to the City within five (5) days of receipt of such advice from the City, this Agreement shall, at the option of the City, terminate. If the City approves a plan, it shall not be entitled to terminate this Agreement pursuant to Section 2.6 on account of the default being remedied under such plan so long as the Humane Society continuously and diligently proceeds to carry out such approved plan and remedies the breach within a least sixty (60) days of the City's approval of the plan. Should the City effect termination under this Section 2.6, the final Notice of Termination shall allow a thirty (30) day transition period from the date of the Notice to allow the Humane Society to wind up its services under this Agreement. The Humane Society shall be entitled to receive the fees normally payable during this thirty (30) day period.

2.7 Upon termination for breach, any notice provided by the City shall include a thirty (30) day transition period to enable the Humane Society to wind up its services under this Agreement, during which the Humane Society shall continue to be entitled to payment under this Agreement.

3. PAYMENT

- 3.1 The City agrees to pay to the Humane Society an annual fee in the sum of \$206,010 for provision of the services described herein for the calendar year 2017. This fee is to be paid on a monthly instalment basis, to be payable within five (5) business days of the beginning of the month.
- 3.2 The City agrees that the annual fee payable thereafter shall be adjusted annually in accordance with the Consumer Price Index for Saskatchewan.
- 3.3 In addition to the annual fee, the City acknowledges and agrees:
 - Bylaw for licensing and payments for violations actually collected in a given calendar year in excess of \$43,000 annually. Such payment or adjustment as the case may be shall be made within 120 days following the end of the calendar year. All license fees and violation payments received by the Humane Society shall be remitted to the City on a monthly basis with supporting documentation.
 - (b) to provide to the Humane Society all revenue collected from pound and seizure fees, such payments to be made on a quarterly basis and remitted within a month of the end of quarter.

4. POUND KEEPER SERVICES

- 4.1 During the term of this Agreement, the Humane Society is hereby appointed as the Pound Keeper for the City of Moose Jaw within the meaning of and in accordance with the provisions of the <u>Cat Control Bylaw</u> and the <u>Dog Bylaw</u>.
- 4.2 During the term of this Agreement, the Humane Society undertakes and agrees to provide the following pound keeper services, at its sole cost, on behalf of the City and to do so in accordance with the terms and conditions specified herein:

- (a) impounding any stray dog found running at large in the City or seized by an animal control officer or peace officer in accordance with the <u>Dog Bylaw</u>; or by an animal protection officer in accordance with <u>The Animal Protection Act</u>, 2010;
- (b) impounding any cat that is seized or trapped pursuant to the <u>Cat Control Bylaw</u>;
- (c) assessing fees in relation to impounded dogs in accordance with the <u>Dog Bylaw</u> and in relation to impounded cats in accordance with the <u>Cat Control Bylaw</u>, reporting, and delivering said fees on a monthly-basis to the City;
- (d) facilitating the return of impounded dogs and cats to their owners in accordance with the <u>Dog Bylaw</u> and the <u>Cat Control Bylaw</u>, as the case may be, and/or providing for the adoption or euthanasia of unclaimed dogs and cats;
- (e) providing adequate and appropriate medical care for impounded dogs and cats;
- (f) maintaining a record, in a form satisfactory to the City, of dogs impounded and of the disposition of dogs each month and providing a copy of the record to the Planning and Development Services Department of the City in the first week of the month next following the month to which the record relates.
- 4.3 For greater certainty, the impound services provided by the Humane Society shall include:
 - (a) keeping impounded dogs for at least 120 hours from the time of impound. Statutory holidays shall be included in the computation of the 120 hour period;
 - (b) during the 120 hour period, returning the impounded dog or cat to the owner upon payment of the boarding, impound and other fees as required by the appropriate Bylaw;
 - (c) not releasing an unlicensed dog to its owner unless a dog license is purchased and a Notice of Violation issued for the applicable Bylaw infraction(s);
 - (d) if a dog is not reclaimed within the 120 hour period, or if the dog owner refuses to comply within this period with the conditions set out in subsections (b) or (c), then the Humane Society may adopt out, foster, transfer or humanely destroy the dog or take any other action the Humane Society reasonably considers appropriate. After the initial 120 hour period, the Humane Society assumes responsibility for all costs.

5. ANIMAL CONTROL SERVICES

5.1 During the term of this Agreement, the Humane Society is designated as an Animal

Control Officer within the meaning of both the <u>Cat Control Bylaw</u> and the <u>Dog Bylaw</u> and is further authorized to designate any staff or employees of the Humane Society as Animal Control Officers for the purposes of enforcing the provisions of said Bylaws.

- 5.2 During the term of this Agreement, the Humane Society undertakes and agrees to provide the following animal control services on behalf of the City and to do so in accordance with the terms and conditions specified herein:
 - (a) locating and seizing any stray dog or cat found running at large within the meaning of, and in accordance with, the <u>Dog Bylaw</u> and the <u>Cat Control Bylaw</u>, as the case may be;
 - (b) issuing cat traps in accordance with the <u>Cat Control Bylaw</u> and providing for their proper decontamination, storage and distribution to the public in accordance with protocol or other requirements established by Public Health;
 - (c) collecting and disposing of all domestic animals killed by traffic in the City. Provided, however, animal carcasses may be collected during normal hours of operation but shall be held for a period of one week to allow for identification by the owner;
 - (d) responding to complaints related to dogs running at large in the City by investigating and, where practicable, locating, confining, capturing and seizing such animals;
 - (e) working with all branches of law enforcement to remove all animals from the residence of a deceased person.
 - (f) providing animal control services as related to the enforcement of <u>The Animal</u> <u>Protection Act, 2010</u>.

6. OTHER SERVICES, RE DANGEROUS DOGS

- 6.1 During the term of this Agreement, the Humane Society undertakes and agrees to provide the following services in support of enforcement of the <u>Dangerous Dog Bylaw</u> including:
 - (a) impounding any dog seized by a peace officer or Bylaw Enforcement Officer pursuant to section 14 of the <u>Dangerous Dog Bylaw</u> or for which an evaluation has been directed by a Bylaw Enforcement Officer in accordance with section 7 of the <u>Dangerous Dog Bylaw</u>;
 - (b) assisting, when required to do so, in the search for, confinement and capture of

- any dog described in section 14 of the <u>Dangerous Dog Bylaw</u>;
- (c) providing at its sole cost reasonable and appropriate medical care for any dog seized by a peace officer or in the custody of the Humane Society pending evaluation in accordance with the Dangerous Dog Bylaw;
- (d) facilitating the testing for rabies where required in accordance with the Dangerous Dog Bylaw;

7. SERVICE STANDARDS

- 7.1 In providing the services set forth in this Agreement, the Humane Society acknowledges that they are performing a public service related to the care of domestic animals in the community and, in so doing, undertakes and agrees to maintain public confidence in the care being provided to animals which come into custody and to maintain good public relations with all parties with whom the Humane Society may have dealings, including owners.
- 7.2 Without limiting the generality of Article 7.1, the Humane Society undertakes and agrees to:
 - (a) provide appropriately trained and knowledgeable staff capable of dealing with all aspects of animal rescue, care and welfare;
 - (b) provide reasonable and appropriate care for all animals in the custody of the Humane Society and to do so seven (7) days a week and twenty-four (24) hours a day;
 - (c) provide the Pound Keeper Services described in Article 4.1 and the Animal Control Services described in Article 5.1 of this agreement seven (7) days a week, twenty-four (24) hours a day;
 - (d) provide public access to all animals in the custody of the Humane Society and, in so doing, maintain regular hours of operation where the pound facilities are open five (5) days each week (excluding statutory holidays);
 - (e) utilize a telephone answering service to receive calls outside of normal business hours and to maintain a minimum of one (1) staff "on call" to provide the services described in Article 4.1, 5.1 and 6.1 of this agreement seven (7) days a week and twenty-four (24) hours a day;

(f) cooperate with City officials and other agencies in the City, including Department of Health, the Canadian Food Inspection Agency, City Police, RCMP, John Howard Society, and Social Services in relation to the care, protection and well-being of domestic animals in the community.

8. LICENSING SERVICES

- 8.1 During the term of this Agreement, the Humane Society is designated as a License Inspector within the meaning of the <u>Dog Bylaw</u> for the purpose of collecting applicable license fees from owners of dogs in accordance with the requirements of the said Bylaw.
- 8.2 During the term of this Agreement, the Humane Society shall:
 - (a) issue licenses and tags in accordance with <u>Dog Bylaw</u> and collect the fees specified therein on behalf of the City;
 - (b) issue Notices of Violation to owners failing to comply with the licensing requirements of the <u>Dog Bylaw</u> or other Bylaw infraction;
- 8.3 The Humane Society shall maintain a record of all licenses and tags issued, including a record showing the name and address of the owner, a description of the dog, including the breed, colour, sex, age and name, together with the serial number of the tag issued for each dog.
- 8.4 The Humane Society shall transmit all fees collected in respect of licenses and tags issued to the City, together with the record mentioned in Article 8.3, within the first week of the month next following the month in which such fees were collected.

9. CONDITIONS OF AGREEMENT

- 9.1 The City and Humane Society agree to have a dog license program in effect, reviewed, approved by City Council and updated prior to December 31, 2018.
- 9.2 The City agrees to contributing in kind donations towards education and public awareness which may include, but not limited to, design and cost of material for our school age education program, materials for literature to increase the awareness of responsible pet ownership (spay/neuter, licensing and animal related bylaws). This may also include promotions on City's webpage, advertising on Discover Moose Jaw

- (adoptable pets, found pets, fundraisers). The City and Humane Society recognize that any public campaigns, literature, social media postings etc. will identify the City and Humane Society partnership and will present each other in an accurate and positive manner.
- 9.3 The City will provide a suitable city fleet vehicle to the Humane Society to be used solely for the purpose of Animal Control, be held responsible for the maintenance/replacement of the vehicle and reimburse the Humane Society for the costs associated with purchasing the appropriate insurance. The Humane Society will be responsible for purchasing appropriate insurance for the vehicle and the purchasing of fuel. At the end of this term or upon termination for breach the suitable city fleet vehicle will automatically revert back to ownership of the City. The following is required by the MJHS in regards to the use of the city fleet vehicle provided by the City:
 - Vehicle shall be maintained as per manufacturer's recommendations.
 - Daily circle checks are required and must be documented in the City's Pre-Trip Book.
 - Faults/Issues must be reported to Fleet services immediately.
 - Preventative maintenance will be scheduled between both parties.
 Emergent maintenance will be performed as soon as possible in conjunction with direction from Fleet Services.
 - Must be maintained and kept in a clean and orderly condition.

10. DISCLOSURE OF INFORMATION

- 10.1 The Humane Society shall provide the City with copies of the following documents promptly upon the following events:
 - (a) the annual budget for the Humane Society, upon approval of the Board of Directors;
 - (b) the annual financial statement of the Humane Society, upon approval by its Board of Directors.
- 10.2 In addition to the information provided for in Article 10.1, the Humane Society shall, upon the request of the City, provide the City with copies of any financial or other documents or information related to the activities or services provided by the Humane Society pursuant to this Agreement. The Humane Society when requested, during regular business hours, shall provide access to the City to examine originating animal

care records and financial records relating to the services provided under this Agreement.

11. INDEMNIFICATION

- 11.1 The Humane Society shall indemnify and save the City harmless in respect of all charges, costs, expenses and claims whatsoever arising in connection with the provision of services by the Humane Society to the City pursuant to this Agreement.
- 11.2 The Humane Society shall maintain a comprehensive policy of general liability insurance in respect of property damage, including injury to or loss or death of any animal, or injury to or death of persons with a limit of not less that \$5,000,000.00 per occurrence, covering possible damages, losses, claims and expenses that might be incurred in connection with the provision of services by the Humane Society to the City pursuant to this Agreement.

12. GENERAL PROVISIONS

- 12.1 This Agreement shall not be assigned by the Humane Society without the express written consent of the City.
- 12.2 This Agreement shall apply to, and be binding upon, the parties hereto and their successors, administrators, executors and permitted assigns, and each of them.
- 12.3 The Humane Society agrees that the City of Moose Jaw shall maintain the right to appoint a non-voting City Council representative to its Board of Directors who shall have the right to attend and speak at all meetings of the Board, save and except for occasions involving negotiations regarding amendments to or extension of the terms of this Agreement.
- 12.4 This Agreement shall for all purposes be construed and interpreted according to the law of the Province of Saskatchewan and any cause of action arising under or by virtue of this agreement shall be deemed to have arisen at the City of Moose Jaw in the Province of Saskatchewan and any such cause of action shall be tried in the Judicial Centre in which the City of Moose Jaw is situated.

12.5 Where this Agreement provides for notices to be given by one party to the other, such notices shall be in writing and delivered either personally or by prepaid registered mail addressed as follows:

(a) to the City at:

Director of Planning and Development

Services City Hall

228 Main Street North

Auditors' Report

To the Members Moose Jaw Humane Society

We have audited the accompanying financial statements of Moose Jaw Humane Society, which comprise the statement of financial position as at December 31, 2018, and the Statements of operations, changes in fund balance and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Amy Jane Chartered Professional Accountant #5 - 825 Thatcher Drive East Moose Jaw, Saskatchewan S6J 0A9 306-691-1300 306-691-1301 cpa@amyjane.ca

Auditors' ReportBasis for Qualified Opinion

In common with many charitable organizations, the Organization derives revenue from donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Organization and we were not able to determine whether any adjustments might be necessary to revenues, operations, and funds.

Qualified Opinion

In our opinion, except for possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of Moose Jaw Humane Society as at December 31, 2018, and its financial performance and its cash flows for the years then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Notes to the Financial Statements

For the Year Ended December 31, 2018

1. Nature of organization

Moose Jaw Humane Society (the "Society") was incorporated on April 24, 1970 under the provision of the Non-Profit Corporations Act 1995 of the Province of Saskatchewan.

The Society's goal is to find homes for all animals that go through the shelter.

2. Significant Accounting Policies

The financial statements have been prepared in accordance with the Canadian accounting standards for not-forprofit organizations (ASNPO) as issued by the Accounting Standards Board of Canada using the significant accounting policies:

a. Cash and cash equivalents

Cash and cash equivalents includes balances with banks and short-term investments with maturities of three months or less. Cash is subject to restrictions that prevent its use for current purposes is included in restricted cash.

b. Investments

Investments are portfolio investments recorded at fair value for those with prices quoted in an active market, and cost less impairment for those that are not quoted in an active market. They have been classified as long-term assets in concurrence with the nature of the investment.

c. Capital Assets

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of contribution if fair value can be reasonably determined.

Amortization is calculated using the straight-line method at rates intended to amortize the cost of assets over their estimated useful lives.

	Years
Buildings	25 years
Vehicles	10 years
Equipment	10 years
Trailers	10 years

Notes to the Financial Statements

For the Year Ended December 31, 2018

2. Significant Accounting Policies

d. Fund accounting

The Society follows the restricted fund method of accounting for contributions, and maintains 2 funds: Operating Fund and Restricted Fund.

The Operating Fund reports the Society's unrestricted resources including revenue and expenses related to program delivery and administrative activities.

The Restricted Fund reports the Society's resources relating to activities designated for certain projects. The New Building Fund which consists of resources reserved for the constructions of a new shelter in the future. The Capital Improvement Fund includes funds reserved for future capital expenditures. The Education Fund is reserved for public education costs as well as professional development of staff. The invested in Capital Assets fund, reports the amount invested in capital assets..

e. Revenue recognition

The Society follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Endowment contributions are recognized as direct increases in net assets.

Investment income is recorded as earned on the accrual basis.

Donation revenue is recognized as revenue when it is received.

f. Measurement uncertainty

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at this date of the financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Amortization is based on the estimated useful lives of capital assets.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in excess of revenues and expenses in the periods in which they become unknown.

g. Financial instruments

The Society recognizes its financial instruments when the Society becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value, including financial assets and liabilities originated and issued in a related party transaction with management.

Notes to the Financial Statements

For the Year Ended December 31, 2018

2. Significant Accounting Policies

g. Financial instruments

The Society subsequently measures investments in equity instruments quoted in an active market at fair value. All other financial assets are liabilities are subsequently measured at amortized cost.

Transaction costs and financing fees directly attributable to the origination, acquisition, issuances or assumption of financial instruments subsequently measured at fair value are immediately recognized in the excess of revenues over expenses for the current period. Conversely, transaction costs and financing fees are added in the carrying amount for those financial instruments subsequently measured at cost or amortized cost...

h. Impairment of financial assets

The Society assesses impairment of all of its financial assets measured at cost or amortized cost. When there is an indication of impairment, the Society determines whether it has resulted in a significant adverse change in the expected timing or amount of future cash flows during the year. If so, the Society reduces the carrying amount of any impaired financial assets to the highest of: the present value of cash flows expected to be generated by holding the assets; the amount that could be realized by selling the assets; and the amount expected to be realized by exercising any rights to collateral held against those assets. Any impairments, which is not considered temporary, is included in current year excess of revenues over expenses.

The Society reverses impairment losses on financial assets when there is a decrease in impairment and the decrease can be objectively related to an event occurring after the impairment loss was recognized. The amount of the reversal is recognized in the excess of excess in the year the reversal occurs..

i. Income taxes

The Society is registered as a charitable organization under the Income Tax Act (the "Act") and as such is exempt from income taxes and is able to issue donation receipts for income tax purposes. In order to maintain its status as a registered charity under the Act, the Society must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

Notes to the Financial Statements

For the Year Ended December 31, 2018

3. Capital Assets

Capital assets consist of the following:

			2018	2017
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value
Buildings	\$ 261,193	\$ (226,033)\$	35,160 \$	37,504
Equipment	61,095	(58,364)	2,731	3,747
Trailers	7,481	(7,481)	3 6	2 7 2
Vehicles	 32,000	(32,000)	40	膏
Total	\$ 361,769	\$ (323,878)\$	37,891 \$	41,251

4. Financial Instruments

a. Contracts with municipal government

Approximately 31.00% of revenue earned by the Society in 2018 was from contracts with the municipal government, City of Moose Jaw, and RM of Moose Jaw.

b. Liquidity risk

Liquidity risk is the risk that the Society will encounter difficulty in meeting obligation associated with financial liabilities. The Society's exposure to liquidity risk is dependent on the sale of inventory, collection of accounts, purchasing commitments and obligations or raising funds to meet commitments and sustain operations..

Notes to the Financial Statements

August 28, 2019

City of Moose Jaw Department of Parks and Recreation Attention: Derek Blais 228 Main St. N. Moose Jaw, SK S6H 3J8

Re: 2020 Annual Funding – Request for information

Dear Ms. Blais

In response to your correspondence date August 1, 2019 requesting the Wakamow Valley Authority (WVA) 2020 operating budget. WVA has forwarded our 2019-2020 Operating budget to the City of Moose Jaw and will be beginning our planning in January for the 2020-2021 budget.

This letter is requesting that Wakamow would receive an annual Cost-of-Living adjustment (COLA) for our 2020 Operating budget from the City of Moose Jaw.

Should you require more information please do not hesitate to contact our office.

Thank you for including Wakamow Valley Authority in your 2020 budget planning.

Yours truly,

Todd Johnson, MBA General Manager Wakamow Valley Authority

FINANCIAL STATEMENTS

Wakamow Valley Authority Moose Jaw, Saskatchewan

March 31, 2019

Benson Trithardt Noren Professional ANDEPENDENT AUDITORS' REPORT

To: The Members of

Wakamow Valley Authority

MOOSE JAW, SASKATCHEWAN

Opinion

We have audited the accompanying financial statements of the Wakamow Valley Authority which comprise the statements of financial position as at March 31, 2019, and the statements of financial activities, financial balances and cash flows for the year then ended.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Wakamow Valley Authority as at March 31, 2019, and its financial position and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonable by expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a
basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting
from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT, continued

Auditor's Responsibilities for the Audit of the Financial Statements (Cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are in adequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing to would reasonably be expected to outweigh the public interest benefits of such communication.

MANAGEMENT RESPONSIBILITY STATEMENT

The management of the Wakamow Valley Authority is responsible for preparing the financial statements, the notes to the financial statements and other financial information contained in this annual report.

Management prepares the financial statements in accordance with Canadian accounting standards for not-for-profit organizations. The financial statements are considered by management to present fairly the Organization's financial position and results of operations.

Management, in fulfilling its responsibilities, has developed and maintains a system of internal accounting controls designed to provide reasonable assurance that management assets are safeguarded from loss or unauthorized use, and that the records are reliable for preparing the financial statements.

The financial statements have been reported on by Benson Trithardt Noren Professional Accountants, the organizations auditors. Their report outlines the scope of their examination and their opinion on the financial statements.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

NATURE OF OPERATIONS

The Authority is constituted as a corporate body under *The Wakamow Valley Authority Act*, an Act of the Government of the Province of Saskatchewan. Various sections of legislation were proclaimed in force effective March 31, 1981, December 14, 1981 and March 1, 1986, while some sections are yet to be proclaimed.

The Authority's primary purpose is to co-ordinate the use, development, conservation, promotion, research, maintenance and improvement of public land in its management and advisory areas of the river valley.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations. The significant policies are detailed as follows:

Fund accounting

The Authority maintains accounts in accordance with the principles of fund accounting. For financial reporting purposes, accounts with similar characteristics are reported within the same fund. The Authority currently has four funds – Operating Fund, Capital Projects Fund, Reserve Fund and Wakamow 21st Century Fund.

Operating Fund – to facilitate accounting for the current operating revenues and expenditures relating to the usual day-to-day activities of the Organization.

Capital Projects Fund – to facilitate accounting for the capital assets and debts related to capital assets and development of the Organization.

Reserve Fund – to facilitate accounting for the repairs and renovations to campgrounds and buildings as needed.

Wakamow 21st Century Fund – to facilitate accounting for investments intended for major capital projects or to supplement general operating expenses of the Organization as needed. The Fund balance is to never fall below \$750,000.

Revenue recognition

Revenues from government and agency grants are recorded as they are earned. Some grants are related to costs incurred and are recognized on a percentage of completion basis. Grants that are not contingent upon the completion of certain goals or expenditure levels are recognized as they become known.

Revenues from donations are recognized upon receipt.

Revenues from facility rentals are recognized as earned.

Interest revenue, event and other income is recognized as received or receivable.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

2. SIGNIFICANT ACCOUNTING POLICIES, continued

Investments

Investments are managed by an external professional investment manager, in accordance with the Investment Policy Statement for each portfolio as determined by the Organization. The investments in mainly mutual fund groups are initially and subsequently recorded at fair value, with the unrealized gain (loss) recorded in the statement of operations.

Transaction costs and management fees associated with the investments are expensed.

Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions based on currently available information. Such estimates and assumptions may affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the reporting date and the reported amounts of revenue and expenses during the fiscal period. Some of the more significant areas where estimates are used are in the valuation of accounts receivable, in the determination of useful lives and amortization rates of capital assets. Actual results could differ from those estimates and assumptions.

Financial instruments

The organization initially measures its financial assets and liabilities at fair value adjusted by, in the case of a financial instrument that will not be measured subsequently at fair value, the amount of transaction costs directly attributable to the instrument.

The Authority's financial instruments consist of cash, accounts receivable, prepaid expenses, accounts payable and unearned revenues. These financial instruments are recorded at their carrying value which is comparable to their fair value due to the approaching maturity of these financial instruments.

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The Authority is exposed to credit risk from customers, however, the Authority activities are largely related to funding from government and government agencies which minimizes the concentration of credit risk.

Unearned revenue

Unearned revenue consists of municipal grants and for the upcoming quarter non-refundable hall rental deposits which relate to rental periods subsequent to the fiscal year end.

Reserves

The Authority maintains a Reserve for Future Expenditures within the operating fund to which amounts are allocated from operations. Amounts may be transferred from the reserve to current revenue to fund various expenditures at the discretion of the Board.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

2. SIGNIFICANT ACCOUNTING POLICIES, continued

Capital projects

Capital projects are recorded at cost in the Capital Fund. The Authority provides for amortization using the straight-line method at rates designed to amortize the cost of the capital projects over their estimated useful lives. Projects are amortized over 40 years, furnishings and equipment over 10 years and vehicles over 5 years. The annual amortization rates are as follows:

Plaxton's Lake	2.5%
Trans Canada Trail Bridge	2.5%
Kingsway Connors Park	2.5%
Devonian Trail	2.5%
Kinsmen Wellesley Park	2.5%
Lions River Park	2.5%
Rotary River Park	2.5%
Kiwanis River Park	2.5%
Kingsway Ecological Zone	2.5%
Acreage properties	2.5%
Reekie property	2.5%
Reekie Uplands	2.5%
Sportsman's Centre	2.5%
Maintenance building	2.5%
Multipurpose facility	2.5%
River Park	2.5%
Assiniboine Bridge	2.5%
Cree Bridge	2.5%
Churchill Park Trail	2.5%
Fence	2.5%
Low Level Crossing	2.5%
River Park Campground	2.5%
Furnishings and equipment	10.0%
Vehicles	20.0%

In the year of acquisition, full amortization is used.

	217,057	110,777

6. FINANCING BY PARTICIPATING PARTIES

The participating parties of the Authority are the City of Moose Jaw and the Rural Municipality of Moose Jaw 161. The City agrees to contribute \$304,540 annually and the Rural Municipality agrees to contribute \$2,500 annually. The parties must review the contribution levels a minimum of every five years. The last review was completed in 2012/2013.

7. EXEMPTIONS FROM PROPERTY TAXES

Land and improvements which are owned by the Authority for park use are not subject to taxation for provincial, municipal or school purposes. Some taxes do apply, however, in regard to other facilities such as the hall and the shooting range.

8. LEASES

The Authority has entered into an agreement to lease a portion of the Reekie property to a third party for a term of three years commencing January 1, 2017. Compensation will be a combination of interior or exterior leasehold improvements and/or cash rent with the tenant being responsible for all utilities.

DEVELOPMENT, USE AND MAINTENANCE AGREEMENT

Agreement dated March 3, 2014

Between:

CITY OF MOOSE JAW, a municipal corporation continued pursuant to *The Cities Act* (the "City")

- and -

WAKAMOW VALLEY AUTHORITY, a statutory corporation, incorporated pursuant to *The Wakamow Valley Authority Act* (the "Authority")

WHEREAS the City is a participating party pursuant to *The Wakamow Valley Authority Act* (WVAAct), and owns property in the Wakamow Valley;

AND WHEREAS clause 11(f) of the WVAAct provides that the Authority may construct, maintain or operate any park, improvement or service facility;

AND WHEREAS subclause 11(g)(ii) of the WVAAct provides that the Authority may, with the consent of a participating party, maintain, develop, improve or build on any public land owned by that participating party;

AND WHEREAS the Authority wants to be responsible for landscape construction on and landscape maintenance and service maintenance respecting certain City owned property within the WakamowValley;

AND WHEREAS clause 11(i) of the WVAAct provides that on authority land, the Authority is authorized to establish, maintain and operate, or grant concessions or permission for the operation of, places of entertainment, amusement, recreation or refreshment or other places of public interest or accommodation, and may operate or grant permission for the operation of, a public information service respecting the activities or services of the Authority;

AND WHEREAS clause 11(n) of the WVAAct authorizes the Authority to do and authorize the doing of any things that are incidental or conducive to the attainment of its objects and purposes and the exercise of its power under this Act;

AND WHEREAS clause 11(m) of the WVAAct authorizes the Authority to enter any contract or agreement that it considers expedient or desirable in the exercise of any of its powers or the discharge of any of its duties under the Act;

AND WHEREAS section 64 of the WVAAct authorizes the Authority, for the whole or any purpose relating or incidental to Wakamow Valley or the land forming part of any road or street abutting the Wakamow Valley, enter into an agreement with any participating party; and

AND WHEREAS the City wants the Authority to exercise certain of its powers respecting certain City owned property in the Wakamow Valley and respecting certain road and streets within that City owned property, for which road and streets the City has authority pursuant to *The Cities Act* to direct, control and manage;

NOW THEREFORE, in consideration of the mutual covenants and agreements made in this Agreement, the parties agree as follows.

Definitions

- 1(1) In this Agreement, the words have the same meaning as in the WVAAct unless stated otherwise.
- (2) In this Agreement:
 - (a) "Building" means any building or structure used or occupied or intended for supporting or sheltering any use or occupancy and includes a portable shack or trailer that is situated within the City for more than 30 days and is not:
 - (i) in storage: or
 - (ii) a travel trailer.
 - (b) "City Owned Properties" means the land and the Buildings in Wakamow Valley which properties are owned by the City.
 - (c) "Devonian Trail" means the 4.2 kilometre paved recreation pathway and the land one meter wide on either side measured from the paved edges of the pathway, the location of which pathway is generally shown on the drawing attached as Schedule A to this Agreement.
- (3) For the purposes of this Agreement and pursuant to subclause 2(cc)(iii) of the WVAAct, the Authority is of the opinion that a building incidental to a park or used in connection with the operation of park includes buildings or structures associated with a:
 - (a) campground or campsite;
 - (b) canoe compound;
 - (c) maintenance building; or
 - (d) pavilion.

Administer and Maintain

- 2(1) Subject to the terms of this Agreement, the Authority:
 - (a) may administer, use and occupy the City Owned Properties listed in Schedule B attached to this Agreement;
 - (b) shall operate, be responsible for, and perform landscape maintenance respecting, the City Owned Properties listed in Schedule B;

- (c) unless otherwise set out in this Agreement, shall operate, be responsible for and maintain all Buildings and structures located in or on City Owned Properties listed in Schedule B; and
- (d) may, with prior written notice to the City, undertake and/or perform landscape construction on the City Owned Properties listed in Schedule B, and thereafter shall perform the landscape maintenance thereon.
- (2) The Authority is responsible for locating all underground utilities or structures prior to making any excavations respecting the City Owned Properties.
- (3) If the City is required to excavate a portion of City Owned Properties respecting City utilities, the City is not responsible for the replacement of any landscaping or concrete that may be disturbed as a result of the excavation.
- (4) Upon request of the City, the Authority is responsible for the removal of any building or structure located on or over a utility, a road or a boulevard.
- (5) The Authority shall obtain the permission of the City prior to undertaking any work or maintenance that may affect the surface drainage flow into the City's storm sewer system.
- (6) Unless otherwise set out in the body of this Agreement, the authorities and obligations under this section are deemed effective respecting the particular City Owned Property and the Buildings and structures therein and thereon, as of the date set out in Schedule B related to that property.
- (7) The authority to administer, use and occupy in subsection (1) includes but is not limited to the authority to establish, and thereafter maintain and operate, or grant concessions or permission for the operation of, places of entertainment, amusement, recreation or refreshment or other places of public interest or accommodation, respecting the City Owned Properties listed in Schedule B.
- (8) The requirement to maintain in this section includes ordinary care, maintenance and repair.

Schedule C

3 Schedule C attached to this Agreement, entitled "Wakamow Land Transfer", is a drawing which shows the City Owned Properties listed in Schedule B to this Agreement as of the date of this Agreement.

Term

This Agreement shall commence as of the date of signing but shall deemed to have been commenced on July 11, 1983 and shall continue until terminated in accordance with this Agreement.

Expansion

5(1) The parties may agree to amend this Agreement to add additional City Owned Properties to the list of properties in Schedule B, which properties will become subject to the rights and obligations pursuant to this Agreement as of the date agreed to by the parties.

- (2) When the Authority wants to add additional City Owned Properties to the list of properties in Schedule B, the Authority shall provide written notice to the City requesting that the Agreement be amended and advise:
 - (a) which properties the Authority wants to add to Schedule B; and
 - (b) as of what date the Authority wants the additional properties to be subject to the Agreement.
- (3) Upon receipt of a notice under subsection (2), the City will have 60 days to respond to the request by providing a written notice to the Authority:
 - (a) agreeing to add to Schedule B the City Owned Properties listed in the Authority's notice as of the date(s) proposed in the notice; and
 - (b) advising that the City:
 - (i) is willing to agree to a revised list of City Owned Properties to be added to Schedule B; and/or
 - (ii) is willing to agree to a revised date(s) as to when the additional City Owned Properties would be added to Schedule B; or
 - (iii) does not want to amend the Agreement at that time.
- (4) Upon receipt of the written notice of the City under subsection (3), the Authority will, by written notice to the City, confirm whether the Authority wants to proceed by:
 - (a) amending the Agreement to add to Schedule B the list of City Owned Properties as of the dates set out in the City's notice under subsection (3); or
 - (b) withdrawing its request to amend the Agreement.
- (5) In the event the Authority confirms under subsection (4), that it wants to proceed to amend the Agreement, the City will, as soon as possible, in writing add to Schedule B the list of City Owned Properties that the parties agreed to add to the Agreement and will indicate on Schedule B the date(s) as to when the added properties will be subject to the rights and obligations under the Agreement, and thereafter the Agreement will be deemed to be amended.
- (6) The City will provide the Authority with a copy of the written addition to Schedule B in subsection (5).

Development

6(1) Notwithstanding section 5, the Authority will obtain the prior written consent of the City before constructing new, or additions to, any Building, structures or service facility located or to be located in or on the City Owned Property listed in Schedule B, which consent is wholly at the discretion of the City.

- (2) In the event the City agrees to the construction of any Buildings, structures or service facility under subsection (1), those Buildings and service facilities as well as all developments in the Wakamow Valley are subject to all the requirements of the City's applicable bylaws.
- (3) When the Authority undertakes construction under subsection (1) or undertakes construction of other buildings, structures or improvements to the City Owned Property, the Authority shall obtain industry standard insurance related to the construction.
- (4) The requirement for the industry standard insurance in subsection (3) will be a condition of the City's written consent under this subsection (1).
- (5) The insurance policy(ies) under this section shall:
 - (a) include the City as an additional insured;
 - (b) contain a waiver by the insurer of any rights of subrogation or indemnity or any other claim over to which the insurer might otherwise be entitled against the City and persons for whom in law the City is responsible;
 - (c) include a provision for the City to be given not less than 30 days notice prior to cancellation or any material change in coverage, and in either event, the Authority shall secure and maintain alternate or replacement insurance prior to the effective date of cancellation or material change; and
 - (d) be in a form, amount and deductible approved by the City.
- (6) The requirements of section 2 respecting administration and maintenance of City Owned Properties apply equally to any developments of City Owned Properties under this section.

Devonian Trail

- As of January 1, 1985, the Authority shall provide landscape construction, landscape maintenance and service maintenance on the portions of the Devonian Trail that cross "streets" as defined in *The Cities Act* and/or land owned by the City, whether the street or land is located within or outside the Wakamow Valley, which land includes but is not limited to:
 - (a) Surface Parcel No.104293818, Lot 12 Block 87 Plan OLD96, Ext. 14;
 - (b) Surface Parcel No. 135984583, Parcel BB Plan 101889793, Ext. 18;
 - (c) Surface Parcel No. 104297205, Parcel AA Plan 101889793, Ext. 34;
 - (d) Surface Parcel No. 104299948, Lot 26 Block 120 Plan 101889771, Ext. 23; and
 - (e) Surface Parcel No. 104299825, Lot 24 Block 120 Plan 101118079, Ext. 11.

City Maintenance

- 8(1) Notwithstanding section 5 or subsection 6(1), the City is responsible for landscape maintenance respecting City Owned Properties, which properties are not listed in Schedule B or part of the Devonian Trail.
- (2) The level of maintenance in subsection (1) will be wholly at the discretion of the City.
- (3) The City is not required to construct any improvements or service facilities, or perform landscape construction, on Authority Land within Wakamow Valley.
- (4) The City may develop cross country ski trails in Wakamow Valley and the City shall have access to the cross country ski trails for their maintenance and grooming.
- The City shall provide snow clearing and street, sidewalk, curb and gutter repair and maintenance to the level of service as provided by the City as of December 17, 1984 for the roads in between Bank Street in the north to Lansing Street in the south and east and Highway #2 to the west.
- The City shall provide snow clearing, street sweeping and asphalt repair and maintenance on:
 - (a) the portion of the Devonian Trail starting at the intersection of Second Avenue NE and Manitoba Street for 800 feet in a southerly direction;
 - (b) River Drive from 1st Avenue SE to Coteau Street;
 - (c) Park Drive from River Drive to Wellesley Street;
 - (d) Wellesley Street easterly to the pedestrian bridge over the Moose Jaw River; and
 - (e) Wellesley Street westerly from the pedestrian bridge over the Moose Jaw River to Highway No. 2.
- The Authority is responsible for landscape maintenance and service maintenance of all bollards and curbing that are installed as part of the landscape construction of the Devonian Trail.

Access

- 12(1) The City continues to have all rights of access and egress to City Owned Properties.
- (2) The Authority shall provide access and egress to Surface Parcel #112430843, Parcel C Plan 101185815, as described on Certificate of Title 99MJ07674 across City Owned Property.

Indemnity

13(1) The Authority shall indemnify and save harmless the City from and against all and any losses, costs, claims, demands, actions, damages, suits of any nature, liabilities and/or expenses in connection with the loss of life, personal injury or damage to persons or property: arising from any occurrence in, on or at the City Owned Properties; and/or arising

from the occupancy, use or administration of the City Owned Properties or any part thereof by the Authority or anyone for whom in law the Authority is responsible, or anyone permitted by the Authority to be in, on or at City Owned Properties; and/or arising from or occasioned wholly or in part by any act or omission of the Authority, its employees, agents, anyone for whom in law the Authority is responsible or anyone permitted by the Authority to be in, on or at City Owned Properties.

(2) Where the City is, without fault on its own part, to be made a party to any litigation commenced against the Authority, then the Authority shall protect and hold the City harmless and shall pay all costs, expenses and reasonable legal fees incurred or paid by the City in connection with such litigation.

Insurance

- 14(1) During the term of this Agreement, the Authority shall, at its own expense, secure and maintain, from an insurer allowed by law to issue insurance policies in Saskatchewan, the following policies of insurance covering the Authority in respect of its obligations under this Agreement:
 - (a) a commercial general liability insurance policy for bodily injury (including death) and property damage, having a limit of not less than \$5,000,000 inclusive per occurrence, or any greater amount that may be required by the City from time to time, which policy shall provide for an endorsement for unlicensed vehicles and operation of attached machinery; and
 - (b) automobile (owned and non owned) third party liability insurance policy for bodily injury (including death) and property damage having a limit of not less than \$5,000,000 per occurrence, or any greater amount as required by the City from time to time, which insurance shall include passenger liability extension;
 - (2) The insurance policies in this section shall include a provision for the City to be given not less than 30 days notice prior to cancellation or any material change in coverage, and in either event, the Authority shall secure and maintain alternate or replacement insurance prior to the effective date of cancellation or material change.
 - (3) The insurance policies required by this section shall:
 - (a) be in a form, amount and deductible approved by the City;
 - (b) contain a waiver by the insurer of any rights of subrogation or indemnity or any other claim over to which the insurer might otherwise be entitled against the City and persons for whom in law the City is responsible;
 - (c) list the City as an additional insured; and
 - (d) provide that the City will be notified in writing of cancellation or changes to the policy at least 30 days prior to such cancellation or change.
- (4) Annually or upon request, the Authority shall provide the City a certified copy of the insurance policies required by this section.

- (5) If the Authority fails to secure or to maintain policies of insurance required by this section, or fails to prove the existence of such policies, the City may purchase on behalf of and at the expense of the Authority, the required insurance coverage.
- (6) Nothing contained in this section or in any policy of insurance required by this Agreement shall in any way limit the liability of the Authority under this Agreement or otherwise in law.
- (7) The City is not responsible for any property insurance for the damage or destruction of buildings, structures improvements or contents or any other insurance unless specifically set out in this Agreement.
- Sections 13 and 14 shall survive the termination or expiration of this Agreement. 15

Termination

- 16(1) Either party may terminate the Agreement by providing the other party one year's written notice of the intention to terminate.
- (2) Notwithstanding subsection (1), the City may terminate the Agreement with 60 days prior written notice if the Authority is, in the opinion of the City, in violation of any of the terms of this Agreement, and the violation has not been remedied within those 60 days.
- (3) Upon termination of this Agreement for whatever reason, the City may re-enter and take possession of all land, Buildings and improvements located on City owned property as of the date of termination.

Notice

17(1) Any notice, request or other writing required or permitted to be given to either party pursuant to this Agreement will be in writing and may be delivered to the other party in person, or by sending it by fax or by prepaid registered mail, addressed:

the City

City Clerk/Solicitor City of Moose Jaw 228 Main Street North Moose Jaw, Saskatchewan S6H 3J8

Fax: (306) 692-4518

email: cclerks@moosejaw.ca

to the Authority

276 Home Street East

P.O. Box 1266

Moose Jaw, Saskatchewan

S6H 4P9

Fax: 306-692-2188

email: Wakamow@sasktel.net

or such address as the parties may advise by notice.

- A notice is deemed to be received on the following days:
 - if a notice is hand delivered, such notice is deemed to be received on the date of (a) delivery;

- (b) if a notice is sent by registered mail, such notice is deemed to be received three days following the date of such mailing;
- (c) if a notice is sent by facsimile transmission, such notice is deemed to be received on the day such facsimile transmission is sent;
- (d) if a notice is sent by email, such notice is deemed to be received on the date shown on the "read receipt" message from the party being notified; and
- (e) if postal service is interrupted or substantially delayed, all notices shall be handdelivered or sent by facsimile or email during the period of such interruption or substantial delay.

Severability

If any provision or provisions of this Agreement is/are found to be illegal or unenforceable, such provision(s) shall be considered separate and severed from this Agreement and the remaining provisions shall remain in force and be binding upon the parties as if the illegal or unenforceable provision(s) had not been included in this Agreement.

Entire Agreement

- 19(1) This Agreement, including any schedules, constitutes the entire agreement between the parties relating to the subject matter herein and supersedes:
 - (a) all prior agreements including the agreement between the parties dated July 11, 1983, which agreement was amended by amending agreements dated October 23, 1984; December 17, 1984; September 19, 1989; March 13, 1990; February 27, 1995 and December 13, 2001, which agreement and amendments are hereby cancelled and of no effect;
 - (b) any undertakings, representations and understandings, written or oral, between the parties or their representatives.
- (2) Notwithstanding subsection (1), this Agreement does not affect:
 - (a) the Fee for Service Agreement between the parties dated April 27, 2006 respecting the Lodge in Kiwanis River Park; or
 - (b) the acknowledged letters between the parties with respect to the transfer of the responsibility for buildings, structures, improvements and any other assets located on the portion of the River Park Campground located on Surface Parcel 104499287 Parcel PR1 Plan 87MJ17148, which property is owned by the Crown.

Arbitration

- 20(1) All matters in dispute under this Agreement may, by agreement of the parties, be submitted to arbitration to a single arbitrator appointed jointly by the parties.
 - (2) In the event the parties cannot agree to the arbitrator to be appointed, such arbitrator will be appointed by reference to a judge of the Queen's Bench Court of Saskatchewan.

(3) The award of the arbitrator will be final and binding upon the parties.

General

- No amendment or modification to this Agreement shall be binding upon either party unless it is agreed to in writing and signed by the parties.
- The parties shall execute such documents and do such things that may be necessary to carry out the intent of and give effect to the terms of this Agreement.
- This Agreement may not be assigned without the consent of the other party.
- Any waiver of any breach or any covenants of this Agreement by either party shall be limited to the particular instance and shall not be deemed to be a general waiver of any right or benefit in any other instance.
- This Agreement shall enure to the benefit of apply to and be binding upon the parties and their respective successors, administrators, executors and permitted assigns.
- This Agreement shall be binding upon the parties hereto, their successors and assigns.
- Notwithstanding the provisions of this Agreement, the Authority remains subject of all applicable laws and bylaws.

Applicable Law

- This Agreement shall be governed by and construed according to the applicable laws of Saskatchewan and of Canada.
- 29 This Agreement shall be binding upon the parties hereto, their successors and assigns.

The parties have duly executed this Agreement by their proper signing officers as of the date written above.

CHAPTER W-1.1

An Act respecting the Establishment of the Wakamow Valley Authority

SHORT TITLE

Short title

1 This Act may be cited as *The Wakamow Valley Authority Act*.

INTERPRETATION

Interpretation

- 2 In this Act:
 - (a) "advisory area" means the lands described in Schedule B;
 - (b) "appeal board" means the Wakamow Valley Appeal Board established by section 28;
 - (c) "authority" means the Wakamow Valley Authority constituted by section 4;
 - (d) "authority land" means land within Wakamow Valley owned by the authority;
 - (e) "boat" includes any vessel used or designed to be used in navigation;
 - (f) "bylaw" means a bylaw of the authority;
 - (g) "city" means the City of Moose Jaw;
 - (h) "city land" means land within Wakamow Valley:
 - (i) that is owned by the city; or
 - (ii) that the city occupies or has the right to occupy pursuant to a lease with the owner of the land for a term in excess of 100 years;
 - (i) "development plan" means the conceptual plan respecting Wakamow Valley on file in the office of the authority and designated by the authority as the development plan;
 - (j) "farmer" means a person whose principal occupation is farming;
 - (k) "farming" includes livestock raising, poultry raising, bee keeping, fur farming, tillage of the soil, nursery gardening or any other activity undertaken to produce agricultural products;
 - (l) "fiscal year" means the period commencing on April 1 in one year and ending on March 31 in the following year;

- (m) "government" or "Government of Saskatchewan" means the Crown in right of Saskatchewan, every corporation and agency thereof and the Lieutenant Governor in Council;
- (n) "Government of Canada" means the Crown in right of Canada, every corporation and agency thereof and the Governor General in Council;
- (o) "government land" means land within Wakamow Valley owned by the government but does not include the Wild Animal Park;
- (p) "improvement" means a building, structure or service facility constructed, or landscape construction, within Wakamow Valley, or any alteration thereof or addition thereto, but does not include the ordinary care, maintenance or repair of a building, structure or service facility or of landscape construction;
- (q) **Repealed.** 2000, c.L-5.1, s.550.
- (r) "landscape construction" means:
 - (i) the clearing, breaking, grading, fertilizing or cultivating of any area;
 - (ii) the construction of an outdoor ground surface for games or athletics:
 - (iii) the establishment on any outdoor ground surface of trees, shrubs, flowers, grass or other forms of vegetative growth;
 - (iv) the placement on any outdoor ground surface of outdoor furniture, including seating of a type suitable for a garden or park but not for an audience or assembly of spectators; or
 - (v) the placement of any functional or aesthetic features contributing to the general landscape design of the area;

and includes:

- (vi) the provision of any machines, equipment and tools that, in the opinion of the authority, are necessary; and
- (vii) for the purposes of sections 16 to 27, the breaking and use of any area for the operation of a gravel pit;
- (s) "landscape maintenance" means the sustaining of landscape construction and includes the provision of any machines, equipment and tools that, in the opinion of the authority, are necessary;
- (t) "management area" means the lands described in Schedule A;
- (u) "member" means a member of the authority appointed pursuant to section 5;
- (v) "participating party" means the government, the city or a rural municipality;
- (w) "person" does not include a participating party or the authority;

- (x) "private land" means land within Wakamow Valley owned by a person;
- (y) "property" means real or personal property or any interest therein;
- (z) "public land" means land within Wakamow Valley owned by one or more participating parties and includes the verge;
- (aa) "rural municipal land" means land within Wakamow Valley owned by a rural municipality;
- (bb) "rural municipality" means the Rural Municipality of Baildon No. 131 or the Rural Municipality of Moose Jaw No. 161, as the case may be;
- (cc) "service facility" means anything by means of which water, light, power or gas is supplied, any sewer or sewage system or any other facility that, in the opinion of the authority, is necessary for the purpose of Wakamow Valley, and includes a road, curb, bridge, sidewalk or parking lot, outdoor seating of a type suitable for an audience or assembly of spectators and a building that is:
 - (i) a headquarters building for the authority;
 - (ii) a public bathroom, toilet, shower, changing room, restroom, shelter, tool or equipment locker, pumphouse or machine-house;
 - (iii) in the opinion of the authority, incidental to a park or used in connection with the operation of a park; or
 - (iv) used for any combination of the purposes mentioned in subclauses (i) to (iii);
- (dd) "service maintenance" means the maintenance of any service facility and includes snow removal, garbage disposal and the provision of any machines, equipment and tools that, in the opinion of the authority, are necessary;
- (ee) "**special resolution**" means a resolution of the authority passed with the approval of at least five members, other than members designated under subsection 5(11), and of whom at least:
 - (i) one member is appointed under clause 5(1)(a); and
 - (ii) two members are appointed under clause 5(1)(b);
- (ff) "verge" includes all lands lying between the boundary of Wakamow Valley where it abuts upon a street, road or lane and the nearest part of the street, road or lane that is intended for the use of vehicles;
- (gg) "Wakamow Valley" means the area described in Schedules A and B, subject to any alterations made pursuant to section 14, and, for the purposes of section 13, includes the verge.

1980-81, c.W-1.1, s.2; 1980-81, c.83, s.59; 1984-85-86, c.20, s.3.

APPLICATION OF ACT

Application of Act

- **3**(1) Subject to subsection (2), this Act does not apply:
 - (a) to any public land that, at the time of the coming into force of this section, is occupied or used by the Government of Canada or of Saskatchewan or by any other person pursuant to any lease, licence or permit to do so granted by any person or participating party having the right to grant such occupation or use;
 - (b) to any public land mentioned in clause (a) that is occupied or used as described in that clause pursuant to a renewal of a lease, licence or permit to do so approved by the authority.
- (2) Without limiting the generality of section 64, where the Government of Canada or of Saskatchewan or any other person who is occupying or using public land mentioned in subsection (1) enters into an agreement with the participating party that owns the land and the authority to provide for the application of this Act or any provision of this Act to that land, this Act applies in respect of that land in accordance with the agreement.
- (3) Subject to subsection (2), nothing in this Act or the bylaws is to be construed so as to infringe, restrict or enlarge upon the rights and obligations of a participating party or person under any lease, licence or permit mentioned in subsection (1).
- (4) Subject to subsection (1), for the purposes of this Act every public reserve in Wakamow Valley is deemed to be authority land.
- (5) Any Act, regulation, bylaw or other law applicable in respect of Wakamow Valley, whether enacted, made or passed before or after the coming into force of this section, continues to apply in respect of Wakamow Valley, except to the extent that it is superseded by or is in conflict with this Act or any bylaw made under this Act.

1980-81, c.W-1.1, s.3; 1980-81, c.83, s.59.

WAKAMOW VALLEY AUTHORITY

Authority constituted

- **4**(1) There is hereby constituted a body corporate to be known as the Wakamow Valley Authority.
- (2) The authority has perpetual succession and a common seal of any design that the authority may determine.

1980-81, c.W-1.1, s.4.

Membership of authority

- **5**(1) The authority shall consist of:
 - (a) three members appointed by the Lieutenant Governor in Council;
 - (b) four members appointed pursuant to a resolution of the city; and

- (c) two other members, one each of which is appointed pursuant to a resolution of each rural municipality.
- (2) A member may be appointed or reappointed for any term expressed in his appointment or reappointment but, in the absence of an expressed term, the appointment or reappointment, unless sooner terminated by the death or written resignation of the member or by any other cause, as determined by a judge or a court of competent jurisdiction, continues until terminated by the participating party that made the appointment or reappointment.
- (3) Notwithstanding subsection (2), an appointment may be terminated at any time by the participating party that made the appointment or by the written and signed resignation of the member appointed, and, where a member resigns, his resignation takes effect on the day it is received by the chairman or secretary of the authority, unless a later time is specified for the purpose in the written resignation, in which case the resignation takes effect at the time so specified.
- (4) Where a vacancy occurs in a participating party's representation on the authority, the participating party may appoint another person to fill the vacancy.
- (5) A vacancy in the membership of the authority does not impair the power of the authority to act.
- (6) The members shall name a chairman and a vice-chairman from among their number, and shall appoint a secretary and a treasurer who may, but need not, be members.
- (7) Where the chairman is absent or unable to act or where the office of chairman is vacant, the vice-chairman has and may exercise all the powers and functions of the chairman.
- (8) The authority shall pay to the members, other than the members designated under subsection (11), any remuneration that may be determined by the authority.
- (9) Notwithstanding *The Legislative Assembly and Executive Council Act, 2007*, where a member of the Legislative Assembly is appointed as a member of the authority, he is not, by reason only of the appointment or of any payment made to him under subsection (8), required to vacate his seat and is not disqualified from sitting or voting in the Legislative Assembly.
- (10) Notwithstanding *The Cities Act* or *The Municipalities Act*, if a member of the council of any municipality is appointed as a member of the authority, that person is not, by reason of the appointment or of any payment made to him or her pursuant to subsection (8), disqualified from being a member of or voting in the council of the municipality.
- (11) When appointing members to the authority, the government and the city shall each designate one member appointed by it pursuant to subsection (1) as a member who is not entitled to vote on any question or matter before the authority.
- (12) No officer or employee of the city is eligible to be appointed as a member of the authority, unless he is also designated under subsection (11).

Disclosure of land holdings

- 6(1) In this section:
 - (a) "controlling interest", with respect to a corporation, means:
 - (i) beneficial ownership, whether direct or indirect, of; or
 - (ii) the exercise of control or direction over;

shares of the corporation that carry more than 25% of the voting rights attached to all of the issued shares of the corporation;

- (b) "director or other officer", with respect to a corporation, is deemed not to include a director or other officer of a co-operative association;
- (c) "land" includes:
 - (i) lands, tenements and hereditaments and any estate or interest therein, or right or easement affecting the same;
 - (ii) buildings, or parts of buildings, structures or fixtures, erected or placed upon, in, over or under or affixed to land, but does not include machinery permanently affixed to buildings or imbedded in foundations, or such foundations; and
 - (iii) structures and fixtures erected or placed upon, in, over or under or affixed to any highway, lane or public place or water, but does not include the rolling stock of a railway;
- (d) "own", in relation to land, includes:
 - (i) owning in a representative capacity, such as executor, administrator or trustee;
 - (ii) holding an option to purchase; and
 - (iii) purchasing by way of agreement for sale.
- (2) Every member or officer of the authority and every member of a committee appointed under section 15 shall, before entering upon the duties of his office or within 30 days after the coming into force of this section, whichever is later, furnish the authority with a declaration in the form prescribed in Schedule C setting out the lands within Wakamow Valley owned by him, his spouse or any corporation of which he or his spouse is a director or other officer or in which he or his spouse has a controlling interest.
- (3) Every person required to make a declaration pursuant to subsection (2) shall, within 30 days after any disposition or acquisition of lands described in that subsection, notify the authority of the disposition or acquisition.
- (4) The authority shall maintain a register containing:
 - (a) the information furnished to it pursuant to subsections (2) and (3); and
 - (b) the name of the person to whom the information relates.
- (5) Every person who contravenes subsection (2) or (3) is guilty of an offence and liable on summary conviction to a fine of not more than \$50 and to a further fine of not more than \$25 for each day or part of a day during which the offence continues.

c. W-1.1

- (6) Where a member is convicted of an offence against subsection (2) or (3), his appointment as a member is terminated, notwithstanding subsection 5(3), and he is not eligible to be appointed as a member for a period of three years after the date of his conviction.
- (7) The register maintained by the authority in accordance with this section may be inspected by any person during the regular business hours of the authority.

Quorum

- 7(1) Subject to any provision of this Act that requires a special resolution, the authority may determine the number of its members that constitutes a quorum.
- (2) Until the authority makes a determination pursuant to subsection (1), five members constitute a quorum.

Head office

8 The head office of the authority shall be at the city or at any other place within Wakamow Valley that the authority may determine.

Meetings

9 The members shall meet at least four times in each year and at any other times that they may consider necessary.

Employees of authority

- **10**(1) The authority may employ any officers or other employees or any consultants or advisors that it considers necessary for the purposes of this Act, and may fix their remuneration and the terms and conditions of their employment.
- (2) Subject to subsection (3), the city may arrange for the participation by officers and employees employed pursuant to subsection (1) in the City of Moose Jaw Superannuation Plan.
- (3) Any person employed under subsection (1) who, immediately prior to being so employed, is participating in a superannuation plan or scheme as a result of employment with a participating party may, within one month from the day on which he is employed under subsection (1), by notice in writing to the authority and to the governing authority of that superannuation plan or scheme, elect to continue to participate in that superannuation plan or scheme, if arrangements for his continued participation are made by the participating party and the governing authority of the superannuation plan or scheme.
- (4) Where a person makes an election under subsection (3):
 - (a) the election is irrevocable; and
 - (b) he shall continue to participate in the superannuation plan or scheme that he was participating in as a result of his former employment.

(5) The authority may, by agreement, make any arrangements with the governing authority of any superannuation plan or scheme that may be necessary to provide for a superannuation plan or scheme for any officers and employees of the authority.

1980-81, c.W-1.1, s. 10.

Powers of authority

- 11 In addition to any other power conferred upon it by this Act, the authority may:
 - (a) subject to subsection 12(4), amend or elaborate the development plan after consultation with the architect planner appointed pursuant to section 70;
 - (b) co-ordinate or control the use, development, conservation, maintenance and improvement of public land in accordance with the development plan;
 - (c) acquire property by gift or purchase or in any other manner;
 - (d) hold or administer property or acquire, by lease, licence or otherwise, the right to occupy and use property;
 - (e) subject to section 48, sell, grant, convey, lease or otherwise dispose of its property;
 - (f) construct, maintain or operate any park, improvement or service facility;
 - (g) subject to any other provision of this Act relating to landscape maintenance, service maintenance, landscape construction and service facilities:
 - (i) maintain, develop, improve or build on any authority land;
 - (ii) with the consent of a participating party, or of its agent or representative, maintain, develop, improve or build on any public land owned by that participating party;
 - (iii) upon the request and at the expense of the owner or occupant of any private land, maintain, develop, improve or build on any private land of the owner or occupant making the request;
 - (h) upon the request and at the expense of a participating party, maintain, develop or improve property owned by the participating party and situated outside Wakamow Valley;
 - (i) on authority land, establish, maintain and operate, or grant concessions or permission for the operation of, places of entertainment, amusement, recreation or refreshment or other places of public interest or accommodation, and may operate, or grant permission for the operation of, a public information service respecting the activities and services of the authority;
 - (j) invest for its benefit all or any sums of money belonging to it and not presently required for expenditure in any security or class of securities authorized for the investment of moneys in the general revenue fund pursuant to *The Financial Administration Act, 1993*;

- (k) dispose of any securities in which moneys have been invested under clause (j) in any manner and on any terms that it may consider expedient;
- (l) acquire, take and hold, according to law, any property that is bona fide mortgaged, hypothecated or pledged to it by way of security or conveyed to it in satisfaction of debts previously contracted;
- (m) enter into any contract or agreement that it considers expedient or desirable in the exercise of any of its powers or the discharge of any of its duties under this Act;
- (n) generally do and authorize the doing of any things that are incidental or conducive to the attainment of its objects and purposes and the exercise of its powers under this Act.

1980-81, c.W-1.1, s.11; 1983, c.29, s.55; 1988-89, c.42, s.109; 2004, c.10, s.17 and 18.

Exercise of powers by resolution

- **12**(1) The authority shall exercise its powers by resolution.
- (2) A resolution of the authority may be passed at a meeting of the members or in any other manner prescribed in the bylaws.
- (3) Subject to subsection (4), a resolution requires the approval of at least four members.
- (4) The development plan may only be amended or elaborated by a special resolution.

1980-81, c.W-1.1, s.12.

Bylaws

- **13**(1) Without limiting the generality of any of the powers conferred upon it by section 11, the authority may, for the purpose of carrying out the provisions of this Act according to their intent, make bylaws in respect of Wakamow Valley:
 - (a) subject to subsection (2), regulating the use of public land and prohibiting, regulating or controlling the construction or alteration of any improvement on any public land in the management area;
 - (b) notwithstanding *The Cities Act* or *The Municipalities Act*, controlling traffic in the management area, including the regulation of speed and parking of vehicles;
 - (c) without limiting the generality of clause (j), prohibiting or regulating the use, for recreational purposes, of the waters of the Moose Jaw River flowing within Wakamow Valley or of any lake, stream, pond or other body of water in Wakamow Valley;
 - (d) authorizing police, special constables or peace officers, or any designated officer:
 - (i) to remove or cause the removal of any vehicle or boat that is placed, left or kept in Wakamow Valley in contravention of this Act or a bylaw;
 - (ii) to impound or store any vehicle or boat described in subclause (i); and

(iii) to release any vehicle or boat that has been impounded to the owner upon payment of the cost of removal and impounding or storage within a period of 30 days after the day of the removal of the vehicle or boat or within any extended period of time that may be specified in the bylaw;

and providing for the recovery of the cost of removal and impounding or storage cost, if not paid within the period of time allowed, from the owner of the vehicle or boat by action in a court of competent jurisdiction or by sale of the vehicle or boat at public auction or by private sale;

- (e) applicable to public land, for the protection of animal, bird, aquatic and plant life;
- (f) subject to *The Fire Prevention Act, 1980*, for fire prevention and extinguishment of fires;
- (g) respecting the provision of any service facility;
- (h) subject to subsections (2) and (3), applicable to the management area:
 - (i) regulating, restricting or prohibiting a trade, commercial or industrial enterprise, amusement, occupation or other activity or undertaking;
 - (ii) determining the place where any activity or undertaking mentioned in subclause (i) may or may not be carried on;
 - (iii) providing for the licensing of a person carrying on any activity or undertaking mentioned in subclause (i) and prescribing licence fees;
- (i) prescribing fees for the entrance to or use of authority land or of facilities operated or owned by the authority;
- (j) regulating, restricting or prohibiting sports, games, picnicking, camping or other recreational activities on public land;
- (k) for the preservation of the public health and the prevention of the spread of disease;
- (l) prohibiting the making of excessive noise on public land;
- (m) subject to subsection (4), prohibiting the keeping, or controlling the use or manner of the keeping, of horses, dogs and other animals;
- (n) subject to any Act of the Parliament of Canada or of the Legislature, for dealing with, controlling the use of, or preventing the pollution or contamination of or other injury to the waters and banks of any well, lake, stream, river, pond or other body of water;
- (o) for the protection, care and preservation of property of the authority;
- (p) for the prevention of nuisances and compelling the abatement of nuisances;
- (q) for the internal government of the affairs of the authority, including its proceedings and the calling and conduct of its meetings.

- (2) No bylaw made under clause (1)(a) or subclause (1)(h)(i) or (ii) applies with respect to any matter or thing done solely within the interior of a building.
- (3) No bylaw made under clause (1)(h) prohibits any person or participating party from carrying on any activity or undertaking that was carried on prior to the coming into force of this section and that has been carried on continuously from that time.
- (4) No bylaw made under clause (1)(m) applies in respect of rural municipal land, private land or land used for any agricultural exhibition or zoo.
- (5) Every bylaw made under subsection (1), other than a bylaw made under clause (1)(g) or (q), is to be published in the Gazette and in a newspaper having circulation in the city and has force and effect on and after the date specified for the purpose in the bylaw or, if no date is so specified, on and after the day on which the bylaw is published in the Gazette.
- (6) Every bylaw made under clause (1)(g) or (q) has force and effect on and after the date specified for the purpose in the bylaw or, if no date is so specified, on and after the day on which the bylaw is made.
- (7) Notwithstanding that parts of the management area are government land:
 - (a) every bylaw passed by the council of the city respecting traffic applies throughout the portion of the management area situated within the city;
 - (b) every bylaw passed by the council of the rural municipality respecting traffic applies throughout the portion of the management area situated within the rural municipality.
- (8) All bylaws made by the authority may be enforced in the same manner that bylaws of the city may be enforced pursuant to *The Cities Act*, and for that purpose subsection 8(2) and sections 82, 335 and 345 of *The Cities Act* apply, with any necessary modification.

1980-81, c.W-1.1, s.13; 1980-81, c.83, s.59; 1984-85-86, c.16, s.42; 2002, c.C-11.1, s.419; 2005, c.M-36.1, s.480.

Alteration of area of Wakamow Valley

- **14**(1) Subject to subsections (2) and (3), the authority may, by special resolution, alter the area of Wakamow Valley by adding to or excluding from the area any parcel of land.
- (2) The authority may, by special resolution, alter the area of Wakamow Valley by adding to the area any parcel of private land within the geographical area of a participating party, other than the government, with the approval of the participating party.

- (3) The authority may, by special resolution, alter the area of Wakamow Valley by adding to or excluding from the area any parcel of land outside the geographical area of the participating parties, other than the government, with the approval of each of the participating parties and the municipality in which the land is situated.
- (4) The authority may, by special resolution:
 - (a) alter the area of the management area by adding to the area any parcel of land in the advisory area;
 - (b) alter the area of the advisory area by adding to the area any parcel of land in the management area;

with the approval of the participating party in whose geographical area the parcel of land is situated.

(5) Where any parcel of private land is added to or excluded from Wakamow Valley or the management area, the authority shall, within 10 days after the date of the special resolution effecting the addition or exclusion, advise the owner of the parcel of private land in writing of the addition or exclusion.

1980-81, c.W-1.1, s.14; 1980-81, c.83, s.59.

Withdrawal

- **14.1**(1) A rural municipality may, in accordance with subsection (2), withdraw as a participating party of the authority effective December 31 in any year.
- (2) A rural municipality that wishes to withdraw as a participating party of the authority shall give written notice of its withdrawal to the chairman of the authority and every other participating party at least two years prior to December 31 of the year in which it will withdraw.
- (3) On and from the date that a rural municipality withdraws as a participating party:
 - (a) that rural municipality has no power to appoint a member of the authority; and
 - (b) the member of the authority appointed by that rural municipality who was serving at the time of the withdrawal ceases to be a member; and
 - (c) any area of land within that rural municipality which is included in Wakamow Valley ceases to be part of Wakamow Valley unless that rural municipality agrees that the land should remain as part of Wakamow Valley.

1984-85-86, c.20, s.5.

COMMITTEES

Advisory committees

15 The authority may appoint, upon any terms and conditions that it considers advisable, any committees that it considers advisable consisting of persons who may, but need not, be members.

1980-81, c.W-1.1, s.15.

WAKAMOW VALLEY AUTHORITY

c. W-1.1

Improvements made by authority

25 The authority shall not make an improvement on public land unless it considers the proposed improvement to be consistent or in accordance with the development plan.

1980-81, c.W-1.1, s.25.

26 to 34 To be proclaimed.

Landscape construction to accord with development plan

35 The authority shall not perform any landscape construction that is not consistent or in accordance with the development plan.

1980-81, c.W-1.1, s.35.

36 To be proclaimed.

SERVICE FACILITIES AND SERVICE MAINTENANCE

Service facility of participating party

37 A participating party shall, at its own expense, construct any service facility that it requires, but that construction or its expense, or both, may, in the discretion of the authority, be assumed wholly or partly by the authority in any case where the authority considers that it will derive all or a substantial part of the benefit to be derived from the service facility.

1980-81, c.W-1.1, s.37.

Service facility of authority

38 The authority shall, at its own expense, construct any service facility that it requires.

1980-81, c.W-1.1, s.38.

Authority determines service maintenance

39 The authority shall determine the service maintenance to be performed on land other than private land within Wakamow Valley and shall perform or cause to be performed all service maintenance so determined.

1980-81, c.W-1.1, s.39.

Service maintenance

- **40**(1) Each participating party shall pay for service maintenance of a service facility which it requires.
- (2) The authority shall pay for service maintenance of a service facility which it requires.
- (3) Service maintenance of a service facility which is required by a participating party may be performed by the authority at the expense of the participating party, but that expense may, in the discretion of the authority, be assumed wholly or partly by the authority in any case where the authority considers that it will derive all or a substantial part of the benefit to be derived from the service facility.

1980-81, c.W-1.1, s.40.

Existing service facility

41 Each participating party shall maintain, at its own expense, any service facility existing at the time of the coming into force of this section and for which it was responsible on the day before the day on which this section comes into force.

1980-81, c.W-1.1, s.41; 1980-81, s.83, s.59.

COST OF SERVICE MAINTENANCE

Determination of cost

- 42 Notwithstanding any other provision of this Act:
 - (a) the amount of the expense of service maintenance is deemed to be, in every case in which the authority passes a special resolution for the purposes of this clause, the sum fixed by the resolution, notwithstanding that the amount of the expense might be determined in another manner;
 - (b) where no special resolution applicable to a fiscal year has been passed pursuant to clause (a), the rates for the various types of service maintenance may be established by agreement between the authority and each participating party;
 - (c) where, in any case, the amount of the expense of service maintenance to be charged to a participating party has not been established by a special resolution pursuant to clause (a) or by agreement with the participating party pursuant to clause (b), the authority may by resolution provide that the amount of the expense be determined by a single arbitrator and, where such a resolution is passed, it is deemed, with respect to the matter to be determined, to be an arbitration agreement within the meaning of *The Arbitration Act*, 1992 and the authority and the participating party are bound by the award of the arbitrator unless, prior to the handing down of the award, there has been a special resolution passed pursuant to clause (a) or an agreement made pursuant to clause (b) with respect to the matter of the arbitration agreement.

1980-81, c.W-1.1, s.42; 1992, c.A-24.1, s.61.

VERGE

Construction, etc., on verge

- **43**(1) No person or participating party shall, except with the prior approval of the authority, build, erect, place, alter or renovate a structure, hoarding, poster, sign, seating, fencing or construction of any kind whatsoever within the verge, other than a traffic or bus-stop sign, or a structure erected or placed for the shelter of persons intending to use any public transportation system, that is of a style and size acceptable to the authority.
- (2) No person or participating party shall, without the prior approval of the authority, carry out any landscape construction or alter or interfere with landscaping or vegetative growth within the verge.

1980-81, c.W-1.1, s.43.

CLOSING OF PUBLIC HIGHWAY

Closure by authority

- **44**(1) Subject to subsections (2) and (4), the authority may close the whole or any part of a public highway in the management area.
- (2) The authority may delegate to an officer of the authority its power to close the whole or any part of a public highway in the management area for a period of not more than seven days.
- (3) The authority shall not permanently close the whole or any part of a public highway within the area of jurisdiction of a participating party without its approval.
- (4) Where the authority intends to close a public highway or part of a public highway within the management area and there is land abutting on the public highway or part that is to be closed that is not owned by a participating party or by the authority, it shall not close the public highway or part unless:
 - (a) it gives at least 30 days' notice of its intention by registered mail to each registered owner of land abutting on the public highway or part that is proposed to be closed;
 - (b) the notice mentioned in clause (a) is published at least once each week for two successive weeks in a newspaper published in the city; and
 - (c) every person who, before the public highway or part is closed, claims that his land will be injuriously affected by the closing and who petitions the authority for a hearing has been given an opportunity to be heard by himself or his agent with respect to the proposed closing.
- (5) A person described in clause (4)(c) is entitled to be compensated by the authority for all damage caused to his land by reason of the closing, and, where the amount of compensation is not agreed upon between the claimant and the authority, the authority shall, within one month after the public highway or part has been closed, cause to be served upon the claimant, by ordinary mail, a notice setting out a description of the public highway or part, the day on which it was closed and the amount of compensation that the authority is prepared to pay.
- (6) Where a person entitled to compensation pursuant to subsection (5) is dissatisfied with the amount offered, sections 50 to 55, subsection 56(3) and sections 57 and 58 of *The Highways and Transportation Act* apply, *mutatis mutandis*, for the purpose of determining the amount of compensation.
- (7) Nothing in this Act restricts the power of the Minister of Highways and Transportation under *The Highways and Transportation Act* to close the whole or any portion of a public highway within Wakamow Valley, but the minister, before exercising that power, shall obtain the prior consent of the authority for the purpose.

Closure by participating party

- **45**(1) Subject to subsection (2), a participating party may close the whole or any part of a public highway in any area within its jurisdiction situated within Wakamow Valley for any period not exceeding 28 days.
- (2) Subject to subsection (3), a participating party proposing to close a public highway under subsection (1) shall, at least two days before closing the public highway, advise the authority of its intention to do so.
- (3) Subsection (2) does not apply where a participating party closes a public highway under subsection (1) because of an emergency.

1980-81, c.W-1.1, s.45.

INSTRUMENTS AFFECTING PUBLIC LAND

Instruments affecting public land

- **46**(1) Subject to subsections (3) and (4) but otherwise notwithstanding any other provision of this Act, a transfer of title with respect to public land in the management area must be accompanied by the written consent of the authority.
- (2) Subject to subsections (3) and (4) but otherwise notwithstanding any other provision of this Act or any other Act, an interest registered in the Land Titles Registry with respect to public land in the management area is invalid unless it is accompanied by the written consent of the authority.
- (3) Subsections (1) and (2) do not apply with respect to:
 - (a) any transfer or interest evidencing the occupation or use of public land to which, by reason of section 3, this Act does not apply;
 - (b) leases of property for a term not exceeding 10 years;
 - (c) any transfer or interest affecting land intended for residential purposes and concerning which a plan of subdivision has been approved by the Controller of Surveys;
 - (d) any transfer of land to the government where the land transferred is dedicated to public use; or
 - (e) any transfer or interest that is exempted by bylaw from the application of subsections (1) and (2).
- (4) The authority shall not withhold its consent under subsections (1) and (2) to any transaction involving public land unless it considers that the use to be made of the land as a result of the transaction will not be consistent or in accordance with the development plan.

2000, c.L-5.1, s.551.

c. W-1.1

ACQUISITION AND DISPOSAL OF LAND

Approval to expropriate

47 No person or participating party shall exercise any power given by an Act to expropriate any land or interest in land within Wakamow Valley without the approval of the authority.

1980-81, c.W-1.1, s.47.

Disposal of authority land

- **48**(1) The authority shall not dispose of authority land or any interest in authority land without the consent in writing of each participating party.
- (2) Any land that is acquired by the authority may, at the discretion of the authority, be sold at any time to any participating party desiring to purchase the land at a price that is, as nearly as it is possible to determine, equivalent to the total cost incurred by the authority in respect of the land.
- (3) In subsection (2), "total cost" includes all expenditures that the authority determines it has incurred in respect of the land, including:
 - (a) the actual cost of acquiring the land, of fixing and paying the price thereof or the compensation therefor and of all valuations and other matters incidental or related thereto; and
 - (b) the cost of improvements constructed by the authority on the land and the cost of construction of service facilities and service maintenance in respect of the land, but such cost may be wholly or partly excluded at the discretion of the authority in any case where the authority considers that it will derive all or a substantial part of the benefit to be derived from the improvements, service facilities or service maintenance.

1980-81, c.W-1.1, s.48.

Acquisition of land by authority or participating party

- **49**(1) The authority may by agreement acquire any private land or land owned by a participating party.
- (2) A participating party may by agreement, with the approval of the authority, acquire any land within Wakamow Valley owned by another participating party.
- (3) Where a participating party acquires any private land within Wakamow Valley, it shall give notice of the acquisition to the authority.

1980-81, c.W-1.1, s.49.

50 To be proclaimed.

Disposal of public land

51(1) Subject to subsection (2), where a participating party proposes to dispose of land owned by it within Wakamow Valley, it shall provide the other participating parties and the authority with an opportunity to acquire the land before attempting to dispose of it.

- (2) Subsection (1) does not apply to any lands to be sold for residential purposes and in respect of which a plan of subdivision has been approved by the authority and the Controller of Surveys.
- (3) Subsection 50(2) applies, *mutatis mutandis*, in respect of public land that is to be disposed of.

1980-81, c.W-1.1, s.51; 2000, c.L-5.1, s.552.

Transfer of land by city or rural municipality

- **52** Subject to section 51:
 - (a) the city may, without complying with *The Cities Act* and notwithstanding that Act and notwithstanding those Acts, lease to any other participating party or the authority, or transfer to any other participating party or the authority by way of sale, gift or otherwise, any city land;
 - (b) the rural municipality may, without complying with *The Municipalities Act* and notwithstanding that Act, lease to any participating party or the authority, or transfer to any other participating party or the authority by way of sale, gift or otherwise, any rural municipal land.

1980-81, c.W-1.1, s.52; 1984-85-86, c.16, s.42; 2002, c.C-11.1, s.419; 2005, c.M-36.1, s.480.

53 to 55 To be proclaimed.

FINANCE

Amounts payable by participating parties

- $\mathbf{56}(1)$ In every fiscal year, participating parties shall pay the following amounts to the authority:
 - (a) in the case of the city, \$190,500;
 - (b) in the case of the government, \$127,000;
 - (c) in the case of a rural municipality that is a participating party of the authority, \$1,500.
- (2) The participating parties shall review the amounts mentioned in subsection (1) a minimum of every five years after April 1, 1997.

1997, c.53, s.3.

Payment from consolidated fund

57 Any sums payable by the government pursuant to section 56 are to be paid out of the general revenue fund.

1980-81, c.W-1.1, s.57; 2004, c.10, s.17.

- **58** Repealed. 1997, c.53, s.4.
- **59** Repealed. 1997, c.53, s.4.
- **60 Repealed.** 1993, c.20, s.3.

Time at which payments to authority are required

61 One-fourth of each of the sums to be paid by a participating party during a fiscal year pursuant to sections 42 and 56 becomes due on each of April 1, July 1, October 1 and January 1 in that fiscal year, or at any other time or times that may be arranged in the case of all or any of the participating parties, and, for the purpose of substituting such a time or times either for one occasion or for a specified or indefinite period, by agreement between the authority and the participating party or parties for whom the arrangement is to be made.

1980-81, c.W-1.1, s.61.

61.1 Repealed. 1997, c.53, s.4.

Interest payable by participating party

62 Where a participating party fails to pay a sum when due, it shall pay to the authority, upon demand, interest at a rate equal to the prime rate of interest payable under the latest debentures issued by the city prior to the day the sum became due on the amount in arrears from the day on which it became due.

1980-81, c.W-1.1, s.62.

Temporary loans

- **63**(1) Subject to subsections (2) and (3), the authority may borrow, by way of temporary loans from any bank or from any person or corporation, any sums, upon any terms, for any purposes and upon any conditions that the authority may determine, by way of bank overdraft or line of credit, or by the pledging as security for such temporary loans of notes, bonds or other securities of the authority pending the sale thereof or in lieu of selling them, or in any other manner that the authority may determine, and any cheques, promissory notes or other instruments that may be necessary or desirable in connection with the borrowing of money and the obtaining of advances by way of temporary loans, may be executed in any manner that the authority may determine.
- (2) Subject to subsection (4), any sum borrowed under subsection (1) is to be borrowed on the condition that the sum is to be repaid or the loan otherwise retired within the fiscal year in which the loan is made.
- (3) The aggregate of the sums borrowed under subsection (1) which are outstanding at any one time in any fiscal year shall not exceed one-half of the total of the amounts payable by the participating parties under subsection 56(1) in respect of that fiscal year.
- (4) The authority may, during the fiscal year in which any sum is borrowed and the two succeeding fiscal years, extend the loan and renew or extend the promissory notes or other obligations securing the loan.

1980-81, c.W-1.1, s.63; 1997, c.53, s.5.

Agreements

- **64**(1) Notwithstanding any other provision of this Act or any provision of any other Act, the authority or a participating party may, for the whole or part of any purpose relating or incidental to Wakamow Valley or the land forming part of any road or street abutting upon Wakamow Valley:
 - (a) enter into an agreement with the Government of Canada or the council of any municipality in Saskatchewan, or with each other or with any other participating party;
 - (b) expend moneys, provide services and carry out obligations.
- (2) Notwithstanding any other provision of this Act or any provision of any other Act, a participating party may pay moneys to the authority on account of any future obligation of the participating party to the authority, whether or not the amount of the obligation is then known and whether or not the obligation is likely to be incurred in the same fiscal year as the fiscal year in which the payment is made.
- (3) All moneys to be paid under subsection (1) or (2) by the government shall, subject to the approval of the Lieutenant Governor in Council, be paid out of the general revenue fund.

1980-81, c.W-1.1, s.64; 2002, c.C-11.1, s.419; 2004, c.10, s.17; 2005, c.M-36.1, s.480.

MISCELLANEOUS

Non-liability of participating parties, etc.

65 No action lies against a participating party, any member, officer or employee of the authority acting on the instructions of the authority or pursuant to the authority of this Act, the architect planner of the authority or any committee appointed by the authority for any loss or damage suffered by any person or participating party by reason of anything in good faith done or omitted to be done in the exercise or supposed exercise of any authority granted pursuant to this Act or a bylaw.

1988-89, c.23, s.4.

Proposal re development plan

66 A participating party may propose to the authority that the development plan be implemented, elaborated or amended.

1980-81, c.W-1.1, s.66.

Fire protection

- **67**(1) Subject to subsection (2), the city shall provide fire protection in respect of property of the authority in Wakamow Valley.
- (2) The authority may take measures necessary for the prevention and extinguishment of fires within Wakamow Valley and, without limiting the generality of the foregoing, may purchase or otherwise acquire engines and other fire fighting equipment and engage the necessary staff for carrying out such measures.

1980-81, c.W-1.1, s.67.

Law enforcement

- **68**(1) The city shall provide law enforcement in Wakamow Valley.
- (2) Without limiting the powers of the city to provide law enforcement in Wakamow Valley, the authority may appoint special constables, to be engaged at the expense of the authority, who have the authority to perform and exercise, within Wakamow Valley, all the duties and powers that constables and peace officers are by law authorized to perform or exercise.
- (3) Special constables appointed under subsection (2) are, in the performance of their duties and the exercise of their powers, subject to the lawful directions and orders of the chief of police of the city.
- (4) The authority shall supply every special constable with an identification card and every special constable shall, before entering upon his duties, take and subscribe to an oath or affirmation in the same form, with any necessary modification, as the form prescribed in the regulations made pursuant to *The Police Act*, 1990.
- (5) No special constable shall be a member of the police force of the city, and neither the city nor the board of police commissioners of the city is responsible for any act of a special constable or for his failure to act in any circumstances.
- (6) The authority may make any charges against any participating party that it considers reasonable, in respect of services performed by special constables, and a participating party against whom any such charge has been made shall pay the amount of the charge to the authority.
- (7) Nothing in this section affects the power of the government or the Minister of Justice to provide for the performance of police duties within Wakamow Valley by members of the Royal Canadian Mounted Police or special constables appointed under *The Police Act*, 1990.

1980-81, c.W-1.1, s.68; 1983, c.11, s.94; 1990-91, c.P-15.01, s.103.

Exemption from taxation

69 No authority land or improvement on authority land is subject to taxation for provincial, municipal or school purposes.

1980-81, c.W-1.1, s.69.

Architect planner

- **70**(1) The authority shall, upon any terms and conditions that it considers desirable, appoint an architect, a landscape architect or a community planner, or a firm consisting of or including any number of those persons, to be an architect planner for the authority.
- (2) The architect planner appointed pursuant to subsection (1) shall review the development plan at least once every seven years.

1980-81, c.W-1.1, s.70; 1993, c.20, s.4.

c. W-1.1

WAKAMOW VALLEY AUTHORITY

Attestation of deeds

71 Except in cases otherwise provided for in this Act, all deeds executed under the common seal of the authority shall be attested by the signature of the chairman or vice-chairman and the secretary or any member designated by the authority for the purpose.

1980-81, c.W-1.1, s.71.

Evidence of bylaw, etc.

- **72**(1) A copy of a resolution, bylaw or other document in the custody of the secretary of the authority which purports to be:
 - (a) certified by the secretary to be a true copy; and
 - (b) sealed with the seal of the authority;

is admissible in evidence as prima facie proof:

- (c) of the resolution, bylaw or document; and
- (d) of its contents;

without proof of the signature or official character of the person purporting to have signed the certificate.

(2) A printed copy of a bylaw passed by the authority and purporting to be printed by the Queen's Printer or under the authorization of the authority is admissible in evidence as *prima facie* proof of its contents and of the fact that it has been duly passed without any further proof.

1980-81, c. W-1.1, s.72.

Majority view

73 Unless a member of a committee or subcommittee of the authority requests that a meeting be held for the purpose of rendering the decision, view or advice of the committee or subcommittee respecting a matter, the decision, view or advice of the committee or subcommittee, when supported individually by a majority of its members, may be accepted as the decision, view or advice of the committee or subcommittee, as the case may be, without the necessity of holding a committee or subcommittee meeting for the purpose.

1980-81, c.W-1.1, s.73.

Andit

- **74**(1) The authority shall appoint an auditor and cause an annual audit of the books, accounts and financial affairs of the authority to be made by the auditor.
- (2) The auditor shall, immediately after completing an audit, prepare a report with respect to his findings and furnish each participating party with a copy of the report.

1980-81, c.W-1.1, s.74.

Approval of authority required

- 75(1) Where a member of the Executive Council or any other person is authorized to grant any licence, permit, approval, right, authority, grant, permission, lease or concession under *The Agricultural Operations Act, The Water Power Act, The Environmental Protection and Management Act* or *The Saskatchewan Watershed Authority Act, 2005* or under any regulations made under any of those Acts, for the doing of any act or thing in Wakamow Valley or in or upon any land owned by the authority outside Wakamow Valley, the approval of the authority to the granting thereof shall first be obtained by the applicant.
- (2) Nothing in subsection (1) affects the application of any Act or regulation mentioned in that subsection which requires an approval, or which requires the doing or omitting of any act or thing, in respect of a licence, permit, approval, right, authority, grant, permission, lease or concession granted or to be granted under such Act or regulation.

1980-81, c.W-1.1, s.75; 1983-84, c.63, s.15; 2002, c.S-35.02, s.154; 2005, c.35.03, s.118.

Roads, etc., within management area

- **76**(1) Notwithstanding anything in *The Cities Act*, *The Municipalities Act* or any other Act, no road, street, bridge, highway, lane, alley, square or public place within the management area constructed by the authority shall be under the direction, management or control of the city or the rural municipality, but this section does not affect the application, pursuant to subsection 3(5), of bylaws of the city or the rural municipality.
- (2) **Repealed.** 2005, c.M-36.1, s.480.

1980-81, c.W-1.1, s.76. 1984-85-86, c.16, s.42; 2002, c.C-11.1, s.419; 2005, c.M-36.1, s.480.

Crown bound

77 The Crown is bound by this Act.

1980-81, c.W-1.1 s.77.

SCHEDULE A

- 1 All those lands, as shown in Plan Old 96, described as follows:
 - (a) Lots 1 and 20 in Block 90;
 - (b) Lots 19 to 22, inclusive, in Block 91;
 - (c) Lots 19 to 22, inclusive, in Block 112;
 - (d) Lots 1 and 20 in Block 113;
 - (e) Lots 1 and 20 in Block 121;
 - (f) Lots 19 to 22, inclusive, in Block 122;
 - (g) Lots 1 to 7, inclusive, and Lots 22 to 30, inclusive, in Block 134;

- (h) all that portion of:
 - (i) the lane in Block 134, lying west of the production southerly of a line drawn parallel to and 6.096 metres perpendicularly distant westerly from the east boundary of Lot 2 in Block 134;
 - (ii) Selwyn Street, lying between the production southerly of the west boundary of the east half of Lot 25 in Block 134 and the south-east limit of Pasqua Street;
 - (iii) North Bridge Street, lying between the production southerly of the east boundary of Lot 11 in Block 142 and the right bank of Moose Jaw Creek; and
 - (iv) Pasqua Street, lying between the south limit of Manitoba Street and the north limit of North Bridge Street;

except all that portion lying to the east of a line drawn parallel to and 6.096 metres perpendicularly distant westerly from the east boundary of Lot 2 in Block 134;

- (i) Block 142 and all that portion of North Bridge Street, lying between the production southerly of the east boundary of Lot 12;
- (j) Blocks 144 and 149;
- (k) Lots 1 to 10, inclusive, in Block 157;
- (l) Lots 1 to 10, inclusive, in Block 158;
- (m) Lots 4 to 17, inclusive, in Block 162; and
- (n) Blocks 171A, 196A and 197A, as amended by M.T.O. 61 MJ 12884.
- 2 Lots 4 to 6, inclusive, in Block A, as shown in Plan D 850.
- 3 Block 1 and Blocks A and B, as shown in Plan E 1505.
- 4 All those lands, as shown in Plan F 1789, described as follows:
 - (a) Block 1, except that portion as shown in Plan CX 345; and
 - (b) Block 2, except Parcel A as shown in Plan BA 3400.
- 5 Block D, as shown in Plan G 1209.
- 6 All those lands, as shown in Plan N 3102, described as follows:
 - (a) Lot 1, except the north 60.96 metres;
 - (b) Lot 2, except the north 53.34 metres;
 - (c) Lot 3, except the north 45.72 metres;
 - (d) Lot 4, except the north 38.10 metres; and
 - (e) Lots 5 to 7, inclusive.
- 7 Lots 7 to 16, inclusive, in Block K, as shown in Plan N 4280.
- 8 All those lands as shown in Plan R 1941, described as follows:
 - (a) Blocks 1 to 9, inclusive, and Blocks 17 and 20;
 - (b) Parcel A, as amended by M.T.O. 72 MJ 01571;
 - (c) Blocks H and J, as amended by M.T.O. 62 MJ 06348; and
 - (d) Maryland Public Park.
- 9 All those lands, as shown in Plan S 2499, described as follows:
 - (a) Lots 21 to 23, inclusive, Lots 35 to 37, inclusive, and the east half of Lot 38 in Block 4;
 - (b) Lots 1, 2 and 7 in Block 2; and
 - (c) Blocks 5 and 6.

WAKAMOW VALLEY AUTHORITY

- c. W-1.1
- 10~ Blocks 21~ to 24, inclusive, Blocks 25~ to 28, inclusive, and Blocks 37~ to 40, inclusive, as shown in Plan S 3865.
- 11 blocks 1 to 13, inclusive, Blocks 25 to 28, inclusive, and Blocks A and B, as shown in Plan V 1328.
- 12 All those lands, as shown in Plan AD 885, described as follows:
 - (a) Block G; and
 - (b) Block H, as amended by M.T.O. 62 MJ 06348.
- 13 Parcel A as shown in Plan BA 3400.
- 14 All those lands, as shown in Plan BF 1256, described as follows:
 - (a) Block B, except the north 182.88 metres;
 - (b) Block C, except the north 152.4 metres;
 - (c) Block D, except the north 121.92 metres; and
 - (d) Block E, except the north 91.44 metres.
- 15 Blocks 1 to 10, inclusive, Block 12, and Blocks R and R1, as shown in Plan CX 33.
- 16 Blocks 13 to 16, inclusive, and Blocks 18 and 19, as shown in Plan CX 126.
- 17 Blocks 17 and 20, as shown in Plan CX 251.
- 18 Parcel L as shown in Plan CX 296.
- 19 Parcels L and M, as shown in Plan CX 345.
- 20 All those lands, as shown in Plan EX 222, described as follows:
 - (a) Parcels A, C, D and E; and
 - (b) Block R1, as amended by M.T.O. 76 MJ 03766.
- 21 Blocks 17 and 21, as shown in Plan EX 1001.
- 22 Parcel N, as shown in Plan 59 MJ 10599.
- 23 Blocks B and C, as shown in Plan 61 MJ 10993.
- 24 Parcel A, as shown in Plan 61 MJ 12463.
- 25 Block 271, as shown in Plan 63 MJ 03288.
- 26 Lots 1 and 10 in Block 19, as shown in Plan 66 MJ 09836.
- 27 All those lands, as shown in Plan 67 MJ 05748, described as follows:
 - (a) Lot A in Block 4; and
 - (b) Lot A in Block E.
- 28 Parcel B, as shown in Plan 68 MJ 01459.
- 29 Block 20, as shown in Plan 73 MJ 01303.
- 30 Block C, as shown in Plan 74 MJ 11295.
- 31 Blocks D, E, F, G and H, as shown in Plan 75 MJ 01141.
- 32 Parcel A, as shown in Plan 75 MJ 08030.
- 33 All those lands, as shown in Plan 77 MJ 09336, described as follows:
 - (a) Lots B, C and D; and
 - (b) Block R.

c. W-1.1 WAKAMOW VALLEY AUTHORITY

- 34 All those lands in Township 16, in Range 26, west of the Second Meridian, described as follows:
 - (a) all that portion of the north-east quarter of Section 28, lying east of a line drawn parallel to and 251.46 metres perpendicularly distant from the west boundary of the quarter section, except all that portion as shown in Plan S 3865;
 - (b) the west 251.46 metres in perpendicular width throughout of the north-east quarter of Section 28, lying north of the north limit of Princess Street, as that street is shown in Plan S 3865, except all that portion as shown in Plan E 1505;
 - (c) all that portion of the north-west quarter of Section 28 contained within the boundaries of a line drawn:
 - (i) commencing at the south-west corner of the quarter section;
 - (ii) thence northerly along the west boundary of the quarter section a distance of 239.99 metres;
 - (iii) thence easterly and parallel to the south boundary of the quarter section a distance of 84.49 metres;
 - (iv) thence southerly and parallel to the west boundary of the quarter section to the south boundary of the quarter section; and
 - (v) thence westerly along the south boundary of the quarter section to the point of commencement;
 - (d) all that portion of the original road allowance known as Main Street, lying west of the north-west quarter of Section 28, as shown in Plan CP 288, except the most north-westerly 6.096 metres in perpendicular width throughout;
 - (e) all that portion of the north-east quarter of Section 29 contained within the boundaries of a line drawn:
 - (i) commencing at the intersection of the production easterly of the north limit of Block 2, as shown in Plan F 1789, with the east boundary of the quarter section;
 - (ii) thence westerly along the production and the north limit of Block 2, as shown in Plan F 1789, to the right bank of Moose Jaw Creek;
 - (iii) thence northerly along the right bank of Moose Jaw Creek to its intersection with the east boundary of the quarter section; and
 - (iv) thence southerly along the east boundary of the quarter section to the point of commencement;
 - (f) the north-west quarter of Section 29, except:
 - (i) all that portion taken for the Riverview Addition to the City of Moose Jaw, as shown in Plan O 4753, as amended by M.T.O. AI 1616;
 - (ii) all that portion lying north of a line drawn parallel to and 409.65 metres distant southerly from the north boundary of the quarter section and west of the west limit of Fourth Avenue and its production southerly, as Fourth Avenue is shown in Plan O 4753;
 - (iii) all that portion, as shown in Plan EX 222;
 - (iv) all that portion, as shown in Plan EX 1010; and
 - (v) Parcel A, as shown in Plan 75 MJ 08030;
 - (g) the north half of the south-east quarter of Section 29;
 - (h) the south-west quarter of Section 29, except all that portion, as shown in Plan V 1328, as amended by M.T.O. 59 MJ 09221;
 - (i) all that portion of the south-west quarter of section 29 described as follows:
 - (i) Parcel F, as shown in Plan 59 MJ 09223; and
 - (ii) Parcels X and Y, as shown in Plan 65 MJ 07348;
 - (j) all that portion of the south-east and south-west quarters of Section 32, the south-west quarter of Section 33 and the original road allowance, lying between Sections 32 and 33, contained within the boundaries of a line drawn:

WAKAMOW VALLEY AUTHORITY

- c. W-1.1
- (i) commencing at the intersection of the south limit of Manitoba Street, as shown in Plan Old 96, with the west limit of a roadway, as shown in Plan G 2009;
- (ii) thence westerly along the south limit of Manitoba Street to the east limit of Second Avenue;
- (iii) thence southerly along the east limit of Second Avenue to the south limit of Langtry Street, as shown in Plan Old 96;
- (iv) thence westerly along the south limit of Langtry Street to the west boundary of Section 32;
- (v) thence southerly along the west boundary of Section 32 to the north limit of Home Street, as shown in Plan Old 96;
- (vi) thence easterly along the north limit of Home Street to the west limit of Third Avenue;
- (vii) thence northerly along the west limit of Third Avenue to the north limit of South Crescent Street, as shown in Plan Old 96;
- (viii) thence easterly along the north limit of South Crescent Street to the east limit of Fifth Avenue:
- (ix) thence southerly along the east limit of Fifth Avenue to the north limit of Maple Street, as shown in Plan Old 96;
- (x) thence easterly along the north limit of Maple Street to the east limit of Seventh Avenue;
- (xi) thence southerly along the east limit of Seventh Avenue to the north limit of Home Street;
- (xii) thence easterly along the north limit of Home Street to the west limit of Main Street, as shown in Plan Old 96;
- (xiii) thence northerly along the west limit of Main Street to the production of the north limit of the unnamed street north of Block 159, as shown in Plan 0ld 96;
- (xiv) thence easterly along the north limit of the unnamed street and its production to the west limit of the roadway shown in Plan G 2009; and
- (xv) thence northerly along the west limit of the roadway shown in Plan G 2009 to the point of commencement;

except:

- (xvi) Parcel A, as shown in Plan 61 MJ 12463;
- (xvii) Parcel B, as shown in Plan 68 MJ 01459;
- (xviii) all that portion, as shown in Plan 77 MJ 09336;
- (xix) all that portion, as shown in Plan 74 MJ 11295;
- (xx) all that portion, as shown in Plan 75 MJ 01141; and
- (xxi) all that portion of the south-west quarter of Section 32, lying west of the east limit of Fifth Avenue South West:
- (k) all that portion of Bow Street and South Bridge Street in the south-west quarter of Section 33, lying west of a line drawn due north and south 30.48 metres perpendicularly distant westerly from the most westerly point of Lot 1 in Block 149, as those streets and lots are shown in Plan Old 96;
- (l) all that portion of Section 33 contained within the boundaries of a line drawn:
 - (i) commencing at the intersection of the north limit of Coteau Street with a line drawn parallel to and perpendicularly distant easterly 20.12 metres from the east limit of Block 197;
 - (ii) thence northerly, parallel to and perpendicularly distant easterly 20.12 metres from the east limits of Blocks 197, 196, 171 and 162, a distance of 20.12 metres, more or less, to a point perpendicularly distant northerly 20.12 metres from the north limit of Block 162;
 - (iii) thence westerly and parallel to the north limit of Block 162 to intersect a line drawn parallel to and perpendicularly distant north-westerly 20.12 metres from the north limit of Block 161;
 - (iv) thence south-westerly and parallel to the north limit of Block 161 to intersect a line drawn parallel to and perpendicularly distant northerly 20.12 metres from the north limit of Block 160;

c. W-1.1 WAKAMOW VALLEY AUTHORITY

- (v) thence westerly and parallel to the north limit of Block 160 to the east limit of the unnamed street 20.12 metres in width connecting the unnamed street north of Block 159 with Manitoba Street;
- (vi) thence north-easterly and northerly along the east limit of the connecting street and its different courses to the south limit of Manitoba Street;
- (vii) thence easterly along the south limit of Manitoba Street to the west limit of Pasqua Street;
- (viii) thence south-westerly along the west limit of Pasqua Street to the north limit of North Bridge Street;
- (ix) thence west along the north limit of North Bridge Street or its production to the water's edge of Moose Jaw Creek;
- (x) thence southerly along the water's edge or Moose Jaw Creek to the south limit of North Bridge Street;
- (xi) thence easterly along the south limit of North Bridge Street to the west limit of Eighteenth Avenue:
- (xii) thence southerly along the west limit or Eighteenth Avenue to the north limit of South Bridge Street;
- (xiii) thence westerly along the north limit of South Bridge Street to the water's edge of Moose Jaw Creek:
- (xiv) thence southerly along the water's edge of Moose Jaw Creek to the south limit of South Bridge Street;
- (xv) thence easterly along the south limit of South Bridge Street to the west limit of Bow Street;
- (xvi) thence south-easterly, easterly and north-easterly along the west, south and east limits of Bow Street to the old south limit of South Bridge Street;
- (xvii) thence easterly along the old south limit of South Bridge Street to its intersection with the south-west limit of Caron Crescent;
- (xviii) thence south-easterly along the south-west limit of Caron Crescent to intersect a line drawn parallel to and perpendicularly distant westerly 20.12 metres from the west limit of Block 170;
- (xix) thence southerly and parallel to the west limit of Block 170 to the north limit of Coteau Street:
- (xx) thence westerly along the north limit of Coteau Street to the point of commencement; as the streets, blocks and crescent are shown in Plan Old 96, except:
 - (xxi) all that portion, as shown in Plan 61 MJ 10993; and
 - (xxii) all that portion, as shown in Plan 75 MJ 01141.

SCHEDULE B

- 1 All those lands, as shown in Plan Old 96, described as follows:
 - (a) Lots 1 to 6, inclusive, and Lots 11 and 12 in Block 87;
 - (b) Block 88;
 - (c) Lots 1 to 18, inclusive, and Lot 21 in Block 89;
 - (d) Lots 4 to 20, inclusive, in Block 114;
 - (e) Block 114A and Parcels P and Q, as amended by M.T.O. CX 557;
 - (f) Lots 1 to 10, inclusive, in Block 116;
 - (g) Lots 1 to 20, inclusive, in Block 119;

WAKAMOW VALLEY AUTHORITY

c. W-1.1

- (h) Block 120;
- (i) Lots 11 to 19, inclusive, in Block 121;
- (j) Lots 23 to 40, inclusive, in Block 122;
- (k) Lots 11 to 25, inclusive, and Lot A in Block 123;
- (l) Lots 8 to 21, inclusive, in Block 134;
- (m) Blocks 143, 150 and 156;
- (n) Lots 11 to 20 in Block 157;
- (o) Lots 11 to 20 in Block 158;
- (p) Blocks 159, 160 and 161;
- (q) Lots 1 and 20 in Block 162;
- (r) Lots 1 to 8, inclusive, in Block 175;
- (s) Lots 1 to 10, inclusive, in Block 176;
- (t) Lots 1 to 10, inclusive, in Block 177;
- (u) Parcel T, as amended by M.T.O. EX 216; and
- (v) Parcel M, as amended by M.T.O. CX 141.
- 2 Lots 1 to 3, inclusive, in Block A, as shown in Plan D 850.
- 3 Blocks 7 and 8, as shown in Plan D 3174.
- 4 All those lands, as shown in Plan D 3845.
- 5 Lots 38 to 66, inclusive, as shown in Plan D 4450.
- 6 All those lands, as shown in Plan G 1209, described as follows:
 - (a) Lots 10 to 17, inclusive, in Block C; and
 - (b) Block E.
- $7\,$ All those lands, as shown in Plan N 1398 and Parcel B in Plan N 1398, as amended by M.T.O. 65 MJ 04067.
- 8 All those lands, as shown in Plan N 3102, described as follows:
 - (a) the north 60.96 metres of Lot 1;
 - (b) the north 53.34 metres of Lot 2;
 - (c) the north 45.72 metres of Lot 3; and
 - (d) the north 38.10 metres of Lot 4.
- 9 Lots 1 to 6, inclusive, in Block K, as shown in Plan N 4280.
- 10 All those lands, as shown in Plan N 4354, described as follows:
 - (a) Lots 71A and 63, as amended by M.T.O. 64 MJ 12209; and
 - (b) Lot B, as amended by M.T.O. 69 MJ 09621.
- 11 All those lands, as shown in Plan O 473, described as follows:
 - (a) Lots 11 and 12 in Block 21; and
 - (b) Lots 7 to 11, inclusive, in Block 22.
- 12 Lots 13 to 20, inclusive, in Block 231, as shown in Plan O 4753.
- 13 Lots 29, 31, 33, 35 and 37, as shown in Plan R 3437.
- 14 Block A, as shown in Plan R 4723.

c. W-1.1 WAKAMOW VALLEY AUTHORITY

- 15 All those lands, as shown in Plan S 128, described as follows:
 - (a) Lots 21 to 40, inclusive, in Block 232;
 - (b) Lots A and B and Lots 1 to 15, inclusive, in Block 233; and
 - (c) Lots 8 to 20, inclusive, and Lots 22 to 24, inclusive, in Block 241.
- 16 All those lands, as shown in Plan S 2499, described as follows:
 - (a) Lots 3 to 6, inclusive, and Lot A in Block 2; and
 - (b) Lots 1 to 10, inclusive, the west half of Lot 38 and Lots 39 and 40 in Block 4.
- 17 Blocks 1 to 4, inclusive, Blocks 13 to 16, inclusive, Block 13A, Blocks 17 to 20, inclusive, and Blocks 29 to 36, inclusive, as shown in Plan S 3865.
- 18 All those lands, as shown in Plan BF 1256, described as follows:
 - (a) the north 182.88 metres of Block B;
 - (b) the north 152.40 metres of Block C;
 - (c) the north 121.92 metres of Block D; and
 - (d) the north 91.44 metres of Block E.
- 19 All that portion of Block A, lying south of the north limit of Manitoba Street West, as shown in Plan BV 5530.
- 20 Block C, except the portion shown in Plan 71 MJ 01346, as shown in Plan CK 579.
- 21 All those lands, as shown in Plan EX 222, described as follows:
 - (a) Lots 11 to 27, inclusive, in Block 230;
 - (b) Lots 8 to 14, inclusive, in Block 244; and
 - (c) Parcel R.
- 22 All those lands, as shown in Plan EX 1010, described as follows:
 - (a) Lots 13 to 28, inclusive, in Block 265; and
 - (b) Block R4.
- 23 Blocks A, B and C, as shown in Plan 62 MJ 06543.
- 24 Parcel X, as shown in Plan 63 MJ 03696.
- 25 Parcel Y, as shown in Plan 63 MJ 03697.
- 26 Parcel Z, as shown in Plan 63 MJ 03698.
- 27 Parcels D, E, F, G and FF, as shown in Plan 67 MJ 04892.
- 28 Lot B in Block 4, as amended by M.T.O. 73 MJ 10474, as shown in Plan 67 MJ 0 5748.
- 29 Block 25, as shown in Plan 67 MJ 13991.
- 30 Parcel C, as shown in Plan 68 MJ 04058.
- 31 Parcel G, as shown in Plan 68 MJ 04421.
- 32 All that portion of Block H, lying south of the north limit of Manitoba Street West, as shown in Plan 71 MJ 01346.
- 33 Lots A, B, C and D, as shown in Plan 72 MJ 00318.
- 34 Lots D and C in Block 265, as shown in Plan 72 MJ 11622.
- 35 Lots A, B, C and D in Block 87, as shown in Plan 73 MJ 05140.
- 36 Block F, as shown in Plan 73 MJ 13196.
- 37 Parcel F, as shown in Plan 73 MJ 15131.

- 38 Block B, as shown in Plan 77 MJ 06016.
- 39 All that portion of Parcel M, lying south of the north limit of Manitoba Street West, as shown in Plan 77 MJ 08834.
- 40 Parcel H, as shown in Plan 79 MJ 04363.
- 41 Lots 1 to 7, inclusive, in Block 27, as shown in Plan 79 MJ 15502.
- 42 Parcel C, as shown in Plan 80 MJ 03174.
- 43 All those lands shown in Plan 80 MJ 08559.
- 44 All those lands, in Township 16, in Range 26, west of the Second Meridian, described as follows:
 - (a) the north-east and north-west quarters of Section 20;
 - (b) the north-west quarter of Section 27, except all that portion as shown in Plan N 1015;
 - (c) all that portion of the north-east quarter of Section 29 contained within the boundaries of a line drawn:
 - (i) commencing at a point on the east boundary of the quarter section 201.17 metres distant southerly from the north-east corner of the quarter section;
 - (ii) thence westerly and parallel to the north boundary of the quarter section a distance of 42.37 metres to the point of commencement;
 - (iii) thence westerly and parallel to the north boundary of the quarter section a distance of 38.10 metres;
 - (iv) thence southerly and parallel to the east boundary of the quarter section a distance of 15.24 metres:
 - (v) thence easterly and parallel to the north boundary of the quarter section a distance of 38.10 metres; and
 - (vi) thence northerly and parallel to the east boundary of the quarter section a distance of 15.24 metres, more or less, to the point of commencement;
 - (d) those portions of Parcels A and B, lying within Legal Subdivisions 1 and 2 in the south-east quarter of Section 29;
 - (e) all that portion of the south-west quarter of Section 32 bounded:
 - (i) on the north by the south limit of Manitoba Street West;
 - (ii) on the east by the east limit of Fifth Avenue South West;
 - (iii) on the south by the north limit of South Crescent Street; and
 - (iv) on the west by the east limit of Sixth Avenue South West;

except all those portions as shown in Plans BV 5530, CK 579, 71 MJ 01346 and 77 MJ 08834;

- (f) all those portions of Section 33:
 - (i) contained within the boundaries of a line drawn:
 - (A) commencing at the intersection of the north limit of Pasqua Street with the east limit of Sixteenth Avenue;
 - (B) thence easterly along the north limit of Pasqua Street to the water's edge of Moose Jaw Creek;
 - (C) thence southerly along the water's edge of Moose Jaw Creek to the south limit of Skeena Street;
 - (D) thence westerly along the south limit of Skeena Street to the east limit of Seventeenth Avenue:
 - (E) thence southerly along the east limit of Seventeenth Avenue to the north limit of Manitoba Street;

c. W-1.1 WAKAMOW VALLEY AUTHORITY

- (F) thence easterly along the north limit of Manitoba Street to the west limit of High Street;
- (G) thence north-westerly along the limit of High Street to the east limit of Sixteenth Avenue; and
- (H) thence southerly along the east limit of Sixteenth Avenue to the point of commencement; as these streets and avenues are shown in Plan Old 96, except all that portion as shown in Plan 67 MJ 04892:
- (ii) contained within the boundaries of a line drawn:
 - (A) commencing at the intersection of the east limit of Fourteenth Avenue with the north limit of Pasqua Street, as shown in Plan Old 96;
 - (B) thence north-easterly along the north limit of Pasqua Street to the west limit of Fifteenth Avenue;
 - (C) thence northerly along the west limit of Fifteenth Avenue to the south limit of High Street:
 - (D) thence westerly along the south limit of High Street to the east limit of Fourteenth Avenue; and
 - (E) thence southerly along the east limit of Fourth Avenue to the point of commencement; and
- (iii) contained within the boundaries of a line drawn:
 - (A) commencing at the intersection of the east limit of Fifteenth Avenue with the north limit of Pasqua Street, as this street and avenue are shown in Plan Old 96;
 - (B) thence easterly along the north limit of Pasqua Street to the west limit of Sixteenth Avenue;
 - (C) thence northerly along the west limit of Sixteenth Avenue to the north water's edge of Moose Jaw Creek;
 - (D) thence westerly along the north water's edge of Moose Jaw Creek to the east limit of Fifteenth Avenue; and
 - $\begin{tabular}{ll} \textbf{(E)} & thence southerly along the east limit of Fifteenth Avenue to the point of commencement;} \\ and \\ \end{tabular}$
- (iv) contained within the boundaries of a line drawn:
 - (A) commencing at the intersection of the east limit of Thirteenth Avenue produced with the north limit of Pasqua Street, as this street and avenue are shown in Plan Old 96;
 - (B) thence north-easterly along the north limit of Pasqua Street to the west limit of Fourteenth Avenue;
 - (C) thence northerly along the west limit of Fourteenth Avenue to the south limit of High Street:
 - (D) thence westerly along the south limit of High Street to the north-east corner of Block 114A:
 - $(E)\;\;$ thence south-westerly along the south-east limit of Block 114A to the east limit of Thirteenth Avenue; and
 - (F) thence southerly along the production of the east limit of Thirteenth Avenue to the point of commencement;
- (g) the north-east quarter of Section 34;

WAKAMOW VALLEY AUTHORITY

c. W-1.1

- (h) all that portion of the north-west quarter of Section 34:
 - (i) contained within the boundaries of a line drawn:
 - (A) commencing at a point on the south boundary of the quarter section a distance of 246.07 metres west from the south-east corner of the quarter section;
 - (B) thence northerly a distance of 177.09 metres at an angle of 90° and 1';
 - (C) thence easterly a distance of 159.94 metres at an angle of 90° and 1';
 - (D) thence southerly at an angle of 89° and 59' to the south boundary of the quarter section; and
 - (E) thence westerly along the south boundary of the quarter section to the point of commencement;

except all that portion as shown in Plan 77 MJ 06016; and

- (ii) contained within the boundaries of a line drawn:
 - (A) commencing at the south-east corner of the quarter section;
 - (B) thence westerly along the south boundary of the quarter section a distance of 246.07 metres;
 - (C) thence northerly a distance of 345.25 metres at an angle of $90^{\rm o}$ and 1';
 - (D) thence easterly at an angle of 90° and 1' to the east boundary of the quarter section; and
 - $\left(E\right) \;$ thence southerly along the east boundary of the quarter section to the point of commencement; and
- (i) the north-west quarter of Section 35.
- 45 The south-west quarter of Section 2, in Township 17, in Range 26, west of the Second Meridian, except all that portion lying north of the north limit of the right of way as shown in Plan AF 6582.

SCHEDULE C

[Section 6]

DECLARATION OF OWNERSHIP OF LANDS WITHIN WAKAMOW VALLEY

Ι, _	of	in the Province of Saskatchewan
_	, SOLEMNLY DECLARE AS FOLLOWS:	
1.	THAT attached hereto and marked as an Exhibit to this my declaration by me within the meaning of <i>The Wakamow Valley Authority Act</i> and	1
2.	THAT I make this declaration pursuant to section 6 of <i>The Wakamo</i>	w Valley Authority Act.
3.	THAT I make this solemn declaration conscientiously believing it to be same force and effect as if made under oath and by virtue of the <i>Can</i>	e e

COMMUNICATION #42

TITLE: Request to Address – Moose Jaw & District Senior Citizens Association Inc.

and Cosmo Senior Citizens' Centre

TO: City Council

FROM: City Clerk/Solicitor

DATE: May 15, 2019

PUBLIC: This is a Public Document.

IN-CAMERA: Not applicable to this report.

RECOMMENDATION

 THAT representatives from the Moose Jaw and District Senior Citizens Association Inc. ("MJDSA") and the Cosmo Senior Citizens Centre (Cosmo) be allowed to address members of City Council; and

2. THAT a decision on financial support to the organizations be a decision of City Council.

TOPIC AND PURPOSE

The purpose of this report is to introduce a request to address City Council on May 27, 2019 regarding the future of the Moose Jaw and District Senior Citizens Association's activity centre and the Cosmo Senior Citizens' Centre. Both organizations are seeking financial support from the City.

BACKGROUND/DISCUSSION

The City has long term arrangements to lease property to both the MJDSA and the Cosmo. The MJDSA Lease Agreement expired in 2011 and the tenancy lease has remained on a year to year tenancy at will basis with the same terms. The MJDSA lease majority of the main floor and the basement of the former Eaton's building in their lease agreement with the City. The Cosmo has a current Lease Agreement dated May 30, 2011 with the City for an initial term of 20 years commencing (and retroactive to) January 1, 2005 and expiring on December 31, 2025 with successive 5 year terms thereafter. The formal rent charged to both organizations is \$1 per year.

As occupants of the respective buildings, Cosmo and the MJDSA (main floor and basement) are required to cover the cost of all utilities (water, gas, electricity, telephone). The cost of utilities for each unit and the common areas for the MJDSA and in the absence of separate meters is calculated by engineering calculations of the pro rata share of consumption of each of the units, which includes heat loss calculations, 41% for Unit A and 59% for Unit B. Two commercial tenants and The Moose Jaw Non-Profit Housing Corporation ("MJNPHC"), which own the top two floors, cover the remaining utilities.

The Lease Agreement between the City and MJDSA was established at a \$1.00 per year, however, the MJDSA agreed to assume full responsibility for the City's obligations under the Bylaws of the Condominium Corporation and the Management Agreement with the Moose Jaw Housing Authority.

Both organizations receive funding through the Saskatchewan Lotteries Community Grant Program. That history is outlined below.

MJDSA received the following funding over the past five years through the Community Grant Program:

```
2018 - $20,065.30
2017 - $20,065.30
2016 - $20,065.30
2015 - $20,065.30
2014 - $19,965.49
```

Cosmo received the following funding over the past five years through the Community Grant Program:

```
2018 - $6,420.90
2017 - $6.420.90
2016 - $7,408.73
2015 - $6,420.90
2014 - $6,520.71
```

Summary of the annual funding the City received from Sask Lotteries over the past five years:

```
2018 - $ 132,431
2017 - $ 132,431
2016 - $ 132,431
2015 - $ 132,431
2014 - $132,431
```

The process the City uses to adjudicate Sask Lotteries Community Grant Program funding to the Seniors groups is as follows:

• Guidelines set up by Saskatchewan Lotteries state that at least 30% of the overall grant amount must be allocated to target populations such as seniors, indigenous people, persons with disabilities, women, single parent families, etc.

• City policy further directs that two-thirds of the 30% shall be distributed (based on a percentage of membership), between the Cosmo's Senior Citizen Centre and the Moose Jaw and District Seniors Association and the remaining one-third is disbursed in support of other qualifying target group programs.

FINANCIAL IMPLICATIONS

The City currently does not have a source of funding from which to provide potential financial support. Any decision to provide support would require a determination of that matter by City Council.

May 8, 2019

Dear Mayor Fraser Tolmie and Council Members;

The representatives of Moose Jaw & District Seniors Association Inc (MJDSA) would like to address the Mayor and Council at the May 27, 2019 City Council Meeting.

Our Association is facing growing financial difficulties. This financial uncertainty is having an impact on our ability to create revenue through rentals and programs as people are questioning if the facility will be available in the future.

The MJDSA is facing more immediate financial crisis, with only enough savings left for approximately 6 months of expenses. Compounding this is the lack of designated parking for the Centre. This has always been a concern and has only increased with the recent parking meter increases. As parking costs go up, more and more people are unable to afford to participate in our programs. The MJDSA has been without a lease since 2011 and have been unsuccessful in attempts to negotiate one with the City. As you are aware, we have been trying to resolve this for the past 5 years.

We would like to open dialogue to address these issues. We acknowledge that this may be referred to administration but we ask that elected officials (**preferably ALL of you**) be involved in those discussions.

We have attached the audited financial statements for the last 4 years for the Moose Jaw & District Seniors Association.

Moose Jaw & District Seniors Association INC 510 Main Street N

MOOSE JAW AND DISTRICT SENIOR CITIZENS ASSOCIATION INC. NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2016

1. SIGNIFICANT ACCOUNTING POLICIES

The Moose Jaw and District Senior Citizens Association Inc. is a charitable corporation incorporated in 1989 under the Non-Profit Corporations Act of Saskatchewan. Its purpose if to provide facilities, recreation, social services and information to persons of age 55 and older and their spouses (if younger), residing in the City of Moose Jaw and surrounding district. The corporation is also a registered charity within the meaning of The Income Tax Act.

CAPITAL ASSETS

Capital assets are recorded at cost. When capital assets are sold, if the original cost is not known, the assets are removed at selling price. Amortization of capital assets is recorded on a straight line basis over the estimated useful life of the assets at the following rates:

Leasehold improvements	
Furnishings, fixtures and equipment	

INVENTORY

Inventory of kitchen and catering supplies is recorded at cost.

INVESTMENTS

Investments are valued at fair maket value.

2. CAPITAL ASSETS

Notes to the Financial Statements

For the Year Ended December 31, 2018

(1). Status and purpose of organization

Moose Jaw and District Association Inc. is a not-for-profit charitable organization incorporated on February 16, 1989 in the Province of Saskatchewan. Its purpose is to provide facilities, recreations, social services and information to persons of age 50 and older and their spouses (if younger), residing in the City of Moose Jaw and surrounding district. The corporaton is also a registered charity within the meaning of the Income Tax Act.

(2). Significant Accounting Policies

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations in Part III of the CPA Canada Handbook and iclude the following signficant accounting policies.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.a. Fund accounting and revenue recognition

The Association follows the deferral method of accounting for contributions. The Association maintains its accounts in accordance with the restrictions on the use of resources as designated by donors or the board of directors.

Contributions are recorded as revenue when received or receivable except when the donor has specified that they are intended for a specific use or for use in a future period, in which case they are deferred and recognized in the period the related expenses are incurred. Contributions are recognized when receivable if the amounts can be reasonably estimated and collection is reasonably assured. Donations are recognized when received, pledges receivable are not recorded.

Contributions restricted for the purchase of captial assets at the fair value of contributed capital assets are deferred and amortized to revenue on a basis consistent with the amortization of the capital assets acquired.

When the Association is the named beneficiary under various wills, life insurance policies and trust agreements; proceeds are recorded as revenue when the amounts are received.

For fund accounting purposes, the accounts have been classified into the following funds:

(i) General Fund

The General Fund comprises revenues and expenses relating to the kitchen, fundraising, program activities, memberships, rental of facilities, donations and grants.

(ii) Capital Fund

The Capital Fund recognizes resources that the Association has invested in capital assets. The amortization of capital assets and deferred capital contributions are recorded in this fund.

(iii) Reserve Fund

The Reserve Fund comprises income designated by donors and the board of directors. Investment income earned by the funds is recorded on an accrual basis. Investments are recorded at fair value at each financial statement date with unrealized gains and losses recorded in investment income.

2.b. Contributed services

The Association receives assistance from volunteers to assist in the Association carrying out its administration and program activities. Due to the difficulty in determining their fair value at the date of contribution, these contributed services are not recognized in these financial statements.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.c. Cash and cash equivalents

Cash and cash equivalents includes restricted and unrestricted cash on hand and short-term deposits which are highly liquid with original maturities of less than three months at the date of acquisition.

2.d. Inventories

Inventory consists of kitchen and catering supplies is stated at the lower of cost and net realizable value. Cost is determined on a specific identification basis.

2.e. Capital assets

Capital assets are recorded at cost less accumulated amortization. Amortization is calculated using the straight-line method over estimated useful lives ranging from 10 to 20 years.

Leasehold improvements

20 years

Furnishings, fixtures and equipment

10 years

When capital assets are sold, if the original cost is unknown, the assets are removed at the selling price.

Amortization at December 31, 2018 was \$ 15,276 (2017 - \$ 16,327).

2.f. Deferred membership revenue

Membership fee revenue represents annual membership fees paid by the Association's members. The Association recognizes membership fees for the period in which they are applied to any unearned portion is represents amounts paid in advance. As at the end of 2018, this was the equivalent of 152 memberships.

2.g. Financial instruments

The Association's financial instruments consist of cash, investments and accounts payable and accrued liabilities.

Financial instruments are recorded at fair value on initial recognition. Instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless managment has elected to carry the instruments at fair value. The Association has elected to carry all investments at fair value.

Financial assets recorded at amortized cost are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. .

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.h. Allocation of expenses

Expenses are recorded and reported by programs and services. Other administrative costs are not allocated. Certain employees perform administrative, fundraising, program functions: as a result wages and benefits are allocated to the different areas for reporting purposes. The management wages and benefits are allocated to Administration, maintenance wages and benefits to Facilities and kitchen personnel to Net Kitchen revenue.

2.i. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Significant areas requiring the use of management estimates relate to the determination of fair value of noncash donations and the determination of useful lives of property and equipment for calculating amortization. Actual results could differ from those estimates.

(3). Cash and cash equivalents

	2018		2017
Cash on hand	609	5	605
Bank -general	5,95	9	15,532
Bank - bingo	11	7	26

Conexus redeemable equity	13	4	134
Total	\$ 7,16	2 \$	16,361

Notes to the Financial Statements

For the Year Ended December 31, 2018

(4). Capital assets

Cost less accumulated amortization- net book value by period

Capital assets consist of the following:

			2018	2017
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value
Furnishings, fixtures and equipment	166,823	(159,036)	7,787	3,387
Leasehold improvements	287,509	(255,628)	31,881	46,255
Total	\$ 454,332	\$ (414,664)\$	39,668 \$	49,642

(5). Comparative figures

The current year financial statements contain comparative financial statements minor differences are contained in there have been minor adjustments in Administration and Facilities expenditures to reflect more accurate classification of expenditures.

(6). Going concern

These financial statements have been prepared on a going concern basis which contemplates the realization of assets and the payment of liabilities in the ordinary course of business. Should the Association be unable to continue as a going concern, it may be unable to realize the carrying value of its assets and to meet its liabilities as they become due.

The Association's ability to continue as a going concern is dependent upon its ability to obtain grants and funding to satisfy its operating costs.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(7). Membership Structure

The organization has 4 classes of membership:

Regular - persons 50 years of age or over, or a member's spouse who has not attained the age of 50 years of age, shall be eligible for regular membership.

Life - persons who have donated \$1,000 or more to the association

Honorary - honorary membership may be granted by a vote of the general memberhip to persons who have performed distinguised service to the association

Associate - associate membership maybe granted by the Board of Directors to persons of special circumstances such as but not excluded to widows, widowers and other.

	2018	2017	2016	2015	2014	2013
Regular members	362	370	365	398	451	530
Lifetime members	24					

Dear Mayor and Council (to address the Mayor and Council at the May 27, 2019 council meeting)

We at the Cosmo Senior Citizens' Centre are sympathic to and can relate to the extreme financial difficulties of Timothy Eaton's, and our own financial difficulties facing us and our fight to keep our senior centres open.

We are also delighted that we have contributed back to the economy of our fair city by increasing its revenue as we continue to rent out our facility for weddings, anniversaries, special events, birthday celebrations, which bring in people from all over Canada and just recently from the British Isles.

As with the Timothy Eaton Centre we are using due diligence to maintain our facilities, unfortunately, very large unexpected expenses, rising costs for utilities, groceries, and the like, are depleting our reserves more quickly than anticipated.

We realize that the city has a huge responsibility in subsidizing other complexes such as Mosaic Place, Yara, Mae Wilson Theatre, the Library etc., and all we ask is to be given the same consideration financially, and help give us the opportunity to stay viable and relevant for our seniors, and to do our part in continuing to help the city's economy.

Respectfully,

William Smith, President Cosmo Senior Citizens' Centre

6. COMPARATIVE FIGURES

Some of the comparative figures have been reclassified to conform to the current year's presentation.

CITY OF MOOSE JAW City Clerk/Solicitor's Department

Memo

DATE:

June 5, 2014

File: 500-3

TO:

Matt Noble City Manager

FROM:

Myron Gulka-Tiechko City Clerk/Solicitor

RE:

Ongoing Content review of Immigration portal - City Website

You may recall that the Clerk/Solicitor's Department last quarterly report noted that the Immigration portal on the City website went live at the end of March, 2014.

This was the culmination of an almost two year effort. The provincial government provided grant funding in the amount of \$20,800 to assemble the content. This was part of a provincial strategy to encourage all larger municipalities to have up-to-date information available to potential immigrants to the province. As the City of Moose Jaw does not have program staff with competency in this area, the Clerk's Office contracted with the Moose Jaw Multicultural Council Inc. (MJMC) to assemble the necessary content and work with the City's webmaster to post the information. The MJMC contracted an outside researcher to prepare the necessary materials.

Part of the provincial expectation for this program is that the immigration portal be reviewed on a regular basis to ensure that core information remained current. Again, because the City does not have in house expertise in this area, the MJMC was contacted to determine their willingness to undertake a regular review. Discussion with the Executive Director of the MJMC resulted in a verbal agreement that MJMC would be willing to take on the project on a quarterly review basis for a fee of \$500 per quarter.

My purpose in writing is to request permission to formalize this arrangement by way of a letter agreement as well as to obtain approval for a source of funding for 2014.

The City has an ongoing relationship with the MJMC including two financial commitments. First, the City contracts with the MJMC to manage Happy Valley Park at a current annual cost of \$8,725 which is funded from account #161.6714 Parks – Happy Valley. Second, the City pays an annual grant to the MJMC essentially as a means to compensate them for taxable space they use. The 2014 amount was \$4,073. This contribution is paid out of Third Party Funding Account# 164.6776. This is a large account from which grants are channeled to external third party groups including, for example, Tourism Moose Jaw.

It is proposed that funding for the remaining three quarters of 2014 come from this third party account (\$1,500). It is also proposed that an amount of \$2,000 be allocated to this budget for 2015 to create an on-going funding source. We would expect to review the immigration site maintenance matter later in 2015 to determine whether to continue such support.

In conclusion, may we have your approval to proceed on this basis, particularly with respect to the funding for 2014 on an overage basis?

Yours truly,

Myron Gulka-Tiechko City Clerk/Solicitor

/hw

P:\Clerks\2006\CITY HALL BUILDING - 500\-2 City Of MJ Web Site\2014\Memo To City Manager Re Ongoing Content Review Of Immigration Portal On Website,Doc

THIS AGREEMENT MADE THIS 18 DAY OF December, 2012.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

(the "City")

AND:

THE MOOSE JAW MULTICULTURAL COUNCIL INC.

(the "Council")

WHEREAS the City wishes to provide a user friendly portal to provide information to potential immigrants on community services, cultural contacts and overall amenities; and

AND WHEREAS the Council is willing to provide the services of a contract researcher to facilitate the development of content for a user friendly "Immigration" search of the City's website.

NOW THEREFORE the parties, in consideration of the premises, covenants and stipulations, hereby covenant and agree as follows:

- 1. The Council shall hire a researcher on a six month term contract to provide the Project Services set out below. The Council shall be solely responsible to recruit and supervise the researcher appointed to this term contract.
- 2. The goal of the project is to provide relevant and easily understood information for inclusion on the City's website. The "Project Services" to be undertaken by the researcher includes, but is not limited to, the following:
 - (a)(i) During the first two months meet with City webmaster to become familiar with the City's existing website design and become acquainted with existing resources and services already available on the website;
 - (ii) Review existing websites of other municipalities to determine the information content/type used in other model immigration sites;
 - (iii) Meet with the Council and a cross section of Moose Jaw groups consisting of or representing newcomers and immigrants to Canada to become familiar with

- existing resources and typical concerns of newcomers in order to fully scope the content parameters for an ideal Immigration section;
- (b)(i) In the second two month segment to begin developing a comprehensive list of services and amenities and to also assemble pictorial profiles of immigrant group experiences and activities, posting summaries and pictures to which immigrants might relate;
- (ii) A detailed and expansive listing of contacts and cultural communities will be developed;
- (iii) A similar listing of professional resources, community profile and resources will be developed;
- (c)(i) During the final two months the website content will be expanded to include representative "stories" of recent immigrants, highlighting their Moose Jaw experience;
- (ii) Frequently Asked Questions from Immigrants (FAQ's) will also be developed for inclusion on the website.
- 3. The Council will provide the City with a monthly report of activities undertaken by the researcher and will also provide a final report at the end of the term appointment summarizing the work undertaken and notable achievement. This will be shared with the Provincial Government. The Council will also make reports available to the City's Cultural Diversity Advisory Committee.
- 4. The City will pay the Council the sum of \$20,800.00 to provide the Project Services. \$10,400.00 will be paid on signing. The remaining \$10,400.00 will be paid at the midpoint of the contract. It is understood and agreed that the researcher will be paid a maximum of \$19,300.00 over a six month period inclusive of salary and all benefits. The remaining \$1,500.00 is available to cover computer rental, miscellaneous supplies and services as well as a review of the website by a language editor to ensure appropriate levels of English are being used for site content.
- 5. The Council agrees to provide a monthly accounting statement itemizing the salary and benefits paid to the employee and any expenses incurred. Further, if there are unallocated

monies remaining at the end of the term project, these monies shall be returned to the City.

- 6. The term of this Agreement shall run from January 30, 2013 to July 31, 2013 unless agreed otherwise by the parties in writing.
- 7. It is agreed that any intellectual property rights which may accrue during the course of this website development shall accrue to the benefit of the City.
- 8. Notices under this Agreement must be in writing and delivered personally or by fax as follows:

To the City:

The City of Moose Jaw

228 Main Street North

Moose Jaw SK S6H 3J8

Fax: (306) 694-4528

Attention: City Clerk/Solicitor

To the Council:

The Moose Jaw Multicultural Council

60 Athabasca Street East

Moose Jaw SK S6H 0L2

Fax: (306) 694-0477

Attention: Executive Director

9. Indemnification

- (a) The Council shall indemnify and save harmless the City from any and all costs, losses, damages, judgments, claims, demands, suits, action or other proceedings arising from anything done or omitted to be done by the Council in connection with the services.
- (b) The City shall indemnify and save harmless the Council from any and all costs, losses, damages, judgments, claims, demands, suits, action or other proceedings

arising from anything done or omitted to be done by the City in connection with the services.

10. Choice of Law

This Agreement shall be governed and construed according to the laws in force in Saskatchewan.

11. Force Majeure

If either party is prevented from fulfilling its obligations under this Agreement due to any disability, strike, lock out, riot, fire invasion, tornado, cyclone, flood, act of God, the Queen's enemies or any other cause beyond the party's reasonable control (except lack of finances), the party will not be liable for the non-fulfillment of its obligations and the other party will not be liable for its concomitant obligations during such time.

12. Entire Agreement

This Agreement constitutes the entire Agreement between the parties and except as otherwise stated herein contains all the representations and warranties of the respective parties.

13. Survival

The covenants in this section and section 7 will survive and continue to bind each party after any termination of the remaining covenants of this Agreement.

14. No Assignment

Neither party may assign this Agreement in whole or in part without the written consent of the other party.

IN WITNESS WHEREOF the parties hereto have hereunto affixed their corporate seals as attested to by the hands of their proper signing officers on that behalf on the day and year first above written.

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

MAYOR

CITY CLERK

Subject: Financial Report from MJRWS

WARNING, this email originated from outside of the Organization.

Do not click links or open attachments unless you trust the sender and believe the contents are safe.

Hi Darrin,

Attached is our financial audit for 2018/19 project year.

We are asking the city for \$10,000 again this year.

Thanks,

Carmen Kaweski BSc Hons

FINANCIAL STATEMENTS

Moose Jaw River Watershed Stewards Inc.

Moose Jaw, Saskatchewan March 31, 2019

MANAGEMENT RESPONSIBILITY STATEMENT

The management of Moose Jaw River Watershed Stewards Inc. is responsible for preparing the financial statements, the notes to the financial statements and other financial information contained in this annual report.

Management prepares the financial statements in accordance with Canadian generally accepted accounting principles The financial statements are considered by management to present fairly the management's financial position and results of operations.

The organization, in fulfilling its responsibilities, has developed and maintains a system of internal accounting controls designed to provide reasonable assurance that management assets are safeguarded from loss or unauthorized use, and that the records are reliable for preparing the financial statements.

The financial statements have been reported on by Benson Trithardt Noren, Professional Accountants, the shareholders' auditors. Their report outlines the scope of their examination and their opinion on the financial statements.

August 30, 2019

MOOSE JAW, SASKATCHEWAN

INDEPENDENT AUDITOR'S REPORT

To:

The Directors of

Moose Jaw River Watershed Stewards Inc.

Opinion

We have audited the financial statements of Moose Jaw River Watershed Stewards Inc., which comprise the statement of financial position as at March 31, 2019, and the statements of operations and net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2019, and its results of operations and its cash flows for the year then ended in accordance with ASNPO.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the organization's internal control.

MOOSE JAW, SASKATCHEWAN

INDEPENDENT AUDITOR'S REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of 's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

NATURE OF OPERATIONS

Moose Jaw River Watershed Stewards Inc. was incorporated under The Non-Profit Corporations Act, 1995 on February 6, 2006. The corporation is exempt from paying income taxes.

The objectives of the corporation include promoting beneficial management practices that either minimize or mitigate adverse effects on soil, air and or water quality in the Moose Jaw River Watershed, to protect groundwater and community water wells from contamination, to encourage greater involvement of the general public in watershed management practices and to take a planned approach to source water protection within the watershed. The corporation will conduct extension events, develop educational materials and source funding for this purpose.

SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations. The significant accounting policies are detailed as follows:

Revenue recognition

Revenues from government and agency grants are recognized as they are earned. Some grants are related to costs incurred and are recognized on a percentage of completion basis. Grants that are not contingent upon the completion of certain goals or expenditure levels are recognized as they become known. Revenues from donations are recognized upon receipt and memberships are recognized as they are earned. Revenues from project funding are recognized when the project has been completed.

Unearned Revenue

Unearned revenue consists of government and municipal grants and membership fees. The unearned revenue from grants relate to projects that have not been completed at the year end. These revenues will be recognized as earned when the requirements of the funding bodies are met. Memberships are sold on a fiscal year basis, and any receipts paid prior to billing are recognized as unearned revenue.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the balance sheet date and the reported amounts of revenues and expenses during the reporting period. Estimates include useful life of depreciable assets, percentage of completion of projects and allowance for doubtful accounts. Actual results could differ from those estimates.

Financial Instruments

The organization's financial instruments consist of cash, accounts receivable, prepaid expenses, accounts payable and accrued liabilities. These instruments are initially measured at fair value. Subsequently, the carrying value approximates fair value given their short-term maturities.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

2. SIGNIFICANT ACCOUNTING POLICIES, continued

In-kind Contributions

Some grants that are earned by the organization recognize various costs contributed by the organization. These include facilities, supplies, directors' time and mileage. For purposes of these financial statements, these in-kind contributions are not reported.

Property, plant and equipment

Property, plant and equipment are recorded at cost. The organization provides for amortization using the declining balance method at rates designed to amortize the cost of the property, plant and equipment over their estimated useful lives. The annual amortization rates are as follows:

Buildings - shed	10%
Field equipment	30%
Computer equipment	45 & 100%

3. ACCOUNTS RECEIVABLE

		2019	 2018
Grants Memberships Revenue Canada payroll	\$	7,776 17,215 4,066	\$ 49,168 10,032 4,066
	<u>\$</u>	29,057	\$ 63,266

Amounts written off to bad debts for the year amounted to \$150 (2018 - \$100).

Prepaid Memberships Sask Energy - weed control for 2020	1	\$ 24,638 4,500	\$ -
		\$ 29,138	\$ -

6. CONTRACTS AND COMMITMENTS

The organization earns grants and other income by entering into various contracts. Related to those contracts, the organization has also made various commitments for providing technical expertise and administrative and other services. These commitments are in the normal course of business of the organization.

7. FINANCIAL INSTRUMENTS RISKS AND UNCERTAINTIES

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of financial statements in assessing the extent of risk related to financial instruments.

NOTES TO THE FINANCIAL STATEMENTS For the year ended March 31, 2019

7. FINANCIAL INSTRUMENTS RISKS AND UNCERTAINTIES, continued

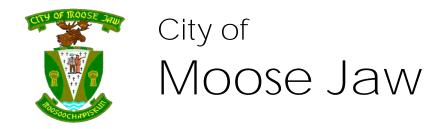

(a) Fair value

The fair value of current financial assets and current financial liabilities approximates their carrying value due to their short-term maturity dates. The fair value of long-term financial liabilities approximates their carrying value based on the presumption that the organization is a going concern and thus expects to fully repay the outstanding amounts.

(b) Credit risk

The organization does have credit risk in accounts receivable of \$29,057 (2018 - \$63,266). Credit risk is the risk that one party to a transaction will fail to discharge an obligation and cause the other party to incur a financial loss. The organization reduces its exposure to credit risk by performing credit valuations on a regular basis; granting credit upon a review of the credit history of the applicant and creating an allowance for bad debts when applicable. The organization maintains strict credit policies and limits in respect to counterparties. In the opinion of management the credit risk exposure to the organization is low and is not material.

COMMUNICATION #42

TITLE: Request to Address - Moose Jaw & District Senior Citizens Association Inc.

and Cosmo Senior Citizens' Centre

TO: City Council

FROM: City Clerk/Solicitor

DATE: May 15, 2019

PUBLIC: This is a Public Document.

IN-CAMERA: Not applicable to this report.

RECOMMENDATION

 THAT representatives from the Moose Jaw and District Senior Citizens Association Inc. ("MJDSA") and the Cosmo Senior Citizens Centre (Cosmo) be allowed to address members of City Council; and

2. THAT a decision on financial support to the organizations be a decision of City Council.

TOPIC AND PURPOSE

The purpose of this report is to introduce a request to address City Council on May 27, 2019 regarding the future of the Moose Jaw and District Senior Citizens Association's activity centre and the Cosmo Senior Citizens' Centre. Both organizations are seeking financial support from the City.

BACKGROUND/DISCUSSION

The City has long term arrangements to lease property to both the MJDSA and the Cosmo. The MJDSA Lease Agreement expired in 2011 and the tenancy lease has remained on a year to year tenancy at will basis with the same terms. The MJDSA lease majority of the main floor and the basement of the former Eaton's building in their lease agreement with the City. The Cosmo has a current Lease Agreement dated May 30, 2011 with the City for an initial term of 20 years commencing (and retroactive to) January 1, 2005 and expiring on December 31, 2025 with successive 5 year terms thereafter. The formal rent charged to both organizations is \$1 per year.

As occupants of the respective buildings, Cosmo and the MJDSA (main floor and basement) are required to cover the cost of all utilities (water, gas, electricity, telephone). The cost of utilities for each unit and the common areas for the MJDSA and in the absence of separate meters is calculated by engineering calculations of the pro rata share of consumption of each of the units, which includes heat loss calculations, 41% for Unit A and 59% for Unit B. Two commercial tenants and The Moose Jaw Non-Profit Housing Corporation ("MJNPHC"), which own the top two floors, cover the remaining utilities.

The Lease Agreement between the City and MJDSA was established at a \$1.00 per year, however, the MJDSA agreed to assume full responsibility for the City's obligations under the Bylaws of the Condominium Corporation and the Management Agreement with the Moose Jaw Housing Authority.

Both organizations receive funding through the Saskatchewan Lotteries Community Grant Program. That history is outlined below.

MJDSA received the following funding over the past five years through the Community Grant Program:

```
2018 - $20,065.30
2017 - $20,065.30
2016 - $20,065.30
2015 - $20,065.30
2014 - $19,965.49
```

Cosmo received the following funding over the past five years through the Community Grant Program:

```
2018 - $6,420.90
2017 - $6.420.90
2016 - $7,408.73
2015 - $6,420.90
2014 - $6,520.71
```

Summary of the annual funding the City received from Sask Lotteries over the past five years:

```
2018 - $ 132,431
2017 - $ 132,431
2016 - $ 132,431
2015 - $ 132,431
2014 - $132,431
```

The process the City uses to adjudicate Sask Lotteries Community Grant Program funding to the Seniors groups is as follows:

• Guidelines set up by Saskatchewan Lotteries state that at least 30% of the overall grant amount must be allocated to target populations such as seniors, indigenous people, persons with disabilities, women, single parent families, etc.

• City policy further directs that two-thirds of the 30% shall be distributed (based on a percentage of membership), between the Cosmo's Senior Citizen Centre and the Moose Jaw and District Seniors Association and the remaining one-third is disbursed in support of other qualifying target group programs.

FINANCIAL IMPLICATIONS

Jim Puffalt, City Manager

The City currently does not have a source of funding from which to provide potential financial support. Any decision to provide support would require a determination of that matter by City Council.

	er by City Co	,	e support would require a determination or that

May 8, 2019

Dear Mayor Fraser Tolmie and Council Members;

The representatives of Moose Jaw & District Seniors Association Inc (MJDSA) would like to address the Mayor and Council at the May 27, 2019 City Council Meeting.

Our Association is facing growing financial difficulties. This financial uncertainty is having an impact on our ability to create revenue through rentals and programs as people are questioning if the facility will be available in the future.

The MJDSA is facing more immediate financial crisis, with only enough savings left for approximately 6 months of expenses. Compounding this is the lack of designated parking for the Centre. This has always been a concern and has only increased with the recent parking meter increases. As parking costs go up, more and more people are unable to afford to participate in our programs. The MJDSA has been without a lease since 2011 and have been unsuccessful in attempts to negotiate one with the City. As you are aware, we have been trying to resolve this for the past 5 years.

We would like to open dialogue to address these issues. We acknowledge that this may be referred to administration but we ask that elected officials (**preferably ALL of you**) be involved in those discussions.

We have attached the audited financial statements for the last 4 years for the Moose Jaw & District Seniors Association.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(1). Status and purpose of organization

Moose Jaw and District Association Inc. is a not-for-profit charitable organization incorporated on February 16, 1989 in the Province of Saskatchewan. Its purpose is to provide facilities, recreations, social services and information to persons of age 50 and older and their spouses (if younger), residing in the City of Moose Jaw and surrounding district. The corporaton is also a registered charity within the meaning of the Income Tax Act.

(2). Significant Accounting Policies

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations in Part III of the CPA Canada Handbook and iclude the following signficant accounting policies.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.a. Fund accounting and revenue recognition

The Association follows the deferral method of accounting for contributions. The Association maintains its accounts in accordance with the restrictions on the use of resources as designated by donors or the board of directors.

Contributions are recorded as revenue when received or receivable except when the donor has specified that they are intended for a specific use or for use in a future period, in which case they are deferred and recognized in the period the related expenses are incurred. Contributions are recognized when receivable if the amounts can be reasonably estimated and collection is reasonably assured. Donations are recognized when received, pledges receivable are not recorded.

Contributions restricted for the purchase of captial assets at the fair value of contributed capital assets are deferred and amortized to revenue on a basis consistent with the amortization of the capital assets acquired.

When the Association is the named beneficiary under various wills, life insurance policies and trust agreements; proceeds are recorded as revenue when the amounts are received.

For fund accounting purposes, the accounts have been classified into the following funds:

(i) General Fund

The General Fund comprises revenues and expenses relating to the kitchen, fundraising, program activities, memberships, rental of facilities, donations and grants.

(ii) Capital Fund

The Capital Fund recognizes resources that the Association has invested in capital assets. The amortization of capital assets and deferred capital contributions are recorded in this fund.

(iii) Reserve Fund

The Reserve Fund comprises income designated by donors and the board of directors. Investment income earned by the funds is recorded on an accrual basis. Investments are recorded at fair value at each financial statement date with unrealized gains and losses recorded in investment income.

2.b. Contributed services

The Association receives assistance from volunteers to assist in the Association carrying out its administration and program activities. Due to the difficulty in determining their fair value at the date of contribution, these contributed services are not recognized in these financial statements.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.c. Cash and cash equivalents

Cash and cash equivalents includes restricted and unrestricted cash on hand and short-term deposits which are highly liquid with original maturities of less than three months at the date of acquisition.

2.d. Inventories

Inventory consists of kitchen and catering supplies is stated at the lower of cost and net realizable value. Cost is determined on a specific identification basis.

2.e. Capital assets

Capital assets are recorded at cost less accumulated amortization. Amortization is calculated using the straight-line method over estimated useful lives ranging from 10 to 20 years.

Leasehold improvements

20 years

Furnishings, fixtures and equipment

10 years

When capital assets are sold, if the original cost is unknown, the assets are removed at the selling price.

Amortization at December 31, 2018 was \$ 15,276 (2017 - \$ 16,327).

2.f. Deferred membership revenue

Membership fee revenue represents annual membership fees paid by the Association's members. The Association recognizes membership fees for the period in which they are applied to any unearned portion is represents amounts paid in advance. As at the end of 2018, this was the equivalent of 152 memberships.

2.g. Financial instruments

The Association's financial instruments consist of cash, investments and accounts payable and accrued liabilities.

Financial instruments are recorded at fair value on initial recognition. Instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless managment has elected to carry the instruments at fair value. The Association has elected to carry all investments at fair value.

Financial assets recorded at amortized cost are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(2). Significant Accounting Policies

2.h. Allocation of expenses

Expenses are recorded and reported by programs and services. Other administrative costs are not allocated. Certain employees perform administrative, fundraising, program functions: as a result wages and benefits are allocated to the different areas for reporting purposes. The management wages and benefits are allocated to Administration, maintenance wages and benefits to Facilities and kitchen personnel to Net Kitchen revenue.

2.i. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Significant areas requiring the use of management estimates relate to the determination of fair value of noncash donations and the determination of useful lives of property and equipment for calculating amortization. Actual results could differ from those estimates.

(3). Cash and cash equivalents

	2018		2017
Cash on hand	6	05	605

Conexus redeemable equity		134	134
Total	\$ 7,	162 \$	16,361

Notes to the Financial Statements

For the Year Ended December 31, 2018

(4). Capital assets

Cost less accumulated amortization- net book value by period

Capital assets consist of the following:

			2018	2017 Net Book Value	
	Cost	Accumulated Depreciation	Net Book Value		
Furnishings, fixtures and equipment	166,823	(159,036)	7,787	3,387	
Leasehold improvements	287,509	(255,628)	31,881	46,255	
Total	\$ 454,332	\$ (414,664)\$	39,668 \$	49,642	

(5). Comparative figures

The current year financial statements contain comparative financial statements minor differences are contained in there have been minor adjustments in Administration and Facilities expenditures to reflect more accurate classification of expenditures.

(6). Going concern

These financial statements have been prepared on a going concern basis which contemplates the realization of assets and the payment of liabilities in the ordinary course of business. Should the Association be unable to continue as a going concern, it may be unable to realize the carrying value of its assets and to meet its liabilities as they become due.

The Association's ability to continue as a going concern is dependent upon its ability to obtain grants and funding to satisfy its operating costs.

Notes to the Financial Statements

For the Year Ended December 31, 2018

(7). Membership Structure

The organization has 4 classes of membership:

Regular - persons 50 years of age or over, or a member's spouse who has not attained the age of 50 years of age, shall be eligible for regular membership.

Life - persons who have donated \$1,000 or more to the association

Honorary - honorary membership may be granted by a vote of the general memberhip to persons who have performed distinguised service to the association

Associate - associate membership maybe granted by the Board of Directors to persons of special circumstances such as but not excluded to widows, widowers and other.

Lifetime members	24					

Dear Mayor and Council (to address the Mayor and Council at the May 27, 2019 council meeting)

We at the Cosmo Senior Citizens' Centre are sympathic to and can relate to the extreme financial difficulties of Timothy Eaton's, and our own financial difficulties facing us and our fight to keep our senior centres open.

We are also delighted that we have contributed back to the economy of our fair city by increasing its revenue as we continue to rent out our facility for weddings, anniversaries, special events, birthday celebrations, which bring in people from all over Canada and just recently from the British Isles.

As with the Timothy Eaton Centre we are using due diligence to maintain our facilities, unfortunately, very large unexpected expenses, rising costs for utilities, groceries, and the like, are depleting our reserves more quickly than anticipated.

We realize that the city has a huge responsibility in subsidizing other complexes such as Mosaic Place, Yara, Mae Wilson Theatre, the Library etc., and all we ask is to be given the same consideration financially, and help give us the opportunity to stay viable and relevant for our seniors, and to do our part in continuing to help the city's economy.

Respectfully,

William Smith, President Cosmo Senior Citizens' Centre

November 18, 2019

RE: Special City Council Meeting – 2020 Budget Request Presentation

As our centre is facing growing financial difficulties we are requesting financial assistance from the City of Moose Jaw to aid in our providing the facilities and appropriate programs for the Senior Citizens of Moose Jaw and the surrounding districts. The aim of our activities is to provide our Seniors with the opportunity to enhance their well being with social, cultural and physical pursuits such as Cards(Canasta, Bridge, Whist & Cribbage), Floor Shuffleboard, Pool, a Monthly Social Dance and a weekly Jam Session which brings out Moose Jaw's best jammers, at times there are 15 jammers on the stage with participants dancing up a storm! Also we host 4 BBQ's a year, a Fowl & Christmas Supper, New Year's Eve celebration and a Craft and Trade show coordinated by one of our members who is 101 years old. She does this twice a year and sells out every event renting out 70 individual tables. All the events we host for our members are coordinated by our members who strive to increase attendance to all our programming. (See appendix "A")

We have 8 board members who are very active at the center. Driving by and seeing the walkway needs a shovelling they pull over and get it done. As well changing furnace filters, insuring the sound system works, attends the facility every time it is rented out to unlock for the event, check up while event is underway and returns after event is done to insure facility is left in sound condition and locked up. They fix toilet stall doors, pick up groceries for our cook and purchases and install anything required. They also bartend all events and set up and take down tables and chairs. Ron Anderson, son of J.B. Andy Anderson who was instrumental in building this facility dropped by the other day and shared what his dad's vision was for the Cosmo Senior Citizens' Centre. "To ensure seniors of Moose Jaw and surrounding area had a facility to come to in order to maintain a full life enhancing their well being with social, cultural and physical pursuits and that no person would ever be turned away because they couldn't afford the activities. Our 8 board members have upheld Mr. Anderson's vision in providing the best for our seniors and city! (See appendix)

Page 2 City of Moose Jaw Special Meeting November 18, 2019

We do provide a safe, warm and inviting facility along with nutrition for people around our facility as required. One individual that comes to mind we have aided for years finally resulting in her family moving her into a care facility as she was suffering with dementia. We also provide transportation for the (See Appendix "C") membership that require assistance to ensure they are not missing out on any programming or events we host. We continue to provide an avenue of (See Appendix "D") advertising for our community via posting their events at our facility in addition on our face book page and twitter. Our membership is \$40.00 annually and has not increased in 10 years even though this is a good source of revenue for us we strive to keep all costs to the community minimal. We are told that some facilities charge twice that amount. We support and promote Remembrance Day and Poppy distribution along with the Food Bank collection, the Samaritan's Purse Christmas Child Operation and the Scraps Calendar. We are very proud of partnering with all the listed organizations and continue to seek out needs of our community.

We continue to rent out our facilities for weddings, dances, baby showers, musical entertainment, children's dance school, retirements, blood donor clinics, camera club, scrabble, tops, theatre, anniversaries, Christmas and birthday celebrations along with the upcoming Municipal Election for their Polling Station on November 9, 2020. These events are currently attended by people from all over Canada and more recently, from the British Isles. We are currently booking into 2021!

In hosting these events, revenue is increased for the whole city. We are very pleased that we have contributed to the economy of our city via hotels, restaurants, gift shops, the mineral spa and other recreation facilities, etc.

We always use due diligence to maintain our facilities, unfortunately, very large unexpected expenses, replacement of our roof, along with the rising costs for utilities, building maintenance, garbage disposal, office supplies and salaries are depleting our reserves more quickly than anticipated. Just in the past month one of our furnaces gave out costing us \$911.93 to repair and just this past week 2 of our other furnaces needed to be repaired which we haven't received the invoice for as yet.

In the past 9 months we have had the following expenses;
Auditor \$ 2,080.00 (See Appendix "E")
Insurance \$ 1,906.94
Building Maintenance \$ 5,314.00
Garbage Disposal \$ 1,063.00
Office Supplies \$ 2,100.00

Page 3 City of Moose Jaw Special Meeting November 18, 2019

Salaries	\$41,720.37
Energy	\$ 4,455.00
Phone	\$ 1,097.81
Power	\$ 5,573.25
Water	\$ 355.97
	\$65,666.34

We do realize that the city has responsibilities in subsidizing other complexes such as Mosaic Place, Yara, Mae Wilson Theatre, the Library, etc., and all we ask is to be given the same consideration, financially, in an effort to stay viable and relevant for our seniors and continue doing our part in aiding the city's economy.

Respectfully,

William Smith, President

We Hereby Submit Specifications And Estimates For:

Information about the existing HVAC system in the building as follows:

The existing hall area is heated by 2 Lennox packaged heat/cool units on the ground at the back of the building They are Lennox M#GCS16-953-200-3Y units that have a mfg date of 1990. These units are nearing thier life expectancy. Cost to replace both units that will include gas piping, gas permits, wiring, crane rental, lasbour \$26,500.00 Taxes extra.

The furnace in the basement that heats the pool room in the basement is a Lennox G8Q3-80, date code of 1990. This furnace is also nearing its life expectancy, replace it with a Lennox high efficent furnace \$5500.00 Taxes extra.

The water heater in this same furnace room is a 40 USG gas GSW water heater, not sure of installation date.

The furnace and air conditioner at the front of the building is a Carrier mid efficent with a Carrier 5 ton air conditioner attached to it. The date code on these are 2004. They seem to be in good condition. The water heater in this furnace room is a Giant 40 USG gas water heater with an installation date of Aug 23/2016.

Hope this information is what you are needing.

Best Regards:

All material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices. Cosmo Senior Citizens' Centre Line Dancing 235 – 3rd Ave., N.E. Moose Jaw, SK S6H 1C9

Dear Mayor Fraser Tolmie & City of Moose Jaw Councillors; Crystal Froese, Scott McMann, Brian Swanson, Chris Warren, Dawn Luhning & Heather Eby;

The Cosmo Senior Citizen's Centre has provided space for line dancing for many years. Our current group of dancers are scheduled every Thursday morning from 10:00a.m.-11:30a.m., from mid September to mid May. Participants attending, approximately 30, not only reside in Moose Jaw but also travel from surrounding areas.

The Cosmo offers a spacious and safe environment for seniors to benefit from this healthy activity. The opportunity for social connections, meeting new and old friends and the enjoyment of dancing allows our seniors to be a part of our community. Parking is also available for individuals who drive and accommodates all in need of this valuable space.

The Cosmo President, Office Manager and Kitchen Staff are always available to respond to any questions or assistance related to our Line Dancing program.

Over the years many seniors have participated in this wholesome program. On behalf of myself and our current dancers, we appreciate that the Cosmo continues to provide the opportunity to enhance personal health and community involvement.

Cosmo Senior Citizens' Centre H & F Canasta League 235 - 3rd Ave., N.E. Moose Jaw, SK S6H 1C9

Dear Mayor Fraser Tolmie & City of Moose Jaw Councillors; Crystal Froese, Scott McMann, Brian Swanson, Chris Warren, Dawn Luhning & Heather Eby;

My name is Connie Jones and I am very proud to have been a member of the Cosmo Senior Citizens' Center for 13 years. After losing the coordinator of the Cosmo's H & F Canasta League I decided to step up and help the group out. We currently enjoy about 55 active members that play every Monday night and the second Friday of every month we host a Mini H & F Canasta Tournament that all attend. This is a time for laughs and fellowship with people of different ages and walks of life. The facility is used by some as a place to go to have positive interaction with others on a weekly basis. We have a couple families that have made the commitment to come in from Central Butte, SK.

We are very satisfied with the agreement we have with the Cosmo.

I sincerely hope the City of Moose Jaw's representatives will consider the proposal the Cosmo Senior Citizens' Centre have put forth and obtain the much needed funding required to maintain this facility for the citizens' of Moose Jaw along with maintaining the programming and events.

Sincerely,

Conni Jake **Connie Jones** Coordinator

November 13, 2019

To Whom It May Concern,

The Moose Jaw Community Players have had an excellent partnership with the Cosmo Senior Citizen's Centre over the past ten years. The Cosmo Centre has provided us with a wonderful stage and the necessary supports to provide community theatre productions to the local community via dinner theatres and stand-alone productions. We use the Cosmo Centre regularly to rehearse for our productions and rent storage space for our sets and props.

We would be hard pressed to find another facility to meet the needs of our community theatre organization. This is the only facility in Moose Jaw that can comfortably host a dinner and a theatre production. The Moose Jaw Multicultural Centre does not have the facilities to host a meal. A few places can host a meal, but do not have a stage.

We love the Cosmo Centre, and people enjoy coming to the Cosmo Centre to see our shows, as it is always well-maintained and there is plenty of parking for folks of all ages and needs. It is also clear to us that the Centre is being used regularly by Senior's organizations to host dances, play games and generally have a good time socializing together. We know this because we're often greeted by smiling faces in the middle of some activity as we walk into the main hall for rehearsal.

The Cosmo Senior Citizen's Centre genuinely offers its services to a wide variety of people and organizations around Moose Jaw outside its activities for seniors. When we try to book times for our rehearsals and shows, we are often working around weddings, football year-end parties, photography club meetings and others. Losing this facility would be a blow to the community. It would certainly limit our opportunity to fund raise for our non-profit organization, adding to the Arts and Culture scene in Moose Jaw.

We hope that the City of Moose Jaw would help to support the Cosmo Senior Citizen's Centre. It represents a reflection of the community of Moose Jaw that we enjoy living in.

Kind regards,

Jarrod Jeanson President, MJCP

President, Theatre Saskatchewan

TOPS
c/o Cosmo Senior Citizens' Centre
235 – 3rd Ave., N.E.
Moose Jaw, SK
S6H 1C9

Dear Mayor Fraser Tolmie & City of Moose Jaw Councillors; Crystal Froese, Scott McMann, Brian Swanson, Chris Warren, Dawn Luhning & Heather Eby;

We at "Tops" appreciate the availability of the Cosmo Senior Citizens' Centre who has facilitated our group for the past 25 years. We meet every Wednesday morning at 8:30a.m. in a location which is comfortable and private. Each member has a private weigh-in before the meeting. Meetings start with members sharing challenges, successes and/or goals. There's a brief program covering a variety of health and wellness topics.

We obviously are very satisfied with the rental agreement along with the services provided to our group. The Cosmo has prepared us a nutritious and economical breakfast for our 25 members every Tuesday morning at 9:00a.m., following our meeting.

"Tops" is a learning support group to encourage individuals to lose and maintain the loss of weight. As a member I am able to use this facility to exercise and prepare food demos. Our group appreciates the time we have together, especially in the winter, because we are mostly seniors and we do consider this an opportunity to socialize with our fellow members. We consider our time together as an outing.

We sincerely hope the City of Moose Jaw's representatives will consider the proposal the Cosmo Senior Citizens' Centre have put forth and obtain the much needed funding required to maintain this facility for the citizens' of Moose Jaw.

Sincerely,

Connie Jones

Facilitator

November 17, 2019

To Mayor Tolmie and City Councillors,

The Friendship Bridge Club is a well-established club that has been renting the Cosmo Center Hall on Tuesday evenings for approximately 20 years now. Currently, we have 45 members in our Club and new members and guests are always welcomed.

Our Club enjoys the many benefits that this facility provides:

- safe and abundant parking,
- kitchen facilities for our tea, coffee and snacks,
- a spacious and comfortable environment,
- ample tables and chairs for playing bridge, and
- every year we hire the services of Cosmo kitchen staff and their volunteers who provide us with a wonderful Christmas dinner for our members and guests.

In addition to the monthly rent we pay to Cosmo, the Club has made donations to the center in the past and this is something we consider every year when discussing our financial situation at annual meetings.

The Cosmo Centre also hosts other bridge tournaments that our members enjoy, along with other bridge players that come from other communities across southern Saskatchewan.

Our Friendship Bridge Club would be hard pressed to find such an accessible facility that offers the many benefits the Cosmo Centre provides. Our Club and all seniors alike are very fortunate to have such a wonderful facility.

Sincerely,

Debbie Firth

Friendship Bridge Club

To Whom It May Concern,

My name is Lacey Johnson, I am the Owner/Director of Liberté Light Dance, School of Dance Inc. We teach dance lessons mostly to low income families who cannot afford lessons at other dance schools. My fees are affordable and I teach with enthusiasm and encouragement. However, in order to continue to provide dance lessons to low income families, it is important to keep my costs as low as possible. The Cosmo Senior Centre has been a huge support to myself and my 38 dance families of Moose Jaw. They provide a safe environment for all of my students, and have been willing to make special adjustments to ensure that my students with special needs feel secure. Also, they rent us a beautiful space at a very low cost, enabling us to continue teaching, and in turn 38 families get to experience the art of dance! The Cosmo Senior Centre makes a huge positive impact on our community and they have my full support. I hope you will approve their request for funding so we can continue our work there as well!

Sincerely,

Ms. Lacey Johnson
Director/Headmistress
Liberté Light Dance, School of Dance Inc.

2011- Agreement

THIS AGREEMENT MADE THE

DAY OF

A.D. 2011.

BETWEEN:

THE MUNICIPAL CORPORATION OF THE CITY OF MOOSE JAW

(hereinafter referred to as the "City")
OF THE FIRST PART

AND:

COSMO SENIOR CITIZENS' CENTRE INCORPORATED

(hereinafter referred to as "Cosmo")

OF THE SECOND PART

LEASE AGREEMENT FOR THE USE, OPERATION, AND MANAGEMENT OF THE COSMO SENIOR CITIZENS' CENTRE

WHEREAS the City of Moose Jaw is a municipal corporation continued pursuant to the authority of *The Cities Act*;

WHEREAS the Cosmo is a non-profit charitable corporation in the Province of Saskatchewan that provides facilities, recreation, and other services to senior citizens in the City of Moose Jaw.

AND WHEREAS the City is owner of the following lands upon which the Cosmo Senior Citizens has constructed a Recreation Centre for Senior Citizens:

firstly:

Lot 1 Blk/Par 89 Plan No. Old 96, Extension 0

As described on Certificate of Title 69MJ03349

Secondly:

Lot 2 Blk/Par 89 Plan No. Old 96, Extension 0

As described on Certificate of Title 69MJ03349

Thirdly:

Lot 3 Blk/Par 89 Plan No. Old 96, Extension 0

As described on Certificate of Title 69MJ03349

ourthly:

Blk/Par A, Plan No. 62MJ06543, Extension 0

As described on Certificate of Title 62MJ06543

Civically described as: 235 – 3rd Avenue NE, Moose Jaw, Saskatchewan

(hereinafter referred to as the "Property");

AND WHEREAS the City and the Cosmo, entered into an Agreement dated the 2nd day of October, A.D. 1967, and which agreement was subsequently revised the 13th day of September, A.D. 1968; the 13th day of December, A.D. 1984, and the 1st day of January 1989 and which agreements concerned the operation of the Cosmo Senior Citizens' Centre in the City of Moose Jaw by the parties hereto;

AND WHEREAS the term of the January 1, 1989 Lease Agreement has expired, and the parties wish to enter into a new Agreement for the use, operation and management of the Cosmo Senior Citizens' Centre for senior citizens and to provide recreation services to senior residents of Moose Jaw and area;

NOW THEREFORE WITNESSETH:

THIS agreement supersedes and takes the place of the prior agreements dated the 2nd day of October, A.D. 1967; the 13th day of September, A.D. 1968; the 13th day of December, A.D. 1984, and the 1st day of January 1989 between the City and Cosmo and the said prior agreements are hereby cancelled and of no effect, and the within Agreement shall take effect in their place.

NOW THEREFORE THIS AGREEMENT WITNESSETH THAT, in consideration of the mutual covenants and Agreements herein contained, the parties agree as follows:

1. LEASE OF THE PROPERTY TO COSMO

1.1 Subject to the terms and conditions set forth herein, the City hereby demises and leases the Property, to COSMO to have and to hold the said Property, subject to Article 3.1(e), for the purposes of providing recreation services to senior residents of Moose Jaw and area for an initial term of twenty (20) years commencing (and retroactive to) January 1, 2005 and expiring on December 31, 2025 or until this Agreement is terminated pursuant to Part 10.

- 1.2 Upon expiration of the initial term, the Agreement shall remain in effect, thereafter, for successive five (5) year terms, until terminated as pursuant to Part 10.
- 1.3 COSMO undertakes and agrees not to conduct any commercial or other operations, for profit, other than that provided for in Article 1.1 and 1.4, without the express written consent of the City.
- 1.4 COSMO undertakes and agrees not to sublet the Property, or any part thereof, for any purpose whatsoever nor allow the use of the Property by any person for any purpose, whatsoever, save with the written consent of the City, PROVIDED, however, that this restriction shall not extend to the Cosmo permitting or allowing the use of the land and premises herein by other non-profit organizations of a public nature or renting the Property to any person for any recreational purpose including without restricting the generality of the foregoing, anniversary receptions, retirement parties, wedding receptions, birthday parties or family reunions.
- 1.5 COSMO undertakes and agrees not to enter into any contractual or other obligations involving the operation and maintenance of the Property for any period exceeding the unexpired term of this Agreement, without the express written consent of the City.

2. RENT

2.1 Cosmo undertakes and agrees to pay annual rent to the City in each and every year during the currency of this Agreement in the amount One Dollar (\$1.00) per year, payable on or before January 1st in each year.

3. CONVENANTS OF COSMO AS TENANT

- 3.1 Cosmo covenants with the City as follows:
 - (a) Rent:
 - to pay the rent set forth in Part 2 in accordance with the terms set forth therein.
 - (b) Utilities:
 - to pay any and all charges (including penalties and interest) for telephone, water, gas, electricity and other utilities supplied to the Property.

(c) Taxes and Assessments:

 to pay taxes (excluding property taxes), charges, rates, duties, and assessments levied in respect of Cosmos' occupancy of the Property or in respect of the person, property or business of the tenant on the Property as and when they become due.

(d) Operation and Maintenance:

- to control the use and management of the Property for the purpose of offering recreational programs appropriate to the members
- to maintain the said Property in a good state of repair, and to keep the Property in a neat and tidy condition, and free of all weeds.
- to operate and maintain Property and all improvements located thereon at its sole expense. (including capital improvements i.e. roof, furnace, etc.)
- to maintain the Property in good order and clean condition, and promptly make all repairs and do all things necessary to carry out and effect the matters set forth in this Agreement.

(e) Parking

to use the most northern portion of Parcel "A" Plan 62MJ06543 solely as a
parking area for the recreation centre. The Cosmo further acknowledges that the
City intends to subdivide the southern portion of Parcel "A" and subsequently
consolidate same with Parcel "B", Plan 62MJ06543 for future sale and
development.

(f) Additional Buildings

 to not erect any additional buildings on the Property, nor add to the existing building located on the said lands without submitting plans and specifications therefore to the City, and obtaining the approval of the City to such plans and specifications.

(g) Observance of Law:

 to comply with all applicable laws, regulations or rules otherwise of Federal, Provincial and Municipal Governments. Cosmo shall remit all applicable payments for taxes, licenses and permits in respect of its operations to the appropriate authorities in accordance with applicable laws and/or bylaws.

(h) Surrender of Property:

 at the expiration of the within lease, surrender and yield up unto the City, the owner of the Property, the buildings and other facilities hereby demised.

(i) Insurance:

- to maintain, at its expense, during the currency of the within lease, policies of insurance pursuant to Part 5.
- to promptly notify the City, in writing, of any accidents occurring on the Property.

(j) Entry by the City:

 to permit the City or its agents to enter upon the premises at any time and from time to time for the purpose of inspecting the building, and Cosmo would not be entitled to compensation for any inconvenience, nuisance or discomfort occasioned thereby.

(k) Financial Statements:

• to submit and file with the City annually its Financial Statement.

(l) Appointment:

• to keep the City informed as to the names and addresses of the officers and the Executive of the Cosmo Senior Citizens' Centre.

(m) Encumbrances:

to keep at all times the title of the City to the Property herein described clear and
free of all encumbrances and will not suffer or permit anything by which the Title
of the City to the Property herein described may be encumbered or charged or by
which any liability whatsoever may accrue or be chargeable against the City.

4. COVENANTS OF THE CITY

4.1 CITY covenants with the Cosmo as follows:

(a) Quiet Enjoyment

 to permit Cosmo, as long as he/she pays rent and complies with the covenants contained herein and subject to the limitations set forth herein, to use the premises without interference from the City.

(b) Parking

• The City agrees to assist Cosmo with the maintenance of the parking area and facilities on Parcel "A" Plan 62MJ06543. The City's obligations to assist in the maintenance of the parking area and facilities shall be limited to assisting in snow removal, and grading and leveling from time to time, as well as any grading, leveling or repairs necessary arising from the City's drainage culvert buried under the said Parcel "A". Cosmo acknowledges and agrees that the City shall be under no obligation whatsoever to pave or otherwise improve the parking lot under the provisions of this paragraph.

(c) Technical Support

 The City agrees to assist Cosmo with technical support based on manpower, workload and Department priorities at the time of the request.

5. INSURANCE AND INDEMNIFICATIONS

- 5.1 Cosmo shall, throughout the term of this Agreement, provide and keep in force property insurance covering damage or destruction of property in and upon buildings and improvements occupied by Cosmo, including insurance on buildings and contents in an amount not less than the replacement cost of the property with an all risk coverage not greater than the amount specified, from time to time, by the City.
- 5.2 Cosmo shall also acquire and maintain personal injury and property damage liability insurance in an amount not less than Five Million dollars (\$5,000,000.00) per incident, commercial and non-owned automobile insurance with not less than Five Million dollars (\$5,000,000) coverage per incident; other insurance with coverage for contents, fidelity and crime, with a deductible not greater than the amount specified, from time to time, by the City.

5.3 Cosmo undertakes and agrees:

- (a) that the City shall be listed as an additional insured on the insurance policy or policies obtained by Cosmo pursuant to Articles 5.1 and 5.2 and that such policies shall provide that the City will be notified in writing of cancellation or changes to the said policies at least thirty (30) days prior to such cancellation or change; and
- (b) to provide the City, upon request, with proof of the insurance in a form satisfactory to the City.
- 5.4 Cosmo agrees that the City shall not be liable to Cosmo for any claim, demand, damages or rights or causes of action whatsoever arising out of or incidental to or in any manner connected with the operation of the Cosmo Senior Citizens' Centre or any other activity conducted by Cosmo on the Property and Cosmo undertakes and agrees to indemnify the City against all claims, demands, damages or rights or causes of action made or asserted by anyone arising out of or incidental to Cosmos' use and occupation of the Property.

5.5 The City agrees that Cosmo shall not be liable to the City for any claim, demand, damages or rights or causes of action whatsoever arising out of or incidental to or in any manner connected with the maintenance of the parking lot or any other activity conducted by the City on the Property and the City undertakes and agrees to indemnify Cosmo against all claims, demands, damages or rights or causes of action made or asserted by anyone arising out of or incidental to the City's maintenance of the parking lot or any other activity conducted by the City on the Property.

6. DESTRUCTION OR DAMAGE TO COSMO SENIOR CITIZENS' CENTRE

6.1 In the event of a fire or other destruction of the building, Cosmo shall apply the proceeds of insurance maintained by them on the facilities and improvements and shall rebuild the facilities or repair the damage, as the case may be, as soon as reasonably possible to the former condition and in a like manner to the original.

7. IMPROVEMENTS TO THE PROPERTY

- 7.1 Subject to Article 7.2 and approval by the City, Cosmo shall have the right to make, at its own expense, alterations, additions or improvements to the Property or facilities located thereon, including the construction of buildings.
- 7.2 Before commencing any excavation or construction works on the Property, Cosmo shall:
 - submit to the City detailed plans and drawings in a form satisfactory to the City;
 and
 - (b) obtain all necessary and required building or development permits.
- 7.3 Cosmo agrees that the Property and all improvements to the Property, subject to Articles 8.1 and 8.2, shall at all times remain the property of the City.
- 7.4 Cosmo undertakes and agrees not to enter into any contractual obligations involving improvements to the Property for any period exceeding the unexpired term of this Agreement, without the express written consent of the City.

7.5 Cosmo shall indemnify and save harmless the City from and against all expenses, liens, claims or damages which may arise by reason of any alterations, additions or improvements to the Property undertaken by Cosmo.

EQUIPMENT

- The City agrees that all equipment, tools, and supplies brought on the said lease lands by Cosmo from time to time, whether before or during the term hereby granted, shall be and remain the property of Cosmo, and on the termination of this Agreement for any cause whatsoever Cosmo may remove all such equipment, tools, and supplies and those not so removed within three (3) months after the termination of this Agreement, shall become and remain the absolute property of the City. All buildings and fixtures erected or constructed on the leased lands, are deemed to form part of the land and shall be the property of the City upon the termination or expiration of this Agreement.
- It is understood and agreed that the equipment, tools, appliances, and supplies so mentioned above shall not include any utility lines, pipes, poles, or related materials constructed or laid in or on the said lands to service the leased lands.

ARBITRATION

9.1 Any dispute arising out of this Agreement shall be subject to arbitration pursuant to the provisions of *The Arbitration Act*, *1992* of Saskatchewan.

10. TERMINATION

- 0.1 If Cosmo defaults in or commits a breach of a substantial nature of any of the terms and conditions of this Agreement, the City may give notice in writing of the default or breach and Cosmo shall promptly attend to correct the default or breach. Failing prompt correction, the City may terminate this Agreement on thirty (30) days notice to Cosmo.
- 0.2 In addition to Article 10.1, the City may, at its option, terminate this Agreement on written notice if, prior to the completion of Cosmo obligations under this Agreement, Cosmo becomes bankrupt or insolvent or takes the benefit of any statute now or hereafter in force relating to bankrupt or insolvent debtors, or a receiving order is made against Cosmo or Cosmo makes an assignment for the general benefit of its creditors, or an order

is made or a resolution passed for the winding-up of Cosmo, or a receiver or liquidator of Cosmo business or property is appointed.

- 10.3 Either party may terminate this Agreement:
 - (a) at the end of the initial term, by providing ninety (90) days notice to the other party prior to the end of that term; or
 - (b) at the end of any successive term thereafter, by providing two year notice to the other party prior to the end of that term; or
 - (c) by mutual agreement on ninety (90) days notice at any point during the lease agreement.
- 10.3.1 Should the City terminate this Agreement due to its requirement for the Property, for future use, the City agrees to make a concerted effort in providing the Cosmo with an alternate location for Recreation Centre for Senior Citizens.

11. MISCELLANEOUS

- 11.1 The headings and section numbers appearing in this Agreement are inserted as a matter of convenience only and in no way define, limit, construe or describe the scope or intent of such sections and such headings and section numbers shall not in any way other than for reference purposes affect the interpretation or construction of this Agreement.
- 11.2 This Agreement constitutes the whole Agreement and replaces any other Agreements between the parties.
- 11.3 The preamble forms an integral part of this Agreement.
- 11.4 This Agreement shall not be assigned by Cosmo without the prior written consent of the City, said consent not to be unreasonably withheld.
- This Agreement may not be modified or amended except by an instrument in writing signed by the parties hereto or by their successors or assigns.

- 11.6 If for any reason any term, covenant or condition of this Agreement, or the application thereof to any person or any circumstance, is to any extent held or rendered unenforceable or illegal then such term, covenant or condition:
 - (a) is and is deemed to be independent of the remainder of the Agreement and to be severable and divisible there from and its unenforceability or illegality does not affect, impair or invalidate the remainder of the Agreement or any part thereof; and
 - (b) continues to be applicable to and enforceable to the fullest extent permitted by law against any person and circumstance other than those to whom it has been held or rendered unenforceable or illegal.
- 11.7 Neither party is obliged to enforce any term, covenant or condition in this Agreement against any person, if, or to the extent by doing so, such party is caused to be in breach of any laws, regulations or enactments from time to time in force.
- No waiver shall be inferred or implied by any forbearance by a party hereto or anything done or omitted to be done by a party with respect to a default, breach or nonobservance save only an express waiver in writing and then only to the extent expressly stipulated and necessary to give effect to such express waiver. A waiver by a party of any breach of any term, covenant or condition herein contained shall not be and shall be deemed not to be a waiver of any continuing or subsequent breach of such term, covenant or condition (except as specifically expressed in writing to be so) or of a party's rights hereunder or of any other term, covenant or condition herein contained. Without limiting the generality of the foregoing the subsequent acceptance of payment by a party is not and is deemed not to be a waiver of any preceding breach or continuing breach by the other party of any term, covenant or condition of this Agreement, regardless of knowledge of any such preceding breach at the time of acceptance of such payment.
- 11.9 Any notice or demand required or permitted to be given to either party hereto pursuant to this Agreement shall be in writing and may be delivered to the Party in person (or to its authorized agent) or by sending it by prepaid registered mail, addressed:

In the case of the City to:

City of Moose Jaw 228 Main Street North Moose Jaw, Saskatchewan S6H 3J8

Attention: City Clerk/Solicitor

And in the case of Cosmo to:

Cosmo Senior Citizens' Centre Inc. 235 3rd Ave. N. E. Moose Jaw, Saskatchewan S6H 1C9 Attention: Board of Directors

Attention. Board of Directors

or to such alternate address in Saskatchewan as either party may be notice from time to time advise, and if mailed as aforesaid shall be deemed to be given on the third business day after the date of such mailing.

COMMUNICATION # EC-2019-0141

TITLE: Options for the Introduction of an Infrastructure Levy - EC-2019-0141.docx

TO: Executive Committee

FROM: Department of Financial Services

DATE: August 7, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT City Council approve an Infrastructure Levy of \$100.00 per taxable property per year or \$8.33 per month for all property classes except for the multi-unit residential property class which will have an Infrastructure Levy of \$100.00 on each unit of the multi-unit residential property per year or \$8.33 per month; and

THAT the Infrastructure Levy extends to each mobile home in mobile home parks through an agreement with mobile park owners; and further

THAT the Infrastructure Levy be held in a separate Capital Fund and only utilized to fund transportation related infrastructure rehabilitation including road rehabilitation related to the Cast Iron Watermain Program.

TOPIC AND PURPOSE

The purpose of this report is to provide several options related to a potential Infrastructure Levy.

BACKGROUND

The City of Moose Jaw has had ongoing discussions for several years in respect to the potential of implementing an Infrastructure Levy. The City of Moose Jaw, like all other municipalities in Canada, faces inadequate funding for infrastructure rehabilitation. In Moose Jaw the creation of new infrastructure has been the focus since its establishment, but the City is now into the latter stages of the life cycle of a large portion of its infrastructure including water lines, sewer lines, landfill, roadways, sidewalks, bridges and structures.

Current levels of funding are not adequate to repair and rehabilitate much of Moose Jaw's municipal infrastructure. Federal and Provincial Governments have proven to be unreliable sources of funding for infrastructure rehabilitation. Federal and Provincial grant funding tends to come in spurts around Provincial and Federal elections. The exception to this sporadic funding has been the Federal Gas Tax funding which has proven to be a stable source of infrastructure funding.

In 2017, City Council at a regular meeting held on April 24, 2017, considered a report on watermain funding and passed the following motion in respect to Watermain Funding and more specifically transitioning the Hospital Levy into an Infrastructure Levy.

"THAT the 2016 Cast Iron Watermain Budget not be carried over to 2017; and

THAT the 2.25% allocation of Municipal Taxation in 2017 be reduced to 1.65% and be directed on an ongoing basis to the Cast Iron Watermain Replacement Program; and further

THAT the source of funding for the remainder of the annual \$5,850,000 (to be inflation adjusted annually) come from the transition of the Hospital Levy into an Infrastructure Levy to be levied on water utility customers based upon meter size starting in 2019."

During 2019 Budget deliberations, Council received a further report on a potential Infrastructure Levy utilizing the Water Utility as a basis for the levy. In response to that report, City Council passed the following motion:

"THAT Administration provide a report to Council with options for the introduction of an Infrastructure Levy in advance of the 2020 Budget process."

DISCUSSION

The first step in reviewing the need for an Infrastructure Levy is to analyse the need for this type of funding. In reviewing the 2019 to 2023 Capital Plans, it is clear that both the General Capital Reserve and the Waterworks Utility portions of the Capital Budget are in need of significant additional infrastructure funding. See attachment #1 General Capital Reserve Budget and attachment #2 Waterworks Capital Budget/Financial Model.

The previous funding models developed in terms of an Infrastructure Levy anticipated a levy of approximately \$100 per property per year or \$8.33 per month which will generate approximately \$1,600,000 annually for infrastructure renewal.

Recent announcements of a doubling of the Gas Tax funding in 2019 and the Federal ICIP program will provide a benefit in 2020/21 primarily to the Waterworks Utility. It is hoped that this funding may lessen or eliminate the need for further borrowing by the utility. However, given the sporadic nature of Federal/Provincial funding, there is still the need for an Infrastructure Levy.

The General Capital Reserve has a \$17.6 million dollar deficit over five years which originates primarily in the Transportation area of this budget.

In reviewing other Cities in Saskatchewan, there are two forms of Infrastructure Levy in place. The first is a base tax applied to the various property classes. The table below summarizes some of the communities with this type of levy.

Comparison of Base Tax
Infrastructure Levies
Saskatchewan Cities

	Туре	Residential	Commercial
Humboldt	Roadway Rehabilitation	65	70 to 1750
	Infrastructure Tax	130	135 to 3375
Matensville	Wastewater Levy	75	75
	Recreation Levy	100	100
North Battleford	Underground and Asphalt Levy	\$4.36 a front foot	\$4.36 a front foot
	Recreation Facilities	187.46	1.41 mills
Prince Albert	Roadways Levy	189	500 to 14,500
	Infrastructure Tax	60	125 to 4,700
Yorkton	Recreation Levy	100	100

The second type of Infrastructure Levy is one specific to a utility in which the utility levies a monthly or volume--based levy on users to help support the infrastructure renewal of that utility. The table below summarizes some communities with this type of levy.

Comparison of Utility based Infrastructure Levies Saskatchewan Cities

Jaskaterie Warr Citie	Туре	Residential	Commercial
Estevan	Drainage Levy	21.05 bi monthly	21.05 bi monthly
	Water Infrastructure	20.00 bi monthly	20.00 bi monthly
Humboldt	Storm Infrastructure Fee	NA	NA
Melville	Infrastructure Levy	23.12 monthly	23.12 monthly
North Battleford	Water Undergrounds	10.67 to 864.27	10.67 to 864.27
	based on meter size per month		
	Sewer Undergrounds	13.30 to 1370.52	13.30 to 1370.52
	based on meter size per month		
Prince Albert	Water Capital Works	25.00 to 350.00	25.00 to 350.00
	based on meter size per month		
	Sewer Capital Works	22.00 to 308.00	22.00 to 308.00
	based on meter size per month		
Saskatoon	Infrastructure Consumption Charge	3.169 per 100 Cu.ft	2.631 per 100 Cu.ft

In reviewing options for implementing a levy, City Administration would recommend to City Council to adopt a levy based upon a base tax as it has the flexibility to be utilized for a wide range of infrastructure needs. A utility-based levy on the other hand is more restrictive and generally just utilized for that utility's capital needs. By going with a broadbased Infrastructure Levy, it will be possible for Council to direct it to the area most in need of funding.

City Administration would also recommend a flat \$100 levy (Base Tax) or \$8.33 per month for all property classes. The treatment of commercial properties the same as residential will help lessen the property tax gap that exists between commercial and residential properties. Also, all citizens utilize the transportation infrastructure so a flat rate for all reflects this usage.

An alternative to a levy is simply to increase municipal taxation and utility rates to generate the additional monies needed to fund the City's infrastructure needs. Those increases would be:

- Municipal Tax increase of approximately 5.5% would generate \$1,600,000 for infrastructure renewal.
- Water Utility rate increase of approximately 16%.

In reviewing all the options, City Administration would recommend that City Council adopt a base tax of \$100 per taxable property levied or \$8.33 per month on the same basis as the previous Hospital Levy. This will generate approximately \$1,600,000 annually which City Administration would recommend be directed to the Transportation section of the General Capital Reserve portion of the Capital Budget; and that the funds be directed to fund Transportation related infrastructure rehabilitation including road rehabilitation related to the Cast Iron Watermain Program. By including Cast Iron Watermain road repair it will allow for some of the funding to be used to alleviate funding issues in the Waterworks Utility.

OPTIONS TO RECOMMENDATION

- 1. City Council refer this report to City Council budget deliberations.
- 2. City Council recommend an alternative amount for the levy.
- 3. City Council implement a Utility based levy.
- 4. City Council increase taxation or water rates to generate the required funding.

PUBLIC AND/OR STAKEHOLDER INVOLVEMENT

This is a public communication as have been the previous communications on this matter. Citizens or groups are invited to make their viewpoints known to City Council.

COMMUNICATION PLAN

Once Council has made a decision on the type of levy to pursue, it will come back before Council to be approved either as part of the Mill Rate Bylaw or Utility Bylaw. This will allow the public another opportunity to express their views on the matter at that time.

STRATEGIC PLAN

The ability to fund strategic initiatives such as infrastructure renewal is necessary for rehabilitation of these assets to move forward.

BYLAW OR POLICY IMPLICATIONS

Decisions made in respect to a levy will ultimately come back to Council in bylaw form for approval.

FINANCIAL IMPLICATIONS

The suggested implementation of an Infrastructure Levy in 2020 would generate approximately \$1,600,000 annually which would go towards Transportation related infrastructure renewal.

PRESENTATION

VERBAL: The Director of Financial Services will be in attendance to present an overview of the report.

ATTACHMENTS

- 1. 2019 to 2023 General Capital Reserve Budget.
- 2. 2019 to 2023 Waterworks Utility Budget and Financial Model.

REPORT APPROVAL

Written by: Brian Acker, B.Comm., CPA, CMA, Director of Financial Services

Reviewed by: Tracy Wittke, Assistant City Clerk

Approved by: Jim Puffalt, City Manager

Approved by: Fraser Tolmie, Mayor

Mayor's Comments:

The hospital levy had a start and end date to coincide with the construction of the new hospital. If an infrastructure levy is introduced which was part of the 2016 Cast Iron Referendum, then there should also be a start and end date to coincide with designated projects.

To be completed by the Clerk's Department of	only.
Presented to Regular Council or Executive Co	mmittee on
No	Resolution No.

LETTER OF COMMUNICATION

TITLE: Utility Rate Review

TO: Budget Committee

FROM: Department of Financial Services

DATE: December 4, 2018

PUBLIC: This is a public document

IN-CAMERA:

RECOMMENDATION

THAT the Waterworks and Sanitary Sewer Utility Rate Schedule be amended to reflect a 6% rate increase effective April 1, 2019; and

THAT effective April 1, 2019, a Waterworks Infrastructure Levy be established based upon a variable monthly levy based upon meter size. That infrastructure Levy will be:

	Monthly
Meter Size	Levy
15 - 20 mm	\$8.33
21 - 30 mm	\$16.67
31 - 40 mm	\$33.33
41 - 50 mm	\$66.67
51 - 75 mm	\$133.00
76 - 100 mm	\$267.00
101 - 150 mm	\$533.00
151 - 200 mm	\$1,067.00
greater than 200mm	\$2,133.00

and further;

THAT City Administration be directed to amend Bylaw No. 5152 <u>The Sewer and Water</u> Utility Bylaw.

TOPIC AND PURPOSE

The purpose of this report is to provide Budget Committee with the results of an analysis of Water and Sewer Utility rates.

BACKGROUND

The City of Moose Jaw provides water and sanitary sewer services to the citizens and businesses of the community via two separate utilities. The Waterworks Utility is set up to be a self-funded utility that provides potable water to the citizens and businesses of the City of Moose Jaw. Likewise, the Sanitary Sewer Utility is also self-funded and provides sanitary sewer disposal services to the citizens and businesses of Moose Jaw.

On April 24, 2017, City Council passed the following motion in respect to Watermain Funding and more specifically transitioning the Hospital Levy into an Infrastructure Levy.

"THAT the 2016 Cast Iron Watermain Budget not be carried over to 2017; and

THAT the 2.25% allocation of Municipal Taxation in 2017 be reduced to 1.65% and be directed on an ongoing basis to the Cast Iron Watermain Replacement Program; and further

THAT the source of funding for the remainder of the annual \$5,850,000 (to be inflation adjusted annually) come from the transition of the Hospital Levy into an Infrastructure Levy to be levied on water utility customers based upon meter size starting in 2019."

Waterworks Utility

The Waterworks Utility's Operating Expenditures are funded from the revenue generated from utility rate charges to its customers. The excess of utility rate revenues, once operating expenditures have been satisfied, is contributed as a reserve charge to be utilized to fund its capital needs. It is estimated that the Waterworks Utility will generate approximately \$2,492,475 in 2019 towards these capital needs.

City of Moose Jaw Budget Summary of Revenues & Expenditures

For Waterworks								
Description	2018 Projection	2018 Budget	2019 Budget	2019 - 2018 INC (DCR)	% Change			
GENERAL SERVICE	10,600,000	10,015,565	10,600,000	584,435	5.8%			
UTILITY BILLING PENALTIES	58,277	42,438	60,387	17,949	42.3%			
CONNECTION FEES	62,235	65,025	62,940	(2,085)	(3.2)%			
WATER DEPOTS	35,075	27,361	28,390	1,029	3.8%			
HOUSE CONNECTIONS	300,000	250,000	300,000	50,000	20.0%			
MISCELLANEOUS REVENUE	1,092	5,700	1,000	(4,700)	(82.5)%			
WATER METER REVENUE	17,000	29,000	20,000	(9,000)	(31.0)%			
REVENUES	11,073,679	10,435,089	11,072,717	637,628	6.1%			
PRODUCTION	2,971,446	3,118,271	3,047,945	(70,326)	(2.3)%			
DISTRIBUTION	4,018,372	3,933,184	4,032,213	99,029	2.5%			
ADMINISTRATION	1,361,636	1,337,706	1,500,084	162,378	12.1%			
RESERVE CHARGE	2,722,225	2,045,928	2,492,475	446,547	21.8%			
EXPENDITURES	11,073,679	10,435,089	11,072,717	637,628	6.1%			

The Waterworks Utility is also the recipient of the City's Gas Tax funding which will total an estimated \$2,082,952 in 2019. In addition to this funding, the City currently redirects municipal taxation to the utility to partially fund the cast iron watermain replacement program. This appropriation of tax revenues totals \$2,836,492. In summary, for 2019 the following are the anticipated funding sources for the utilities capital needs:

Utility Rate Charges	\$2,492,475
Gas Tax Funding	\$2,082,952
Municipal Taxation	\$2,836,492
Total Funds for Capital Needs	\$7,411,919

The capital needs of the Waterworks Utility are estimated to be \$119,654,432 over the next five years.

Sanitary Sewer Utility

The Sanitary Sewer Utility is estimated to generate \$3,833,354 in 2019 as a reserve charge which will be utilized to fund current borrowings and future capital needs. The Sanitary Sewer Utility is a self-funded utility which means it relies on the revenue generated from utility rate charges and grant funding to fully fund its operations and capital needs.

City of Moose Jaw Budget Summary of Revenues & Expenditures

For Sanitary Sewer

		•			
Description	2018 Projection	2018 Budget	2019 Budget	2019 - 2018 INC (DCR)	% Change

ADMINISTRATION	1,000,542	994,790	1,038,449	43,659	4.4%
RESERVE CHARGE	3,876,344	3,694,414	3,833,354	138,940	3.8%
SEWAGE TREATMENT	2,043,742	2,119,753	2,083,785	(35,968)	(1.7)%
SANITARY SEWERS	1,229,613	1,168,651	1,188,246	19,595	1.7%
EXPENDITURES	8,150,241	7,977,608	8,143,834	166,226	2.1%

The Sanitary Sewer Utility has planned capital expenditures over the next five years of \$32,314,133.

The table below shows the City of Moose Jaw's Water and Sewer rate increases since 2005:

Historical Review of Utility Rate Increases

<u>Water</u>	<u>Sewer</u>	
2005	2.00%	2.00% *
2006	2.00%	2.00% *
2007	5.00%	10.00%
2008	10.00%	15.00%
2009	10.00%	15.00%
2010	5.00%	13.00%
2011	15.00%	15.00%
2012	9.00%	9.00%
2013	9.00%	9.00%
2014	9.00%	9.00%
2015	9.00%	9.00%
2016	9.00%	9.00%
2017	15.00%	6.00%
2018	9.00%	6.00%

^{*} Note: Rate increases during the 2002 to 2006 period were not a flat across-the-board increase, but rather were made up of varying rate increases per type of meter and level of consumption. The increase shown is the average projected increase per Communication #178 dated July 11, 2001.

DISCUSSION

The Water and Sewer Utilities are both facing expenditure pressures on the operating and capital areas. The discussion below attempts to address the challenges and potential ways to deal with those challenges for each utility.

Waterworks Utility

The Water Utility operational costs appear to be stabilizing with distribution costs more within a normal inflationary increase. In terms of production costs, there is a small decrease for 2019, but significant increases in water rates charged by the Buffalo Pound Water Treatment Corporation (BPWTC) for capital improvements will impact production costs going forward.

These increased production costs are the result of the BPWTC now being responsible for all capital costs related to the facility. In order to fund an estimated \$127 million to \$224 million dollar renewal project, the rates charged for water will climb in the future. The table below summarizes those projected increases:

	<u>Rate per megaliter</u>
2018	533.00
2019	543.00
2020	585.00
2021	672.00
2022	725.00
2023	765.00

In terms of the infrastructure needs of the utility, they total \$119,935,619 and are detailed in Attachment #1 - 2019 to 2023 Waterworks Planned Capital Expenditures. This is an extreme amount of capital works for a utility of this size (annual revenue approx. \$11 million).

The Financial Services Department has created a Financial Model for the Waterworks Utility that puts into perspective the extreme financial pressures being faced by the utility. This model can be found in Attachment #2 - 2019 to 2023 Waterworks Financial Model.

As can be seen, the financial model calls for an additional \$45 million in borrowing, which is in addition to the \$30 million borrowed in 2018. As well, the model has been produced with annual 6% rate increases which is the direction of City Council. Lastly, the transition of the Hospital Levy to a Waterworks Levy beginning in 2019 has been accounted for in the model.

The one thing this financial model does not take into account is the potential for any Federal/Provincial Grant funding. If the City were successful in getting Federal/Provincial funding, this would reduce some of the borrowing needs.

The financial model presented will meet the needs of the utility over the next five years, but does not provide long term financial stability for the utility. Going forward into the future, there will be a need for utility rate increases greater than 6% annually and/or significant amounts of Federal and Provincial grant funding.

The current financial model also will not provide much if any room for future debt limit requirements related to the BPWTC renewal. The funding for the renewal project will come from the rates charged for water by BPWTC. However, since the corporation is jointly owned by the City of Regina (74%) and City of Moose Jaw (26%) any borrowing done by the corporation will count against the borrowing limits of the two cities.

In Moose Jaw's case, 26% of any borrowing will need to be absorbed in the City's debt limit. The City's debt limit currently sits at \$95 million dollars and approximately \$64 million dollars of that limit has been used to date. The waterworks financial model anticipates that an additional \$45 million in borrowing for the Waterworks Utility will be required over the next three years. Given that a portion of the debt will be paid off over the next three years, it is estimated that the additional \$45 million in borrowing will put the City at its debt limit of \$95 million dollars.

Where issues may potentially arise is the amount of additional debt limit that will be required for the City of Moose Jaw's 26% share of the BPWTC renewal project. That could range from \$33 million to \$58 million if no grant funding is available. If 50% grant funding were available for the plant renewal, then the City's share of debt would range from \$16.5 to \$29.0 million dollars. The lower range of this debt requirement is likely manageable; however, if significant Federal and Provincial funding is not available, then it may be difficult for the City to get that high a debt level approved by the Saskatchewan Municipal Board given our current planned debt levels.

The financial model presented with 6% annual rate increases, transition of the Hospital Levy to a Waterworks Infrastructure Levy and \$45 million in borrowing is manageable over the five year Capital Plan period. Future periods beyond 2023 being manageable are predicated on a significantly reduced capital need and Federal and Provincial grant funding.

Sanitary Sewer Utility

The Sanitary Sewer Utility is experiencing more moderate cost pressures on its operations and capital needs. The debt that the corporation currently holds will be paid off at the end of 2023 and the financial model appears to be sustainable with moderate rate increases of 6% each year over the five year period.

In the longer term, it may make sense to look at the potential of combining the Waterworks and Sanitary Sewer Utilities into one entity. This would have the benefit of creating a larger utility which could redirect resources from one area such as Sanitary Sewers to areas of financial need such as Waterworks. This type of amalgamation is several years off as the Sanitary Sewer Utility is just now getting on solid financial footings where at a point five or so years down the road, it may be able to contribute to Waterworks capital needs.

In terms of the infrastructure needs of the utility, they total \$32,314,133 and are detailed in Attachment #3 - 2019 to 2023 Sanitary Sewer Planned Capital Expenditures. This is a much more moderate capital request than the Waterworks Utility and in addition, long-term borrowing for the utility will be fully repaid by 2023. Annual contributions from operations to capital are also strong at an estimated \$3,833,354 in 2019 before the proposed 6% rate increase.

The Financial Services Department has created a Financial Model for the Sanitary Sewer Utility that puts into perspective the financial pressures being faced by the utility. This model can be found in Attachment #4 - 2019 to 2023 Wastewater Financial Model. City Administration would recommend funding the Sanitary Sewer Utility with 6% rate increases over the next five years.

Conclusion

As can be seen from the discussion above, both utilities are facing financial pressures. The analysis above has proposed rate increases for each of the next five years for each utility.

The uncertainty surrounding these financial models relates to:

- Scope of work that must be performed over the next five years.
- Federal/Provincial Infrastructure Funding.

Given these uncertainties and the obvious need for a utility increase for 2019, City Administration would recommend to Council to proceed with a 2019 increase only at this point in time.

The rate adjustments recommended in this report are necessary for the utilities to be able to meet their financial obligations and continue to provide water and sanitary sewer services.

A comparison of other cities' 2017 rates for both residential and commercial usage is provided in Attachment #5 - 2017 Utility Rate Comparison (2018 comparison was not available). As can be seen, the City of Moose Jaw has the fifth lowest residential rates and the fourth lowest commercial rates amongst the cities surveyed.

Also of specific interest is the water and sewer rates of Moose Jaw's closest comparator, that being the City of Regina. (See attachment #6.) The City of Regina's 2018 water and sewer rates are compared to the City of Moose Jaw's in the attached table. The table indicates that the City of Regina's residential water and sewer charges are 22% more than Moose Jaw's.

The City of Moose Jaw's water and sewer charge for a residential customer with a 20 mm meter and 25 M3 of usage a month is \$109.69. The proposed rate increases will result in this same residential customer paying \$116.27 for water and sewer services in 2019 plus the water infrastructure levy of \$8.33 bringing the total monthly charge to \$124.60. Although this is a significant increase in cost, it should be noted that the cost of water and sewer services is still reasonable when compared to the monthly charges that one pays for electricity, natural gas, cable and telephone.

City Administration is recommending only a one-year utility rate increase be implemented at this time. The rationale for this recommendation is twofold. First of all the capital plans for both utilities are subject to fluctuation into the future and secondly the City is hopeful it will receive some Federal/Provincial funding over the next five years. For these reasons, a rate increase of 6% for the Waterworks Utility and 6% for the Sanitary Sewer Utility effective April 1, 2019 is being recommended.

OPTIONS TO RECOMMENDATION

1) Implement a longer term rate increase such as three years of 6% utility rate increases and implementation of the Infrastructure Levy.

PUBLIC AND/OR STAKEHOLDER INVOLVEMENT

As part of the City's public input process, individuals or groups can present a submission to Budget Committee in respect to proposed utility rate increases. At this point, no groups or individuals have come forward but if any do, they will be allowed to present at this meeting.

COMMUNICATION PLAN

Once a decision on 2019 utility rate increases have been ratified, City Administration will inform the public of the upcoming increases through advertising as well as an insert in utility bills.

In addition, as part of the communications plan for this rate increase, the City will make every effort to inform our customers about the Water Instalment Payment Plan (WIPPS) that the City offers. This plan allows customers to move from the regular three month

billing and payment cycle to a monthly payment cycle but which requires the customer to sign up for direct debit as a method of payment. The move from quarterly to monthly billings under the WIPPS plan allows customers to be charged a more manageable monthly bill rather than facing a larger bill every three months, penalty free due to the direct withdrawal requirement. Currently about 14.3 % of the City's Water & Sewer customers take advantage of the monthly payment plan.

STRATEGIC PLAN

Developing an appropriate utility rate structure forms the basis for the carrying out of the City's strategic and administrative plans as they relate to both the Waterworks and Sanitary Sewer Utilities. This funding mechanism also provides for the funding necessary to move forward with infrastructure renewal and supports the administrative strategic theme of enhancing infrastructure planning and management.

BYLAW OR POLICY IMPLICATIONS

The approval of the recommendation in this report will result in the need to amend the rate schedule in Bylaw No. 5152 The Sewer and Water Utility Bylaw.

FINANCIAL IMPLICATIONS

The proposed rate increases and levy introduction for the Waterworks Utility and the rate increase for the Sanitary Sewer Utility will generate annually approximately \$2,192,000 and \$414,000 respectively. It is important to note that taxpayers will see a corresponding drop in the monies levied for the hospital of \$1,620,000 annually.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy as incorporated into the City Administration Bylaw No. 5175 of 2016 is not required.

COMMUNICATION # CC-2019-0154

TITLE: Recycling Collection Contract Renewal

TO: City Council

FROM: Department of Engineering Services

DATE: August 19, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT the City continue with the first optional two-year extension of the recycling program with Loraas Disposal Services Inc. as outlined in the Recycling Collection Services Agreement.

TOPIC AND PURPOSE

To obtain Council support in continuing with the first two-year extension in the residential collection recycling program.

BACKGROUND

The City entered into the Recycling Collection Services Agreement with Loraas Disposal Services Inc. on October 1, 2015. The contract included an initial three-year term along with two extensions of two years each. The first extension commenced on October 1, 2018 and will conclude on September 30, 2020. If the City desires to enact the second two-year extension, it must do so on or before April 1, 2020.

The City chose to finance the collection carts through Loraas Disposal Services Inc. over the initial term and potential extensions of the Agreement. If the agreement was terminated prior to fulfilling both extensions, there is a buy-out fee required to pay for the balance remaining on the carts. The financial terms of this arrangement are shown in the following table:

Period	Time	Cart Quantity	Cost/Cart	Buy-out
Completion of Initial Term	3 years	12,500	\$50	\$625,000
Conclusion of 1st Extension	2 years	12,500	\$20	\$250,000
Conclusion of 2 nd Extension	2 years	12,500	\$0	\$0

DISCUSSION

Large scale programs, which involve the majority of residents in a municipality, should be considered from multiple perspectives. Recycling collection in Moose Jaw can be analysed through the Triple Bottom Line Concept. The Triple Bottom Line Concept is a sustainability framework that examines a company's or organization's social, environment, and economic impact. Instead of one traditional bottom line (economic), this concept proposes there should be three considered. This balances the wants and needs of an organization with the desires of its customers or stakeholders both locally and globally.

Economic

The City collects solid waste and recycling from approximately 11,600 homes. The monthly cost charged per property is \$9.77 for solid waste collection and \$7.09 for recycling collection. The recycling cost to the City's residents is partially offset by a subsidy from the Multi Material Recycling Western (MMSW) organization. The 2018 grant amounted to \$187,579 and is expected to increase in 2019 to \$340,290.

The Department of Engineering has contacted several municipalities in Saskatchewan to determine the different recycling collection models in use from a financial perspective. There are several different models in use making direct comparisons more difficult. These models include multiple contractors and/or cities performing the collection. Carts financed to own under a multi-year agreement, carts purchased outright, or carts owned completely by the contractor providing the collection service. The agreements are of varying lengths with varying contract extensions and some including processing of the material. This makes comparing the City of Moose Jaw's rate difficult with regards to competitiveness. The City has neither the lowest nor the highest collection rate in the Province rather being somewhere in the middle for costs. In communities that provided responses the high cost was \$9.25/mo.; the low cost was \$5.09/mo.; Moose Jaw's current rate is \$7.09/mo.

The solid waste tonnage collected from the residential cart program (household garbage) has decreased steadily over the last three years with the implementation of eight months of bi-weekly collection. 7,707 tonnes were collected and disposed of at the City landfill in 2018. Through 2019, this total is trending down 6.9% through the first 6 months. Conversely, recycling tonnage has only increased 0.2% over three full years of collection going from 1,341.4 tonnes to 1,344.4 tonnes annually. Based on current tonnages and customer charges, the cost for each household to dispose of a single kilogram of waste and recycling can be calculated. The cost to dispose of waste is \$0.18/kg and the cost to recycle is \$0.74/kg.

It is clear from an economic standpoint that the current multi-material recycling collection program is a cost-plus service.

Environment

The environment bottom line concept is where an organization strives to minimize its environmental impact, reducing its ecological footprint. This can take many forms through programs aimed at managing the consumption of energy and non-renewables, reduction of waste, recovery of materials that can be re-purposed or recycled, etc.

Single stream recycling has been one common practice that municipalities have adopted to begin addressing capture and re-use of papers and plastics that are contributing to deforestation and non-degradable plasticized pollution worldwide. Generally, recycling is considered to have a positive environmental impact.

Currently the recycling industry worldwide is in a fair amount of turmoil. The effect of Asian countries closing their doors to the world's "dirty" recycling streams has had a significant global impact on the entire industry. Commodity prices have plunged, and material sorting and recycling facilities have begun to stockpile materials, waiting for the industry to sort itself out. It is a complex industry from supplier to manufacturer to customer to disposal/reuse. What is clear is that the most effective environmental control is reduction, elimination or innovation of materials used/created at their source. Unfortunately, North America has been slow in adopting these types of practices and it generally requires intervention from larger government bodies at provincial/state and federal levels in conjunction with large industry entities.

Social

Social equity bottom line concept is simply consideration of and impact on people and the community. How do programs affect social well-being; what are the communities wishes? As part of the solid waste master plan deliverables, community consultation was done on a variety of topics through phone surveys, online surveys and public consultation. Feedback with respect to recycling was very clear and overwhelming.

SUMA has an Urban Solid Waste Management Policy and has recently released three resolutions related to the reduction of plastic waste and pollution resolving to advocate and work with the federal and provincial governments. They are as follows:

- 1) Eliminate problematic and toxic products that pollute our environment such as micro-plastics and regulate the use of plastics and additives that are toxic or cannot be recycled;
- 2) Reduce the use of single-use plastics; and

3) Create incentives for reducing waste and the reusability of products and packaging, and to increase the reuse, recycling, and composting products and packaging.

In consideration of the items discussed in the Triple Bottom Line approach, the Department of Engineering Services recommends that the City continues with the first optional two-year extension of the recycling program with Loraas Disposal Services Inc. In consideration of the upheaval that currently exists in the recycling markets there is a risk to rate payers if the City were to go back to market with a new tender for recycling collection. Further, the community is very supportive of this program and in reducing environmental impact through waste management services.

It should also be noted that under the terms of the contract, Loraas has provided notice and are requesting that clam shell containers labelled as #1, and film plastic (plastic bags and starch wrap) no longer be included in the recycling contract and program. See Attachment ii. Engineering will work with Loraas to provide public communication and education on this issue.

The grant increase from MMSW is an additional \$152,711. In consideration of the significant infrastructure upgrades required within the city, City Council should consider how best to allocate these additional funds during budget deliberations.

OPTIONS TO RECOMMENDATION

- 1) Terminate the agreement with Loraas Disposal Services Inc. with a buy-out fee of \$625,000 and go back to market with a tender for recycling collection.
- 2) Terminate the agreement with Loraas Disposal Services Inc. with a buy-out fee of \$625,000 and cancel the recycling collection program.

OTHER CONSIDERATIONS/IMPLICATIONS

There is no other considerations or implications applicable to this report.

PUBLIC NOTICE

Public Notice pursuant to the Public Notice Policy is not required.

PRESENTATION

VERBAL: The Manager of Utilities, Department of Engineering Services, will be available to provide a brief verbal overview of this report.

RECYCLING COLLECTION SERVICES AGREEMENT

THIS AGREEMENT made as of this1_ day of	October, 201	5
BETWEEN:		

THE CITY OF MOOSE JAW, a city continued pursuant to *The Cities Act* of Saskatchewan (the "City")

-and-

LORAAS DISPOSAL SERVICES LTD., a body corporate incorporated under the laws of and registered to carry on business in the Province of Saskatchewan (the "Supplier")

WHEREAS:

- A. The City wishes to make the transition from its bulk recycling program to a combined residential curb-side and bulk residential program in an efficient and reliable manner;
- B. The City issued an Request for Proposals (the "RFP") relating to the collection, transporting and processing of municipal residential recycling waste and wishes to retain the services of a third party to provide the Services;
- D. The Supplier has responded to the RFP and has been identified as the successful proponent pursuant to the terms and conditions of the RFP to provide the Services to the City; and
- E. The City wishes to have the Supplier provide the Services and the Supplier has agreed to do so, all in accordance with terms and conditions of this Agreement.

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual covenants and promises hereinafter contained, and for other good and valuable consideration now paid and delivered by each party to the other, the receipt and sufficiency of which is hereby acknowledged by each of the parties hereto, the City and the Supplier each agree with the other as follows:

ARTICLE 1 DEFINITIONS AND INTERPRETATION

1.1 Definitions

Whenever used in this Agreement, including the recitals and schedules hereto, the following terms shall have the meanings set out below:

- "Applicable Law" means collectively, the common law and any and all statutes, by-laws; regulations, permits, approvals, certificates of approval, licenses, judgments, orders, injunctions, authorizations, directives, whether federal, provincial or municipal:
- "Business Day" means any day that is not a Saturday, Sunday or statutory holiday in Saskatchewan;
- "Cart" means the Schaefer USD-M 95 US Gallon Universal blue cart, or acceptable, equivalent, including Toter 96 Gallon, that is provided to Designated Residences for the storage of Designated Materials;
- "Change in Law" means the coming into effect or repeal (without re-enactment or consolidation) in Saskatchewan of any Applicable Law, or any amendment or variation of any Applicable Law, including any judgment of a relevant court of law which changes binding precedent in Saskatchewan, in each case after the Effective Date of this Agreement;
- "Collection Area" means the designated area within the City limits wherein a Collection Vehicle is to provide the Services within a Collection Day;
- "Collection Day" means the day upon which the Supplier shall provide the Services to a Designated Residence;
- "Collection Route" means the route within a Collection Area wherein the Services are to be performed by one Collection Vehicle during a single Collection Day;
- "Collection Schedule" means the schedule of dates when the Services are to be provided to certain Collection Areas;
- "Collection Vehicles" means all vehicles to be provided for the purpose of holding and transporting Designated Materials to the Designated Facility;
- "Confidential Information" has the meaning ascribed to it in Article 20 hereto;
- "Consumer Price Index" means the consumer price index for All Items excluding food and energy for the City of Regina published by Statistics Canada;
- "Control" of a corporation or other entity is held by a Person where securities of the corporation or other entity to which are attached more than 50% of the votes that may be cast to elect directors or persons acting in a similar capacity of the corporation or other entity are held, other than by way of security only, by or for the benefit of such Person;
- "Council" means the Council of the City of Moose Jaw;

- "Designated Facility" means the facility in Moose Jaw where daily loads of recyclable materials are processed and baled for transportation to Regina and other post-consumer processing facilities.
- "Designated Materials" means any regular residential recyclable waste materials allowed to be disposed of at a recycling facility;
- "Designated Residence" means a property dwelling that is used primarily as a residence, is occupied, is within the City limits and has a registered utility account, in good standing at the City and shall include units in single family, duplex, and triplex homes;
- "Effective Date" means the date first written above:
- "Environmental Laws" means any and all statutes, by-laws, regulations, permits, approvals, certificates of approval, licenses, judgments, orders, judicial decisions, injunctions, and authorizations related to environmental matters which are applicable to the Services;
- "Equipment" means the Collection Vehicles and any other equipment or materials used by the Supplier in the provision of the Services;
- "Escalation Factor" means the amount of the annual adjustment to the Service Fee recalculated annually to account for any documented increases in Consumer Price Index and Diesel Prices for Regina. The annual adjustment, if applicable, shall begin with the second year of the Contract;
- "Force Majeure" means an event beyond the reasonable control, and not attributable to the negligence or willful misconduct of the party affected, including but not limited to the following: flood, earthquake, storm, lightning, fire, drought, flood, explosion, war, riot, civil disturbance, strike, sabotage or electrical outage, provided, however, that Force Majeure shall not include any equipment failure due to normal wear and tear or due to neglected maintenance or repair;
- "Good Industry Practice" means that degree of skill, care, prudence, foresight and operating practice which would reasonably be expected from a skilled and experienced supplier engaged in the same type of undertaking as the Supplier under the same or similar circumstances:
- "Health and Safety Obligation(s)" means any obligation imposed on the Supplier by the Applicable Laws or compliance with Good Industry Practice or the Agreement in respect of health and safety at work, including all applicable requirements of *The Saskatchewan Employment Act (2013)*, and regulations, as may be amended from time to time;
- "Inspector" means the person or persons appointed by the City to monitor and assess the quality and performance of the Supplier in providing the Services;
- "Intellectual Property Rights" means any right in respect of any copyright, trademark, patent, registered design, design right, topography right, service mark, application to register any of the aforementioned rights, trade secret, rights in unpatented know-how, right of confidence and any other intellectual or industrial property rights of any nature whatsoever in any part of the world;

"Liquidated Damages" means those damages listed in Schedule C and described in Article 22 herein;

"Missed Collection" means a situation where a Designated Residence(s) has placed a Cart out for collection on its respective Collection Day before 7:00 am, and the Supplier fails to collect the Designated Materials from Designated Residence(s) prior to 7:00 pm on the day following Collection Day, or within 24 hours after the complaint(s) or concern(s) is received;

"Moose Jaw Diesel Prices" means the average monthly prices for diesel fuel at self-service filling stations for the City of Regina published by Statistics Canada;

"Performance Security" means the performance bond, Letter of Credit or certified cheque delivered by the Supplier to the City as more particularly described in Section 23.1 of this Agreement;

"Person" means any natural person, corporation, division of a corporation, partnership, joint venture (which includes co-ownership), association, company, estate, unincorporated organization, trust, government or governmental authority;

"Prohibited Act" means

- (a) offering, giving or agreeing to give any employee and/or any elected representative of the City any gift or consideration of any kind for any reason, including as an inducement or reward:
 - (i) for doing or not doing (or for having done or not having done) any act in relation to the performance of the terms of this Agreement or any other contract with the City; or
 - (ii) for showing or not showing favour or disfavour to any person in relation to this Agreement or any other contract with the City;
- (b) entering into this Agreement or any other contract with the City in connection with which commission has been paid or has been agreed to be paid by the Supplier or on its behalf, or to its knowledge, unless before the relevant contract is entered into particulars of any such commission and of the terms and conditions of any such contract for the payment thereof have been disclosed in writing to the City; or
- (c) Committing any offence under:
 - (i) the Criminal Code of Canada; or
 - (ii) any legislation creating an offence in respect of fraudulent acts; or
 - (iii) at common law in respect of fraudulent acts in relation to this Agreement or any other contract with the City;
- (d) committing any material offence under any Applicable Laws; and
- (e) defrauding or attempting to defraud or conspiring to defraud the City.

"Proposal" means the Moose Jaw Residential Curbside Recycling Proposal submitted to the City by the Supplier on January 29, 2015.

"PST" means all provincial sales taxes, including any harmonized sales taxes that may be payable on account of or as a result of this Agreement;

"Scavenge" means to search through, pick over or remove objects or material set out for collection;

"Services" means the collection of the Designated Materials to be performed by the Supplier in accordance with the Supplier's response to the RFP and this Agreement, and the establishment and maintenance of the detailed Collection Routes;

"Service Fee" means the fixed per Designated Residence Cart fee and cubic yard bin fee to be remitted by the Supplier for the Services rendered in accordance with Article 7 and Schedule B. This service fee is outlined in the RFP.

"Street" shall mean any public road, street, lane, alley, square, place, thoroughfare or way within the limits of the City;

"Supplier Personnel" means all employees, agents, and sub-contractors of the Supplier, including all employees and agents of any sub-contractors of the Supplier, engaged to provide the Services;

"Supplier Representative(s)" means the person or persons designated by the Supplier to act as a representative of the Supplier under this Agreement;

"Supplier Supervisor" means the Supplier's full-time employee(s) that is dedicated to the supervision of the Services.

1.2 References

Any reference made in this Agreement to:

- (a) "this Agreement" means this agreement, including the Schedules hereto, as it may from time to time be supplemented or amended and in effect;
- (b) "herein", "hereof", "hereby", "hereto", "hereunder" and similar expressions refer to this Agreement and not to any particular Article, Section or other provision hereof, and include any and every amendment restatement, replacement, variation, supplement or substitution hereof;
- (c) this Agreement, including without limitation, any agreement collateral or ancillary to this Agreement and any agreement contained in a Schedule hereto, shall, unless otherwise indicated, be construed as a reference to such agreement as it may have been, or may from time to time be, amended, restated, replaced, varied, extended, renewed, supplemented or notated;
- (d) Sections, Articles or Schedules, unless otherwise indicated, shall be construed as references to the Sections and Articles of and Schedules to this Agreement, as the case may be. The provisions of each Schedule shall constitute provisions of this Agreement as though repeated at length herein;
- (e) any reference to a corporate entity includes and is also a reference to any corporate entity that is a successor to such entity; and

(f) except where otherwise specified, any reference to a statute includes a reference to such statute and to its regulations, with all amendments in force from time to time, and to any statute or regulation that may be passed which has the effect of supplementing or superseding the statute or regulation.

1.3 Interpretation

For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires:

- (a) the headings are for convenience of reference and do not form a part of this Agreement nor are they intended to interpret, define or limit the scope, extent or intent of this Agreement or any of its provisions;
- (b) all accounting terms not otherwise defined have the meanings ordinarily assigned to them at the date hereof pursuant to international financial reporting standards ("IFRS") and all computations made pursuant to this Agreement must be made in accordance with IFRS applicable from time to time;
- (c) any reference to a currency is a reference to Canadian dollars;
- (d) "in writing" or "written" includes, printing and typing, which may be communicated by facsimile or by email;
- (e) the word "including", when following any general statement, term or matter, is not to be construed to limit such general statement, term or matter to the specific items or matters set forth immediately following such word or to similar items or matters, whether or not non-limiting language (such as "without limitation" or "but not limited to" or words of similar import) is used with reference thereto, but rather is to be construed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such general statement, term or matter; and
- (f) any reference to a statute includes and is a reference to such statute and to the regulations made pursuant thereto, with all amendments made thereto and in force from time to time, and to any statute or regulation that may be passed which has the effect of supplementing or superseding such statute or such regulation.

1.4 Invalidity of Provisions; Severability

If any covenant, obligation or agreement of this Agreement, or the application thereof to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this Agreement or the application of such covenant, obligation or agreement to persons, or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each covenant, obligation and agreement of this Agreement shall be separately valid and enforceable to the fullest extent permitted by law.

1.5 Waiver

No failure or delay on the part of any party in exercising any right, remedy, recourse, power or privilege (for the purposes of this Section 1.5, collectively, a "**Right**") under this Agreement will operate as a waiver thereof, nor will any single or partial **exercise** of any Right preclude any

other or further exercise thereof or the exercise of any other Right. Except as may be limited herein, any party may, in its sole discretion, exercise any and all Rights available to it under this Agreement or any other remedy available to it at law or in equity and such Rights may be exercised concurrently or individually without the necessity of making any election.

1.6 Governing Law, Attornment

This Agreement shall be governed by and construed in accordance with the laws of the Province of Saskatchewan and the laws of Canada applicable therein and the parties hereto hereby irrevocably attorn to the jurisdiction of the courts of Saskatchewan.

1.7 Interpretation Not Affected by Party Drafting

Each party hereto acknowledges that he, she or it and his, her or its legal counsel have reviewed and participated in settling the terms of this Agreement, and the parties hereby agree that any rule of construction to the effect that any ambiguity is to be resolved against the drafting party shall not be applicable in the interpretation of this Agreement.

1.8 Inurement

This Agreement shall inure to the benefit of be binding upon the parties hereto and their respective successors and permitted assigns.

1.9 Schedules

The following are the schedules attached to and incorporated in this Agreement by reference and deemed to be part hereof:

Schedule A	General Collection Areas in Moose Jaw
Schedule B	Service Fees for the City of Moose Jaw Recycling Collection Services Agreement
Schedule C	Liquidated Damages Table
Schedule D	Curbside Recycling Collection Maps

ARTICLE 2

CONDITIONS PRECEDENT

2.1 Conditions Precedent

Notwithstanding anything else herein contained, this Agreement shall be subject to the following conditions:

- (a) Unless specifically stated herein, the terms presented in the Proposal shall be adhered to by the Parties to this Agreement.
 - (b) the Supplier shall submit to the City a valid:
 - (i) Certificate of Insurance as required under Section 17.1 herein; as was provided in Appendix 13 of the RFP.
 - (ii) a current Workers' Compensation Board (Saskatchewan) Clearance Certificate; as was provided in Appendix 19 of the RFP.

(c) the Supplier providing the City with the Performance Security in accordance with Section 23.1 herein.

(collectively the "Conditions Precedent").

All of the Conditions Precedent are for the exclusive benefit of the City. In the event that any of the Conditions Precedent are not satisfied, fulfilled or performed on or before the date that is seven (7) Business Days from the date of the signing of the Agreement, then this Agreement shall be null and void unless the City waives in writing the satisfaction, fulfillment or performance of any such Conditions Precedent. In the event this Agreement becomes null and void, each of the City and the Supplier shall be released from all of their respective obligations under this Agreement.

ARTICLE 3 TERM AND RENEWAL

3.1 Term

The Agreement shall continue in effect for a period of three (3) years from the commencement date of the 1 October 2015, concluding on 30 September 2018 (the "Term").

3.2 Renewal and Extension

The City shall have the option to extend the Term of this Agreement for two (2) consecutive periods of two (2) years each (the "First Extension" and the "Second Extension"). Each extension period shall be on the same terms and conditions as provided in this Agreement, except that following the Second Extension there shall be no further rights to extend the Term of this Agreement and except that the Service Fee shall be as specified in Section 3.3 herein. The City may exercise each extension right by written notice given to the Supplier not less than six (6) months before the date of expiry of the Term or First Extension.

3.3 Service Fee for Extensions

The City and the Supplier agree that the Service Fee for the First Extension and the Second Extension shall be a negotiated price based on the calculation as per the Proposal. In the case of any dispute between the City and the Supplier as to the calculation of the Service Fee during the First Extension or the Second Extension, the parties agree to resolve any such dispute in accordance with the dispute resolution provisions in Article 25.1 of this Agreement.

Provided that the Supplier is meeting its obligations and the City is satisfied with the service provided, the City will consider an extension to the contract with the following extension prices:

Year 4	Year 5	Year 6
\$69.34	\$69.34	\$69.34

If Loraas Disposal does not have an optional facility for baling recycling in Moose Jaw by the end of the initial three year term, and the City wishes to extend the contract, the following extension prices will be in effect:

Year 4	Year 5	Year 6
\$64.61	\$66.23	\$67.88

ARTICLE 4 PROVISION OF SERVICES

4.1 Engagement of the Supplier

The City engages the Supplier to provide the Services and to undertake the all necessary activities to perform the Services in accordance with the terms and conditions of this Agreement.

4.2 Covenants, Representations and Warranties of the Supplier

The Supplier covenants, represents and warrants that in providing the Services it shall:

- (a) provide all labour, equipment and materials required to perform the Services;
- (b) obtain and maintain at its own expense all licenses, approvals and permits required by any government department, ministry or agency, including the City, for the delivery of the Services, and shall provide, at the request of the City, proof of such licenses, approvals and permits;
- (c) not, except in accordance with this Agreement, receive monies or favour for the delivery of the Services, and shall ensure compliance by all Supplier Personnel;
- (d) not sell, rent, lease, promote or donate any Designated Materials or Carts to a third party without the written consent of the City;
- (e) make appropriate arrangements to ensure that there is no disruption of Services in the event that the work of another contractor retained by the City (such as snow removal, parking, construction, etc.) prevents the Supplier from performing the Services;
- (f) provide the Services in accordance with Good Industry Practice;
- (g) comply with all Applicable Laws;
- (h) develop a new website with a section devoted to the City of Moose Jaw's residential Recycling Program, maintain an inventory of recycling brochures for distribution and ensure that administrative staff are knowledgeable in all aspects of the Program;
- (i) the Supplier acknowledges that the City shall be responsible for the promotion, communication and awareness of the residential Curb-side Collection Program. The Supplier will provide assistance to the City in terms of providing statistics by neighbourhood and other relevant data as deemed necessary to ensure success of this program;
- (j) assist the City with ongoing recycling education to the residents of Moose Jaw throughout the term of this Agreement.

4.3 Changes and Improvements to Services

- (a) The Supplier shall make best efforts to ensure continuous improvement in the way that the Services are performed having regard to a combination of economy, efficiency and effectiveness, and shall assist the City in discharging its duty to achieve best value in the manner in which the Services are performed.
- (b) The Supplier may from time to time propose changes to improve the economy and efficiency of the Services in accordance with the change management process outlined in Section 6.2 hereto.
- (c) The City may from time to time propose changes to improve the economy and efficiency of the Services in accordance with the process outlined in Section 6.1 hereto.

4.4 Variability

- (a) The Supplier acknowledges and agrees that (i) there may be considerable variation in the amount of Designated Materials to be collected in a given Collection Route from week to week, (ii) there may be variation in the number of Designated Residences throughout the Term and Extension and (iii) the City makes no guarantee as to the volume or composition of Designated Materials.
- (b) The Supplier agrees that notwithstanding extreme variation due to natural disasters, it is required to meet any and all variation in demand by using extra Equipment, Supplier Personnel or overtime if required, in order that Designated Materials shall be removed on each designated Collection Day.

4.5 Conditions Affecting Routine Performance

- (a) The Services shall be provided under all weather conditions and through all obstructions, with the exception of impassable roadway (due to an act of God, such as flood or an exceptionally heavy snowfall), which temporarily prevents the performance of the Services. The Supplier will notify the City immediately of the location of the impassable road and will return at least once more that day and no sooner than four (4) hours after the first attempt (unless directed to do otherwise by the City), to complete the Services, while still in the area. Services may be temporarily postponed only with the permission of the City.
- (b) The City may be required to suspend the Services in the event that (i) the Designated Facility is unavailable to receive the Designated Materials or (ii) other unforeseen circumstances arise. In the event that the CSR experiences an equipment breakdown and is unable to receive or process materials for a period of time, baled recyclable material will be either stored at location of the Supplier or transported at a cost to the Supplier and stored at the Supplier's Moose Jaw location. In the event of a suspension of the Services, the City will contact affected Designated Residences and inform them of the problem, the anticipated collection time and any modifications to the Services. The Supplier will provide

the Services to each affected Designated Residence as quickly as possible following receipt of the City's notice that such suspension is no longer required.

4.6 Missed Collection Performance Standards

- (a) The Supplier shall collect one hundred per cent (100%) of the Collected Materials on each Collection Day from all Designated Residences between the hours specified herein and as a first priority to any other clients that the Supplier may have.
- (b) In the case of a missed collection or late set out is identified the Supplier shall rectify the situation the same day or first thing the following day The Supplier will have a dedicated phone number that City employees can call to inform the Supplier of the situation to allow for a prompt response. The Supplier will have direct contact with their drivers to correct the situation as soon as possible.
- (c) In special circumstances where the Supplier has deemed to have failed to complete 100% of the day's Services, the Supplier must notify the City immediately after this realization has been determined, and must also indicate why it happened, and how and when the situation will be rectified.

The Supplier should use the following guidelines:

- (i) Collection for a designated collection area/day will be deferred until the service for the previous collection day is 100% complete.
- (ii) Inform the City twice daily, (special plans, areas completed) until back on schedule so the City can inform the public as required.
- (e) All Designated Materials set out for collection are the property of the City until such time the material is collected by the Supplier. At this time, the collected material becomes the property of the Supplier. 4.7 Designated Materials, Collection Schedule and Collection Routes
 - (a) The Supplier shall collect all Designated Materials from each Designated Residence on a bi-weekly basis and in accordance with the Collection Schedule and Collection Routes described in the Supplier's Proposal but subject to final adjustments as approved by the City.
 - (b) Collection is to commence on October 5, 2015 and is to follow the City's solid waste collection with a one-day offset in that collection.

4.8 Time of Collection

- (a) The Services shall be completed during the five (5) day period between Monday and Friday (Monday, Tuesday, Wednesday, Thursday and Friday) and between the hours of 7:00 am and 7:00 pm.
- (b) All collections must be completed within the hours specified unless otherwise directed in writing by the City.

4.9 Ownership, Location and Placement of Containers

- (a) The Supplier acknowledges and agrees that the Carts shall be used by Designated Residences.
- (b) The Supplier shall collect all Designated Materials from private roads, public laneways and all other locations prescribed by the City. The Supplier agrees that it is responsible for becoming familiar with all private property locations and the Supplier shall ensure that a Collection Vehicle of appropriate size, dimension and configuration is used to provide the Services.
- (c) The Supplier acknowledges that the City may alter the location of Carts at Designated Residences, adding locations or delete locations from time to time. In the event that the City alters, adds or deletes the location at which a Cart will be placed for collection, the City shall be responsible for notifying the Supplier and each affected Designated Residence of such change a minimum of one (1) week in advance of the next respective Collection Day.
- (d) Initially, collection will be at the same location as the solid waste collection. The City reserves the right to amend the collection location.
- e) Once the contract starts, the Supplier will provide the Cart deployment upon notification of the City and will provide in return the Cart serial number and address and date of deployment. At the discretion of the City, the Supplier can tag the cart in accordance with the City's tagging rules, informing the resident of the non-compliance, deliver educational material explaining how the program works, or allow the City to address the situation as they see fit. The Supplier will notify the City if a Designated Residence is repeatedly not leaving clearance for collection or ignoring tags and rules for placement of the container.

4.10 Service Changes due to Efficiency and Safety

The City shall be responsible for notifying each Designated Residence of a change in collection frequency, location of Cart pick-up, or change in container type.

4.11 Additional Designated Residences and Collection Routes

The Supplier acknowledges that the City may expand the number of Designated Residences requiring an extension of that route, from time to time. The Supplier agrees to provide the Services to such additional Designated Residences as may be directed by the City.

4.12 Holiday Scheduling

- (a) Should a regularly scheduled Collection Day fall on a statutory holiday, the Supplier shall not alter the Collection Day or the Services and will be responsible for providing the Services, in accordance with the established Collection Route(s) and Collection Schedule.
- (b) The exception to subsection (a) herein shall be Christmas Day, and New Year's Day. In the event that a regularly scheduled Collection Day falls on, Christmas Day, or New Year's Day, the Supplier shall provide the Services within the following week.

4.13 Cart Handling

- (a) The Supplier shall provide the Services in such a fashion and manner that all Designated Residences and Collection Areas will be left in a clean and orderly condition when the Services are completed.
- (b) After the Designated Materials have been collected, the Supplier shall return all Carts upright and in approximately the same position and proper location in which the Carts were placed. In no case shall a Cart be replaced on the travelled portion of the street, on the sidewalk in a manner that prohibits pedestrian traffic, or on a driveway in a manner that impedes vehicles from driving onto or exiting private property.
- (c) The Supplier shall take all reasonable care not to damage the Carts and agrees that it shall be responsible for damage to Carts due to negligence in handling.
- (d) Carts that are badly damaged by the Supplier or are dispensed into the Collection Vehicles shall be replaced by the Supplier, at its sole cost and expense within two (2) business days.

4.14 Standard of Collection Performance

- (a) The Supplier shall complete 100% of the Services each Collection Day and, when necessary, shall return and rectify any Missed Collections or other complaints or concerns in accordance with Article 13 of this Agreement and Section 4.6.
- (b) The Supplier shall operate all Collection Vehicles in such a manner as to prevent Designated Materials from being blown from or escaping from the Collection Vehicles.
- (c) If at any time during the provision of the Services, Designated Materials are spilled onto a Street, sidewalk, or private property, the Supplier shall:
 - (i) clean up and place in the Collection Vehicle all such Designated Materials before the Collection Vehicle proceeds to the next stop on the Collection Route; or
 - (ii) promptly make all other arrangements as may be required for the immediate clean-up of spilled Designated Materials. In the event of any spill, the Supplier shall at its expense restore the affected areas back to original condition. The Supplier shall comply with all applicable laws when reporting or cleaning up any spill.
- (d) The Supplier shall not damage any property, public or private, including but not limited to any sidewalks, roadways, curbs, gutters, hydrants, boulevards, grass plots, sodding, trees, shrubs or any other structures or things in the vicinity of the Services or elsewhere, in the performance of the Services.

4.15 Tag Notices

(a) The Supplier shall tag all Carts that are deemed not eligible for Services in accordance with the City's tagging rules.

- (i) Not enough clearance not enough distance left behind or between the Cart and an obstacle adjacent to the Cart such as a fence, power pole, street light, etc. to allow for collection.
- (ii) Recyclable materials put into plastic bags.
- (iii) Cart not placed on a level surface, and/or not in the up-right position.
- (iv) Cart is over-filled.
- (v) Cart contains non-allowable materials. Example: Hazardous waste or refuse waste.
- (b) through on-board equipment and the diligence of operational personnel, the Supplier will identify carts containing non-recyclable material and at the discretion of the City tag the cart, informing the resident of the non-compliance, deliver educational material explaining how the program works, or allow the City to address the situation.
- (c) The Supplier shall maintain a complete log, including Cart serial number and addresses relating to all tag notices issued and shall make the log available for inspection by the City, during normal office hours.
- (d) The Supplier shall submit to the City, on a weekly basis, a summary of all tag notices that are issued.
- (e) Once this Agreement commences the Supplier will notify the City if a Designated Residence is repeatedly not leaving clearance for collection or ignoring tags and rules for placement of the container

4.16 Conditions Affecting Routine Collection Performance

- (a) The Supplier shall make reasonable efforts to not interrupt the Services or modify the Collection Schedules due to Street repairs or closures unless prior written approval of such modification to the Services or the Collection Schedule is given by the City.
- (b) If the Supplier encounters road construction including, without limitation utilities or other contractors working on the traveled portion of a Collection Route and which prevent a Collection Vehicle from safely traveling along a Collection Route, the Supplier shall notify the City immediately of the location and nature of the obstruction and will return at least once more that day and no sooner than two (2) hours after the first attempt (unless directed to do otherwise by the City), to complete the Services.
- (c) In the event of a strike or lock-out, the Supplier is responsible to maintain all Services, to whatever reasonable degree possible, and if necessary in co-operation with the City.

4.17 Promotion and Education

The City is responsible for educating and promoting solid waste management, waste minimization and recycling to its citizens. The City may work with the Supplier to coordinate any relevant information on the City of Moose Jaw website, including, but not limited to Collection Schedules for recyclable waste and media releases. The City will have final authority on all promotions, media releases and education programming.

ARTICLE 5

CARTS

5.1 Purchase of Carts

(a) The Supplier, at its cost and expense, shall purchase all Carts in the quantity required at a minimum of 12,500 Carts such that during the Term each Designated Residence is provided with a Cart, as may be required.

5.2 Initial Delivery of Carts

- (a) The Supplier, at its cost and expense, shall on its own or through a third-party, deploy and deliver all Carts to each Designated Residence upon the commencement of the Services in accordance with the process and steps provided in the RFP.
- (b) The Supplier shall be responsible for the storage, care and inventory of all replacement Carts and parts. The Supplier will be required to assemble and maintain an inventory system for all Carts, both in service and in storage. The Supplier will provide an updated inventory list including the address and the serial number of beach Cart left at that address to the City on a quarterly basis or as may be otherwise requested by the City.
- (c) The delivery of the Carts will be accompanied by an information package which details recyclable materials and collection dates along with other pertinent data the City deems appropriate.

5.3 Delivery of Carts during the Term

- (a) During the Term, the Supplier acknowledges and agrees that new Designated Residences will be added from time to time by the City to receive the Services. The Supplier agrees that when new Designated Residences are to be added to receive the Services, the following process shall be followed:
 - (i) The City shall notify the Supplier in writing of any additional Designated Residences that are to be added to receive the Services seven (7) days prior to the Monday of the week that the City wishes each such Designated Residence to begin receiving the Services;
 - (ii) The Supplier agrees that it shall be responsible for deploying all Carts to new Designated Residences during the Term;

- (iii) The City agrees that it shall be responsible for notifying each new Designated Residence of their respective Collection Day prior to the commencement of the Services:
- (iv) Following delivery of the Carts to the new Designated Residences by the Supplier, the Supplier shall provide the City with a list which includes the following information:
 - (A) Address;
 - (B) Cart serial number; and
 - (C) Date delivered;
- (v) The Supplier, at its sole cost and expense, shall compile all information and provide the City with an updated aggregate Cart deployment list as required.

5.4 Inventory and Storage of Carts

- (a) The Supplier, at its cost and expense, shall maintain an inventory of additional Carts that may be required to maintain the sufficient inventory levels throughout the Term to fulfill this Agreement;
- (c) The Supplier shall, at its own cost and expense, be responsible for the storage and inventory of all Carts at the facility as per the Proposal.
- (d) The Supplier shall provide the City with an updated inventory list quarterly during the Term of this Agreement.

5.5 Maintenance and Repair of Carts

- (a) The Supplier, at its sole cost and any expense, shall be responsible for the maintenance, modification, repair, removal and inventory of all Carts in service throughout the Term and Extension.
- (b) The Supplier, at its sole cost and expense, shall be responsible for the cost of replacing any Carts damaged as a result of the Supplier's operations or otherwise.

 All Carts that are deemed by the Supplier to be no longer usable during the Term and Extension are to be reported to the City before being recycled by the Supplier.

5.6 Ownership of Carts

- (a) During the Term and Extension, all Carts shall remain the property of the Supplier. At the conclusion of the original terms of this contract, or Extensions, dependent on the City's decision to exercise the optional extensions, the Carts will become the property of the City. The buy-out fee for the Carts that the City must pay the Supplier is as follows:
 - Buy-out fee at the end of original term \$50.00 per cart
 - Buy-out fee at the end of Extension 1 \$20.00 per cart
 - Buy out fee at the end of a second extension \$0 per cart

The City will also buy out all new (unused) remaining carts held in inventory by the Supplier at full value at the conclusion of the contract.

ARTICLE 6

CHANGE MANAGEMENT

6.1 Changes Initiated by the City

- (a) Save and except for modifications to the Collection Route, Collection Schedule or Collection Days, the City shall be entitled to make changes to the Services and/or the Agreement in accordance with this Section. If the City requires a change, the City shall notify the Supplier, in writing, describing the required change in sufficient detail so as to enable the Supplier to calculate and provide an estimate of the increase or decrease in its costs (the "Estimate"), if any.
- (b) The City and the Supplier shall maintain detailed duplicate large scale operational maps of all of the Collection Routes including all minor variations of Services. The City will provide the detailed base map and the Supplier will provide all approved updates and amendments to the City. The detailed operational maps will supersede the general route maps illustrated in Schedule A.

6.2 Changes Initiated by the Supplier

- (a) Save and except for modifications to the Collection Route, Collection Schedule or Collection Days, if the Supplier wishes to propose a change in the Services and/or the Agreement, it must notify the City in writing detailing the proposed changes.
- (b) The City will respond in writing within thirty (30) days.

ARTICLE 7

SERVICE FEES

7.1 Service Fees

- (a) Subject to Section 7.4, the City shall pay to the Supplier a Service Fee outlined in Schedule B.
- (b) For Carts, the annual rate is based on one collection per two (2) weeks plus GST per Designated Residence. The number of Carts will be maintained on a list that is updated monthly. Billing will be on monthly basis for 2015 (first year), will be based on the annual payment prorated by the number of months.
- (c) The Service Fee shall be paid by the City to the Supplier, commencing from the commencement date of the Services, in twelve (12) monthly installments, in

- arrears, following receipt by the City of an invoice from the Supplier in accordance with section 7.1 (a) and 7.3(a). See Schedule B.
- (d) If during the Term and Extension, the Services are not rendered for all Designated Residences on all Collection Days in a given month, the Service Fee payable for that month shall be pro-rated based on a daily basis from the date of the first pickup.
- (e) Except as expressly provided by the tables in Schedule B of this Agreement, the Supplier shall not be entitled to an increase in the Service Fee during the Term.

7.2 Invoicing and Payment

The Supplier shall invoice the City for the Services rendered with documentation satisfactory to the City as follows:

- (a) Within ten (10) calendar days of the last day of each month, the Supplier shall submit invoices to the City for all Services delivered in the preceding month. Where the tenth day falls on a Saturday, Sunday or a statutory holiday, the parties agree that the tenth day shall be deemed to be the Business Day next following the tenth day.
- (b) Invoices shall be specific to the following:
 - (i) Month of service and the number of household units served for the month;
 - (ii) Other special items.
- (c) The City shall make payment to the Supplier within thirty (30) days of receipt and acceptance by the City of the invoice. Payments will be processed by the City within thirty (30) days from the date of invoice; unless payment has not been issued within a forty-five (45) day period. The City reserves the right to deny responsibility for the payment of any charges pertaining to interest or late payment fees.
- (d) The Supplier acknowledges and agrees that payment to the Supplier will be made by the City out of the funds under the control of the City in its public capacity, and no member of Council or officer or employee of the City may be held personally liable or responsible to the Supplier for payment under any circumstances whatsoever.
- (e) In the event that the City wishes to dispute any invoice received from the Supplier, the City shall notify the Supplier in writing within fifteen (15) days of the date that the City received the invoice, stating the reasons why the invoice is disputed.
- (f) In the event that the Supplier responds to the City's notice sent pursuant to section 7.3(e) that the Supplier does not agree with all or any of the statements made in any notice served by the City, then the parties agree that matter or matters in question shall be determined pursuant to Article 25.1.

7.3 Taxes

- (a) The Supplier warrants that it:
 - (i) is a registrant for the purposes of the Goods and Services Tax (Canada) (GST) with the following registration number 891813479; and
 - (ii) will remit the GST and the PST payable in relation to the Service Fees in accordance with Applicable Laws.
- (b) The Supplier agrees that:
 - (i) all GST and any taxes or duties imposed by the Excise Tax Act or the Customs Tariff and tax or duty rate decreases or exemptions resulting from amendments, re-classifications, remissions, or clarifications thereof on tax or duty-included goods and materials, whether recognized or not at the time of award, will be passed on to the City.
 - (ii) If the Supplier manufactures or purchases any goods with respect to the Services from outside of Canada, the Supplier must ensure that its agent or representative is the importer of record, unless otherwise expressly stipulated.
- (c) The Supplier agrees that the City shall not be liable for and the Supplier shall indemnify the City with respect to any special or dumping duties which may be levied by the Canada Border Services Agency (CBSA), Anti-Dumping and Countervailing Directorate under the provisions of the Special Import Measures Act (SIMA), upon any imported goods required in the supply of materials in any order or in the performance of the Services.

7.4 Set-off and Moneys Due to the City

- (a) Notwithstanding any other provision in this Agreement, the City shall have the right to set-off and retain out of any monies due to the Supplier such sum or sums as the City may deem necessary to protect the City from any claims against it by third parties arising out of the Supplier's performance or non-performance of this Agreement and any payment to the City of Liquidated Damages which may have been, or may in the future be payable by the Supplier under any provision of this Agreement.
- (b) The Supplier agrees that should the amount retained in Section 7.4(a) prove insufficient to meet the Supplier's financial obligations, the City may enforce its claim for any deficiency against the Supplier or the Performance Security. Should the amount retained exceed the total of any claims and associated legal costs, the excess will be paid to the Supplier without interest within thirty (30) days of a final determination of the amount properly owing.

ARTICLE 8 NO SCAVENGING

8.1 No Scavenging

All Designated Materials become the property of the City when placed out for collection by a Designated Residence. The Supplier acknowledges and agrees that the City has exclusive rights in all Designated Materials until such time as the materials are collected and deposited in a vehicle owned / contracted by the Supplier, at which time the materials become the property of the Supplier.

ARTICLE 9

SUPPLIER PERSONNEL

9.1 Supplier Personnel

In providing the Services the Supplier shall:

- a) provide all labour required to perform the Services;
- b) ensure that all Supplier Personnel have sufficient abilities, skills, knowledge, training, qualifications and experience to safely and effectively provide the Services:
- c) ensure that sufficient reserve personnel are available to provide the Services at all times; and
- d) ensure that all Supplier Personnel charged with the operation of Collection Vehicles possess a valid license in accordance with Applicable Laws.

9.2 Training

- (a) The Supplier shall ensure that all Supplier Personnel shall be at all times properly and sufficiently trained and instructed in the task or tasks that must be performed, and the need to maintain the highest standards of courtesy and consideration to the public to protect and promote the image and/or reputation of the City.
- (b) The Supplier shall provide a full training program to ensure that the Supplier Personnel are familiar with the Supplier's and the City's operations, complaint procedures, all applicable health and safety obligations, workplace hazardous materials obligations, hazardous spills response, customer service and all traffic laws, including all applicable City bylaws.
- (c) Such training program must include driver safety, health and safety policies and practices, public relations, policy and complaint procedures, and dumping guidelines. The Supplier shall ensure all Supplier Personnel receive an annual updated training session. Upon request, the Supplier shall submit its training program to the City for review.

9.3 Appearance and Conduct

- (a) The Supplier shall provide all Supplier Personnel with neat and distinctive uniforms which shall bear the Supplier's logo and safety equipment to be worn while performing the Services. The Supplier must ensure that all Supplier Personnel have and wear protective footwear, gloves, safety vests, eye protection and, upon request, noise protection and dust masks, as may be required by Applicable Laws or as a result of the Services. The Supplier must ensure that uniforms comply in all respects with the requirements of *The Saskatchewan Employment Act, 2013*.
- (b) The Supplier Personnel who normally and regularly come into direct contact with the public shall bear some means of individual identification such as corporate identification, name badges or business cards.
- (c) The Supplier shall ensure that Supplier Personnel are alert, respectful, polite and courteous towards the public at all times, including other City contractors and employees. Supplier Personnel shall not interfere with the work of other City contractors or City employees.
- (d) The Supplier shall ensure that (i) all of the Supplier Personnel are free from alcohol and narcotics at all times while engaged in the delivery of the Services, and (ii) none of the Supplier Personnel solicit or accept any gratuity for the Services completed.

9.4 Supervision

- (a) The Supplier shall ensure that a minimum of one (1) skilled and qualified Supplier Supervisor is available daily to supervise other Supplier Personnel in providing the Services.
- (b) All Supplier Supervisors shall be available to the provision of the Services pursuant to this Agreement and shall not be engaged in any other full-time work. All Supplier Supervisors will only be permitted to operate Collection Vehicles with the City's prior written approval.
- (c) All Supplier Supervisors shall thoroughly understand all of the requirements of this Agreement and shall be fully experienced in the Services. The Supplier Supervisors will represent and be in charge of the operation of the Services and be authorized to accept any notice, consent, order, decision or other communication from the City on behalf of the Supplier.
- (d) The Supplier Supervisors will be responsible for follow-up on all customer complaints, accidents and spills that occur during the performance of the Services and each Supplier Supervisor will be equipped with a cellular phone, two-way radio and digital camera and shall keep a written daily log of activities.
- (e) All Supplier Supervisors shall inspect all Collection Routes on a daily basis for the first (sixty) 60 days of the contract and as required during the Term and Extension of the Agreement to ensure the following: Designated Materials are collected in the time and manner specified in this Agreement;

- (i) All Carts are being returned to the correct location and all Carts are placed appropriately;
- (ii) All Supplier Employees are wearing appropriate safety equipment and performing the Services in a safe and courteous manner;
- (iii) All Collection Vehicles are obeying all traffic laws;
- (iv) All Complaints are responded to and resolved within the time frames identified in this Agreement; and
- (v) The City is informed of all incidents and corrective actions taken by the Supplier.

9.5 Record of Wages, Human Rights and Equal Opportunities

- (a) The Supplier shall comply with fair wage practices. To enable the City to confirm compliance, the Supplier must keep at all times a list of the names of all Supplier Personnel and a record of the wage rates and of amounts paid to each, and shall from time to time, if demanded, furnish certified copies of all pay sheets, lists, records and books relating to the Services, and the originals shall be made available for inspection by the City or anyone appointed by the City on reasonable notice to the Supplier. In advance of the Supplier providing certified copies of any of the documents or records contemplated by this Section 9.5(a), or in the alternative, the Supplier permitting the City to inspect the said documents and records, the Supplier shall be entitled to conceal any confidential information relating to Supplier Personnel, including, but not limited to, social insurance numbers, contact information and any discipline or advancement record.
- (b) The Supplier shall comply with Applicable Laws and not unlawfully discriminate within the meaning and scope of all legislation which may be in force from time to time, including on the basis of gender, race, religion, marital status, sexual orientation, age and disability.
- (c) The Supplier shall do all such things as may be reasonably required by the City from time to time to facilitate compliance by the City having regard to the need to eliminate unlawful discrimination and to positively promote equality of opportunity and good relations between persons of different backgrounds.
- (d) The Supplier shall take all reasonable steps to ensure that Supplier Personnel comply with this Section 9.5.

ACTICLE 10 HEALTH AND SAFETY

10.1 Compliance with Health and Safety Regulations

The Supplier acknowledges that it will, at all times, ensure compliance with all federal, provincial and municipal occupational health and safety regulations, including without limitation *The Saskatchewan Employment Act, 2013* and any regulations made thereunder. The Supplier accepts the responsibility for the health and safety of its employees by providing appropriate

protective equipment as may be required and by taking all reasonable precautions for the protection of its employees.

10.2 Health and Safety Training and Policy

- (a) The Supplier shall provide health and safety training for all of the Supplier Personnel, such training to include health and safety, and how to properly operate Collection Vehicles and other equipment and emergency response measures. Upon request, the Supplier shall submit its training plan to the City, for review.
- (b) The Supplier shall maintain applicable records with respect to all health and safety instruction and training completed for Supplier Personnel, which will include frequency and course content, and shall supply the City with such records, as required or requested.

10.3 Public Safety

- (a) The Supplier must perform the Services so as to cause the public, including other City contractors and employees, the least inconvenience reasonably possible. In particular, the Supplier will ensure that the Supplier Personnel will not obstruct any street, thoroughfare or pedestrian walkway longer or to a greater extent than necessary to perform the Services unless expressly instructed to do so by the City.
- (b) The Supplier must take all reasonable precautions necessary to:
 - (i) ensure the safety of the general public, particularly children who may play in the area the Services are being provided;
 - (ii) prevent damage to property or injury; and
 - (iii) establish, maintain and enforce safety procedures for the protection of all Supplier Personnel and other persons involved with the Services

10.4 Health and Safety Records

Upon request by the City, the Supplier shall provide a report of health and safety activities undertaken or incidents occurring as a result of the Services or this Agreement, which report shall include medical aids, lost time accidents, records of incidences and accidents, minutes of safety meetings, records of instruction and training, and equipment inspections.

10.5 Worker's Compensation

- (a) The Supplier understands, acknowledges and agrees that it is not, nor is any of the Supplier Personnel, covered by the City under *The Workers' Compensation Act*, 2013 (Saskatchewan). The Supplier shall be solely responsible for and shall pay all dues and assessments payable under *The Workers' Compensation Act*, 2013 (Saskatchewan) in respect of itself and the Supplier Personnel.
- (b) The Supplier agrees to indemnify and save the City harmless if the City is required to pay any Workers' Compensation charges arising from the Supplier's provision of the Services, the provision of the Services by a subcontractor of the Supplier or if the City is held liable for any damages or injury to any employee,

- partner, or subcontractor of the Supplier while on City-controlled or City-owned property.
- (c) The Supplier acknowledges and agrees that if the City is required to pay any amount to the Saskatchewan Workers' Compensation Board on behalf of the Supplier, or any sub-contractor, or by reason of any act of omission of the Supplier or any sub-contractor, the City may deduct and set off the amount required to be paid by the City from any amount owing to the Supplier under its or under any other Agreement, or may demand a reimbursement by the Supplier to the City for the amount so paid by the City. For further certainty, any right granted to the City pursuant to this Section 10.5(c) shall be in addition to and not in substitution for any other right at law or in equity which the City has by reason of the failure of the Supplier to comply with the provisions of *The Workers' Compensation Act*, 2013 (Saskatchewan).

ARTICLE 11

COLLECTION VEHICLES AND EQUIPMENT

11.1 Number of Collection Vehicles

- (a) The Supplier must, at all times, provide, maintain and operate a sufficient number of Collection Vehicles, drivers and other personnel to perform the Services required under this Agreement, and to comply with Applicable Laws.
- (b) The Supplier shall keep sufficient spare Equipment, including Collection Vehicles, to ensure that, in the event of a breakdown, Services continue uninterrupted and are completed in accordance with the terms of this Agreement. Any spare Collection Vehicles must conform to the provisions related to Collection Vehicles in this Agreement.
- (c) If in the opinion of the City, the Supplier does not have a sufficient number of regular or spare Collection Vehicles to properly provide the Services, the City will have the right to direct the Supplier at any time to increase the number of regular or replacement Collection Vehicles to ensure completion of the Services. Any increase in the number of Collection Vehicles required by the Supplier shall be at no additional expense to the City.

11.2 Standards and Types of Collection Vehicles

- (a) All Collection Vehicle(s) shall be capable of navigating all front streets and back alleys in the City in an effective and efficient manner in order to complete the Services.
- (b) All Collection Vehicle dimensions will be such that it will not be adversely affected by any narrow alleys, overhead utility lines or associated utility poles.
- (c) All Collection Vehicles are to be properly constructed and maintained to eliminate the depositing of debris onto the streets during the Services and while traveling to the Designated Facility and shall have fully enclosed steel bodies of

- sufficient capacity and strength, and must be mounted on an adequate truck chassis.
- (e) All Collection Vehicles shall meet or exceed the provisions of the *Motor Vehicle Safety Act (Canada)* and the Regulations made thereunder, be licensed in the Province of Saskatchewan, and meet or exceed all applicable safety regulations and current industry, regulatory, safety, licensing and other applicable standards as may be amended from time to time;
- (f) All Collection Vehicles shall be equipped with all mandated and/or legislated safety equipment and the Supplier shall continually maintain and update the Collection Vehicles to meet the required safety standards throughout the life of this Agreement;
- (g) All Collection Vehicles shall be equipped with a two-way radio, fire extinguisher, first aid kit, reflective safety vests and sufficient number of hard hats;

11.3 Age of Collection Vehicles

- (a) The Supplier acknowledges and agrees that any and all Collection Vehicles (chassis and body) used in the performance of the Services shall not exceed seven (7) years of age any time during the Term and Extension of the Agreement. However, a fully refurbished Collection Vehicle may be allowed with the City's permission.
- (b) Upon the execution of this Agreement, the Supplier shall submit to the City a list of the operating and spare Collection Vehicles proposed to be used by the Supplier (including manufacturer, model, load capacity and age of vehicle), including a current digital picture of each Collection Vehicle. The pictures shall clearly show the front, rear and two (2) sides of each Collection Vehicle. The Supplier shall provide the City with an updated list of the operating and spare Collection Vehicles prior to any alternate or new Collection Vehicles being used.

11.4 Appearance and Cleanliness of Collection Vehicles

- (a) The body of all Collection Vehicles shall be painted at the Supplier's discretion and expense. The City, acting reasonably, may request that the Supplier, at its sole cost and expense, re-paint any or all Collection Vehicles during the Term and Extension.
- (b) Packing bodies of all Collection Vehicles operated by the Supplier must be kept clean and disinfected inside and out so as not to cause any offensive odours. The Supplier shall undertake these actions at its own cost and expense.
- (c) All equipment shall start each week in a clean condition. Necessary noticeable bodywork shall be remedied with thirty (30) days of its first reporting.
- (d) Equipment stored overnight shall be empty of collected materials to reduce the risks of fire.

(e) Should the recycling material processor be non-functional for any period of time, the Supplier shall store the material of their site or another suitable location until such time as the processor is capable of resuming operations.

11.5 Advertising on Collection Vehicles

Save and except for the affixing of the Supplier's name upon all Collection Vehicles, which may be permitted by the City, in its sole discretion, no advertising shall be carried on or permitted to be affixed upon the Collection Vehicles without the City's prior written consent, such consent to be at the sole discretion of the City.

11.6 Licensing and Maintenance of Collection Vehicles

- (a) The Supplier will be responsible for the maintenance of all Collection Vehicles and for all licensing, permits, inspections and insurance as may be required to operate the Collection Vehicles and carry out the Services. All maintenance, licensing, permits, inspection and insurance costs shall be the responsibility of the Supplier.
- (b) Upon the City's request the Supplier shall produce current and valid certificates of inspection issued in accordance with Applicable Laws for each Collection Vehicle.
- (d) The Supplier shall delete from the equipment list, and immediately remove from use any Collection Vehicle that is not functioning up to the standards specified in this Agreement.
- (e) The Supplier shall maintain a record of all maintenance services performed on the Collection Vehicles and shall forward a copy of the record to the City as requested.

11.7 Electronic Devices on Collection Vehicles

Supplier commits to installing and utilizing a global positioning satellite (GPS) in all trucks that will be utilized for the Services provided in this Agreement. The Supplier acknowledges that such technology can benefit both the City and the Supplier in managing and improving the Supplier's ability to identify and rapidly respond to Missed Collection areas/streets, track the number of households, and handle complaints e.g. late set-outs/ Missed Collections. The Supplier shall keep any records and data collected by GPS devices and shall forwarded such records to the City upon the City's request.

11.8 Excess Loading of Collection Vehicles

- (a) The Supplier shall not cause or permit Collection Vehicles to be loaded beyond the legal limit specified in The *Traffic Safety Act* (Saskatchewan) and shall comply with *The City of Moose Jaw Traffic Bylaw*, No. 4230 which imposes load restrictions on certain roads within the City.
- (b) Where, in the opinion of the City, acting reasonably, Collection Vehicles used by the Supplier are causing or are likely to cause damage to any private or public roadway, the City may direct the Supplier to (i) make changes in or substitutions for such Collection Vehicles, (ii) use alternate routes for hauling, (iii) alter

loading, or (iv) remove the cause of such damage in some other manner. The Supplier acknowledges and agrees that it will be responsible for any and all costs resulting from the overloading of Collection Vehicles and any costs related to changes, substitutions or alterations required to prevent any damage that may occur to private or public roadways.

ARTICLE 12

SPILLAGE AND ENVIRONMENTAL COMPLIANCE

12.1 Spillage and Loose Materials

- (a) The Supplier shall immediately clean up any spillage or loose material resulting from its performance of the Services or make all other arrangements as may be required for the immediate clean-up of spilled Designated Materials. In the event of any spill, the Supplier shall at its expense restore the affected areas back to original condition and shall comply with all Applicable Laws when reporting or cleaning up any spill.
- (b) The Supplier shall report all spills or discharges of Designated Materials, pollutants or contaminants to the City in accordance with the requirements in Section 16.2.
- (c) Any Collection Vehicles or Equipment suffering oil spills, fuel spills, antifreeze spills or the release of other known contaminants will cease operations until the Supplier Supervisor arrives on site. Absorbent will be laid down immediately on any spill and as soon as the absorbent has had the desired effect, it is to be scraped from the road or affected property. If residue still remains following the use of absorbent, the Supplier shall apply another layer of absorbent and will leave the site in a clean and tidy condition. In the event that the Supplier fails to respond immediately to a mechanical or oil spill such that asphalt or other damage occurs, the Supplier shall be responsible and liable for all costs and expenses to restore the road or property affected to its original condition.

12.2 Environmental Compliance

- (a) The Supplier shall, in the performance of the Services, comply with environmental legislation and other environmental requirements of those federal, provincial, municipal or other governmental bodies, including without limitation *The Environmental Management and Protection Act, 2010* (Saskatchewan) and the regulations and amendments thereto.
- (b) The Supplier acknowledges and agrees there may be additional reporting requirements in relation to any spill, release or discovery of any substance of any amount that has caused, is causing or may cause an adverse effect on the environment. The Supplier represents and warrants that it is familiar with these requirements and agrees to report any spill, release or discovery of any substance of any amount that has caused, is causing or may cause an adverse effect on the environment as may be required by Applicable Laws.

ARTICLE 13

PERFORMANCE AND CUSTOMER SERVICE STANDARDS

13.1 Collection Performance Standards

The Supplier shall collect one hundred per cent (100%) of the Designated Materials on each Collection Day from all Designated Residences between the hours specified and as a first priority to any other clients that the Supplier may have.

13.2 Customer Service Standards

- (a) The Supplier shall maintain an office that will be staffed during all times that the Services are being performed. At a minimum, the office hours shall be 7:30 a.m. to 5:00 p.m. Saskatchewan time Monday through Friday and 8:00 a.m. to 2:30 p.m. on Saturday.
- (b) The Supplier shall have a staff person on-call and available after normal operating hours to receive and respond to calls forwarded to it by the City. The Supplier shall provide its after-hours employee with a cell phone. The City will make available to the Supplier a schedule identifying the City's after-hours staff person and corresponding contact information.
- (c) The Supplier acknowledges that the City will be the primary contact for Designated Residences and that all calls that require action by the Supplier will also be forwarded directly to the Supplier's office by the City.
- (d) The Supplier shall maintain a staffed position to ensure a prompt receipt and response to all calls. The Supplier shall receive and satisfy all calls and inquiries from the City promptly and in accordance with the standards set forth in Sections 13.2 herein.
- (e) The Supplier acknowledges that notwithstanding the City's efforts to be the primary contact for Designated Residences that the Supplier may directly receive inquiries (either through email, mail, fax, phone or in person) from Designated Residences from time to time. In the event that the Supplier directly receives standard inquiries from Designated Residences, the Supplier shall promptly receive and respond to all such inquiries, save and except for billing matters, and taxation matters which shall be promptly forwarded to the City. The Supplier shall provide the City with a list of all non-standard inquiries that were received (either directly by the Supplier or indirectly from the City) in accordance with Section 13.2 herein. The objective is to coordinate standard messages and to refer non-standard inquiries directly to the City.
- (f) The Supplier will ensure that front line City personnel will have access to reference documents that will aid in responding to basic customer concerns. In situations where City staff cannot respond to a customer concern, city personnel or residents will have immediate access to a Supplier administrative representative. In response to a complaint or service concern, the Supplier

- representative will have direct access to Supplier Supervisors and drivers to ensure the concern is addressed as soon as possible.
- (g) All Supplier Personnel responsible for performing the Services shall have business cards readily available if approached by any person with a complaint or question. Business cards will identify the name of the Supplier, the name of the Supplier Supervisor for the respective Collection Area.
- (h) The Supplier shall respond to and resolve any complaints or concerns (whether received directly or indirectly from the City) that it may receive in relation to the Services, excluding any Missed Collections, at latest, by 7:00 pm of the following day.
- (i) The Supplier shall maintain a complete log, including names and addresses relating to all complaints and inquiries received and the action taken to rectify the complaint and shall make the log available for inspection by the City during normal office hours. In addition to making the log available for inspection, the Supplier shall submit to the City as required.

13.3 Customer Service Standards

The failure to meet any of the service and response requirements prescribed in Section 13.2 herein ("Non-Performance") may result in the City assessing Liquidated Damages for every instance of non-performance in accordance with Article 22 herein.

ARTICLE 14

DELIVERY OF DESIGNATED MATERIALS

14.1 Delivery of Designated Materials to Designated Facility

(a) The Supplier guarantees that all collected material will be transported either in a baled or loose state to an approved recycle processing facility.

ARTICLE 15

CITY REPRESENTATIVE AND INSPECTORS

15.1 City Representative

The City may designate by notice in writing to the Supplier a person or persons to have the delegated authority and full power to oversee the performance of this Agreement (the "City Representative(s)"). The Supplier shall comply with all instructions of the person(s) so designated. The City may, at any time during the Term and Extension, change the appointed City Representative by written notice to the Supplier.

15.2 Inspectors

The City may from time to time appoint one or more Inspectors to monitor and assist in the management of the Services and this Agreement. The City may, at any time during the Term and Extension, change the appointed Inspectors by written notice to the Supplier. The Supplier acknowledges and agrees that the Inspector may make corrective orders or request that the Supplier to stop performing any portion of the Services if the Services are not being executed in accordance with the provisions of this Agreement. The Supplier agrees to immediately comply with any orders or directions provided by the Inspectors, and shall cause the Supplier Personnel to immediately comply with all orders issued by Inspectors.

15.3 Performance Meetings

During the Term and Extension of this Agreement the Supplier Representative will attend meetings as required with the City Representative at a time and place to be agreed, to discuss the quality, performance and other matters related to the Services.

ARTICLE 16

REPORTING

16.1 Reporting Requirements

- (a) The Supplier shall at all times keep an accurate and up-to-date record of all activities related to the performance of the Services.
- (b) The Supplier shall use a computer Excel spreadsheet database for the purpose of documenting all calls, complaints and accidents (including damage claims) issued and the actions taken. The database shall be maintained on a daily basis and a copy of this information will be forwarded electronically to the City as requested.
- (c) The Supplier shall keep a copy of all weigh scale tickets issued to Collection Vehicles for Designated Materials deposited at the Designated Facility. The Supplier shall enter the weigh scale ticket information into a MS-Excel spreadsheet on a daily basis and provide a monthly summary.
- (d) The Supplier shall provide all information and data required pursuant to this Agreement to the City in a MS-Excel spreadsheet format;
- (e) The Supplier shall provide the City with any information relating to tag-notices as required.
- (f) The City may at any time request the Supplier to produce for inspection any records and reports relating to the provision of the Services. The City may photocopy such records and reports as it deems appropriate.
- (g) Save and except for reporting related to Missed Collections (for which the reporting process is described in Section 13.2), the City shall communicate any instances of Non-Performance within twenty-four (24) hours of assessment by the City of such Non-Performance by the Supplier. Email messages will be the

preferred means of communication with a follow-up direct telephone call where warranted.

16.2 Incident Reporting

- (a) The Supplier shall accurately document and immediately report all incidents involving Persons and/or private property to the Inspector and provide copies of all claims and reported damages to the Inspector in written form for each occurrence.
- (b) Driver incidents shall be reported to the City as soon as practical following their occurrence and no later than 48 hours after the event. Should the incident result in bodily injury or fatality they should be reported to the City immediately.

ARTICLE 17 INSURANCE

17.1 Renewable Multi-Year Consent of Surety

- (a) The Supplier shall provide a Consent of Surety, in such amount as necessary to fulfill the contract terms herein, signed and sealed by the Supplier's surety from a surety company authorized by law to carry out business in the Province of Saskatchewan and approved by the City.
- (b) Failure of the Supplier to provide the required Insurance within ten (10) business days from the date of the signing of the Agreement can be considered sufficient grounds for rejecting the Proposal and accepting the next most qualified Proposal or requesting new Proposals.

17.2 Liability Insurance Requirements

- (a) It is a requirement of the City that the Supplier shall have General Liability Insurance coverage of not less than \$10,000,000 per occurrence during the full term of the Agreement.
- (b) It is a requirement of the City that the Supplier shall have Automobile Liability Insurance coverage of not less than \$5,000,000 per occurrence during the full term of the Agreement.
- (c) It is a requirement of the City that the Supplier shall have Automobile Environmental Liability Insurance coverage of not less than \$5,000,000 per occurrence during the full term of the Agreement.
- (d) It is a requirement of the City that the Supplier shall have Motor Truck Cargo Insurance coverage of not less than \$32,000 for any one vehicle.

ARTICLE 18

INDEMNITY AND LIMITATION OF LIABILITY

18.1 Supplier's Indemnity

Notwithstanding anything to the contrary in this Agreement, the Supplier shall accept full responsibility for and shall indemnify and save harmless the City, its respective employees, contract employees, agents and elected representatives prior to, during, and after the Term and Extension, from and against all liability for:

- (a) all actions, claims, demands, costs, charges, losses and expenses (including legal costs on a full indemnity basis), which may arise out of or in consequence of the performance or non-performance by the Supplier (including the Supplier Personnel) of the Services or its obligations under this Agreement, or the presence of the Supplier (including the Supplier Personnel) in any premises or property belonging to the City; and
- (b) all actions, claims, demands, costs, charges, losses and expenses (including legal costs on a full indemnity basis), which are related to or are caused by the negligence or wilful misconduct of the Supplier and which, for certainty, shall include all actions, claims, demands, costs, charges, losses and expenses related to bodily injury, death and loss or damage to property.

18.2 City's Indemnity

The City shall defend, indemnify and save harmless the Supplier from and against any and all claims or liabilities, arising from:

- (a) the City's breach, violation or non-performance of this Agreement; and
- (b) any negligent acts or omissions or wrongful acts of the City, its elected officials, employees, agents or others for whom it is responsible at law.

18.3 Survival

The indemnities provided in this Article 18 shall survive the termination or expiration of this Agreement and continue in full force and effect without time limit.

18.4 Limitation of Liability

- (a) Notwithstanding anything contained in this Agreement to the contrary, neither party shall be liable to the other under this Agreement or under any cause of action relating to the subject matter of this Agreement, whether in contract, tort, strict liability, indemnity, contribution or any other cause of action for or in relation to:
 - (i) business interruption, loss of actual or anticipated revenue, income or profits or any other form of economic loss;
 - (ii) exemplary or punitive damages; or
 - (iii) any other loss. liability or damage that can be considered consequential.

(b) The Supplier acknowledges and agrees that the City, its respective employees, contractors, agents and elected representatives shall not be liable for, except in the case of gross negligence or willful misconduct, any property damage, bodily injury, death or personal injury to the Supplier, Supplier Personnel, or their respective directors or officers, or for any proceeding by any third party against the Supplier, Supplier Personnel, or their respective directors or officers, arising in the course of the performance or non-performance of the Supplier's obligations under this Agreement or arising otherwise in connection with this Agreement for any reason.

ARTICLE 19 REMEDIES

19.1 Remedies Not Exclusive

The rights and remedies of the City as set forth in any provision of this Agreement shall not be exclusive and are in addition to any other rights or remedies provided by law or in equity or pursuant to the provisions of the Agreement.

19.2 No Waiver

- (a) The City's exercise of any remedy provided under this Agreement does not relieve the Supplier from any liability remaining under this Agreement.
- (b) The failure of either the City or the Supplier to insist upon strict performance of any provision of this Agreement shall not be construed as a waiver or relinquishment of the right to insist upon strict performance of such provisions on any future occasion.

19.3 Remedies and Expenditures Incurred

The City may, at its sole discretion, take such steps as deemed necessary to remedy any breach of this Agreement, and any damages or expenditures incurred by the City in that respect of such steps deemed necessary to remedy the breach, plus a reasonable allowance for administration costs overhead may be recovered by the City pursuant to Article 22.

ARTICLE 20 CONFIDENTIALITY AND PRIVACY

20.1 Protection of Confidential Information

The parties each agree that all Confidential Information shall at all times remain the property of the party that created it and that this Article 20 shall not apply to any information that a party is obligated to produce as a result of a court order or other legal requirement, provided that the party provides the other party with prior notice thereof and a reasonable opportunity to seek a protective order or other appropriate remedy.

20.2 Exception

The obligation to maintain the confidentiality of Confidential Information shall not relate to any information which:

- (a) comes into the public domain or is subsequently disclosed to the public (other than through the default of either party);
- (b) was already in possession of the party (without restrictions as to its use) on the date of receipt; or
- (c) is required to be disclosed by either party by virtue of an order of a court or tribunal, pursuant to a legal proceeding, or as otherwise required by Applicable Laws.

20.3 City Limitation

The Supplier acknowledges and agrees that the City is subject to *The Cities Act* (Saskatchewan) and *The Local Authority Freedom of Information and Protection of Privacy Act* (Saskatchewan) and that the City's obligations under this Article 20 of this Agreement are limited by its public disclosure obligations under such legislation.

20.4 Supplier Compliance with LAFOIP

The Supplier hereby confirms that in performance of this Agreement it will protect personal information as defined in and in accordance with *The Local Authority Freedom of Information and Protection of Privacy Act (Canada)* and shall comply with its obligations under such legislation, and all statutory re-enactments or modifications thereof, any regulations, rules, orders and codes of practice made pursuant thereto, and any guidelines issued by the Privacy Commissioner.

ARTICLE 21 TERMINATION

21.1 Termination for Cause

Without prejudice to the exercise of any alternative or additional remedy or of any accrued rights of the City, the City shall be entitled upon the occurrence of any of the following events to immediately terminate this Agreement:

- (a) the Supplier breaches this Agreement and fails to remedy or take reasonable steps to remedy such breach within thirty (30) calendar days from the date of a written notice of the breach being given to the Supplier by the City;
- (b) the Supplier becomes bankrupt, or makes a composition or arrangement with its creditors, or has a proposal in respect of its company for voluntary arrangement for a composition of debts or a scheme of arrangement approved in accordance with the *Bankruptcy and Insolvency Act (Canada)*;
- (c) the Supplier having a winding-up order made or a resolution for voluntary winding-up passed;

- (d) the Supplier having a provisional liquidator, or receiver or manager of its business or undertaking duly appointed;
- (e) the Supplier being in circumstances which entitle a creditor to appoint, or have appointed a receiver, a manager or administrative receiver, or which would entitle the court to make a winding-up order;
- (f) the Supplier persistently violates its health and safety obligations under Article 10 of this Agreement;
- (g) the Supplier commits any Prohibited Act;
- (h) the Supplier undergoes a change of Control;
- (i) the Supplier is unable to complete or has discontinued the Services; or
- (j) the Supplier fails to maintain Performance Security in accordance with Section 23 of this Agreement; or
- (k) any other reason, which is at the discretion of the City.

21.2 Consequences upon Termination

Upon termination of this Agreement:

- (a) the Supplier shall immediately cease to perform the Services;
- (b) the Supplier shall be liable to compensate the City for any loss or damages that the City has sustained as a consequence of any breaches of this Agreement by the Supplier;
- (c) if this Agreement is terminated for cause under Section 21.1, the Supplier shall fully and promptly indemnify and compensate the City in respect of the cost of causing to be performed such services as would have been performed by the Supplier during the remainder of the Term and Extension to the extent that such costs exceed such sums as would have been lawfully payable to the Supplier for performing such services (such costs to include all costs of concluding this Agreement and entering into a new contract with a replacement supplier). The City shall be free to have such services performed by any person (whether or not employees of the City) as the City may within its sole discretion determine; and
- (d) the City shall be under no obligation to make any further payments to the Supplier and shall be entitled to retain any payment which may have fallen due to the Supplier before termination until the Supplier has paid in full to the City all sums due under or arising from this Agreement, or to deduct there from any sum due under this Agreement.

ARTICLE 22 NON-PERFORMANCE

22.1 Liquidated Damages

- (a) If the Supplier fails to perform the Services in accordance with its obligations and the standards specified in this Agreement, the City shall assess liquidated damage for every instance of non-performance in accordance with the table attached as Schedule C "Liquidated Damages".
- (b) The Supplier acknowledges and agrees that, since it would be difficult to precisely ascertain or calculate the losses to the City in the event of the Supplier's non-performance of its obligations under this Agreement, the parties agree that the Liquidated Damages shall constitute a genuine pre-estimate of the damages that the City will suffer as a result of the Supplier's non-performance.
- (c) The Supplier, at the City's discretion, may be granted two (2) written warning per year before Liquidated Damages are assessed by the City.

22.2 Grace Period

In order to allow the Supplier to become familiar with the Services, the City agrees that it shall not assess any Liquidated Damages against the Supplier for the **first ninety (90) days** following the commencement of the Services to be provided under this Agreement.

22.3 Payment of Liquidated Damages

Where the City assesses Liquidated Damages against the Supplier in accordance with Section 22.1, the City shall be authorized to deduct the amount(s) of such Liquidated Damages assessed in any single month against the Service Fee invoice received from the Supplier for that same month. Where Liquidated Damages are assessed for a month for which the Service Fee has already been paid, the City shall be entitled to deduct such Liquidated Damages against the following month's invoice and/or to recover such Liquidated Damages by way of a claim against any Performance Security maintained by the Supplier or as provided in Section 23 of this Agreement. Where the City has deducted any amounts relating to Liquidated Damages against a Service Fee invoice provided by the Supplier to the City, the City shall, upon payment of such Service Fee invoice, provide a detailed accounting of the deduction and instances of non-performance giving rise to the Liquidated Damages.

22.4 Remedies for Non-Performance

- (a) In addition to assessing Liquidated Damages upon an event of non-performance by the Supplier, the City shall be authorized, acting reasonably:
 - (i) to require the Supplier to repeat the Services not performed in accordance with this Agreement at no cost to the City; or
 - (ii) to withhold payment and make arrangements for the City to provide and perform the Services not performed using its own forces or those of another contractor and deduct any extra costs incurred by the City from any payment due to the Supplier.
- (b) The Supplier acknowledges that where Liquidated Damages exceed \$50,000 in the twelve (12) months following the commencement date of the Services or any subsequent twelve (12) month period, the City shall be entitled to terminate this Agreement for cause. As of the beginning of each fresh twelve (12) month period,

- any Liquidated Damages will be assessed as though the Supplier had no prior incidents or events for which the City is entitled to assess and deduct Liquidated Damages.
- (c) For further certainty, the rights and remedies referred to in this Section 22.4 shall be considered without prejudice to any other right or remedy that the City may have under this Agreement or in law and shall not relieve the Supplier of any obligations under the Agreement in respect of the Services.

ARTICLE 23 PERFORMANCE SECURITY

23.1 Supplier to Maintain Performance Security

To secure performance by the Supplier of all of its obligations under this Agreement, the Supplier shall deliver, as a condition precedent of this Agreement, in the amount sufficient to fulfill the terms of this Agreement. If the Supplier has proposed another form of performance bond which has been approved by the City, the Supplier may fulfil its Performance Security obligation by delivering such alternative bond form provided always that it is in the amount sufficient to fulfill the terms of this Agreement. The performance bond must either automatically renew or be valid for the Term of the Agreement in the amount of \$760,000, such that continuous coverage is provided throughout the term of the Contract. No interest will be paid by the City. Where required by the surety issuing the bond, the Supplier will renew the bond from time to time so it remains in effect until six (6) months after the expiry or termination of this Agreement.

23.2 Realization of Performance Security

The Supplier acknowledges and agrees that the Performance Security may be realized upon by the City where the Supplier is in breach of its obligations under this Agreement and where the City must incur or has incurred, without limitation, any indebtedness, liabilities, obligations, costs, fees or expense whatsoever (collectively, the "Liabilities"), including any Liabilities incurred to facilitate the provision of the Services and any legal costs or costs in relation to legal proceedings resulting from the Supplier's breach of its obligations under this Agreement. Where required by the terms of the Performance Security, the Supplier will be given notice of the City's intention to realize on the Performance Security. Otherwise, the City may realize on the Performance Security without prior notice to the Supplier.

23.3 Replacement of Performance Security

Where the Performance Security is drawn upon, and provided that this Agreement has not been terminated by the City, such Performance Security shall be renewed or replaced so that it meets the then applicable threshold set out in section 23.1 herein.

ARTICLE 24

INTELLECTUAL PROPERTY RIGHTS

24.1 Ownership of Intellectual Property Rights

The Intellectual Property Rights in this Agreement and all documents, records, data, or other information produced by the Supplier as part of the Services shall belong exclusively to the City. All Intellectual Property Rights belonging to the City shall, at all times, remain the property of the City.

24.2 Use of Intellectual Property Rights

The Supplier shall not in connection with the performance of the Services use, manufacture, supply or deliver any process, article, matter or thing, where the use, manufacture, supply or delivery of which would be an infringement of any Intellectual Property Right.

24.3 Vesting of Intellectual Property Rights

Any and all Intellectual Property Rights developed under this Agreement or arising from the provision of the Services by the Supplier shall belong to the City and the Supplier agrees that it shall execute or cause to be executed all deeds, documents and acts required to vest such Intellectual Property Rights in the City.

24.4 Intellectual Property Indemnity

The Supplier shall fully indemnify and save harmless the City from and against all suits or actions arising from the claim of any person or persons who are or claim to be patentees of any process used in connection with the Supplier's performance of this Agreement or of any materials, plant, machinery, tools or appliances used therein or thereon, or in any way therewith, by the Supplier.

ARTICLE 25

DISPUTE RESOLUTION

25.1 Dispute Resolution Process

The parties shall attempt to resolve any dispute arising out of or in connection with this Agreement including in respect of this Agreement's existence, validity or termination (collectively, a "**Dispute**") through good faith, without prejudice negotiation between selected members of their respective senior management team commenced by delivery of a written and dated notice of a Dispute (a "**Dispute Notice**"). If the parties do not reach an agreement which finally disposes of the Dispute within sixty (60) days after the delivery of the first Dispute Notice, the Dispute shall be referred to binding arbitration as follows:

- (a) No arbitration proceeding shall be commenced after expiry of the time specified for commencement of actions or proceedings under the applicable statute of limitations;
- (b) The arbitration shall be conducted in accordance with *The Arbitration Act, 1992* (Saskatchewan) (the "Arbitration Act"). If there is a conflict between the provisions of this Agreement and the provisions of the Arbitration Act, the Arbitration Act shall rule.

ARTICLE 26 TRANSITION OF SERVICES

1.2 Transition Assistance and Cooperation

- (a) Upon termination or expiration of this Agreement, the Supplier shall cooperate with the City to assist with the orderly transfer of the Service functions and operations including:
 - (i) notifying all affected contractors and sub-contractors of the Supplier;
 - (ii) performing the transition service plan activities;
 - (iii) answering questions regarding the Services as-needed;
 - (iv) utilizing the same Equipment standards during the transition; and
 - (v) providing such other reasonable services needed to effectuate an orderly transition to a new supplier, as may be required by the City.

ARTICLE 27 MISCELLANEOUS

27.1 No Partnership or Joint Venture

Nothing herein shall imply a relationship of employment, agency, association of persons, partnership or joint venture between the Supplier and the City. The Supplier shall not indicate or represent to any third party that the City is an employee or agent of the Supplier. The Supplier shall have no authority to commit the City to any third party. The Supplier shall be responsible for all business taxes, payroll remittances, benefits, assessments, remittances and all other applicable statutory payments and deductions for the Supplier, its employees, and all subcontractors, including any required federal and provincial withholding, self-employment and social security taxes, unemployment insurance, and worker's compensation insurance and assessments.

27.2 Further Assurances

Each party upon the request of the other, whether at or after the Term, shall do, execute, acknowledge and deliver or cause to be done, executed, acknowledged or delivered all such

further acts, deeds, documents, assignments, transfers, conveyances and assurances as may be reasonably necessary or desirable to effect complete consummation of the transactions contemplated by this Agreement.

27.3 Notices

Any notice, consent, authorization, direction or other communication required or permitted to be given hereunder shall be in writing and shall be delivered either by personal delivery, fax, email or similar telecommunications device and addressed as follows:

(a) in the case of the City at:

Attention: Director of Engineering Services 228 Main Street North Moose Jaw, SK S6H 3J8 Fax: (306)694-4473

Email: jmickleborough@moosejaw.ca

(b) in the case of the Supplier, to it at:

Attention: Curtis West 620 McLeod Street Regina, Saskatchewan S4N 4Y1

Fax: (306) 721-2543

Email: cwest@loraasdisposal.com

Any notice, consent, authorization, direction or other communication delivered as aforesaid shall be deemed to have been effectively delivered and received, if sent by fax, email or similar telecommunications device on the Business Day next following sending of such transmission or, if delivered, to have been delivered and received on the date of such delivery provided, however, that if such date is not a Business Day than it shall be deemed to have been delivered and received on the Business Day next following such delivery. Either party may change its address for service by notice delivered as aforesaid.

27.4 Entire Agreement

This Agreement and the schedules, together with all agreements and other documents to be delivered pursuant to this Agreement, constitute the entire agreement between the parties pertaining to the subject-matter of this Agreement and supersedes all prior agreements understandings, negotiations and discussions, whether oral or written, of the parties, and, except as stated, contain all of the representations and warranties of the respective parties. This Agreement may not be amended or modified in any respect, except by written instrument executed by the parties.

27.5 Time of Essence

Time shall be of the essence of this Agreement.

27.6 Subcontracting

- (a) The Supplier may only sub-contract the performance of this Agreement or any part thereof with the prior written consent of the City, and shall cease to so sub-contract if the City withdraws its consent. The City reserves the right to impose such conditions as it sees fit in giving any consent pursuant to this Section 27.6(a), including but not limited to payment to the City of such reasonable administrative and legal costs as may be incurred by the City or the posting of such additional security as the City, acting reasonably, may consider appropriate.
- (b) Any consent provided by the City pursuant to this Section 27.6 (if given) shall not relieve the Supplier from any liability or obligation under the Agreement and the Supplier shall be responsible for the acts, defaults or neglect of any sub-contractor or its agents or employees in all respects as if they were the acts, defaults or neglect of the Supplier, notwithstanding that the City may require as a condition of giving any consent to sub-contract a direct warranty and undertaking from the sub-contractor concerning the provision of the Services and compliance with the Agreement in all respects.
- (c) All Subcontractors shall operate in accordance with this Agreement which shall be required by the Supplier of the subcontractor
- (d) Any dispute between the Supplier and Subcontractor shall not involve the City.

27.7 Restriction on Assignment

This Agreement shall inure to the benefit of the parties hereto and their respective successors, administrators and (permitted) assigns. Neither party may assign this Agreement without the prior written consent of the other, such consent to not be unreasonably withheld or delayed, provided however that this Agreement may be assigned by the City to any of its affiliates, associates, subsidiaries, partners and related entities.

27.8 Force Majeure

If either party shall be unable to carry out any obligation under this Agreement due to Force Majeure, this Agreement shall remain in effect, but such obligation shall be suspended for the period necessary as a result of the Force Majeure, provided that:

- the non-performing party gives the other party written notice not later than fortyeight (48) hours after the occurrence of the Force Majeure describing the
 particulars of the Force Majeure, including but not limited to the nature of the
 occurrence and the expected duration of this disability, and continues to furnish
 timely regular reports with respect thereto during the period of Force Majeure and
 the disability;
- (b) the suspension of performance is of no greater scope and of no longer duration than is reasonably required by the Force Majeure; and
- (c) the non-performing party uses its best efforts to remedy its inability to perform.

Notwithstanding any of the foregoing, the settlement of strikes, lockouts, and other labour disputes shall be entirely within the discretion of the affected party, and such party shall not be required to settle any strike, lockout or other labour dispute on terms which it deems inadvisable.

27.9 Survival

All representations, warranties and indemnities set out in this Agreement shall survive the termination or expiration of this Agreement.

27.10 Counterparts

This Agreement may be executed in counterparts and such counterparts together shall constitute a single instrument. Delivery of an executed counterpart of this Agreement by electronic means, including, without limitation, by facsimile transmission or by electronic delivery in portable document format (".pdf"), shall be equally effective as delivery of a manually executed counterpart hereof. The parties hereto acknowledges and agree that in any legal proceedings between them respecting or in any way relating to this Agreement, each waives the right to raise any defense based on the execution hereof in counterparts or the delivery of such executed counterparts by electronic means.

IN WITNESS WHEREOF the parties have executed this Agreement as of the day and year first above written.

Re: Amendment to the Single Stream Recycling Cart Contract

Attention: City of Moose Jaw Council and Administration

The recent changes in the recycling marketplace have created a huge impact across the globe, negatively affecting commodity prices and the movement of material to end destinations.

There have been many mentions in the media and across social media sites this past year, detailing the issues currently faced by material recovery facilities and municipal recycling programs.

e.g. https://www.theglobeandmail.com/canada/article-wish-cycling-canadas-recycling-industry-in-crisis-mode/

In order to continue providing an effective and efficient service, it is now necessary to limit the material being placed into the bins for recycling. It is our preference that effective immediately these items will no longer be accepted:

Clam Shell Type Food Containers labelled as #1

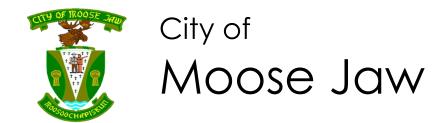

Film plastic (plastic bags and stretch wrap)

Loraas Disposal South is proposing to have these types of products added to the list of unacceptable material.

Thank you for your cooperation in making these changes.

Loraas Disposal

COMMUNICATION # CC-2019-0236

TITLE: City of Moose Jaw 2020 Budgets

TO: City Council

FROM: City Manager

DATE: November 12, 2019

PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

1. THAT the 2020 Operating Budget be approved; and

THAT the 2020 – 2024 Capital and Equipment Reserve Budgets be approved; and

THAT City Administration be authorized to tender and award the Capital and Equipment purchases set forth in year 2020 of the 2020 – 2024 Capital and Equipment Reserve Budgets subject to the limitations set forth in:

- a) The City's Purchasing Policy; and
- b) The City Administration Bylaw; and

THAT a mill rate increase of 2.02% which will generate an additional \$595,289 for the City's Operating and Capital Budgets be approved; and further

THAT 1% of the mill rate increase be directed to the General Capital Reserve portion of the Capital Budget for funding of Parks, Recreational and Facilities capital projects on an ongoing basis.

- 2. THAT an additional \$1.3 million in land development proceeds be allocated to the General Capital Reserve portion of the Capital Budget in 2020.
- 3. THAT Waterworks Utility rates be increased 6% effective February 1, 2020.
- 4. THAT Sanitary Sewer Utility rates be increased 5% effective February 1, 2020.
- 5. THAT Capital Project WW-9 Feeder Lines be designated as the City of Moose Jaw's 2020 Municipal Gas Tax Funded program.

TOPIC AND PURPOSE

The purpose of this report is to present City Council with the Operating, Capital and Equipment Reserve Budgets for 2020.

BACKGROUND

Annually the City of Moose Jaw develops an Operating and Capital Budget as required by *The Cities Act*. The section of the *Act* reads as follows:

"Adoption of budget

- 128(1) A council shall adopt an operating and capital budget for each financial year.
 - (2) No council shall pass a property tax bylaw with respect to a financial year unless it has adopted the operating and capital budget for that year."

The contents of the Capital Budget are outlined in the Act under Section 130 as follows:

"A capital budget is required to include the estimated amount of each of the following for a financial year:

- (a) the amount needed to acquire, construct, remove or improve capital property;
- (b) the anticipated sources and amounts of money to pay the costs described in clause (a)."

The Cities Act requires the preparation of only a one-year Capital Plan; however, it has been the City of Moose Jaw's practice to prepare a five-year plan.

Also included with this year's budgets is the Equipment Reserve Budget which provides for necessary equipment replacement and establishes equipment contributions and rental rates.

The City of Moose Jaw utilizes a planning framework that encompasses Strategic Planning, Planning Session consultations and referrals or tabling of matters to budget deliberations. City Administration gathers this framework of information, along with internal and external factors that influence the budget and create a call for estimates, which goes out to all City Departments.

City Departments utilize this framework to develop their business plans and budget accordingly to be able to deliver that business plan. Budget development by Administration is guided by this framework as well as thoughtful consideration of the various factors that impact the budget being developed to deliver the business plan.

City Administration does their best to balance service levels, expectations and affordability as the budget is developed. City Council has the responsibility to amend the proposed budget as they deem appropriate and ultimately approve a budget for 2020.

In addition, external factors impact the City's budgets:

- The Provincial Economy
- Local Economic Activity
- Financial Factors.

A discussion of the various components that comprise the City of Moose Jaw 2020 Budget follows.

DISCUSSION

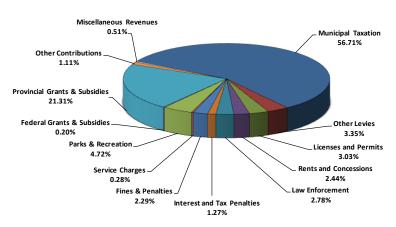

General Operating Budget

The General Operating Budget provides the funding for the City's various programs and services. These include things like transit services, snow removal and recreational programs to name a few.

The budget presented does not include any new initiatives, rather those will be presented to Council as part of the budget process and if approved, will then form part of the General Operating Budget.

2020 GROSS REVENUES

REVENUES

			2020-2019	
Gross Revenue	2019 Budget	2020 Budget	INC(DCR)	% Change
Budget				
Municipal Taxation	27,897,391	28,067,000	169,609	0.61
Other Levies	1,652,326	1,658,627	6,301	0.38
Licenses and Permits	1,452,270	1,501,681	49,411	3.40
Rents and Concessions	1,378,427	1,206,550	(171,877)	(12.47)
Law Enforcement	1,307,099	1,377,599	70,500	5.39
Interest and Tax Penalties	623,753	628,526	4,773	0.77
Fines & Penalties	1,675,000	1,133,700	(541,300)	(32.32)
Service Charges	145,051	138,253	(6,798)	(4.69)
Parks & Recreation	1,627,359	2,337,959	710,600	43.67
Federal Grants & Subsidies	110,467	97,793	(12,674)	(11.47)
Provincial Grants & Subsidies	9,767,416	10,544,683	777,267	7.96
Other Contributions	550,000	550,000	-	0.00
Miscellaneous Revenues	325,488	251,307	(74,181)	(22.79)
Gross Revenues	48,512,047	49,493,678	981,631	2.02

Municipal Taxation is the City's largest single revenue source accounting for almost 57% of General Operating Budget revenues. The City of Moose Jaw has modest growth in tax revenues and continues to see commercial appeal losses. The table below illustrates the tax losses to date for 2019:

		201	9	
	~	AGREEMENTS TO ADJUST	BOARD OF REVISION DECISIONS	MUNICIPAL
Subclass		Change in Assessed Taxable Value	Change in Assessed Taxable Value	Loss in Tax Revenue

RRPL				
TOTAL		(2,367,370)	(28,786,370)	(\$403,359)

The loss of commercial assessment appeals has been a steady trend since the last reassessment in 2013 with a total of \$133,161,200 in lost commercial assessment due to appeals. This translates into a loss in revenue of \$1,798,740 which loss has been borne by the commercial sector as a whole. It is also important to note that the City still has 28 outstanding assessment appeals that are yet to be rendered. The table below provides additional detail:

Historical Commerical Appeal Losses														
	2013		201	2014 2015		15	2016		2017		2018		2019

Total Lost Tax Revenue : 2013-2019	\$ (1,798,740)													
Note: The values previously given for 2018 did not contain all of the BOR decisions for that year. SMB decision for 2017 and 2018 were received in 2019 and added to the chart.														

The continued loss of assessment and the resulting taxation in the commercial area has made the gap between residential and commercial taxes widen. In 2018, City Council took a first step in narrowing that gap by adopting the following motion:

"THAT future Municipal Tax increases be split between residential and commercial based upon the ratio of taxable assessment in each class and that this split be accomplished by adjusting the appropriate mill rate factors for each class of property"

The proposed adoption of a tax-sharing approach to future tax increases results in a gradual shift in the level of taxation on commercial properties to residential properties.

The overall commercial to residential tax gap has slowly been decreasing from 2.25 in 2017 to 2.19 in 2019 excluding changes to the Hospital Levy. This gradual reduction in the tax gap is a direct result of City Council's policy decision as outlined above. Depending on the final mill rate increase, a further reduction in the tax gap of several basis points can be expected in 2020.

City Administration will ask City Council to continue with this tax-sharing approach in 2020.

Rents and Concessions revenue is down approximately \$170,000 due to a reduction in farmland lease revenue and airport rent revenue. This reduction relates to the transfer of lease revenue to the airport authority and the sale of City land previously leased for farming purposes.

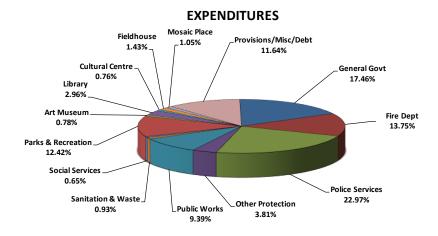

Fines & Penalties revenue is down approximately \$540,000. This reduction in revenue is related to automated speed enforcement revenues which are reduced due to SGI taking over paying for all of the costs and a provincial decision to share some of the excess with other municipalities. The City has an offsetting reduction in expenditures for this amount of decreased revenue so there is no direct impact on the City's Operating Budget from these changes. The only change is the amount left available for contribution to the City's Traffic Safety Reserve.

Parks & Recreation revenues are up approximately \$710,000. This is due to Yara Centre becoming part of the City and some increased revenues as a result of the implementation of a recreation season pass.

Provincial Grants & Subsidies are up approximately \$775,000 due primarily to an increase in Provincial Revenue Sharing funding to the City.

Overall, revenues are up by 2.02% or \$981,631 from the 2019 budget.

2020 GROSS EXPENDITURES

			2020-2019

Cultural Centre	376,942	378,818	1,876	0.50
Fieldhouse	, <u>-</u>	713,939	713,939	100.00
Mosaic Place	566,370	526,347	(40,023)	(7.07)
Provisions/Misc/Debt	5,764,774	5,831,332	66,558	1.15
Gross Expenditures	48,512,047	50,088,967	1,576,920	3.25

The Budget presented is a status quo budget and there are no new enhancements contained within the budget numbers. The increases in the various areas are the result of negotiated Collective Agreement increases, or provisions for same, and inflation. The cost of providing the same programs and services increases each year.

The General Government area is seeing an increase in the costs to provide programs and services of approximately \$300,000 or 3.55%. The increases are spread across a number of departments. An increase in City Clerks/Solicitor Department costs is a result of City memberships in organizations like SUMA and FCM being transferred to this Department from the Mayor & Councillors area.

Information Technology is seeing increases of about \$109,000 due to increased equipment reserve contributions and software maintenance costs. Human Resource Services costs are up approximately \$43,000 due to primarily to increased education and training funding. This funding has been reallocated from other departments to provide for the Human Resource area to manage this spending in conjunction with succession training. Employer paid benefits have also increased approximately \$49,000 due to increased contribution requirements for the Canada Pension Plan and increased pension contributions.

The Fire Service is seeing an increased request of \$737,456 which relates primarily to the recent Collective Agreement and its incorporation into this budget area. Provision for this funding had been provided in the Provisions/Misc/Debt area in previous years.

The Police Service expenditure request is up \$390,416 or 3.51% from 2019 levels. The Police Service Administration presented their budget request to Council on November 18.

The Public Works area is seeing a decrease in overall expenditures of about \$870,000. This relates to a decrease in overall salary expenditures in the City Engineer's Department due to the implementation of a design team funded from Capital and the allocation of the Engineering Technologists that manage capital projects to capital projects. This resulted in the ability to discontinue the 6% overhead charge to capital that had previously been charged as a recovery to the Operating Budget.

Also, the Traffic Division has a reduction of expenditures of \$505,000 related to a reduction in automated speed enforcement costs as mentioned earlier in the revenue section of this report.

The Parks & Recreation Department is seeing an increased expenditure budget request of \$196,462. This is primarily in the Parks and Recreation areas of this department. Many of these cost increases relate to water and other utility costs related to parks and recreational facilities.

Yara Centre now appears in budgeted expenditures at a request of \$713,939. This is offset by expected revenues of \$647,561 a recovery rate of over 90%.

Lastly, the Provisions/Misc/Debt area is seeing an increase of approximately \$66,558 in budgeted expenditures related to salary provisions and the appropriation of municipal taxation to the Waterworks Utility and the Capital Expenditure Fund. In terms of the appropriation to Waterworks and Capital, City Administration has included an additional 1% of municipal taxation to the General Capital Reserve for recreation and facilities capital funding. This is an increase of \$295,000. This increase will be subject to City Council approval.

As indicated earlier, there are no enhancements included in the status quo budget other than the 1% increase for Parks, Recreation and Facilities funding. All other enhancement requests will come to City Council in separate report form for Council's consideration.

The overall increase in expenditures is 3.25% of which 0.60% relates to the appropriation of an additional 1% of municipal taxation to the Capital Budget. Therefore, the overall expenditure increases to maintain programs and services is 2.65%.

<u>Transit Service</u>

City of Moose Jaw Budget Summary of Revenues & Expenditures

For Transit

Description	2019 Projection	2019 Budget	2020 Budget	2020 - 2019 INC (DCR)	% Change

BUS EARNINGS CHARTER	675	5,000	1,000	(4,000)	(80.0)%
PROV GOVT FUNDING	164,026	225,000	200,000	(25,000)	(11.1)%
SOC SERVICES FUNDING	8,500	12,000	9,000	(3,000)	(25.0)%
SUBSIDY	349,034	197,055	285,743	88,688	45.0%
PARA-TRANSIT REVENUES	538,235	464,055	511,743	47,688	10.3%
VEHICLE MAINTENANCE	120,000	75,000	100,000	25,000	33.3%
TRANSPORTATION	282,250	273,817	273,890	73	0.0%
ADMINISTRATION	135,985	115,238	137,853	22,615	19.6%
PARA-TRANSIT EXPENDITURES	538,235	464,055	511,743	47,688	10.3%

Both the regular Transit and Para-Transit services receive a subsidy from the City which totals \$1,475,430 in 2020 or approximately 73% of overall costs. In 2019, the budgeted subsidy was \$1,230,715 or 65% of costs.

Both the regular Transit and Para-Transit areas are seeing a decrease in revenues as compared to the 2019 Budget. The regular Transit service is seeing a revenue decrease of \$75,400 and the Para-Transit service a decrease in revenue of \$41,000. The most significant cost increases in the Transit and Para-Transit areas are related to vehicle maintenance and administration costs. The increased administration costs relate to increased equipment reserve contributions.

General Capital Budget

The General Capital Budget provides for the provision of funds to allow the City of Moose Jaw to undertake major construction, renovation and rehabilitation projects. The Capital Budget consists of two components, the General Capital Reserve and the Land Development Reserve.

GENERAL CAPITAL RESERVE SUMMARY 2020 - 2024

		_		UZU	7 - 2024

Surplus/Shortfall	\$ 1,822,417	\$	388,814	\$	(7,305,667)	\$	(9,322,939)	\$	(11,079,847)	\$	(12,887,900)		

The General Capital Reserve component of the Capital Budget provides for funding for all the core infrastructure projects for the City of Moose Jaw. These projects include sidewalks, pavement rehabilitation, bridges, building improvements and general parks upgrades to name only a few.

The source of funding for the General Capital Reserve core infrastructure projects comes from seven main sources totalling \$45,549,175 over the five-year period:

- SPC Municipal Surcharge \$15,527,665
- Taxation \$5,585,133
- Investment Income \$12,560,000
- Land Sale Proceeds \$5,975,000
- Parks Dedication Reserve \$119,000
- Federal/Provincial Funding \$898,385
- SaskEnergy Municipal Surcharge \$4,883,992.

The Capital Expenditure Fund Interest revenue is forecast to increase significantly in revenue from \$1,295,000 in 2019 to \$2,610,000 in 2020. The majority of this increase in revenues is a result of Council's initiative to look at broadening the scope of the City's Investment Policy and investing in an array of financial assets that will provide a higher return on invested monies.

The General Capital Reserve has funding challenges over the five-year period; there is insufficient funding to service all of the spending demands. The current budgeted shortfall is \$12,887,900.

In 2020, City Administration is proposing a 1% municipal tax increase be levied and dedicated to providing funding to the General Capital Reserve Budget for Parks, Recreation and Facilities capital projects on an ongoing basis. This will generate an additional \$295,000. The 1% has been incorporated into the overall proposed mill rate increase of 2.02% and is contained as revenue in the General Capital Reserve summary above.

Also, in 2020, City Administration is proposing that an additional \$1,300,000 of Land Sale proceeds be directed to the General Capital Reserve. These additional proceeds would come from sale proceeds from development of the Southeast Industrial Subdivision. This contribution has been factored into the preliminary budget above.

The end result is sufficient funding for year 2020 of the Capital Plan, but insufficient funding for the planned work over the entire five-year plan.

Land Development Reserve

LAND DEVELOPMENT RESERVE 2020 - 2024

	2019	2020	2021	2022	2023	2024	Total
Opening Balance	(\$2,129,352)	(\$2,519,371)	\$996,547	\$1,240,080	\$3,233,613	\$4,327,146	
Contributions during the year	\$3,103,100	\$8,287,066	\$243,533	\$1,993,533	\$1,093,533	\$1,093,533	\$12,711,198
Loan Proceeds	\$0	\$0	\$0	\$0	\$0	\$0	\$0
less Land Dev Projects	\$0	\$0	\$0	\$0	\$0	\$0	\$0
less Uncompleted Works	\$6,249,805	\$4,771,148	\$0	\$0	\$0	\$0	\$4,771,148
Year End Balance	(\$5,276,057)	\$996,547	\$1,240,080	\$3,233,613	\$4,327,146	\$5,420,679	

The Land Development Reserve provides for the funding needed for land development projects. Excess revenues over expenditures are redirected to the General Capital Reserve of the General Capital Budget to fund needed infrastructure projects in that area.

There is currently one major land development project in this Capital Plan, that being Westheath Phase V at \$4,771,148. Westheath Phase V is not expected to be under development until 2021. The key benefits to the City of land development are that it gives the City a tool to influence land development in the direction that best benefits the City overall, and also generates profits which can be utilized to fund other Capital projects. The current contribution from land development to the General Reserve is \$5,975,000 over the next five years.

Equipment Reserve Budget

The Equipment Reserve is funded by an annual contribution from Operating to the reserve such that sufficient funds are in place to purchase equipment when required. The annual contribution is based upon a detailed analysis of equipment needs, replacement values and expected life. The annual contribution then earns interest and is also credited to this account. The attached budget request represents the spending plan for the replacement of this equipment.

2020 - 2024 Equipment Reserve Budget SUMMARY										
DESCRIPTION	2020		2021	2022		2023		2024		TOTAL

BUDGET IMPLICATIONS ALL YEARS				\$ 645,536	•					

The overall request in 2020 for equipment funding is \$3,851,496. This is higher than usual due to the Engineering Department not having an Equipment Reserve Budget request for three years. As can be seen from the budget summary equipment purchase requests return to more normal levels in the remaining years of the budget.

The value of the Equipment Reserve to the City of Moose Jaw is threefold. First, the ability to save funds for future purchases allows the fund to generate investment earnings, which goes toward the purchase of the equipment. This benefit is in the neighbourhood of \$740,000 even in this period of low interest rates.

City Council's initiative of establishing an Investment Committee and directing the City's reserve funds to professional portfolio managers is expected to generate benefits to the Equipment Reserve in terms of the investment income. Based upon the Investment

targets established for the City's invested funds, the annual investment income would be expected to grow to nearly double to an estimated \$1,400,000 annually. This additional investment earnings will allow for annual equipment reserve contribution to decrease by a similar amount which will result in a reduction of required funds from the municipal tax levy.

Secondly, if funds were not set aside for future purchases, there would be a need to borrow and the associated cost of borrowing would add significantly to the overall purchase price and additional taxation funded contributions would be required.

Thirdly, the Equipment Reserve, by reserving, provides for the necessary funding of replacement equipment and in doing so, takes away the need for equipment purchases to compete with other Capital projects for funding. Many cities do not have an equipment reserving system and as such, must allocate a portion of their Capital monies each year for equipment purchases. For the City to deliver its programs and services as well as rehabilitate its aging infrastructure, it must have the necessary equipment to perform those tasks.

The Equipment Reserve Budget as presented will result in increased contribution costs which have been accounted for in the various budgets. In future years, as investment income increases, these contributions will be able to be decreased.

The ability to earn interest on monies set aside, coupled with not having to borrow funds to buy equipment, continues to provide the City and its citizens a significant benefit each year.

Utility Operating Budget

The City operates three utilities, they are the Waterworks, Sanitary Sewer and Solid Waste Utilities.

Waterworks

City of Moose Jaw Budget Summary of Revenues & Expenditures

For Waterworks 2019 2019 2020 2020 - 2019 Description % Change INC (DCR) Projection Budget Budget 11,174,300 190,133 GENERAL SERVICE 11,125,633 11,364,433 1.7% UTILITY BILLING PENALTIES 70,044 67.253 60.387 9.657 16.0% CONNECTION FEES 63,135 62,940 61,200 (1,740)(2.8)% WATER DEPOTS 28,492 28,390 29,331 941 3.3% HOUSE CONNECTIONS 370,000 300,000 400,000 100,000 33.3% MISCELLANEOUS REVENUE 100 1.000 1.000 0 0.0% (50.0)% WATER METER REVENUE 9,000 20,000 10,000 (10,000)11,647,017 11,936,008 **REVENUES** 11,663,613 288,991 2.5% **PRODUCTION** 3,108,000 3.047.945 3.270.136 222.191 7.3% DISTRIBUTION 4 870 031 4 032 884 4 568 411 535 527 13.3% **ADMINISTRATION** 1,562,378 1,500,084 1,676,485 176,401 11.8% RESERVE CHARGE 2,123,204 3,066,104 2,420,976 (645, 128)(21.0)% **EXPENDITURES** 11,663,613 11,647,017 11,936,008 288,991 2.5%

The Waterworks Utility provides potable drinking water to the community from the Buffalo Pound Water Treatment Plant that the City owns in partnership with the City of Regina.

The challenges facing the utility are operational issues in respect to maintaining and repairing distribution mains, hydrants, valves and house connections. An aging infrastructure has greatly increased the maintenance demands on the utility. These demands continue to require additional resources in order to maintain the system, most recently the creation of an additional work crew to help alleviate work backlogs.

In addition, the cost of water from the Buffalo Pound Water Treatment Corporation continues to increase each year as funding is being gathered for a major plant rehabilitation project in the near future. Administrative costs have also risen in relation to provisions for doubtful accounts, franchise fees and general administration.

The continued investment in infrastructure rehabilitation is expected to result in a decrease in operational costs over time. This will allow the utility to direct additional resources to infrastructure renewal in the future as a result of operational savings. In order for the utility to be able to fund its financial commitments, City Administration is recommending a utility rate increase of 6% in 2020.

Sanitary Sewer

EXPENDITURES

City of Moose Jaw Budget Summary of Revenues & Expenditures

8,454,469

8,854,777

400,308

4.7%

The Sanitary Sewer Utility provides wastewater services to the City of Moose Jaw. The utility is facing infrastructure challenges but at a more moderate rate than the Waterworks Utility.

8,644,913

The utility is seeing increased costs in the Administration, Sewage Treatment and Sanitary Sewer areas. Administrative cost increases relate to an increased allowance for doubtful accounts, increased franchise fee and general administrative costs. The Sewage Treatment area is seeing increased costs at Crescentview, the wastewater treatment facility and for lagoon maintenance. Lastly, the Sanitary Sewers area is seeing increased costs related to house connections and supervisory expenses.

The long-term debt of the utility will be retired in 2023 which will place the utility on a sound financial footing. City Administration will be recommending a 5% utility rate increase for 2020.

Solid Waste Utility

City of Moose Jaw Budget Summary of Revenues & Expenditures

For Solid Waste

The Solid Waste area was established as a utility in 2002. In 2008, City Council passed a motion and later a bylaw to make the Solid Waste Utility a self-funded utility. A self-funded utility is one in which the charges for its services are such as to provide for all funding necessary to operate the utility. Steps taken in 2017 to charge the utilities' customers directly for the services they receive have made this a self-funded utility. The garbage collection and curbside recycling revenue is reflective of these charges for residential garbage and recycling collection.

Revenues for the utility will decline to approximately 5.054 million dollars in 2020. The majority of the decline coming from decreased landfill revenues.

On the expenditure side, the Superintendent and Administration costs have increased as have wages and equipment costs, landfill operations and franchise fees. These increased costs are partially offset by a reduction in the landfill closure contribution for 2020 which is estimated to no longer be required as sufficient funds will have been accumulated for closure and post closure cost funding given the current estimated costs of providing these services.

Overall, the utility is generating a sustainable surplus which will be put towards the planned landfill replacement project. The utility will be able to fund this project and its operations from revenues. As such, City Administration is not proposing any increase in Solid Waste fees in 2020.

Utility Capital Budget

The Utility Capital Budget consists of infrastructure projects for the City's Water, Sanitary Sewer and Solid Waste Utilities.

Waterworks

WATER UTILITY RESERVE 2020 - 2024

	2019	2020	2021	2022	2023	2024	Total
Opening Balance	\$18,071,573	\$8,135,841	(\$12,103,027)	(\$1,757,594)	(\$2,248,107)	(\$2,602,104)	
Contributions during the year	\$7,960,506	\$12,645,937	\$25,504,970	\$11,378,199	\$12,316,706	\$16,419,443	\$78,265,255

less Water Works Projects	\$20,885,349	\$26,645,250	\$15,159,537	\$11,868,712	\$12,670,703	\$12,697,440	\$79,041,642
less Uncompleted Works	\$13,066,249	\$21,239,555	\$0	\$0	\$0	\$0	\$21,239,555
Year End Balance	(\$7,919,519)	(\$12,103,027)	(\$1,757,594)	(\$2,248,107)	(\$2,602,104)	\$1,119,899	

The Waterworks Utility has \$100,281,197 of planned spending over the next five years. In addition, the Buffalo Pound Water Treatment Plant will also be renewed with Moose Jaw responsible for its share of this project.

The infrastructure demands of the utility are large with the following major projects:

Object Account	2019 Carry Forward	2020	2021	2022	2023	2024	Total Including CFWDS
9618 - WW1 WATER DISTRIBUTION	-	653,000	666,000	675,000	675,000	702,000	3,371,000
9604 - WW4 WATER RESERVOIRS	6,450,000	10,000,000	500,000	500,000	500,000	500,000	18,450,000
9612 - WW5 BPWTP	2,764,555	600,000	-	-	-	-	3,364,555
9609 - WW9 FEEDER MAINS	2,725,000	1,600,000	100,000	200,000	1,000,000	1,000,000	6,625,000
9616 - WW16 BPWTP TRANSMISSION LINE	6,200,000	-	100,000	-	-	-	6,300,000
9617 - WW17 CAST IRON WATERMAIN REP	3,100,000	9,900,000	9,900,000	6,600,000	6,600,000	6,600,000	42,700,000
9625 - WW25 WATERWORKS LOAN REPAYME!	-	3,892,250	3,893,537	3,893,712	3,895,703	3,895,440	19,470,642
Water Utility Reserve Summary	21,239,555	26,645,250	15,159,537	11,868,712	12,670,703	12,697,440	100,281,197

Funding for the utility's capital needs will come from:

Utility Revenues	\$23,565,345
Gas Tax funding	\$10,451,676
ICIP funding	\$18,332,800
Municipal Taxation	\$14,477,934
Proposed Infrastructure Levy	\$ 8,437,500
Contributions Sanitary Sewer Utility	\$ 3,000,000
	\$78,265,255

The Waterworks Utility will also need to borrow \$15,000,000 in 2020 to meet all planned financial commitments. The capital demands on the utility are significant and are providing an extreme funding challenge for the utility. The financial model for this utility is based upon a number of assumptions such as approval by Council of the Infrastructure Levy, contributions from Sanitary Sewer Utility and ICIP funding for the reservoir and pumphouse project. City Administration is recommending a 6% utility rate increase in 2020. If some of the assumed funding sources do not materialize, then additional borrowing and future rate increases will be required.

Sanitary Sewer

SANITARY SEWAGE UTILITY RESERVE 2020 - 2024

	2019	2020	2021	2022	2023	2024	Total
Opening Balance	\$5,568,202	\$7,416,337	\$3,701,591	(\$1,852,326)	(\$4,365,252)	(\$1,351,988)	
Contributions during the year	\$4,494,632	\$4,968,532	\$5,177,544	\$5,372,142	\$5,708,096	\$6,180,184	\$27,406,498
less Sewer Projects	\$3,838,494	\$5,761,278	\$10,731,461	\$7,885,068	\$2,694,832	\$2,060,000	\$29,132,639
less Uncompleted Works	\$1,075,000	\$2,922,000	\$0	\$0	\$0	\$0	\$2,922,000
Year End Balance	\$5,149,340	\$3,701,591	(\$1,852,326)	(\$4,365,252)	(\$1,351,988)	\$2,768,196	

The Sanitary Sewer Utility has \$32,054,639 of planned spending over the next five years.

Object Account	2019 Carry Forward	2020	2021	2022	2023	2024	Total Including CFWDS
9731 - S1 SANITARY SEWERS	1,790,000	2,676,000	1,785,000	1,340,000	1,350,000	1,360,000	10,301,000
9733 - S3 WASTEWATER TREATMENT PLANT	1,005,000	1,000,000	1,400,000	500,000	500,000	500,000	4,905,000
9734 - S4 LIFT STATIONS	127,000	540,000	6,000,000	4,500,000	200,000	200,000	11,567,000
9725 - S25 WASTEWATER LOAN REPAYMENT	-	1,545,278	1,546,461	1,545,068	644,832	-	5,281,639
Sanitary Sewage Reserve Summary	2,922,000	5,761,278	10,731,461	7,885,068	2,694,832	2,060,000	32,054,639

Funding for the utility's capital needs will come from:

Utility Revenues \$27,406,498

These revenues generated from the utility will be sufficient to meet its financial commitments.

The Sanitary Sewer Utility provides for all of its Capital Funding from the surplus that comes from the operation of the utility and any available grant funding. The Financial Model for this utility calls for 5% rate increases over the next five years which if approved, would put the utility in a position to be able to fully fund its capital works from the utility rates that it generates. This is the definition of a self-funded utility and where all of the City's utilities need to work towards.

The borrowing repayments will be completed in 2023 at which time it may make sense to combine the utility with the Waterworks utility. This combining of utilities would allow for some of the funding generated within the Sanitary sewer Utility to be directed to Waterworks.

Solid Waste

SOLID WASTE UTILITY RESERVE 2020 - 2024

	2019	2020	2021	2022	2023	2024	Total
Opening Balance	\$340,344	\$1,722,300	\$3,230,963	\$3,866,673	(\$4,448,976)	(\$2,853,060)	
Contributions during the year	\$1,832,305	\$1,676,163	\$1,753,210	\$1,684,351	\$1,613,416	\$1,711,949	\$8,439,089
less Solid Waste Projects	\$15,000	\$117,500	\$1,117,500	\$10,000,000	\$17,500	\$17,500	\$11,270,000
less Uncompleted Works	\$100,000	\$50,000	\$0	\$0	\$0	\$0	\$50,000
Year End Balance	\$2,057,649	\$3,230,963	\$3,866,673	(\$4,448,976)	(\$2,853,060)	(\$1,158,611)	

The Solid Waste Utility has \$11,320,000 of planned spending over the next five years.

Object Account	2019 Carry Forward	2020	2021	2022	2023	2024	Total Including CFWDS
9211 - SW1 SOLID WASTE	50,000	117,500	1,117,500	10,000,000	17,500	17,500	11,320,000
Solid Waste Reserve Summary	50,000	117,500	1,117,500	10,000,000	17,500	17,500	11,320,000

Funding for the utility's capital needs will come from:

Utility Revenues \$8,439,089

These revenues generated from utility charges will be sufficient to fund the utilities planned financial commitments.

The utility faces a major landfill expansion or replacement project at an estimated cost of \$11 million dollars. This project will see the landfill's life extended or a new landfill developed.

Decisions made by City Council in 2017 to move towards a fully self-funded utility model, bi-weekly garbage collection, partial curb side collection, increased landfill rates and a residential garbage fee have significantly increased the annual contribution from Solid Waste operations to capital. The contributions are of a magnitude such that borrowing is not anticipated to be needed over the next five-year period. As well, for 2020 City Administration is not recommending any rate increases.

Summary

The City of Moose Jaw 2020 Budget was based upon the Budgeting Policy approved by City Council in 2019. In that policy there were 9 guiding principles of budgeting. The City has utilized these in developing this budget:

 The City should live within its means – In preparing this budget, every effort has been made to find solutions and ways to fund programs and services that are efficient and effective while living within available funding parameters. For example, there were additional requests for staffing that have not moved forward to City Council as departments have been challenged to find other ways of finding solutions.

- 2. The City should only budget what work can reasonably be expected to be completed within each year In reviewing capital requests, City Administration has made every effort to only include capital works projects that can be completed. An example of this would be the increase in the Cast Iron Watermain Project to \$9,900,000 in 2020 and 2021. This could have been increased to \$13,200,000 in 2020, but it was not felt that this was realistically an amount of work the City could accomplish in one year.
- 3. The City should seek to invest in infrastructure when productivity, efficiency and effectiveness increases are possible Capital projects that provide a payback have been given a high priority in the Capital Plan submitted for approval. Examples would include the solar power initiative for facilities and additional cast iron replacement.
- 4. The City may borrow from reserves on a short term basis (7 to 10 years), however the borrowing must be paid back with interest at the expected rate of return that the Institutional Investing program provides The current economic climate makes it more cost effective to externally borrow than to utilize internal funds from reserves. The best example of this is the proposed \$15,000,000 in external borrowing for the water utility in 2020. The external rate of borrowing will be less than the expected rate of return on the invested reserves.
- 5. The City should generally focus on completing one major study at a time before starting another and ensure that the existing systems are operating as intended before completing a study to determine system enhancements An effort has been made to limit the number of studies and ensure studies are completed and acted upon before new studies are commenced. A good example of this is the solid waste study that is underway in Engineering. Once this study is complete, the department will look at other areas.
- 6. The City should be innovative and make the most effective use of its existing funds This budget incorporates a number of innovative ideas such as the implementation of a VOIP telephone system, solar initiatives for facilities, and the crushing of waste concrete to produce aggregate.
- 7. The City should reduce reliance on external consultants and where possible and economically feasible develop the required expertise internally Over the years, the City has become more and more reliant on external consultants to provide expertise. There has been a general overall culture developed that reinforces the idea that someone external telling the City how to do things is the best way to proceed. A concerted effort has been made to break away from that way of thinking and utilize existing resources and their expertise. A good example of this is the pathway study which is being undertaken with internal resources from Planning and Parks and Recreation. The resulting cost savings are significant.
- 8. The City should seek to centralize functions and refine core services when prudent to do so There is a conscious effort within this budget to centralize services. A good example of this is the movement of education and training funding resources to the Human Resource Services Department where they can be consistently managed in conjunction with the succession planning program. There are also a number of efforts underway to centralize procurement practices for things like electrical and plumbing services and office supplies.

9. City Administration is expected to carefully scrutinize every budget item and only present to City Council what is considered necessary – The budget presented to City Council has been scrutinized for efficiencies and effectiveness in the delivery of the various programs and services. A by-product of this scrutiny is an Operating Budget that requires a 1.02% municipal tax increase to fund.

The resulting budget requests for 2020 are:

General Operating Budget request	\$ 50,088,967
General Capital Budget request for new spending	10,422,142
Equipment Reserve Budget request for new spending	3,851,496
Utility Operating Budget request	25,844,987
Utility Capital Budget request for new spending	32,524,028
Total Spending Request	\$122,731,620

Additional funding required to fund this budget request:

	Cos	t per month
1.02% Municipal Tax Increase for Operating Budget	\$	1.24
1.00% Municipal Tax Increase for General Capital Budget		1.22
6.00% Waterworks Utility Rate Increase		3.64
5.00% Sanitary Sewer Utility Rate Increase		2.45
Infrastructure Levy		7.08 *
	\$	15.63

^{*} Note: additional cost from \$15 Hospital Levy

Council New and Referred Items

A number of items have been referred, tabled, or will be presented at Budget discussions. These items include:

- 1. Police Service Budget The submission of the Police Service Operating and Capital Budget estimates occurred at the November 18, 2019 Special City Council meeting. The net Operating Budget request from the Police Service is \$10,129,563 an increase of 3.26% over 2019 levels of funding. A contribution of \$110,000 from the Traffic Safety Reserve and Capital Funding of \$67,500 is being requested. The preliminary budget estimates contain the requested amount of funding for the Police Service.
- 2. Public Library Budget The submission by the Moose Jaw Public Library Board occurred at the November 18, 2019 Special City Council meeting. The net budget request of \$1,206,944 is currently incorporated into the overall City Budget and represents a 1.39 % increase over 2019 levels. The Equipment Budget, which is one of the three budgets before Council for approval, contains a request from the Public Library. That request is for \$49,381 in equipment purchases for 2020.
- 3. **Urban Forestry Program** Trees are an important part of a vibrant, liveable city. Growing research supports the many benefits of an urban forest on the environment, economy and human health. Moose Jaw's publicly owned and managed urban forest has an estimated population of fifteen thousand (15,000) trees with an estimated collective value of \$90-\$100 million. Like many other City assets, the City's

urban forest requires annual maintenance funding to ensure it remains healthy, safe and valuable into the future. The Parks and Recreation Department is requesting a 2-person urban forestry crew to ensure dedicated and trained staff are maintaining the City's urban forest year-round. The Department is also requesting to expand the contracted block pruning program which would decrease the City's tree pruning cycle from thirty-three (33) years to fourteen (14) years. The total cost of both requests is \$60,035.00.

- 4. **EDC Initiatives** The EDC area will be bringing forward a request to City Council for funding to carry out a Business Retention and Expansion Triage program, with a focus on Value-add Agriculture and Food Production as well as a request for financial support for the Rural and Northern Immigration pilot program. The total cost of both requests is \$20,000. There is also a request for travel related to land development for \$10,000.
- 5. **Aggregate Program** Engineering Services will be bringing forward a request to proceed with a program to create aggregate for use in City works as well as for resale. The aggregate would be produced from waste concrete collected by the City. The funding for this program would come from the City's cashflow for inventories with anticipated savings coming from the use of this aggregate versus the City purchasing aggregate.
- 6. Parks & Recreation Capital Funding Shortfall The Parks and Recreation Department has identified a shortfall in the Department's Capital Budget. The proposed 2020 Capital Budget is also 2% less then the 10-year Capital Budget average, while City facilities and infrastructure continue to age. The report identifies the risks associated with underfunding facility renewal projects as well as an overview of the current Capital Budget, the current unfunded projects and a request for an additional \$295,000 in capital funding in 2020.
- 7. **Slope/Slumping Program** The Engineering Services area will be proposing a Slope/Slumping program for Council's consideration.
- 8. **Fluoridation** –The decision on whether to invest the required capital funding to continue to provide fluoridation of the City's water supply will come before Council for their considerations.
- 9. Investment Earnings proposed Drawdowns Now that the City of Moose Jaw has developed a revised Investment Policy and contracted a professional portfolio manager, it is necessary for the City to annually determine the drawdown of these funds. A report will be placed on the agenda outlining the proposed drawdowns for 2020 and requesting Council's approval. These proposed drawdowns have been incorporated into the preliminary budget that has been presented to City Council.

10. **Infrastructure Levy** – Council considered options for an infrastructure levy in September of this year and referred the matter to budget deliberations. City Administration is recommending a levy of \$100, the same basis as the previous hospital levy. The levy is necessary to provide the last portion of funding for the ongoing cast iron project. The original funding for the cast iron project annually was:

Municipal Taxation \$1,537,000 Local Improvement Levy \$1,608,000 Contribution from Utility \$2,225,000 Utility Savings \$480,000

for a total of \$5,850,000 million annually to fund it. After the referendum on the LIP funding portion of the cast iron program, it left a shortfall in annual funding of \$1.608 million. The implementation of an infrastructure levy would satisfy this funding shortfall.

- 11. **Recycling Contract Renewal** City Council had referred this communication to budget for consideration in conjunction with the overall budget process.
- 12. **3rd Party Funding Groups** City Council entertained a number of third party funding groups at the November 18th, 2019 Special City Council meeting. That communication was subsequently referred to budget deliberations for further consideration. All of the groups presenting with the exception of the Moose Jaw and District Seniors Association and the Cosmos Senior Citizens Association all have funding allocations in the budget equal to last year's level of funding plus a 2% cost of living increase. There is currently no funding in the preliminary budget allocated to the Moose Jaw and District Seniors Association, the Cosmos Senior Citizens Association or 2021 Moose Jaw Air Show.

OPTIONS TO RECOMMENDATION

Other direction as Council deems appropriate.

COMMUNICATION PLAN

The objectives of communication activities related to the 2020 Budget are to communicate the City's long-term financial planning, investment in infrastructure renewal and service delivery as outlined in the proposed budget. Detailed information is available on Moose Jaw Budget.

Administration actively engaged residents to understand their spending priorities as part of pre-budget planning. An online survey was promoted on MooseJaw.ca to obtain feedback on the key spending priorities of residents. A total of 212 respondents completed the survey with infrastructure, water and wastewater listed as top spending priorities. A majority of those that responded also expressed support for an infrastructure levy and modest tax increases to maintain services.

In conjunction with the release of the proposed 2020 Budget, detailed information will be available online at City of Moose Jaw 2020 Budget.

The objectives of communication activities related to the recommended 2020 Utility Budget are to inform residents of its anticipated impact on utility bills. The City will work to help residents better understand how the utility works, the services delivered and how the capital investment over the period will be undertaken.

From November 15 to 26, the City will encourage residents to learn about the proposed budget. Following City Council's approval of the 2020 Budget, the City will provide information to the public on the approved budget and its impact on the average homeowner. As well, utility customers will receive information in their Utility Bills to provide information on the rate increases and the Utility.

STRATEGIC PLAN

The City's budget is based upon the Strategic Plan and is structured such that funding is provided to enable the various programs and services to work towards the goals and objectives of the Strategic Plan.

FINANCIAL IMPLICATIONS

The 2020 Preliminary Budget presented to City Council proposes the following:

- General Operating Budget request of \$50,088,967
 - o A municipal tax increase of 1.02% to fund operating cost increases.
 - A municipal tax increase of 1.00% directed to the General Capital Budget for the funding of Parks and Recreation capital projects.
- General Capital Budget request of \$10,422,142 in 2020
 - \$6,096,400 for Transportation
 - o \$1,072,995 for Parks and Recreation
 - \$2,395,247 for Other Services
 - o \$67,500 for the Police Service
 - \$790,000 for Storm Sewers
 - Request to redirect \$1,300,000 of Southeast Subdivision sale proceeds to the General Capital Budget in 2020.
- Equipment Reserve Budget request of \$3,851,496 in 2020
 - \$2,505,298 Engineering Equipment
 - \$261,823 Parks & Recreation Equipment
 - o \$520,556 Information Technology Equipment
 - o \$302,407 Fire Service Equipment
 - \$261,412 all other departments and third party groups.
- Utility Operating Budget request of \$25,844,987
 - \$11,936,008 Waterworks Utility
 - 6% rate increase requested for 2020
 - \$100 infrastructure levy requested

- \$8,854,777 Sanitary Sewer Utility
 - 5% rate increase requested for 2020
- \$5,054,202 Solid Waste Utility
 - No rate increases requested for 2020.
- Utility Capital Budget request of \$32,524,028 for 2020
 - o \$26,645,250 Waterworks
 - \$5,761,278 Sanitary Sewer
 - \$117,500 Solid Waste.

The impact on the average homeowner:

	Cos	t per month
1.02% Municipal Tax Increase for Operating Budget	\$	1.24
1.00% Municipal Tax Increase for General Capital Budget		1.22
6.00% Waterworks Utility Rate Increase		3.64
5.00% Sanitary Sewer Utility Rate Increase		2.45
Infrastructure Levy		7.08 *
	\$	15.63

^{*} Note: additional cost from \$15 Hospital Levy

Message from the City Manager

It is my pleasure, on behalf of our staff and the Strategic Leadership Team, to present to Council and the citizens of Moose Jaw, the 2020 Budget. In 2018 there was a concerted effort to have the budget completed and to Council before Christmas as it is critical to have as much time as possible in the upcoming year to have the many planned projects completed.

That was done and while the budget was not passed until February 2019 lessons were learned and changes were made to the Budget Policy to have the budget process officially completed before the end of the year. We are pleased to have met our portion of that target and we are excited to have the opportunity with Council's guidance to "hit the ground running" in 2020.

Our efforts were guided by Council's direction and by the Strategic Plan completed in 2018 with budget recommendations aligned to the Strategic Plan to ensure that progress is made towards the established objectives which are:

OBJECTIVES & ACTION

Transportation and Infrastructure

- Ridesharing Bylaw in place.
- Transit System Review of system in process.

Regional Collaboration

- Moose Jaw/Regina Corridor.
- Meeting with RM of Moose Jaw.

People and Culture

- Wild Animal Park renamed to tatawâw park.
- Meet with Elders and First Nations in Moose Jaw.
- Calls for Action.

Entrepreneurial Civic Administration

- Core services review in process.
- Reduce red tape.
- Internal Economic Development Super Team.
- Updated Information Technology systems. PerfectMind and eSCRIBE implemented, Request for Service App – internal testing – November 2019; Payroll implemented January 1, 2020; new website.
- Communications and marketing.
- In-house Engineering.
- Institutional investing.

Agriculture, Diversification and Innovation

- Southeast Industrial Park Concept Plan created.
- SaskPower attracted.
- Carpere sale in process.

Core Amenities and Services

- Benches/Banners/Downtown cleanliness.
- Assist Downtown Business Association to organize.
- River Street Discussion initialized.

Branding - Moose Jaw Story

- Finalized "Canada's Most Notorious City" branding.
- Support community and groups to lead branding initiative and implementation.

As well the 2020 Budget followed the guidelines established in the 2019 Budget Process of:

- 1. The City should live within its means.
- 2. The City should only budget what work can reasonably be expected to be completed within each year.
- 3. The City should seek to invest in infrastructure when productivity, efficiency and effectiveness increases are possible.
- 4. The City may borrow from reserves on a short-term basis (7 to 10 years), however **must** pay back with interest at the expected rate of return that the Institutional Investing Program provides.
- 5. The City should generally focus on completing one major study at a time before starting another.
- 6. The City should ensure that the existing systems are operating as intended before completing a study to determine system enhancements drainage study.
- 7. The City should be innovative and make the most effective use of its existing funds.
- 8. The City should reduce reliance on external consultants.
- 9. The City should seek to centralize functions and refine core services.
- 10. Administration should continue to carefully scrutinize every budget item and only present to Council what is considered necessary.

2019 was a strong year for economic development and the creation of the Internal Economic Development Super Team as well as bringing Economic Development "inhouse" allowed the City to:

- Prepare a Master Plan for the South East Industrial Park
- > Take advantage of funding to service the Industrial Park
- > Attract an anchor Tenant, SaskPower.
- Attract Carpere Canada; negotiating and concluding the largest land sale in Moose Jaw's history (785 acres). Carpere plans to bring large scale food processing to Saskatchewan. While there has been an extension until February 2020, we are confident that this project will proceed.
- > Two more major projects that will create jobs and opportunity for Moose Jaw.

These major accomplishments in just over a year are truly remarkable and proves that Moose Jaw is ready and able to get internal and external projects "into the ground" and grow our own source revenues.

With all the extensive work completed we are proud to present a:

General Fund

Increase	Reason	Per Year	Per Month
1.02 %	Revenue generated from property taxation.	\$14.93	\$1.24
Proposal of 1.0 %	Revenue generated for capital contribution to Leisure Services - as most capital resources are being allocated to the Cast Iron Watermain Replacement Program leaving minimal funds to repair aging buildings creating potential issues in the future.	\$14.64	\$1.22
	A proposal to create an Infrastructure levy by increasing the current Hospital Levy of \$15 per year to \$85 per year or \$7.08 per month.	\$85.00	\$7.08
	TOTAL:	\$114.57	\$9.54

Even with these modest increases of \$114.57 per year or \$9.55 per month, the average house in Moose Jaw would pay \$1,593.30 on an annual basis, \$132.78 per month in Municipal Property Taxes, one of the lowest rates in Saskatchewan. All the services that the residents of the City expect and enjoy such as fire, police, snow removal, pools, arenas, concerts, soccer pitches, ball diamonds, pathways, parks, recreation, and economic development (the list is extensive) at less than what many people pay for cable/cell phones/internet per month. Truly the best deal in the City.

Water & Sewer Fund

The Water & Sewer Utility continues to be a challenge due to the cast iron watermains. Progress was made in 2019 under the Cast Iron Watermain Replacement Program, however there was also the highest recorded number of breaks in 2019. As major failures are replaced, it weakens the remainder of the system and the breaks are then experienced at the next weakest spot.

The City is confident that there will soon be a reduction in breaks after five years of the Cast Iron Watermain Replacement Program. When that happens, those funds currently being spent on the repairs and breaks will move to the Cast Iron Watermain Replacement Program allowing the City to make rapid progress as more resources have been allocated to the system.

That was a 2019 Budget initiative to create an in-house Engineering Design Team from existing budgeted funds; allowing those funds to be reallocated to a second in-house construction crew. This second crew will focus on a backlog of repairs to the system and then move to a replacement crew. As well, the City has allocated an additional 50% or \$3,300,000 to the Cast Iron Watermain Replacement Program in 2020 and a further \$3,300,000 in 2021 from funding provided by the Federal/Provincial Investing in Canada Infrastructure Program.

Utilities Fund

6.0 % increase in water and 5.0% increase in sewer rates.

2020 will be an exciting year as we continue to consolidate and progress the many initiatives started in the 2018 Strategic Plan and move forward with new initiatives.

I would like to thank all staff and the Strategic Leadership Team in their efforts to bring this budget to fruition. Special thanks to the Financial Services Department and all the City Directors and their staff for the extra time and energy they committed to the preparation of this very positive budget.

Sincerely,

James Puffalt City Manager

Influencing Factors

Influencing Factors

Budget Framework

The City of Moose Jaw utilizes a planning framework that encompasses Strategic Planning, Planning Session consultations and referrals or tabling of matters to budget deliberations. City Administration gathers this framework of information along with internal and external factors that influence the budget and create a call for estimates, which goes out to all City Departments.

City Departments utilize this framework to develop their business plans and budget accordingly to be able to deliver that business plan. Budget development by Administration is guided by this framework as well as thoughtful consideration of the various factors that impact the budget being developed to deliver the business plan.

City Administration does their best to balance service levels, expectations and affordability as the budget is developed. City Council has the responsibility to amend the proposed budget as they deem appropriate and ultimately approve a budget for 2020.

External Factors

The Provincial economy has a direct impact on the City of Moose Jaw and its revenues and expenditures. There are a number of measures of the economy such as GDP, Employment and Housing. The table below provides a forecast of these factors prepared by the TD Bank:

Saskatchewan I [Annual average % cha			
	2018	2019	2020
Real GDP	1.5	0.8	1.2
Nominal GDP	3.2	2.1	3.8
Employment	0.5	1.4	0.7
Unemployment Rate (%)	6.1	5.5	5.8
Housing Starts (000's)	3.6	2.3	4.1
Existing Home Prices	-2.3	-2.0	-0.2
Home Sales	-7.1	7.9	6.9

The Economic Forecast is indicating modest real domestic product growth of 1.2%, a modest increase in employment levels and some recovery in the housing market for 2020.

The overall outlook would be for modest improvement in the Provincial economy which will impact Moose Jaw in terms of new development, job creation and housing demand.

One factor not shown in the chart is the consumer price index which is expected to average 2% in 2020 and has a direct impact on salary settlements as well as the cost of sourcing goods and services.

^{*}Note: Source Provincial Economic Forecast – TD Economics – TD Bank

Local Factors -Operating Budgets

- Building Permit activity is up compared to same period in 2018.
- Major land development projects Carpere and SaskPower are moving forward.
- Job creation activities such as the pilot project for immigrant employees is commencing.

Financial Factors - Operating Budgets

The City is faced with a number of financial challenges as it develops its 2020 Budget. The biggest challenge facing the City of Moose Jaw Operating Budget is very low assessment growth (less than 1%) which in turn results in minimal municipal taxation growth each year. An early view of 2020 municipal taxation estimates are that there will be growth of less than 1%. Each 1% of municipal taxation in 2020 should generate about \$295,000. Assessment growth in the 2 to 3% range would provide a significant boost to annual revenue growth.

Most of the other revenues in the Operating Budget are expected to remain fairly stagnant with small increases as a result of inflationary factors. The Municipal Revenue Sharing Grant is now tied to 0.75 percentage point of the Provincial Sales Tax (PST) which is 6.0%. Growth in PST is expected to provide an additional \$650,000 in revenues to the City of Moose Jaw.

In terms of expenditures, the biggest pressure on the Operating Budget is Salaries and Benefits. Salaries and Benefits account for approximately 58% of Operating Budget expenditures. In 2019, this amounted to \$28,600,000. Each 1% increase amounts to \$286,000. Recent settlements in the Protective Service areas have been significant and have placed additional stresses on Operating Expenditures.

General inflation continues to be a factor and is expected to be in the 2% range for 2020. The impact of the Carbon Tax could be significant as the Carbon Tax and carbon pricing are phased in over the next few years.

The 2020 Budget will start to see the benefit from the projects discussed in the 2019 Budget; such as:

- in-house engineering
- in-house construction crew
- review of core services

Financial Factors - Capital Budgets

The City's Capital Budgets continue to face pressure from the ever increasing need to rehabilitate existing infrastructure. This ranges from streets, underground infrastructure to buildings. All this infrastructure is aging and in need of significant rehabilitation.

2020 City of Moose Jaw Budget

This has put significant pressure on the General Capital Reserve Budget and the Waterworks Capital Budget as both areas are seeing significant demands for expenditures. The effects of the 2017 Provincial Budget reductions that significantly impacted the Capital Budget's revenue sources and increased expenditures are still being felt.

There have been a number of capital funding programs announced which include a one-time increase in Gas Tax funding (additional \$2.1 million in funding for 2019) and Investing in Canada Infrastructure Program (ICIP) will provide a significant benefit to the City. The ICIP Program will provide the following funding:

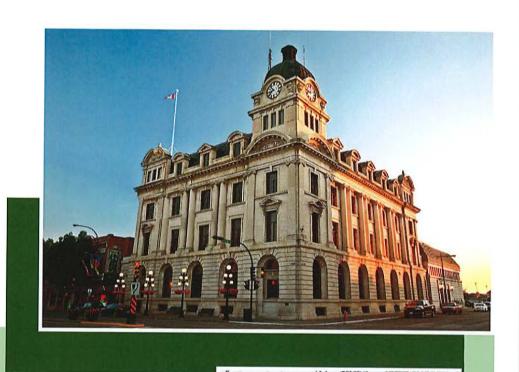

Federal – 40%	\$ 6,090,050
Provincial – 33.33%	\$ 5,074,534
Municipal – 26.67%	\$ 4,060,541
Total	\$15,225,125

The Federal Government had also requested expressions of interest for a general pool of Federal funding under the ICIP program. There is no commitment of funds to the City of Moose Jaw, but rather it is a process where projects will be reviewed and monies potentially allocated. The City of Moose Jaw has applied for the following two major Projects under the separate ICIP streams:

- Green Infrastructure Stream High Service Reservoir and Pump House \$16,000,000
- Community, Culture and Recreation Infrastructure Stream Outdoor Aquatic Facility - \$3,750,000.

The last area of potential funding is an Infrastructure Levy. City Administration was tasked with bringing a report to Council on potential options and uses of an Infrastructure Levy. That report has been referred to budget deliberations for further consideration.

The outcome for funding from these programs will have a positive impact on the various areas that the funds are ultimately used in. The areas most in need of funding are the Waterworks Utility and the General Capital Reserve portion of the Capital Budget.

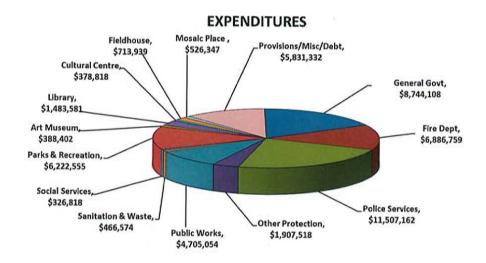

2020 GENERAL OPERATING BUDGET

Operating Budget Overview

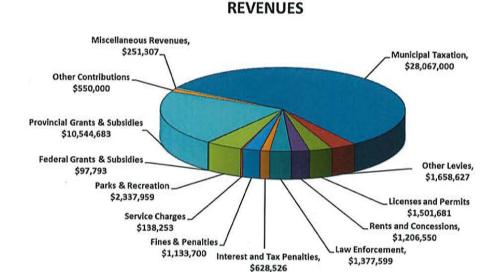

The Operating Budget provides funding for all the City's key service areas:

This budget presented does not include any new initiatives, rather those will be presented to Council as part of the budget process and if approved, will then form party of the Operating Budget.

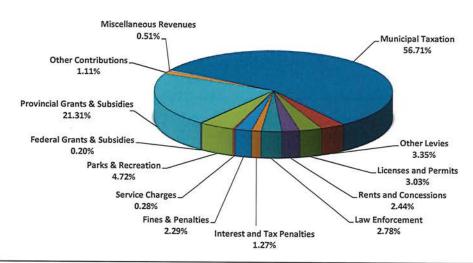

The overall increase in operating budget expenditures is 3.25%. The budget also includes an increase in tax appropriation to other funds. The increase is reflective of directing an additional 1% of municipal taxation to the Capital Budget. The overall municipal tax increase to fund general increased operating costs is 1.02%. This increase will provide funding for inflationary cost increases. The overall municipal tax increase being recommended is 2.02%.

The Operating Budget is funded from the following municipal revenue:

2020 GROSS REVENUES

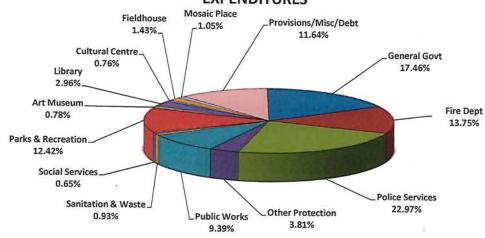

REVENUES

Gross Revenue Budget	2020-2019

Clerk/Solicitor Department

Overview

In the City of Moose Jaw the City Clerk and the City Solicitor functions are combined in one department. The City Clerk function maintains the records of the City. It coordinates the flow of decisions and agendas required by City Council, Standing Committees and most of the City's Advisory Committees. It also coordinates the flow of decision making for the Development Appeals Board, Municipal Planning Commission and Board of Revision.

The City Solicitor function involves reviewing bylaws and agreements, reviewing contracts with external parties, overall legal risk management and conduct of litigation both by and against the City.

Work Plan Highlights

The primary focus for the Clerks Department in 2020 is preparation for the Municipal Election & School Board Election to be held on November 9, 2020. The extensive work required will begin full-fledged in April including producing Candidate manuals, organizing polling stations and recruiting and training of election workers. The swearing-in of new Council will occur in November 2020. This will involve extensive training and orientation for the new Council. Further, governance processes will be reviewed to ensure meeting best practice. As well, the City of Moose Jaw will be hosting the Saskatchewan Association of City Clerks Conference to be held in April 2020.

On the Solicitor side, significant internal legal time is being devoted to large commercial transactions the City is currently involved with. Further, with the addition of a legal counsel position in the 2019 Budget, the City is taking a much more aggressive stance on bylaw enforcement matters which involve substantial documentation and court time. Further, the ongoing effort to review and revamp older bylaws will continue. The Solicitor's Office will continue undertaking a legal review of all external agreements, a practice we previously did not have the resources to undertake. Advance review is key to mitigating risk.

Financial Summary

The majority of the Clerks Department work will be carried out with existing resources. The largest financial implication will come from the request for additional funds for the 2020 Municipal Election. Financial resources had been expended for the 2018 By-Election. To balance the request for additional funding, a request in the amount of \$25,000.00 was made in 2019. An additional \$25,000.00 is being requested in 2020. Overall costs will be shared with the school boards. These costs are expected to be lower in 2021. In 2020, Clerks will assume responsibility for the annual membership fees paid to SUMA, FCM and the Chamber of Commerce previously budgeted in the Mayor's budget. This transfer amount is \$31,460. An additional amount of \$12,000.00 is budgeted for the Council orientation scheduled for November 2020. This cost, as well, would not recur in 2021.

Future Goals

In the future, the Clerks Department projects include a continuation of modernization and implementation of efficient procedures that best serve the Corporation and the citizens of Moose Jaw. The significant effort in organizing and digitizing our historic records in storage will continue ensuring that current files are properly digitized and recorded in an ongoing manner. Further, the eScribe system will be rolled out in the new year to include Advisory Boards, Committees and Commissions.

It is anticipated that the Clerk and Solicitor functions will be re-organized into distinct functional areas in 2021.

City Manager/Communications/Safety Services

City Manager

Overview

The Office of the City Manager assists City Council in the decision-making process through the preparation of reports that provide relevant background information, analysis, alternatives, financial implications and recommendations. The City Manager has the responsibility to implement all decisions of City Council, ensures the efficient and effective delivery of all programs and services, ensures that the objectives of the Strategic Plan are followed and build team and service-based culture. The City Manager acts as the Chief Strategist and Policy Advisor to City Council and is directly accountable and responsible to City Council.

Financial Summary

There are no major overall financial changes required as all goals will be implemented within existing resources and staffing.

	Occupational Health & Safety Tracking System implemented – 2020.	
	Core Financials implemented – 2021.	
	Non-Core Financials implemented – 2022.	
Economic	Work with Carpere to bring tenants to Industrial Park.	
Development Areas	Continue to support the super Economic Development Team.	
	Assist River Street Development Initiative.	
	Chief Negotiator for major projects and negotiations.	

Safety Services

Overview

Safety Services supports continuous improvement of a healthy and safe workplace by championing the promotion of an improved corporate safety culture throughout all City departments by building consensus and developing and maintaining effective partnerships with internal and external stakeholders.

Work Plan Highlights

2020 will see the continued implementation and maintenance of the Compliance Improvement Action Plans developed in response to the Ministry of Labour Relations and Workplace Safety, Occupational Health and Safety Division's March 2019 mandate of a 25 % overall reduction in injuries.

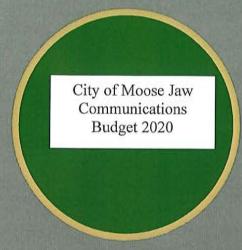

City staff will participate in the University of Regina Safety Culture Survey in the fall of 2019. This survey will provide information on employees perceived safety throughout the organization and includes a customized report on physical and psychological safety climate with additional scores on employee engagement and turnover intentions. Any additional action plans identified from the audit, will also be developed and implemented.

Financial Summary

Financial implications for 2020 workplans are included in the department's operating budget figures.

Future Goals

Included in this budget is a proposal for a safety management software system to track, cost, and manage actions driven from safety incidents and activities and to centralize information of same.

PROFILE

The communications goal in 2020 is to provide enhanced engagement with Moose Javians, while further educating taxpayers about the programs and services provided by the City of Moose Jaw.

Communications also has a responsibility to provide exceptional internal communications support to City employees, so they are aware of the multiple health, safety and career enhancement opportunities available to them.

In 2020 there will be greater communications technology at our disposal (new website and Request for Service app), and we will try to maximize their potential while still offering personal, "one on one" communication where possible.

COMMUNICATIONS BUSINESS PLAN 2020 Department Support Goals

ENGINEERING

- Education campaigns related to recycling/waste, what our road crews "actually" do and underground repairs.
- Enhanced capital construction communications practices as outlined in the adopted Communications Policy.

PARKS & RECREATION

- Marketing campaigns about recreational opportunities.
- Enhanced use of social media to promote facilities/programs.

PLANNING & DEVELOPMENT

- Continue to assist Manager of Economic Development with City marketing materials, including video.
- Work with Mgr. Economic Development to nurture community partnerships and strategies related to promoting the "Canada's Most Notorious City" brand

HUMAN RESOURCES

- Creation of Internal Customer Service Campaign Video.
- Assist in creation of Employee Satisfaction Survey.
- Continued production of quarterly Employee Newsletter.

FINANCE

Production of educational content related to City finances.

INFORMATION TECHNOLOGY

Work closely with IT on launch/updating of new website and RFS app

CITY CLERK/SOLICITOR'S OFFICE

- Continue to provide support through advertising notices, creating surveys, assistance to Advisory Committees where necessary, etc.
- Will assist in marketing content related to 2020 Municipal Election.

CITY OF MOOSE JAW STRATEGIC PLAN 2019

VISION

We are a Community Built on Values

MISSION

Share our Story

VALUES

These values guide behavior and decision making as well as an overt commitment to each other and the community we serve.

- We will walk the talk by living what you want to see in our community.
- We will have the courage to try new things, and not be afraid action could lead to failure.
- We will be customer-focused in our deliberations and actions.
 - o Responsive to citizen needs.
 - o Solution focused.
 - Start with 'YES' in serving the community.
- We will not be afraid of being challenged by the public, or to challenge the community.
- We will always start with open, honest, and frank conversations with our stakeholders.
- We will clearly define what we do and do it well. We will not do what we don't do well.
- We will be forward thinking and innovative in identifying problems and finding solutions.
- In any meetings, public or private, we will leave our negativity and our egos at the door.
- We will recognize that disagreement can be communicated without being disagreeable, angry, or disrespectful.
- We will not betray the trust that exists when we are together, or the trust instilled to us by the public we serve.
- We agree the past will remain in the past, unless it is something to be celebrated and appreciated.
- We operate as one family and one community with the goal of making the community better and preparing it for the future.

OBJECTIVES & ACTION

Transportation and Infrastructure

- Ridesharing Bylaw in place.
- Transit System Review of system in process.

Regional Collaboration

- Moose Jaw/Regina Corridor.
- Meeting with RM of Moose Jaw.

People and Culture

- Wild Animal Park renamed to tatawâw park.
- Meet with Elders and First Nations in Moose Jaw.
- Calls for Action.

Entrepreneurial Civic Administration

- Core services review in process.
- Reduce red tape.
- Internal Economic Development Super Committee.
- Updated Information Technology systems. eSCRIBE implemented, Request for Service App – internal testing – November 2019; Payroll implemented January 1, 2020; new website.
- Communications and marketing.
- In-house Engineering.

Agriculture, Diversification and Innovation

- Southeast Industrial Park Concept Plan created.
- SaskPower attracted.
- Carpere sale in process.

Core Amenities and Services

- Benches/Banners/Downtown cleanliness.
- Assist Downtown Business Association to organize.
- River Street Discussion initialized.

Branding – Moose Jaw Story

- Finalized "Canada's Most Notorious City" branding.
- Support community and groups to lead branding initiative and implementation.

Engineering Department

Overview

The Engineering Department provides the essential services that underpin and support our Community. They are the basis for our quality of life and are major contributors to public health, safety, and the wellbeing of our Citizens. They include the provision of potable water, collection of sewage and solid waste, and the transportation of people and goods.

Broadly, there are 42 general services provided, some directly public facing and other 'behind the scenes' to support the provision of services. The Department will receive an estimated 6,904 public Requests for Service in 2019 and will achieve a closure rate of 94%.

Utilities – responsible for the distribution, collection and treatment of water and wastewater, the collection of waste and recycling, and the landfill.

Ensures safe and secure water and wastewater services through maintenance and repair and maintaining regulatory compliance. From the Buffalo Pound Water Treatment Plants clear well through to the reservoirs and pump stations to the distribution mains. Then collecting the sanitary sewage through the collection mains, sewage lift stations to the wastewater treatment plant for discharge to river or farmland irrigation. Solid Waste Utility area provides waste management services for Moose Jaw and the region. This includes collection within the City and the landfill. The landfill is regulated and permitted by the Province.

Transportation - responsible for streets and roads, transit, and fleet.

Effectively maintain roads, sidewalks, alleys, and bridges to ensure a safe and reliable transportation system for the Community. This area also includes the traffic signals and storm water system. Transit provides safe and reliable public transit services to the Community through three programs: regular bus service, para-transit service, and a charter service.

Engineering – responsible for delivery of Capital, construction, development, engineering & technical support, and coordination of asset management.

Ensure that Capital is effectively and responsibly invested in infrastructure through the application of engineering expertise and practice.

Work Plan Highlights

The Theme of 2020 and of the Business Plan is a: "Proactive Approach". This is the intersection of three activities and principals: Planning, Procedures, and Product (or service). This supports continuous and systematic improvements to customer service and operational efficiency of the Department.

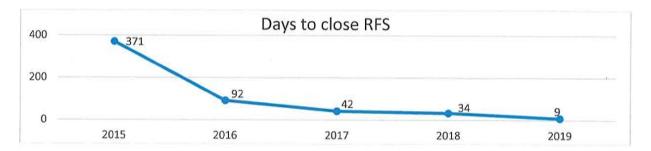

There are no major requests for the 2020 Budget Year. The Year will focus on delivery of previous approved major initiatives including:

- Delivery of the enhanced Winter Maintenance Policy;
- On boarding of the new construction crew and addressing repair backlog;
- Initiation of the Automated Meter Infrastructure project; and,
- Formulate and implement a Road Maintenance Policy as requested by City Council.

Further activities include: The implementation of changes to the Water and Sewer Connection Bylaw, addressing information and public education on lead service connections, and, reviewing and reporting on narrow streets. As well, Operations will develop level of service timelines for public services.

Water main breaks continue to be an issue and are on pace to be one of the worst years on record; it is currently estimated there will be 120 in 2019.

2019 saw a significant reduction in the closure times on public Requests for Service as a result of policy changes implemented.

2019 was another significant year for Capital construction. Planning and design of several major projects were completed this year. A projected 95% of budget has been expended, committed to contracts, or, has design completed and is ready for construction.

This will lead to the construction of several major projects in 2020 including the High Service Pumphouse Replacement and the Buffalo Pound Transmission Line Pumping and Electrical Upgrade.

Financial Summary

Utilities

Twenty-two (22) services provided Number of Public Requests for Service – 4,176 Public Request for Service closure rate of 97% Water Utility

Operating \$11,936,008

Capital \$25,053,000

Wastewater Utility

Operating \$8,854,777

Capital \$4,216,000

Solid Waste Utility

Operating \$5,054,202

Capital \$117,500

Transportation

Seventeen (17) services provided

Number of Public Requests for Service – 2,728

Public Request for Service closure rate of 86%

Transportation

Operating \$4,203,311

Capital \$6,096,400

Transit

Operating \$1,700,865

Reserve \$330,000

There are three new initiatives being requested:

Material crushina

est. \$200,000 (Has a payback.)

Slumping strategy

est. \$100,000

Fluoride renewal

est. \$1,000,000 (This is renewal of an existing system that has

failed.)

Separate reports are being submitted to Budget Committee on these initiatives for City Council's consideration.

Future Goals

The implementation of a modern Request for Service system will enhance the transparency and reporting of customer facing services. Developing typical timelines for services will also help communication with customers.

Implementing and learning a new payroll system should lead to some efficiencies and an enhanced understanding of leave, and human resource reporting.

Addressing the landfill and completing the Solid Waste Masterplan remains a priority and will be completed in 2020.

Financial Services

Overview

The Financial Services Department guides the corporation of the City of Moose Jaw in utilizing its financial resources in an effective and efficient manner. The Financial Services Department strives to provide financial leadership to City Council and all of the City's Departments.

We focus on serving our customer's needs whether that be the citizens of Moose Jaw or a City Operating Department and value innovation and improvement in our processes and continually strive to provide better services to our customers.

Work Plan Highlights

The Financial Services Department will focus in 2020 on moving forward the Core Financial portion of the ERP project in conjunction with other City Departments. An equally important project for the City will be the implementation of a new Payroll/HR/Timekeeping system which is expected to go live January 1, 2020. The Financial Services Department will continue to work with the Police Service and City Departments to work towards a service agreement which will clearly define the services to be provided to the Moose Jaw Police Service and the cost of those services.

The implementation of an institutional investing approach to the City's reserves will be monitored in 2020 and future years to ensure that it is meeting the City's needs and performance levels. The Financial Services Department will continue with a review of City financial policies with a review of the City's Reserves and Financing practices with the intent of putting these into policy format in 2020.

Financial Summary

All of the Financial Services initiatives will be carried out with existing resources with the exception of a small equipment purchase of digital cheque scanners. The Enterprise System will have separate resource requests when they come forward to Council as an overall City request.

The largest financial implication will come from the implementation of institutional investing of the City's reserves. The financial benefit to the City of this Council initiative is \$2 to \$3 million annually once fully implemented.

Future Goals

In the future, Finance will be a major part of some of the non-core financial implementation related to the new ERP system. This will include things like taxation, utility billing, cashiering and licensing. The expansion of the Key Performance Indicator project will be a focus of future years as will be the development of guiding policies for things like franchise fees, taxation and user fees.

Moose Jaw Fire Department

Overview

The Fire Department services encompass Fire Suppression, Fire Prevention, Public Fire Safety Education, and under a separate department we operate the City Emergency Measures Organization (EMO). The Fire Department delivers four programs with a total staff of 49 Full Time Employees (FTE) consisting of Chief, Deputy Chief, Administrative Assistant/Public Education Officer, Office Manager and 45 FTE in-scope staff. Fire suppression services are provided to the citizens of Moose Jaw and contractually to 15 Wing, the RM's of Moose Jaw #161, Baildon #131, Marquis #191, Villages of Tuxford, Marquis, the Resort Villages of South Lake, Sun Valley, Buffalo Pound Provincial Park, two external sites Yara and Tera Grains

Work Plan Highlights

For the citizens of Moose Jaw our objective is to provide first alarm coverage to 95% of the time within 5 minutes or to 100% of the population within 10 minutes 90% of the time. As well as dealing with fires we actively promote Fire Safety Education, community safety and risk reduction initiatives. These all form part of our services, including the legislated requirements of Fire Inspections, Code enforcement, Fire Investigations, and Emergency Management services.

Financial Summary

The total proposed Fire Department expenditure budget for 2020 is \$6,886,759.00 (based on the 2018 contract for wages and benefits). The proposed EMO Budget for 2020 is \$25,338.00 This is total increase of \$737,456.00 from the 2019 budget. The total proposed revenue budget for the Fire Department for 2020 is \$1,653,627.00 and increase from 2019 of \$1,984.00.

Future Goals

Fire Administration believes that the fire and rescue services have an important role to play in improving the quality of life for the residents of Moose Jaw and our visitors. Our vision is to be a world class fire and rescue service. In order to achieve this, our strategic aim would be in Prevention/Education engaging with residents to inform and educate the people in how to reduce the risk of fires and other emergencies. Having the appropriate response to incident's through proper planning, preparing for emergencies that may happen, and making a high quality and resilient response to them. Managing risk by using our resources flexibly, efficiently and effectively, continuously improving the way we use public money and to not become a burden on the taxpayers of Moose Jaw. Working together with all our stakeholders to deliver high quality services and to create a safe positive environment for everyone in the organization. Because of the reorganization of the Fire Department, significant efficiencies have been found in the past which has helped to sustain a service level acceptable to the citizens of Moose Jaw.

Human Resource Services

Overview

The Human Resource Services Department strives to be part of an Entrepreneurial Civic Administration. HR is comprised of three permanent staff who engage in facilitating service delivery in the primary human resource areas of job evaluation, labour relations, organizational development, and staffing and recruitment initiatives.

Organizational Structure:

Work Plan Highlights

- Ceridian Dayforce full report utilization including sick and vacation, seniority, hours
 accumulation, employee numbers, benefit enrolment and enrolment alerts and employee
 engagement, confidence, comfort and trust. Exploit automated processes such as leave
 requests, scheduling, shift trading, sick and banked time balance access. HR will be at the
 front-line providing training and troubleshooting the HRIS component of the system.
- Job Evaluation will coincide with collective bargaining. We will explore options with CUPE Local 9 to replace the 1954 Kellogg Stevenson with a joint job evaluation system. A consultant is in place working on the out of scope evaluation plan. HR will be at the centre in coordinating the work involved with both plans.
- Succession planning continues with delivery of a leadership development program for senior staff and for Critical Position and select succession planning individuals. Further this will provide advancement opportunities especially for younger City employees.
- Collective bargaining may carry into 2020 for CUPE Local 9, Fire Association and UNIFOR.
- Organizational Development will continue with the possibility of workshops on internal de-escalation, emotional intelligence and training for supervisors and managers in support of our drug and alcohol policy.
- Collaborate with Communications on an employee engagement survey in 2020.

Financial Summary

Human Resource Services initiatives will be carried out with existing resources. The largest future financial implications will result from the potential outcomes of a new job evaluation framework.

Future Goals

In the future, Human Resource Services would like to see a paradigm shift from being a transactional bound department to that of a transformational force for positive change. We see the Ceridian Dayforce system as a catalyst in the attainment of this vision.

Information Technology Department

Overview

Information Technology Service Statement:

The Information Technology (IT) Department supports all City departments including the Fire Department and has contracts to support two 3rd parties, the Moose Jaw Police Service and Mosaic Place.

The GIS Supervisor oversees the development and maintenance of the City's GIS system. This includes inventory of the infrastructure owned by the City, producing maps for internal and public use and provide data for decision making.

Work Plan Highlights

Enterprise Resource Planning (ERP) system – The IT Department along with all City departments will evaluate ERP systems and select the system that is deemed the best fit for the City. A specific report on a new ERP system will come forward to Executive Committee outside of the budget process.

VoIP – A modern, internet-based phone system will streamline communications for residents and City staff.

Mosaic Network Upgrade – The Mosaic computer network is end of life and no longer meets the needs of the facility. The speed of the network is an order of magnitude slower than the current industry standard and needs to be replaced to continue to provide IT services to the tenants in the building.

City Data Centre Upgrade – Current Data Center is end of life and end of warranty. A modern server environment will increase network speed for users as well as increase visibility and

reliability for City staff responsible for maintaining it. We will also take a comprehensive look at data storage and disaster recovery at this time.

Police Network Changes – Police have expressed an interest in changing their current network configuration. This will include installing a new firewall and changing how several things are done including backups, file storage, network routing and potentially more. This will be a significant amount of work.

GIS – Continued integration into Engineering and other departments business processes to increase electronic data collection at the source to improve accuracy of the data collected which allows for more informed decision making.

Financial Summary

Existing Funding

Enterprise Resource Planning (ERP) system - A new ERP system will be partially funded out of several Equipment Reserve accounts. The software and implementation costs have not been determined at this time. An RFP was released for a new ERP system. A specific report on an ERP system will be brought forward when the responses are evaluated, and actual costs are known.

VoIP - The VoIP project is fully funded through a \$140,000 capital project. Reduction in operating costs over the current system should produce an annual savings of 10% or more on a new phone system. Once a VoIP provider is selected, actual savings will be calculated.

Mosaic Network Upgrade - Mosaic Network upgrade will be paid out of Mosaic's ER budget. The current network equipment is fully depreciated.

City Data Centre Upgrade - City Data Centre upgrade will be paid out of three of the IT's ER budgets totalling \$354,000.

Police Network Changes – Additional costs for work on the Police network will be funded by Police. The scope of this project is still yet to be determined.

GIS – The GIS department will continue to use the tools available to do the work required with the individual departments. No additional funding is requested at this time.

Future Goals

The IT Department is looking to continue expanding the use of technology for all operational crews. Instant access to data in the field will streamline processes as well as enable real time information gathering and verification for decision makers.

The implementation of the new HR/Payroll system and electronic based RFS system will see more smart devices in the field for real time collection of time/cost data as well as provide instant access to problems being reported in the City for action to be taken.

Parks & Recreation Services

Overview

The Parks and Recreation Department is responsible for a variety of services which improve the quality of life for the citizens of Moose Jaw. The Parks and Recreation Department's programs and services are delivered through the Recreation Division and the Operations Division.

Work Plan Highlights

The Operations Division will have a strong focus on Community Pride through projects that enhance beautification in parks, and public spaces while continuing to maintain civic facilities to a level that citizens can be proud of. A review of the Parks Operation is currently underway and will focus on some possible operational changes and re-structuring to better address some of the current gaps in service delivery. The review includes looking at opportunities where the Engineering and Parks and Recreation Departments can work together staff allocations during the winter months. Another major focus will be completing an inventory of assets and establishing sustainable preventative maintenance and replacement schedules to meet the needs of the community. An important piece of the inventory project will be the completion of a playground audit to determine the current state of the City's playgrounds and establish a priority replacement plan to ensure all neighborhoods within the City have access to safe and accessible play structures. The Department also began work on a Trails Master plan which will be completed in 2020.

The Recreation Division strives to provide opportunities that are responsive to community needs and sustained with a focus on partnerships, innovation and customer service. The Division will be entering its second year operating and programming the Yara Centre and will be looking to keep the positive momentum going. A review of the Community Association structure is also underway with the goal of implementing changes in early 2020. Accessibility and affordability for vulnerable populations such as our youth and seniors will continue to be a priority through the restructuring of rates and fees and community programming. There will also be a focus on ensuring all agreements with external parties are reviewed and updated to ensure the current arrangements are sustainable and meet the priorities of the City moving forward.

Improved customer service through innovation is another important component of the 2020 Work Plan. The Department will continue to enhance the capabilities of the new PerfectMind Recreation software to improve access and communication to our citizens. The marketing and promotion of our services will be expanded in partnership with the Communications Department to include an updated City website and social media strategy as well as the transition to digital advertising in our facilities.

Financial Summary

The Parks and Recreation initiatives identified in the work plan will be carried out with existing resources. There will also be a separate resource request come forward to City Council within the overall City request that will address gaps in service relating to Urban Forestry.

Some of the largest financial implications in 2020 will come from updates made to water, power and natural gas budgets to reflect recent actual costs and so that proper cost recovery levels can be achieved.

The Arenas are also seeing a decline in revenues due to less hours being booked by Minor Sport Organizations and the dissolvement of the Prairie Edge School of Skating which was a major user. The total annual revenue impact of the skating club dissolvement is approximately \$30,000 per year. The Department will need to closely monitor ice rates moving forward to ensure that the cost of ice isn't affecting usage.

The Department also lost a guaranteed revenue source from the YMCA Pool Access Agreement when they ceased operations in June of 2019 which equates to approximately \$21,000 per year. The Department is projecting that this revenue can be replaced with the recent increase in memberships and program attendance in the Recreation Division.

Future Goals

The Parks and Recreation Department would like to put a greater emphasis on proper planning through the adoption of a Parks and Recreation Master Plan. The last master plan adopted was in 1976 and an updated plan will be an opportunity for the Department to engage the community to determine priorities based on current resource levels while planning for the future.

The Department would also like to focus on enhancing community partnerships, event attraction to enhance the local economic impact, amenities that attract young families and events and programs that enhance community pride.

One of the challenges currently faced is our aging infrastructure and the increasing costs to maintain our older facilities. The Department will continue to explore energy efficient facility investments that will reduce greenhouse gas emissions and demand for energy while ultimately lowering our annual operating costs and improving our environmental footprint.

Planning & Development Services

Overview

The Planning and Development Services Department works closely with each City Department, developers, businesses, residents and the Economic Development Manager to support growth and development and enforce minimum standards for property and buildings. The department's responsibility is to manage and promote both growth and development through the administration of applicable policies and bylaws adopted by City Council. This Department is very diverse with seven different divisions that play a significant role in providing Council with professional and technical advice on a wide range of issues including housing, current and future land use, heritage, building and property standards, parking enforcement, and animal control.

Work Plan Highlights

Customer Service and Excellence continues to be the highest priority for this Department. The new Planner 1 Position has freed up staff time to work on initiatives, encourage sustainable growth of the tax base in the City of Moose Jaw and increase customer service to citizens and businesses. Some highlights from each division are as follows:

Planning

- Evaluate city-owned land for development potential, develop capital plan for growth infrastructure and downtown improvements

Land Administration

- Advertising and promotion of City-owned land for sale

Building

- Improve quality of public information for permit process and requirements for increased customer service, continuing education on latest building regulations

Bylaw Enforcement

 Increased proactive and face-to-face interactions as well as educational campaigns for property maintenance

Business Licensing

 Work with IT and Finance toward developing a new Business License System within the ERP Project. The existing system is using an Access 97 database.

Economic Development

The Economic Development Services Division updated strategic review and priority setting, and includes actions identified in the 13 Ways Planning Sessions. The tactical strategy focuses on actions, creating targets, and measuring performance in order to help our community discover its pathway to success. Our vision is a positive business investment environment that is achieving

sustainable economic growth that is contributing to our vibrant and healthy community. This will be accomplished through;

- A diversified and prosperous economy.
- A regional hub of ag value-add, tourism, alternate energy, and transportation, warehousing & distribution all supporting activities accessing global markets.
- An engaged business community marketing a diversity of products, services and experiences.
- Business, industry and local government working together to create jobs and foster an entrepreneurial spirit.
- Building a strong and growing workforce.
- Enhanced tourism and downtown development

Financial Summary

All of the Planning and Development Services initiatives will be carried out with existing resources.

The further use and increased funding of the Heritage Reserve account to fund related programs and capital investment is a new request. Increased use of interest from capital reserves is proposed to fund programs such as the proposed Housing Incentive Policy.

Future Goals

Continue to improve policy and procedures, integrating and standardizing processes with new computer software, GIS, and formal Council-approved policies.

Regional Planning and development coordination with the R.M. of Moose Jaw 161 continues to be a long-term goal.

An update to the City's Official Community Plan is also a future goal.

The Moose Jaw Public Library

Overview

The Moose Jaw Public Library serves the citizens of Moose Jaw and surrounding area. With service guided by the Saskatchewan Library's Act, the Moose Jaw Public Library's mandate is to provide Moose Jaw and area residents of all ages equitable access to informational, cultural, recreational and educational materials and programs. In so doing, the library serves as an addition to and extension of other educational systems to ensure opportunities for individual lifelong learning. The Library strives to partner with community organizations, groups and schools to offer community outreach programs and services.

Organizational Structure:

Work Plan Highlights

In 2020 the Library will focus on 3 priority areas:

The Library as a Space: In 2019 work was complete on ensuring the safety of the space by creating an Emergency Response Plan, Reviewing Emergency Procedures and creating Rules of Conduct. In 2020 the focus will be on making the space more welcoming by reviewing and planning budgeted and cost effective improvements to the Children's Library. The Library will also begin assessment of the rental spaces in the Library and investigate improvements that will enhance the experience of the space.

<u>Lifelong Learning</u>: The Library will prioritize the development of technology related learning opportunities, including greater access to Maker equipment. Opportunities for digital acquisitions to be added to the Collection will also be explored.

Organizational Effectiveness: The Library Board will complete a strategic planning cycle begun in 2019 taking into consideration the results from the Library's Community Needs Assessment and the City's Strategic Plan. Actions to improve organizational effectiveness will be implemented under the direction of the Library Board

Financial Summary:

The majority of the Library's initiatives will be carried out with existing resources. In order to achieve a Status Quo budget with no changes in programming an increase would be required in the following areas.

- 1. An increase to the levy is requested to accommodate staffing costs related to a projected Wage increase.
- 2. The Final area will be an increase of 2% to the Equipment Reserve Budget as requested by the City's Financial Services Department.

The Operating Estimates would require a 1.4% over 2019 funding levels.

Future Goals:

Under the guidance of the Moose Jaw Public Library Board and with the results from the 2019-2020 strategic plan the Library will find new ways to contribute to the education and wellbeing of this community.

GENERAL
CAPITAL BUDGET

General Capital Budget Overview

The General Capital Reserve portion of the Capital Budget provides funding for Transportation, Parks and Recreation, Other Services and Storm Sewers.

The Transportation area includes funding for roadways, traffic infrastructure and bridges and structures. The estimated budget over the next five years is \$40,675,830.

The Parks and Recreation area includes funding for facility rehabilitation, parks upgrades, pathways and reforestation. The estimated budget over the next five years is \$5,516,043.

The Other Services area includes funding for solar initiatives, innovative housing and debt repayments. The estimated budget over the next five years is \$8,851,062.

The Storm Sewer area includes repair and rehabilitation of the City's storm sewer system. The estimated budget over five years is \$3,690,000.

Total estimated Capital expenditures over the five years is \$59,095,435.

Funding for the General Capital Reserve consists of funding from:

Sask Power Municipal Surcharge	\$15,527,665
Taxation Revenue	\$ 5,585,133
Investment Income	\$12,560,000
Land Sale Proceeds	\$ 5,975,000
Parks Dedication Reserve	\$ 119,000
Federal/Provincial Funding	\$ 898,385
Sask Energy Municipal Surcharge	\$ 4,883,992

Total estimated capital revenues over the five years is \$45,549,175.

The General Capital Reserve has funding challenges where over the five-year period, there is insufficient funding to service all of the spending demands. The current budgeted shortfall is \$12,887,900.

In 2020, City Administration is proposing a 1% municipal increase be levied and dedicated to providing funding to the General Capital Reserve Budget for Leisure Services. This will generate an additional \$295,000 to fund the capital works in this budget. The 1% has been incorporated into the overall proposed mill rate increase of 2.02%.

Also in 2020, City Administration is proposing that an additional \$1,300,000 of Land Sale proceeds be directed to the General Capital Reserve. These additional proceeds would come from sale proceeds from development of the Southeast Industrial Subdivision. This contribution has been factored into the preliminary budget.

Title: TR-1 Paved Roadways Proj	oject #:	TR-1
---------------------------------	----------	------

Project Description

The City of Moose Jaw maintains 227 km of paved roadway infrastructure of varying ages and classes (Arterial, Collector and Locals) of which 83 km are designated Arterial/Collector. Restoration treatments are targeted at repairing streets in fair condition and restoring them to good condition. There are several different treatment options that may be used in 2020 including, Mill and Pave, Mill and Pave with an Overlay, Thin Overlay, Leveling, Crack Sealing and Micro Surfacing. Roads will be recommended from Associated Engineering's Road Condition Assessment.

Title: TR-2 Sidewalks, Curbs & Gutter Project #: TR-2

Project Description

The City maintains approximately 219 km (or 146,000 slabs) of concrete sidewalks, 102 km curb & gutter, and 16,000 m2 of medians. These vary in age from new to over 100 years old. When the defects are significant enough or begin to become a safety concern, then replacement is considered. Separate and combined sidewalk, curb & gutter and median are considered under this remove and replacement. Paraplegic ramps are incorporated into all new sidewalk development/replacement at corners of sidewalks. The Engineering Dept is giving priority to the Special Needs Advisory Committee for requested locations. The replacement program is being complemented with a slab slicing program to address deflections, and a pilot slab jacking program to address depressions in walks and gutters.

Title:	TR-3 Traffic Control	Project #:	TR-3

Project Description

The City of Moose Jaw has 25 intersections having traffic signals as well as many Signaled Pedestrian Crossings. This Capital Project involves improvements to traffic control, operation, vehicular and pedestrian safety. This includes replacing aged infrastructure, as well as a physical intersection redesign to allow for more efficient vehicular and pedestrian movement.

Title: TR-6 Structure Upgrades	Project #: TR-6
--------------------------------	-----------------

Project Description

The City owns and maintains bridge and structure assets which are divided into three categories; 1) Bridges, 2) Subways and 3) Dams. The City has fifteen (15) bridges, six (6) subways and three (3) dams. The average age of the bridges is 56 years; this is much older than other jurisdictions throughout Canada. Based on an evaluation performed by Stantec Consulting Ltd., Engineering Services is recommending to repurpose Coteau St E Bridge into a pedestrian bridge, and to engage an engineering consultant to design for rehabilitation of 4th Ave Bridge.

Title: PR-3 Wakamow Valley Authority	Project #:	PR-3
--------------------------------------	------------	------

Project Description

The City of Moose Jaw provides a set amount of matching funding to the Wakamow Valley Authority for designated capital construction projects to enhance the River Valley. The funding is provided based on the condition that the Authority matches the amount provided by the City each year. A 2% annual increase is also applied. Past projects include: Kiwanis River Park Multi-Purpose Facility (2004), a pedestrian walkway linking Churchill Park to Wakamow Valley (2011), the Suspension Bridge (2016) and the Connors Park Challenge Course (2018). The Lower-Level Crossing is the project currently funded under the program and it is anticipated that this will be substantially completed in 2020.

itle:	City Complex Upgrade	Project #:	PR-4
	D. 100 MGG	W	

Project Description

The City Complex was constructed in 1967 with two additions being added at later dates. It includes office space, a workshop for servicing the equipment fleet and workspace for many different departments. The facility also provides indoor and outdoor storage space for equipment, materials and supplies. In 2011, the facility received a \$1.7 million upgrade which included significant changes to the building layout, new electrical and mechanical equipment and cosmetic upgrades. In 2018, the transformers, emergency power supply and fire alarm system were upgraded. Modernization of the heating and A/C units, ventilation and other mechanical components is also underway and will be completed in 2020. The next area for prioritized upgrades at the City Complex will be the shop area of the facility which will have to be addressed with additional funding in future years.

Title: PR-11 Library/Art Museum	Project #:	PR-11
---------------------------------	------------	-------

Project Description

The Moose Jaw Public Library was officially opened in 1913 and was designated a municipal heritage property in 1982. In 1993, the original library was fully restored with a 44,000 square foot expansion which includes the Library and Art Museum you see today. The Parks and Recreation Department is responsible for the day to day maintenance of the facility as well as all capital upgrades. The Library is programmed and operated by the Moose Jaw Public Library Board and the Arts Museum is programmed and operated by the Moose Jaw Museum and Art Gallery Board. The last major renovation was over 25 years ago and significant investments will be required over the next 5-10 years to repair and restore many different areas to ensure that the facility will remain functional for years to come. These areas include roof, floor and window repairs and replacement as well as cross connection protection.

Title:	PR-14 Crescent Park Upgrades	Project #:	PR-14

Project Description

Crescent Park is located in the heart of the City and is a premier attraction for both tourists and local area residents. It encompasses approximately 28 acres and has a rich history in our community dating back to the early 1900's. There are many recreational and cultural facilities within the park such as the Phyllis Dewar Outdoor Pool, Tennis Club, Lawn Bowling Club, Amphitheatre, Library and Arts Museum which add to its attraction. In 2019, the Parks and Recreation Department was able to dredge a substantial portion of the serpentine and would like to continue to make progress in this area over the next 2 years. The proposed Crescent Park upgrades include replacing plastic garbage bins with decorative animal proof bins, stone wall, fence repairs and replacement, signage updates and equipment storage building upgrades.

Title:	PR-23 General Upgrades - Parks	Project #:	PR-23

Project Description

Capital funding in PR23 provides for the long-term development and upgrading of the City's green spaces, parks, and athletic areas. There are many priority projects identified over the next 5 years that involve repairing our existing infrastructure therefore no new facilities have been recommended until the existing amenities can be addressed. Projects include: Installing back flow valves to all water connections, replacing hundreds of sprinkler heads to improve efficiencies, replacing and repairing park signage, completing the grandstand repairs at Ross Wells Park, replacing 2 of our aging playgrounds, restoring the exterior of the outdoor rink building in Sunningdale, replacing the utility building in Admiral park and consultation regarding our city-wide irrigation systems to improve overall efficiencies.

Project Description

Capital funding in PR47 provides for upgrades to City Facilities that are currently not identified with the existing PR accounts or projects that benefit multiple facilities. The largest priority in this area is restoring the annual capital funding to the Facilities Reserve which funds emergency repairs to City facilities. With many aging facilities and an increase in emergency expenditures, it is suggested that the annual contribution begin at \$20,000 in 2020 and be increased by \$10,000 every year with a maximum annual contribution of \$50,000 beginning in 2023.

Title: PR-49 Cemetery Improvements	Project #:	PR-49
------------------------------------	------------	-------

Project Description

The Parks and Recreation Department operates and maintains the Moose Jaw Cemetery located at 1005 Caribou Street East and the Rosedale Cemetery located at 1804 Caribou Street West. Capital funding in PR49 helps with the upgrades required to effectively provide these services and maintain our assets. Automation to the irrigation system at the Moose Jaw Cemetery has been identified in 2021. An automated system would improve efficiencies and reduce the about of manual labour and supervision required with the existing system.

Title:	PR-52 Pathway Upgrade	Project #:	PR-52
--------	-----------------------	------------	-------

Project Description

In 1988, a commitment was made to ensure that capital funding is allocated annually to upgrade various portions of the Rotary Trail. The Rotary Trail system has since been expanded therefore the Parks and Recreation Department has initiated a Trails Master Plan which will help prioritize the upgrades required to the over 40km of pathways within the City. It is estimated that the Master Plan will be completed in 2020 and the Parks and Recreation Department is recommending that annual funding allocations be re-implemented in 2021 so work can begin on repairing damaged pathways and extending new areas of pathways to provide better connections within the trail system as per the new Master Plan.

Project #:	PR-55	
	Project #:	Project #: PR-55

Project Description

The annual allocation to the Reforestation Program has been in place since 1999. The program includes planting of new trees in advance of older trees dying, planting of trees in new areas, removal and replacement of dead and dying trees, enhanced care of the new plantings for the first three years. Over the years, the Parks and Recreation Department has planted in excess of 5000 new or replacement trees throughout the city. Also included over these years has been the maintenance of these new plantings including watering, fertilizing and pruning to ensure that these trees get a good start. This enhanced care not only provides the new trees with a healthy start, but also provides the City with insurance on the investment in reforestation. Work slated for the next 5 years will include planting of trees on city boulevards, new plantings in various locations throughout the City and the maintenance of trees planted in previous years.

Title:	PR-56 Energy Management Program	Project #:	PR-56

Project Description

The City of Moose Jaw maintains several buildings that range in age from 9 to over 100 years. Due the age and current condition of these buildings and their components, there are significant opportunities to realize energy, operating and maintenance cost savings through the modernization and replacement of aging equipment. In 2018, funding in the amount of \$160,000 was used for Phase 1 of LED lighting upgrades which included Kinsmen Pool, Kinsmen Arena, Equipment Stores, Complex storage, and the Pla-mor Palace ice rinks. Phase 2 of the LED lighting upgrade is City Hall which began in 2019 and will be fully completed in 2020. The final phase of the LED lighting project identified in 2021 includes the Library, Art Museum and Cultural Centre.

Title:	PR-59 Accessibility Upgrades	Project #:	PR-59

Project Description

The Accessibility Upgrades program was initiated in 2002 and has allowed for accessibility upgrades to be completed at 14 different City facilities. In 2013 at updated priority list which included 11 additional facilities was completed by the Special Needs Advisory Committee and approved by City Council. 3 of these facilities have since been addressed with the following remaining to be completed: Arts Museum, West End Park, Kinfield Park, Ross Wells Park, Bell Park, Smith Park, Sunningdale Park, and Moose Square Park. The capital funding over the next 5 years will go towards completing many of these projects.

Title:	PR-63 Kinsmen Sportsplex Arena	Project #:	PR-63

Project Description

The Kinsmen Sportsplex Arena was constructed in 1975 and continues to be a popular facility within the community. Ice is available from September 15 to March 31 on an annual basis and then converted to a sports floor from early April to mid August. In 2019, the Parks and Recreation Department encountered significant issues with maintaining the ice early in the season as the existing dehumidifier went out of service and could not be repaired. It is extremely important that the unit be replaced prior to the 2020 ice making season therefore the Parks and Recreation Department has added it to the 2020 capital project list. Other projects in the 5-year plan include cross connection protection, cooling system upgrades to discontinue the use of R-22 refrigerant and the implementation of a "Real Ice" system which will provide efficiencies as is it allows ice surfaces to be resurfaced using cold water which reduces consumption of natural gas and the electrical demand of ice plants and dehumidifiers.

Title: PR-64 City Hall Project #: PR-64	
---	--

Project Description

City Hall was built in 1912 with the last significant renovation occurring in 1986. The proposed 5-year capital plan includes converting the cooling system from R-22 refrigerant to C02, continuing with the brick repointing and sandstone restoration, completing building automation system upgrades to move from pneumatic to digital and installing cross connection protection. Funding in future years will also be required to replace windows as well as flooring, paint and doors.

Title:	PR-65 Community Projects	Project #:	PR-65
I.S. CHIMMIN.		1 Tojece III	111 03

Project Description

In 2004, the Parks and Recreation Department established a separate grant fund to be allocated on an annual basis known as PR65 Community Projects Capital Grant with specific criteria for funding community projects at City owned facilities or on City owned land. The program contributes up to 50 percent of the total cost of a project to a maximum of 50% of the available funding. The purpose of the program is to enable community groups to undertake capital development or renovation projects that will result in short- and long-term benefits to the community. The focus of the project must be related to improvement of parks or facilities providing recreation, sport, arts, or cultural opportunities to the community. All developments must have a minimum life span of five years.

Project #:	PR-68
	Project #:

Project Description

The Parks Dedication Reserve was established during the 1980's with funding generated from the sale of city lots in new developments. These funds are reserved for the future development or enhancement of green spaces and recreational amenities as a result of growth. The balance of the Parks Dedication Reserve as of the end of 2018 was \$1,457,585 and divided as follows: Grayson Industrial - \$180,958, New Rock - \$154,700, VLA - \$14,452, West Heath - \$467,251, West Park - \$192,118, General Account- \$448,106. There are 2 projects/programs currently identified from the Parks Dedication Reserve in the 5-year plan. The 1st is the Boulevard Tree Program which provides a boulevard tree to all residents in new sub-divisions. The 2nd project is the return of the seasonal Landscape Development Staff which was removed in the 2019 and 2020 capital budgets. This position is a long-standing partnership with Sask Polytechnic in which an Architectural Technologies Student assists the Department with designs, specifications, community input and with the tendering and process for the annual capital construction program.

Title:	PR-71 Pla-Mor Palace	Project #:	PR-71

Project Description

The Pla-Mor Palace consists of two indoor arenas and is used on a seasonal basis. The Wally Boschuck Arena was constructed in 1967 and the Bert Hunt Arena was added in 1989. Ice is available at the Wally Boschuck from October 15 to March 15 and the Bert Hunt from October 1 to March 15 on an annual basis. The arenas are not used during the non-ice season. There are \$526,200 in projects identified in the 5-year plan which includes cross connection protection, heat exchanger replacement, roof repairs and the implementation of a "Real Ice" system which will provide efficiencies as is it allows ice surfaces to be resurfaced using cold water which reduces consumption of natural gas and the electrical demand of ice plants and dehumidifiers. It is also important to note that the current five-year plan does not include the expansion of the female dressing room space which was identified in previous capital plans. The Department still deems this expansion a priority and would like to explore funding opportunities and partnerships to get the expansion back in the plans.

Title: PR-72 Kinsmen Pool Project #: PR-72
--

Project Description

The indoor pool at the Kinsmen Sportsplex was constructed in 1996 and is an extremely well attended facility in the community. In 2019, City Council approved the allocation of \$425,000 in additional gas tax funding to be re-directed to Kinsmen Sportsplex facility upgrades. These upgrades will be completed in 2020 and include the restoration of the upper-built roof, a new fire suppression on the arena side and a full renovation of the pool changerooms, facility washrooms and reception area. The gas tax allocation has allowed the Department to focus on other important projects in the 5-year plan that will help extend the useful life of this important facility. The projects that have been identified include the replacement of the pool grates in 2022 and consulting for pool mechanical upgrades in 2024.

Title:	PR-73 Cultural Centre	Project #:	PR-73
		Company of the Compan	

Project Description

The Moose Jaw Cultural Centre opened in April 2004. The facility is owned by the City of Moose Jaw and operated by Moose Jaw Cultural Centre Inc. who is responsible for the operation, management and programming of the facility while the Parks and Recreation Department is responsible for the day to day maintenance of the facility as well as all capital upgrades. The facility includes: The Conexus Arts Centre, the Mae Wilson Theatre, meeting rooms, studios, artist in residence area, pottery room, dressing rooms and support facilities to host a variety of performers and artistic workshops. The Mae Wilson Theatre is a 420-seat performing arts theatre which hosts a variety of performances on an annual basis. The building was originally built in 1916 and was renovated during construction with some of the original plaster and features of the original theatre being restored. There are 2 major projects identified in the 5-year capital plan. It is proposed that the cooling system be upgraded in 2021 to discontinue the use of R-22 refrigerant as per new government regulations that are coming into effect in January 2020. The 2nd project is the installation of cross connection protection which is identified in 2022.

ritle:	PR-74 Yara Centre	Project #:	PR-74

Project Description

The Yara Centre is a multi-use facility which opened in 2011 and offers the community the opportunity to experience sport, culture, and recreation in both competitive and non-competitive environments. The facility promotes active and healthy lifestyles in a positive atmosphere where all are welcome to participate in an activity that best suits the individual. The Parks and Recreation Department assumed the operation of the facility in 2019 and will be including future capital projects at the Yara Centre within the Department's overall capital plan. Current projects identified in the 5-year plan include a piping retrofit in 2022 and indoor turf replacement in 2024. The \$500,000 identified for the turf replacement does not cover the entire projected cost of \$800,000 and an additional \$300,000 will be requested from the Multi-Plex Reserve Account.

Project Description

Council previously approved a \$1,225,125 Solar Power Initiative Program funded from the Transit Funds allocated to the City of Moose Jaw. The cost of a 100 Kilowatt System is estimated at \$260,000 or the ability to complete 5 locations with payback of 3.5 years on the capital investment. It is proposed that a ground based solar array be installed at two City locations in 2020 and 3 locations in 2021, still to be determined.

Equipment Reserve
Budget

Equipment Reserve Budget Overview

The City of Moose Jaw has had an Equipment Reserve for more than 60 years. The purpose of the reserve is to provide a system to ensure that funding is in place to replace equipment. Equipment needs are driven by the requirements to deliver the various approved programs in the City's Capital, Operating and Utility Budgets. The basic philosophy of paying as you go rather than borrowing for equipment purchases has not changed and remains intact today.

The value of the Equipment Reserve to the City of Moose Jaw is threefold. First, the ability to save funds for future purchases allows the fund to generate investment earnings which go toward the purchase of the equipment. This benefit is in the neighbourhood of \$740,000 even in this period of low interest rates.

City Council's initiative of establishing an Investment Committee and directing the City's reserve funds to professional portfolio managers is expected to generate benefits to the Equipment Reserve in terms of the investment income. Based upon the Investment targets established for the City's invested funds, the annual investment income would be expected to grow nearly double to an estimated \$1,400,000 annually. This additional investment earnings will allow for annual equipment reserve contribution to decrease by a similar amount which will result in a reduction of required funds from the municipal tax levy.

Secondly, if funds were not set aside for future purchases, there would be a need to borrow and the associated cost of borrowing would add significantly to the overall purchase price and additional taxation funded contributions would be required.

Thirdly, the Equipment Reserve, by reserving, provides for the necessary funding of replacement equipment and in doing so, takes away the need for equipment purchases to compete with other capital projects for funding. Many cities do not have an equipment reserving system and as such, must allocate a portion of their Capital monies each year for equipment purchases. For the City to deliver its programs and services as well as rehabilitate its aging infrastructure, it must have the necessary equipment to perform those tasks.

The Equipment Reserve Budget as presented will result in increased contribution costs which have been accounted for in the various budgets. In future years as investment income increases, these contributions will be able to be decreased.

The ability to earn interest on monies set aside, coupled with not having to borrow funds to buy equipment, continues to provide the City and its citizens a significant benefit each year.

2020 - 2024 Equipment Reserve Budget SUMMARY

2020 UTILITY
OPERATING
BUDGET

Utility Operating Overview

The City operates three utilities, they are the Waterworks, Sanitary Sewer and Solid Waste Utilities.

The Waterworks Utility provides potable drinking water to the community from the Buffalo Pound Water Treatment Plant that the City owns in partnership with the City of Regina.

The challenges facing the utility are operational issues in respect to maintaining and repairing distribution mains, hydrants, valves and house connections. infrastructure has greatly increased the maintenance demands on the utility. These demands continue to require additional resources in order to maintain the system, most recently the creation of an additional work crew to help alleviate work backlogs.

The continued investment in infrastructure rehabilitation is expected to result in a decrease in operational costs over time. This will allow the utility to direct additional resources to infrastructure renewal in the future as a result of operational savings. In order for the utility to be able to fund its financial commitments, City Administration is recommending a utility rate increase of 6% in 2020.

The Sanitary Sewer Utility provides wastewater services to the City of Moose Jaw. The utility is facing infrastructure challenges but at a more moderate rate than the Waterworks Utility. The long-term debt of the utility will be retired in 2023 which will place the utility on a sound financial footing. City Administration will be recommending a 5% utility rate increase for 2020.

The Solid Waste Utility provides waste disposal and recycling services to the City of Moose Jaw. The utility generates revenues from charges for garbage collection and disposal, recycling services and landfill services.

Overall, the utility is generating a sustainable surplus which will be put towards the planned landfill replacement project. The utility will be able to fund this project and its operations from City revenues. As such, City Administration is not proposing any increase in Solid Waste fees in 2020.

Utility Capital

Utility Capital Overview

The City's three utilities all have major infrastructure projects planned over the next five years.

Waterworks:

The Waterworks Utility has \$100,281,197 of planned spending over the next five years. In addition, the Buffalo Pound Water Treatment Plant will also be renewed with Moose Jaw responsible for its share of this project.

The infrastructure demands of the utility are large with the fallowing major projects:

Object Account	2019 Carry Forward	2020	2021	2022	2023	2024	Total Including CFWDS
9618 - WW1 WATER DISTRIBUTION	-	653,000	666,000	675,000	675,000	702,000	3,371,000
9604 - WW4 WATER RESERVOIRS	6,450,000	10,000,000	500,000	500,000	500,000	500,000	18,450,000
9612 - WW5 BPWTP	2,764,555	600,000	-	-	ъ	*	3,364,555
9609 - WW9 FEEDER MAINS	2,725,000	1,600,000	100,000	200,000	1,000,000	1,000,000	6,625,000
9616 - WW16 BPWTP TRANSMISSION LINE	6,200,000	-	100,000	-			6,300,000
9617 - WW17 CAST IRON WATERMAIN REP	3,100,000	9,900,000	9,900,000	6,600,000	6,600,000	6,600,000	42,700,000
9625 - WW25 WATERWORKS LOAN REPAYME		3,892,250	3,893,537	3,893,712	3,895,703	3,895,440	19,470,642
Water Utility Reserve Summary	21,239,555	26,645,250	15,159,537	11,868,712	12,670,703	12,697,440	100,281,197

Funding for the utility's capital needs will come from:

Utility Revenues	\$23,565,345
Gas Tax funding	\$10,451,676
ICIP funding	\$18,332,800
Municipal Taxation	\$14,477,934
Proposed Infrastructure Levy	\$ 8,437,500
Contributions Sanitary Sewer Utility	\$ 3,000,000
	\$78,265,255

The Waterworks Utility will also need to borrow \$15,000,000 to meet all planned financial commitments.

Sanitary Sewers:

The Sanitary Sewer Utility has \$32,054,639 of planned spending over the next five years.

Object Account	2019 Carry Forward	2020	2021	2022	2023	2024	Total Including CFWDS
9731 - S1 SANITARY SEWERS	1,790,000	2,676,000	1,785,000	1,340,000	1,350,000	1,360,000	10,301,000

Title:	WW-1 Water Distribution	Project #:	WW-1
ALCENOTES.		Troject m.	AA AA - T.

Project Description

This program installs new PVC distribution mains in areas where they did not previously exist. This allows the system to be more connected thus improving flow, reliability, quality, and circulation. Further works include installing new PVC distribution mains in residential areas where the water is only available from one direction leading to a dead end. Adding additional mains will connect or loop these ends to the system thus improving flow, reliability, quality, and circulation. This program also includes ongoing repair and maintenance of the approximate 2800 water main valves in operation throughout the City. In addition, there are approximately 959 fire hydrants within the City. A uni-directional main flushing program utilizes hydrants and identifies replacements required under this budget.

Total Budget Amount: 3,371,000

Project #:	WW-4
	Project #:

Project Description

The scope of this project is to construct the new High Service Reservoir (HSR) pumphouse facility to replace the existing pump station. It is anticipated to award the construction contract by the end of 2019 and begin construction in spring of 2020 with an anticipated cost of \$15,000,000. The new HSR pumphouse is projected to be commissioned in spring of 2021. Reservoir lining of concrete walls and sack-rubbing on columns are the possible treatments to prolong the service life of the three water storage reservoirs within the City of Moose Jaw providing a total of 10.5 Million Gallons (MG) of storage. Further refurbishments of pumphouse facilities at planned intervals is the cost effective way of maintaining them compared to reacting to failures when the life expectancy is exceeded. In 2020, the intent is to replace motors and install Variable Frequency Drives (VFD) on two pumps at Southhill Pumphouse, and to complete a detailed design for a back up generator in case of power interruption.

Title:	WW-5 BPWTP Legacy Upgrades	Project #:	ww-5
		The Marie Display of the Sold	

Project Description

The Buffalo Pound Water Treatment Plant Legacy Upgrades started in 2010 and are now completed. The City of Moose Jaw's share of this project was 27.35% of the \$34.226 million dolar cost or \$9,360,979. During last year's budget process the Capital Budget was reduced from \$240 million over five years to \$200 million. In doing this reductuion WW-5 BPWTP capital project was reduced by to much resulting in a funding shortfall of \$600,000. This capital request will fulfill the City's funding committment for this project.

Title: WW-9 Feeder Mains	Project #:	WW-9	
--------------------------	------------	------	--

Project Description

The feeder main component of the system conveys water from one portion of the City to another or between reservoirs. Phase 1, 2 and 3 have been completed on the East Feeder main in 2015, 2016, 2018 and 2019. Phase 4 of the feeder main was designed in 2019 and is ready for construction in 2020. The final Phase of the East Feeder runs from Town and Country Drive to High Service Reservoir. Once the East Feeder line is replaced there are other feeder lines that are also nearing the end of their service life. Replacement will be scheduled based on condition and impact of failure.

WW-16 BPW IP Transmission Line Project #: WW-16	Title:	WW-16 BPWTP Transmission Line	Project #:	ww-16
---	--------	-------------------------------	------------	-------

Project Description

The scope of this project is to replace the pumps (4) at Buffalo Pound Water Treatment Plant (BPWTP) and all associated electrical components. Phase II will also complete the tie in work at Northeast & High Service Reservoirs including two clear wells at BPWTP. It is recommended to replace the aging and outdated fluoridation system, as well as the aging pipe network connecting into Northeast Reservoir. A detailed design is being finalized including these components with potential inclusion of construction at Phase II, contingent on council approval.

Title:	WW-17 Cast iron Watermain Replacement	Project #:	WW-17
20.00000000		r roject m	40.40-77

Project Description

This program includes the replacement of cast iron water mains, valves, hydrants, storm sewer leads and service connections. Within the program, the affected roadways will be restored and sections of sidewalks replaced. Phase V is scheduled for completion in 2020, with approximately 3 km of replacement. The budget request has been lowered by \$500K to reflect the cost savings by having the design in house, and another \$1 million has been allocated to Water Main Lining. \$3.3 million has been added to 2020 and 2021 from ICIP funding.

Title: S-1 Sanitary Sewers Project #: S-1	Title:	S-1 Sanitary Sewers	Project #:	S-1
---	--------	---------------------	------------	-----

Project Description

The City of Moose Jaw operates 185 kilometers of underground sewage collection of varying ages. Trunk sewer replacement will include design and construction of new trunk sewer mains to address capacity issues and service for future growth, in stages. Immediate recommendations include upsizing the North Trunk along Oxford St E and 6th Ave NE to address existing capacity issues in the network. The Sanitary Sewer Lining Project adds a new pipe inside of an old deteriorated pipe to increase the life of the pipe. Manhole restoration involves replacement and refurbishment of the approximately 2100 manholes in the sanitary sewer system. Ongoing sewer assessment is broken out into two pieces, Closed Circuit Television Video Inspection & Flow Monitoring. The purpose of these assessments is to gather information in order to prioritize locations for other projects within S-1 in particular for Sewer Lining and Storm Water Inflow & Infiltration.

Title:	S-3 Wastewater Treatment Plant	Project #:	C-3
Trailer.	3-3 Wastewater Heatment Flant	Project #:	5-5

Project Description

Based on the Wastewater Treatment Plant (WWTP) system condition assessment reports the priority for the remainder of 2019 is to award the design of the new blower system and fabrication and repairs of the Biolac Curtains, as identified in the reports. The four blowers that provide aeration to the treatment ponds have been in operation for 30 years. The electrical power to operate the blowers is a major part of the WWTP operating budget, an energy study stated that new blowers with VFD's could potentially save \$150,000 per year in energy costs. These blowers would be installed in 2020. The purpose of waste pond sludge removal is to clean one of the cells before the other pond becomes filled with sludge in order for the newly cleaned pond to be ready to accept more sludge. Phase 1 of the project is to hire a consultant to identify options for cleaning and disposal prior to Phase 2, implementing the recommended procedure for dealing with the sludge contained in the North Waste Pond Cell #6.

Title:	S-4 Lift Stations	Project #:	S-4

Project Description

The scope of this project is to implement the recommendations as detailed in various condition assessment reports. It is anticipated that this work will include extensive rehabilitation of the City's lift station network. This may include combining certain redundant locations to reduce operating costs and risks in addition to the complete rehabilitation of other critical lift stations.
