Schedule A – Playground Map _____	37

OVERVIEW

Public parks and playgrounds are the heart of a community and offer a multitude of benefits that go far beyond giving children something fun to do. They provide children the opportunity to practice and hone key skills including social, emotional, cognitive, and physical skills. Children are constantly learning through play by making new friends, sharing, taking turns, and interacting with other children. This increased interaction with children of all backgrounds and abilities gives kids a more open view of the world and the opportunity to build new relationships. Playgrounds also entice adults to get outside and be active as many families will walk or ride their bikes to playground locations across the city.

When it comes to Parks, Open Space, and Community Recreation the objectives of the City of Moose Jaw Official Community Plan are:

- a) To provide parks and recreation open space sufficient to meet the needs of Moose Jaw's residents, ensuring that these resources are distributed throughout the City in a fair and equitable manner.
- b) To manage all forms of the open space system in a planned and environmentally sensitive manner.
- c) To provide parks, open space and recreational program delivery at a level that aids in the attraction and retention of young families to and in the City.

Renewal Program Objective

The objective of the program is to:

- Identify the current state of City playgrounds and opportunities to expand playground offerings through a documented renewal program.
- Ensure that effective playground planning and management practices are in place.
- Make sure that playground renewal strongly considers accessibility and inclusivity and that future playgrounds are designed to meet the needs of the local area and community as a whole.
- Consider an appropriate mix of playground amenities to suit all ages and abilities.
- Provide demographic information to assist with playground renewal decision making.
- Ensure there is a focus on improving the overall service provision offered at playground locations and that the "play" experience extends beyond the playground unit.

CURRENT PLAYGROUND INVENTORY

There are over 50 public playgrounds in the City of Moose Jaw:

- 30 playground sites managed by the Parks and Recreation Department
- 4 playground sites managed by the Wakamow Valley Authority
- 15 playground sites managed by the local school divisions
- Approximately 3 playground sites on public land leased by third party groups – Hamilton Flats, Caribou Heights, Memorial Field

One of the policies identified in the City's Official Community Plan states that to the extent possible, the City shall attempt to ensure that public open spaces are distributed such that no residential property is located more than 400 metres from the closest public open space.

Considering this, the map provided in 'Schedule A' provides an overview of the playground locations across the City with a 500m buffer circled around each site. The map demonstrates that the City has good playground coverage throughout the community and that the immediate focus should be on renewal of existing sites rather than an expansion of sites.

CURRENT STATE

Local Area Demographics

- The average number of children under the age of 5 within 500m of a City playground is 84.
- The average number of children between 5 and 14 within 500m of a City playground is 177.
- The average number of children between 0 and 18 within 500m of a City playground is 336.

Playground Design and Replacement Cycles

Item	# of Playgrounds	% Playgrounds
Due for Replacement in Next 5 Years	5	17%
Due for Replacement in Next 5 - 10 Years	11	37%
Due for Replacement in Next 10+ Years	14	47%
Playgrounds with Obsolete Equipment	8	27%
Playgrounds in Poor Condition	4	13%
Playgrounds in Fair Condition	9	30%
Playgrounds in Good Condition	17	57%
Target Age of 0 to 4 years old	5	17%
Target Age of 5 to 12 years old	30	100%
Target Age of 13 to 18 years old	1	3%
Fully Accessible Playgrounds	5	17%

Playground Setting and Amenities

Item	# of Playgrounds	% Playgrounds
Sand Surface	23	77%
Engineered Wood Fiber Surface	5	17%
Synthetic Surface	2	7%
Playgrounds with Swing Sets	26	87%
Playgrounds with Benches	20	67%
Playgrounds with Picnic Tables	14	47%
Playgrounds with Pathway Access	13	43%
Playgrounds with Lighting	10	33%
Playgrounds with Public Washrooms	1	3%

ASSESSMENTS AND RECOMMENDATIONS

Clark Gillies Park: Willow Ave & Oxford St E

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
Unknown	25	Overdue	Unknown	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Very Poor	5-12 yrs	No accessible components	Steel Wood	Sand	None

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
Street	Bench in Gazebo	No	(1) Barrel	Yes – Gazebo	Yes – Along Street
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	No	No	No	No	Yes

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.0	90	152	304	1	304

Recommendations (2021-2025):

- Replace playground structure and surfacing in 2021
 - Increase size of playground as it is the only one in the area
 - Add swing set
 - Consider accessible features/surfacing and components for children under 5
 - Consider adding a pathway from sidewalk to playground
 - Consider adding a basketball net due to number of older children in neighborhood
 - Replace garbage receptacle and add bench and picnic table
- Engage local community association to complete community consultation with local area before finalizing playground design

Moose Square Park: 600 Stadacona St W

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
Unknown	25 – 30	Overdue	Blue Imp & Little Tikes	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Poor – Steel design is outdated	5 – 12 yrs	No accessible components	Steel	Sand	(8) Swings (3) Riding Features (4) Seesaws Monkeybars

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
Street	(2) Wooden	(1) Wood	(1) Barrel	Yes – Large Trees	No
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	No	No	No	No	Yes

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.2	93	199	376	3	125

Recommendations (2021-2025):

- Replace playground structure and surfacing in 2022
 - Recommend smaller playground due to number of playgrounds already in area
 - Consider accessible features/surfacing and components for children under 5
 - Consider adding a pathway from sidewalk to playground
 - Consider adding a basketball net due to number of older children in neighborhood
 - Replace garbage receptacle, benches, and picnic table
 - Keep the current additional amenities
- Engage local community association to complete community consultation with local area before finalizing playground design

Athabasca St W & 15th Ave NW Park: 1502 Athabasca St W

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
1990	25	2015 - Overdue	Unknown	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Poor	5 – 12 yrs	No accessible components	Steel Wood Plastic	Sand	(4) Swings

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
Street	(1) Bench	(1) Wooden	(1) Barrel	Large Trees	Yes – Entire Park
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	No	No	No	No	No Park Sign

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.4	45	93	187	2	94

Recommendations (2021-2025):

- Replace playground structure and surfacing in 2023
 - Recommend playground size to remain the same
 - Consider accessible features/surfacing and components for children under 5
 - Consider adding a pathway from sidewalk and street to playground
 - Replace garbage receptacle, bench, and picnic table
 - Keep the current additional amenities
 - Repair and replace perimeter fence as required
- Engage local community association to complete community consultation with local area before finalizing playground design

Hopkins Crescent Park: 1060 Hopkins Cres

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
Unknown	25	Overdue	Unknown	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Poor	5 – 12 yrs	Accessible ramping and play features	Steel Wood Plastic	Sand	(6) Swings (2) Riding Features

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
No	No	No	(1) Barrel	No	Yes – Residential Fences
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	Yes	No	No	No	No Park Sign

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.3	106	222	426	3	142

Recommendations (2021-2025):

- Replace playground structure and surfacing in 2024
 - Recommend playground size to remain the same
 - Consider accessible features/surfacing and components for children under 5
 - Consider adding a pathway from park entrances to playground
 - Replace garbage receptacle and add bench and picnic table
 - Keep the current additional amenities
 - Consider adding a basketball net due to number of older children in neighborhood
- Engage local community association to complete community consultation with local area before finalizing playground design

Knights of Columbus Park: 1100 Clifton Ave

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
1994	25 - 30	2019 - 2024	Unknown	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Fair	5 – 12 yrs	No accessible components	Steel Wood	Sand	(8) Swings Digger

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
Street	(1) Wood	(1) Wood	(1) Barrel	Yes – Large Trees	Yes
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	Yes	No	No	No	Yes

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.2	95	197	380	2	190

Recommendations (2021-2025):

- Replace playground structure and surfacing in 2025
 - Recommend similar size playground due to number of children/playgrounds in area
 - Consider accessible features/surfacing and components for children under 5+
 - Consider adding a pathway to playground entrances
 - Replace garbage receptacle, bench, and picnic table
 - Keep the current additional amenities
 - Consider adding a basketball net due to number of older children in neighborhood
- Engage local community association to complete community consultation with local area before finalizing playground design

Westheath Park: 52 Wellington Dr

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
Unknown	25 - 30	2022 - 2027	Blue Imp	Yes

Playground Condition & Design

Overall Condition	Target Ages	Accessibility	Structure Material	Surface Material	Additional Amenities
Fair	5 – 12 yrs	No accessible components	Steel Wood	Sand	None

Playground Setting

Parking	Benches/Seating	Picnic Tables	Garbage Bins	Shade/Shelter	Fencing
No	(2) Wood	No	(1) Barrel	Yes – Large Trees	Yes
Pathway/Sidewalk Access	Lighting	Public Washrooms	Potable Water	Bike Racks	Signage
No	No	No	No	No	No

Area Demographics (within 500m)

Avg Household Size	Children Under 5	Children 5 to 14	Total Children 0-18	# Playgrounds within 500m	# Children per Playground
2.8	125	416	628	2	314

Recommendations (2021-2025):

- Review replacement plan and additional amenities once final South Hill school site and concept plan is finalized

Peter Pan Park: 265 Coteau St W

Life-Cycle Data

Year Installed	Life Expectancy (Years)	Replacement Year	Manufacturer	Equipment Obsolete
1998	25 – 30	2023 - 2028	Little Tikes Commercial	No
