

The light.

The light that shines directly at my unit.

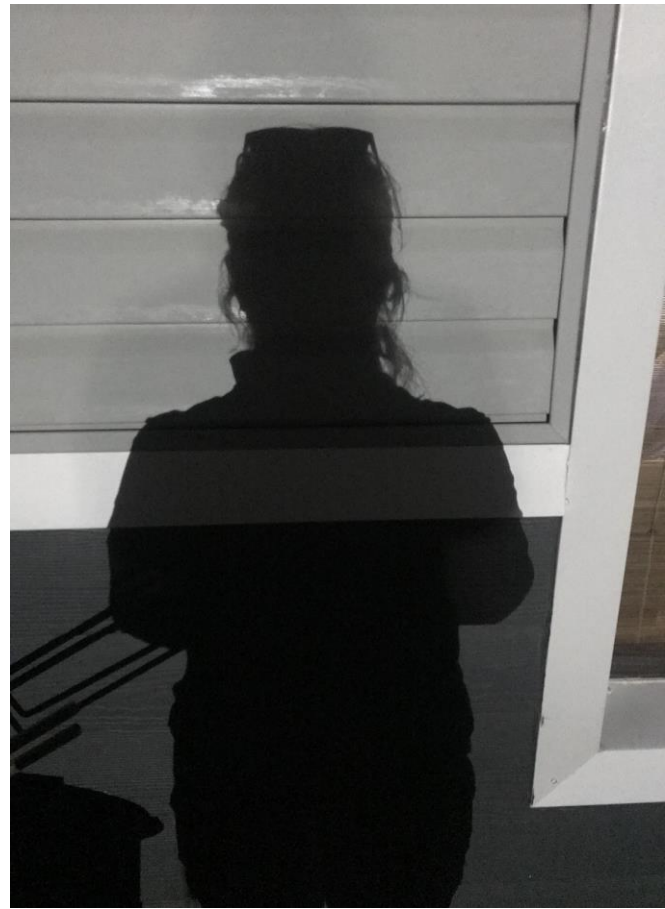

Showing how the light shines directly at my unit.

My Condo glows from the street.

This picture shows how the light does shine directly across and not “downward” as the City Bylaw Office stated.

The view from my chesterfield.

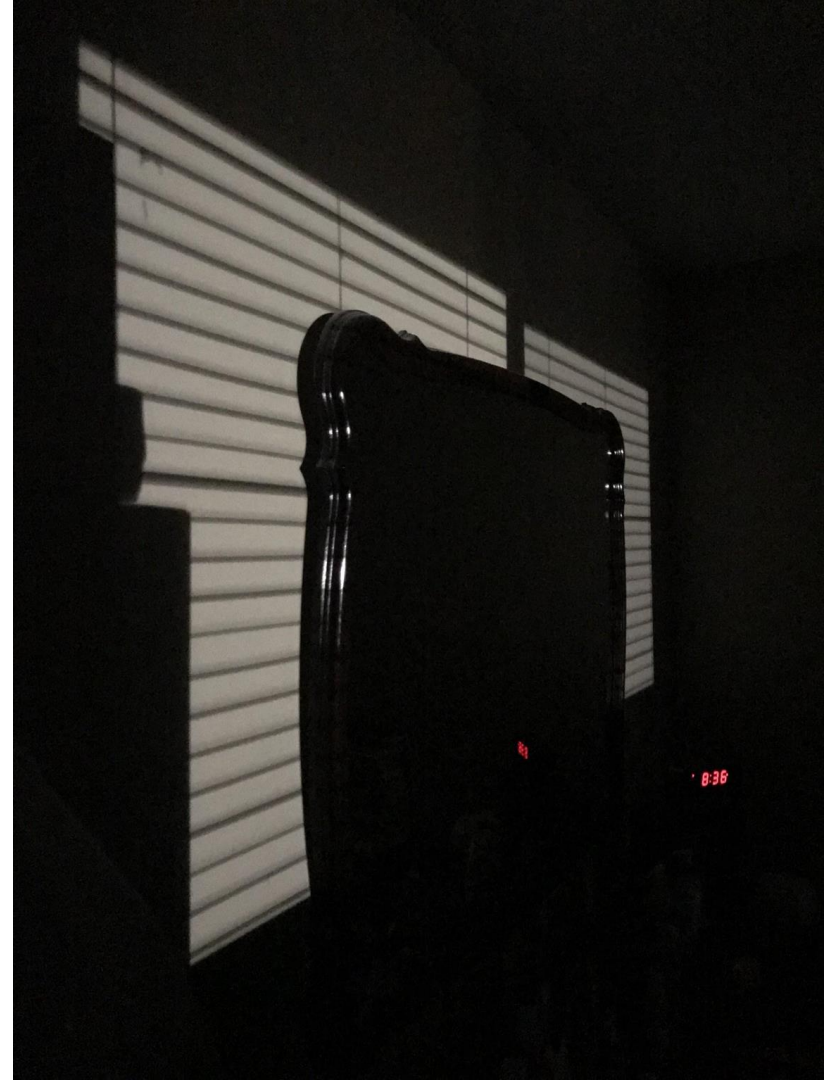

Walking into my bedroom.

Just a little bright.

Shadow from the window on the  
other side of the room.

Straight across from my bedroom window.

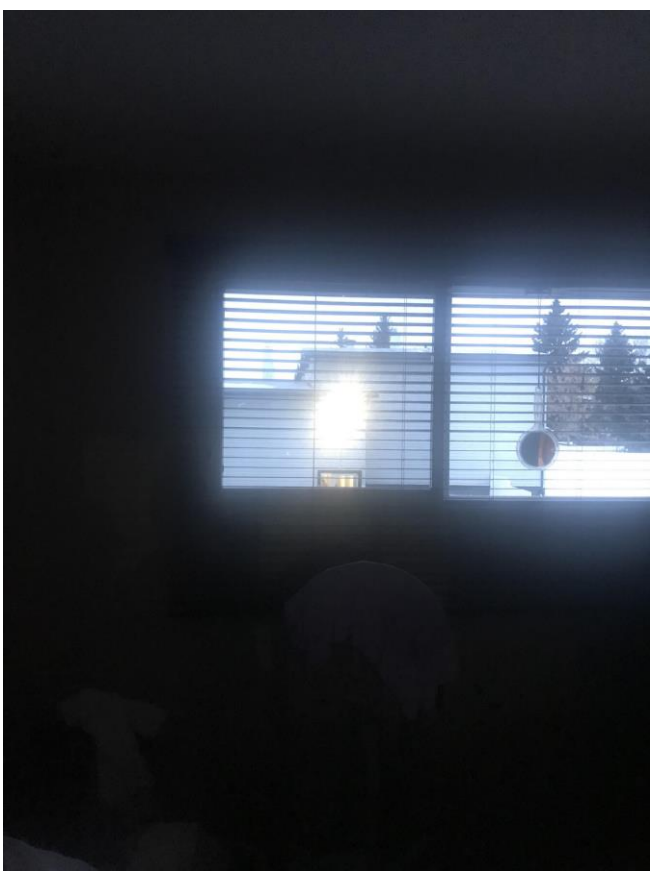

My view from .... my bed.

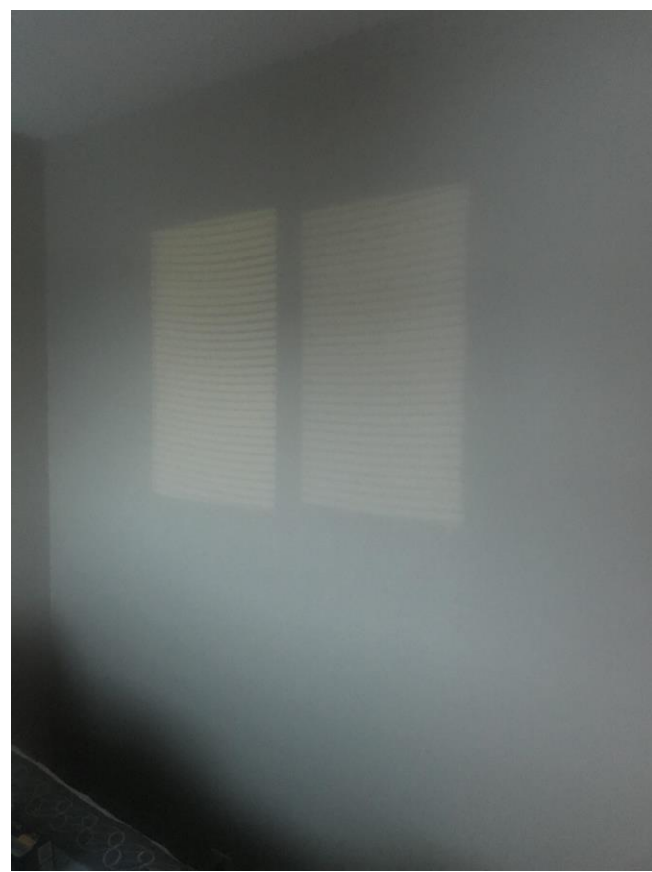

The shadow on the wall is brighter than the light that illuminates the room.

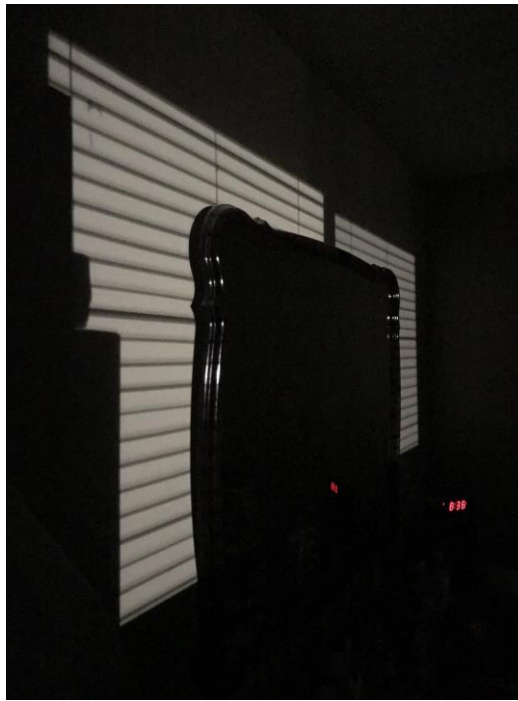

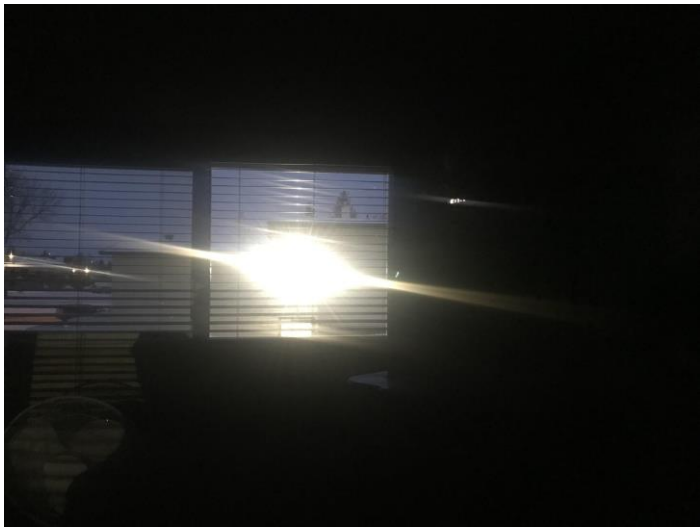

Daylight.

Brighter than daylight.

Reflection of light on the wall in  
bedroom #2

## PROPERTY MAINTENANCE AND NUISANCE BYLAW - City of Moose Jaw

Light - 12. No owner of a property shall cause or allow any light fixture attached to that property or illuminated signage to shine directly into the living or sleeping areas of an adjacent dwelling house or to cause a nuisance to an adjacent property.
