COMMUNICATION # CC-2019-0189

TITLE: Strategic Plan
TO: City Council
FROM: City Manager
DATE: October 3, 2019
PUBLIC: PUBLIC DOCUMENT

RECOMMENDATION

THAT Communication #CC-2019-0189, dated October 3, 2019, from the City Manager be received and filed.

TOPIC AND PURPOSE

The purpose of this report is to provide an update to City Council and the community regarding the strategic objectives established from the June 2018 Strategic Planning Session.

BACKGROUND

In June 2018, Council and the Strategic Leadership Team held a Strategic Planning session with Doug Griffiths, author of "13 Ways to Kill your Community". The purpose of the session was to identify new opportunities, actions and tactics in order to successfully advance the community into the future. The session ended with "Everything is about to Change", which requires new ways of implementing policies and practices in order to be effective in an environment of rapid and dramatic change.

The City of Moose Jaw has moved away from a traditional vision and mission statement as every community wants to be a progressive and sustainable community of choice and a wonderful, friendly place to work live and raise a family. We can move the community forward and recognize diverse opinions if we make decisions for the good of the community while following our values.

The most powerful statement is that we will be a community that is built upon our values, which are:

- We will walk the talk by living what you want to see in our community.
- We will have the courage to try new things, and not be afraid action could lead to failure.
- We will be customer-focused in our deliberations and actions.
 - Responsive to citizen needs.
 - Solution focused.
 - Start with 'YES' in serving the community.
- We will not be afraid of being challenged by the public, or to challenge the community.
- We will always start with open, honest, and frank conversations with our stakeholders.
- We will clearly define what we do and do it well. We will not do what we don't do well.
- We will be forward thinking and innovative in identifying problems and finding solutions.
- In any meetings, public or private, we will leave our negativity and our egos at the door.
- We will recognize that disagreement can be communicated without being disagreeable, angry, or disrespectful.
- We will not betray the trust that exists when we are together, or the trust instilled to us by the public we serve.
- We agree the past will remain in the past, unless it is something to be celebrated and appreciated.
- We operate as one family and one community with the goal of making the community better and preparing it for the future.

The attached Strategic Plan overview provides an update to Council and the community on what was discussed, our strategic objectives and progress achieved towards the strategic objectives established by Council.
