Q3 Do you feel the committee as a whole remained focused on achieving the objectives?

Answered: 35 Skipped: 0

ANSWER CHOICES		RESPONSES	
Yes		82.86%	29
No		17.14%	6
TOTAL			35

Q4 What do you feel are the committee's most important achievements during your tenure?

Answered: 34 Skipped: 1

#	RESPONSES	DATE
1	Municipal Green Plan	7/31/2019 6:56 AM
2	I feel that the committee has kept the City of Moose Jaw informed and aware of the changing climate in regards to increasing diversity in the community. The committee held a forum to connect with the City of Moose Jaw and stakeholders and this was important in raising attention to the topic of diversity. I would say advocating for awareness of the importance of effectively supporting and accommodating needs related to diversity is an accomplishment we can be proud of.	7/30/2019 4:34 PM
3	Procurement of an environmental mandate for the City of Moose Jaw in conjunction with its current statement.	7/29/2019 4:07 PM
4	recommendation escalator mosaic ,curb cut project down town and area , private handicap placard parking residential , bring forward transportation concerns and solutions, accessibility concerns of special needs residents and provide a voice to transportation services advisory and council	7/29/2019 5:50 AM
5	Updating and revising our mandate. Informing council members of needed issues at city council meetings	7/23/2019 5:19 PM
6	Being the voice of special needs individuals within our City as well as working with Transportation Services to provide a more consistent service.	7/23/2019 3:32 PM
7	achievement of goals and objectives	7/23/2019 10:54 AM
8	We have only had 3 meetings since I joined, but our most important work has been working to suggest amendments to the new bylaws. This includes taking into consideration public opinion and consulting with the police department.	7/23/2019 9:50 AM
9	Providing guidance to the traffic (parking) bylaw changes as well as the taxi bylaw, as it pertains to people living with disabilities	7/21/2019 6:57 AM
10	Ramps (Sask. Polytechnic Project)--assisting with funding for same.	7/19/2019 10:50 PM
11	See above - I haven't attended a meeting to this point	7/19/2019 11:47 AM
12	I am not sure...I was a "second" so I don't really know what was undertaken and completed.	7/19/2019 11:17 AM
13	Reviewing accessibility of the city for the persons of disabilities in our community. Transportation issue. The Special Needs Committee is also working on a project similar to Regina 'a "Champions of Transit" that when completed will encourage persons of disabilities to use the regular transit and therefore put less strain on Para Transit and foster independence	7/19/2019 9:17 AM
14	Partly letting admin know what people are thinking and saying about our services, helping improve our services and more importantly explaining to the public how things work and why!	7/18/2019 6:26 PM
15	Keeping the murals in good condition for the public to enjoy. There is so much rich history in and around Moose Jaw	7/18/2019 4:18 PM
16	None really. The committee merely provides an oversight of planning decisions, and does little to help formulate them.	7/18/2019 12:51 PM
17	Grant allocation, Parks & Rec facility renaming, advising council of the direction the P&R dept should go in	7/18/2019 12:38 PM
18	Wakamow: Expanded trail systems with new crossings, managed loss of Provincial funding, renewed leadership Parks and Rec: New computerized pass system, take-over of Yara Centre	7/18/2019 9:49 AM
19	giving of information to public	7/18/2019 8:44 AM
20	To strive to make correct decisions for each committee on a regular basis. Which could help the City.	7/18/2019 12:43 AM
21	Organizing a garbage pickup day.	7/17/2019 10:18 PM

22	Facade improvement grants and advice to Council regarding Heritage improvements.	7/17/2019 8:40 PM
23	Quite a few things were accomplished such as clarification of the mandate and city council's role in supporting our committee and it's mandate. One great promotion which occurred in connection with our mandate was the "It Takes a Village" event in April. Another was the recommendation to city council to consider trial bus offers for newcomers in order to promote local transportation and create awareness of the availability of the city transit.	7/17/2019 8:29 PM
24	Getting blind signage up. Hosting educational community events	7/17/2019 2:54 PM
25	Transportation safety	7/17/2019 2:46 PM
26	TSAC worked hard with engineering to institute our new warrant system in relation to our bylaws. Parks and rec every year has to decide not only who gets community funding, but also work on keeping our city run facilities/graveyards affordable while striving not to be a financial burden to the community. Wakamow has managed to build several playgrounds, bathrooms, 2bridges, and many upgrades to trails, we were also the first province to complete the great trail, and by end of the summer should of completed a disc golf course, all this after the provincial government stopped providing us funding. DAB every month has to uphold the cities bylaws while still allowing some variances when permitted. We haven't been found to be incorrect in our judgements by the SMB since i joined.	7/17/2019 1:37 PM
27	Sadly not much. Initiatives that were undertaken were not concluded as it would have required a refreshed City Plan. Policy frame work refresh wasn't perceived as an impactful contribution had we finished it.	7/17/2019 1:28 PM
28	Replacing heritage plaques around the city Sponsorship of the local Heritage Fair Dialogue with the Youth Advisory Committee re: heritage matters Work on refurbishing city bell	7/17/2019 12:37 PM
29	To keep the murals that we have in good condition and find good places for new ones	7/17/2019 12:31 PM
30	Moving to a warrant based system to prioritize requests	7/17/2019 12:09 PM
31	Sumard contract	7/17/2019 12:06 PM
32	Ongoing maintenance of the murals, getting our funding reinstated.	7/17/2019 11:18 AM
33	Facility rate guidance, renaming of facilities, input and feedback to Mr. Osmachenko and Mr. Blais.	7/17/2019 10:59 AM
34	None	7/17/2019 10:48 AM

Q5 During your time on the committee what have been the biggest obstacles to achieving your objectives?

Answered: 35 Skipped: 0

#	RESPONSES	DATE
1	Lots of updates regarding relevant city issues and insightful discussion from committee members who are truly passionate about the issues but little output resulting. Time constraints are likely a contributing factor.	7/31/2019 6:56 AM
2	-capacity. It is difficult to meet sometimes because Quorum is often not achieved -red tape. All the processes make it difficult for "everyday citizens" to engage effectively -too much overseeing of eligible membership and too many restriction on membership (i.e. each group is written right into the Terms of Reference) and this makes it difficult to engage additional citizens and organizations that may have a vested interest and might bring needed perspective and capacity -lack of diversity on City Council means that sometimes diverse perspective are not appreciated in all their complexity	7/30/2019 4:34 PM
3	The City engineer not working cooperatively with members of the committee.	7/29/2019 4:07 PM
4	city funding for projects are always a concern, but the issues are brought forward for discussion and are put priority list and may be funded	7/29/2019 5:50 AM
5	Not enough people to form a quorum	7/23/2019 5:19 PM
6	Amount of time it takes to get approval from the City for an answer after something has come up during a meeting. I am not sure if special needs accessibility is a priority within the City.	7/23/2019 3:32 PM
7	Gap in meetings	7/23/2019 10:54 AM
8	Interpersonal issues and people with stakes in what is being discussed (possessive and defensive behavior), from committee members and city staff.	7/23/2019 9:50 AM
9	The financial cost of providing services, protections, and dignified supports for people living with disabilities wishing to be a part of their community	7/21/2019 6:57 AM
10	Nothing comes to mind	7/19/2019 10:50 PM
11	see above	7/19/2019 11:47 AM
12	N/A	7/19/2019 11:17 AM
13	Getting projects completed and forwarded to council for approval	7/19/2019 9:17 AM
14	Finances	7/18/2019 6:26 PM
15	Having enough money to continue keeping the murals in good condition	7/18/2019 4:18 PM
16	None to speak of. On at least one occasion, Council was too pscillanimous to accept the recommendation of the Commission.	7/18/2019 12:51 PM
17	We should see what organizations didn't use past grant allocations or submitted late grant follow ups and take that into consideration when allocating the following years grants. If our responsibility is to advise council on the direction of the dept once a year we should see a dept strategic plan to see the big picture of what they are focusing on that year. Not sure that the screening process for who sits on this committee is valid. All folks on the committee should have background, experience and knowledge in the parks and recreation industry. Otherwise their voice at the table isn't beneficial and their comments are wasting the rest of the committee members and city administrations time during meetings.	7/18/2019 12:38 PM
18	Not enough meetings.	7/18/2019 10:01 AM
19	Continuity of members, funding (Wakamow), inconsistent referral of issues to the committee (Parks and Rec)	7/18/2019 9:49 AM
20	continuity of members	7/18/2019 8:44 AM

21	I think it has been fairly good not many obstacles during my tenure. Sometimes it was a formality it seemed. That it was decided on by council already it felt like. But it did go smoothly for the most part.	7/18/2019 12:43 AM
22	Not knowing what, precisely, we were supposed to be doing.	7/17/2019 10:18 PM
23	Too much "red tape" and Council not taking our advice.	7/17/2019 8:40 PM
24	Conflicting schedules among members (lack of quorum) sometimes create meeting delays. Also the perception that our committee is a department to filter racism complaints rather than promote positive cultural awareness and foster diversity within our lovely little community.	7/17/2019 8:29 PM
25	Working with SaskPoly on projects	7/17/2019 2:54 PM
26	None	7/17/2019 2:46 PM
27	TSAC city officials are stretched thin and that sometimes makes arranging a meeting difficult. Wakamow had a large portion of our funding taken away, yet we've not only maintained but managed to add to the park.	7/17/2019 1:37 PM
28	1) Council / Engineering / Administration has not brought forward items for us to discuss or seek public input on. 2) It has been overtly projected to the board that the city doesn't have financial means or labour assets to undertake any green Initiatives.	7/17/2019 1:28 PM
29	Budget -- we have just \$1,000. With Heritage Moose Jaw shutting down, we are the ONLY group advocating for heritage in this city. There is simply too much that needs to be done that \$1,000 cannot adequately address. An inability to raise our own funds that could be used for heritage projects. We have lots of ideas but are unable to capitalize on them. It is my understanding we need council approval for a "municipal project" in order to raise funds. A lack of support from city council. I feel they do not always listen to our recommendations. I understand they have accountability, but what is the point of such an advisory committee if you ignore their recommendations? Council also specifically NEVER asks questions of the committee when presenting at council, which does not allow us to explain our actions or decisions. Presenting at council doesn't work; it was better when the minutes were discussed at executive committee. It was a more informal setting that facilitated discussion. A focus that is too narrow. We need to have some ability to actually officially advocate for heritage and the protection of local landmarks. Currently, that is not really the mandate of this committee. Staffing issues. Over the past three years, we have had at least six different people taking minutes/serving as committee clerk. I understand why this happens, but it is frustrating because, sometimes, we need to rely on the clerk's assistance regarding protocol. If you have someone new all the time who doesn't know the position very well, it creates a lack of support.	7/17/2019 12:37 PM
30	Funding and good places for new ones	7/17/2019 12:31 PM
31	The scope of the committee is fairly large and many items/issues don't pertain to my role as the Transportation Manager at Prairie South School Division	7/17/2019 12:09 PM
32	Certain members trying to change scope of committee	7/17/2019 12:06 PM
33	The cutting of our funds 2 years ago and having to go to council to beg to have them reinstated when the Parks and Rec department screwed up a year later and they were cut again.	7/17/2019 11:18 AM
34	A general "this is how we have always done it" attitude.	7/17/2019 10:59 AM
35	Lack of meetings	7/17/2019 10:48 AM

Q6 What, if any, are the biggest shortcomings of the committee?

Answered: 32 Skipped: 3

#	RESPONSES	DATE
1	Climate change - not much discussion or suggestions put forth to city regarding what more might be done at the municipal level.	7/31/2019 6:56 AM
2	-Terms of Reference that are not entirely relevant, that do not contain a targeted mandate, that do not empower the CDAC to effectively serve the ADVISORY function it is meant to maintain	7/30/2019 4:34 PM
3	The inability for the committee to work with enough latitude to accomplish its goals.	7/29/2019 4:07 PM
4	not always enough members interested in sitting or unaware there is a committee	7/29/2019 5:50 AM
5	Lack of city council listening or even attending a meeting to know issues from minorities in the community	7/23/2019 5:19 PM
6	yearly changing members	7/23/2019 10:54 AM
7	We don't meet as often as we should. Also there is a backlog of issues/concerns being held up in the engineering department and not being passed on to the advisory committee in a timely manner.	7/23/2019 9:50 AM
8	Through our partnerships and regular meetings, I'd say that our committee doesn't have any significant shortcomings.	7/21/2019 6:57 AM
9	We tend to get stuck on specific and oft-discussed transportation concerns.	7/19/2019 10:50 PM
10	see above	7/19/2019 11:47 AM
11	N/A	7/19/2019 11:17 AM
12	Our committee is now running quite well. In the past we had poorly run meetings due to members not knowing the procedures for chairing meetings. We now have a committee that all have a stake in the disabled community which has not always been the case.	7/19/2019 9:17 AM
13	Keeping people on the board	7/18/2019 4:18 PM
14	No real power, and as mentioned above, they are too easily and readily ignored by Council.	7/18/2019 12:51 PM
15	We should be seeing a yearly strategic plan of the dept and forward our advisory committee comments on it to council. This currently does not happen.	7/18/2019 12:38 PM
16	More discussion and planning on growth initiatives.	7/18/2019 10:01 AM
17	na	7/18/2019 8:44 AM
18	I think the committee was run well and could use or have a few more people on the committee. That would help maybe do more advertising to put out there to get more on boards. The more people give more ideas and more insight.	7/18/2019 12:43 AM
19	Lack of direction.	7/17/2019 10:18 PM
20	Very little power which makes it seem not worthwhile.	7/17/2019 8:40 PM
21	The recent request by some members to change the meeting times to an earlier time seems to have made it more difficult for the city council member to be present. In the past, at least one of the members also seemed to want to digress into lengthy discussions of details which seemed irrelevant to the goals and agenda, but over the past nine months, it seems like that's corrected itself and most members have lots of great - relevant-to-topic- input.	7/17/2019 8:29 PM
22	Na I think we have a variety of people that adds to knowledge of our group	7/17/2019 2:54 PM
23	None	7/17/2019 2:46 PM
24	TSAC doesn't meet often enough, makes the process take longer than it should. DAB could use 1-2 more members to make having quorum more easily obtained.	7/17/2019 1:37 PM
25	Lack of direction and meaningful work to progress.	7/17/2019 1:28 PM

26	A lack of funding and a focus that is too restrictive.	7/17/2019 12:37 PM
27	I don't feel there any	7/17/2019 12:31 PM
28	Again, the scope of the committee is large	7/17/2019 12:09 PM
29	Meetings every month seem to be to many as committee doesn't really seem to make a big impact on the community	7/17/2019 12:06 PM
30	We need more voices and of a younger age group.	7/17/2019 11:18 AM
31	More community feedback is required and a more progressive look to the future parks and rec needs of our City	7/17/2019 10:59 AM
32	Lack of meetings	7/17/2019 10:48 AM

Q7 Do you feel your committee is relevant?

Answered: 35 Skipped: 0

ANSWER CHOICES		RESPONSES	
Yes		91.43%	32
No		8.57%	3

Q8 Are there other community groups in Moose Jaw that have a similar mandate and objectives as the committee you were a member of?

Answered: 29 Skipped: 6

ANSWER CHOICES	RESPONSES	
Yes	17.24%	5
No	82.76%	24
TOTAL		29

Q9 What would your advice to City Council be about the future of this committee and/or how it could operate more effectively?

Answered: 34 Skipped: 1

#	RESPONSES	DATE
1	Continue with EAC: 1/ EAC to City - rather than simply receiving updates on issues, raise new issues and provide recommendations. 2/ City to EAC - invite more involvement in issues rather than simply updating progress.	7/31/2019 6:56 AM
2	-In consultation with the committee, revise the Terms of Reference to make them more relevant - Enhance open communication between the committee and council -bring the committee's voice into every-day decisions not just stuff that is super-apparently "diversity" or "multicultural" focused. Diverse perspectives can enhance any decision that needs to be made; similarly, any decision that is made can impact on different populations differently -follow though on the great work started through 13 Ways - Consider this excellent two-pager about Citizen-participation and put it into action as much as feasibly possible (i.e. reconsider the power-dynamics & harness your greatest resource: your citizens): https://cdn2.hubspot.net/hubfs/316071/Learning%2020%20A%20Guide%20for%20Government%20Officials%20Seeking%20to%20Promote%20Productive%20Citizen%20Participation_.pdf?utm_campaign=VC_CoP&utm_source=hs_email&utm_medium=email&utm_content=74928057&hsenc=p2ANqtz_-AuLpoiUVB5KGYH9uoQHsIg9ji9-X3DEA5cvPzQAM_cmSm7AmCjFrv1Y47untDk2Ks492Pot47Is4XVJFPemus2S5zPg&_hsmi=74928057 Thank very much for this opportunity for feedback!	7/30/2019 4:34 PM
3	It should either be disbanded or, it should be given greater autonomy to make decisions with regard to it's mandate and then obtain councils approval/disapproval to move forward (or not) with those objectives or motions.	7/29/2019 4:07 PM
4	I think the committee does function effectively, however I am not sure council appreciated the time and effort put in to the committee by the members.	7/29/2019 5:50 AM
5	Please have one city council member serve on the committee to know what is happening and offer advice	7/23/2019 5:19 PM
6	This committee should be a high priority for the City as it represents a vast demographic of citizens from MJ from the disabled to the elderly - access at certain areas within the city are less than par and in 2019 should be a much accessible community.	7/23/2019 3:32 PM
7	timely managed meetings	7/23/2019 10:54 AM
8	This committee is very important and should be meeting more often. It should be better utilized. A more efficient communication strategy needs to be developed between this committee and the engineering department.	7/23/2019 9:50 AM
9	I believe that this is one of the strongest and most active advisory committees at this time. I believe it should continue to operate as is. I also believe there should be a provision for special meetings at other times of day so that individuals struggling with mobility and transportation have a chance to speak with the committee during regular transit hours. (Currently, our meetings occur after regular transit operation has ceased).	7/21/2019 6:57 AM
10	It is relevant and meets monthly. Our chairperson keeps meetings moving along smoothly and we strive to do right for those we represent as well as taxpayers.	7/19/2019 10:50 PM
11	I look forward to participating	7/19/2019 11:47 AM
12	I am not sure.	7/19/2019 11:17 AM
13	I believe that at times Special Needs and Transportation area sharing many issues. I also believe the housing committee should have disabled representation and meets rarely. Time and effort could be saved by combining these committees.	7/19/2019 9:17 AM
14	I think it's very effective as it is	7/18/2019 6:26 PM

15	More funding please. Keeping the City Council aware of just how much work goes into maintaining such a valuable asset to attract tourists that helps spread the word across Canada about what a jewel Moose Jaw is both as a tourist attraction and bringing business to store owners, hotels, and restaurants year round. It ain't just a summer thing.	7/18/2019 4:18 PM
16	Screen committee candidates more closely before adding them to the committee, don't accept any citizen's application be sure they are qualified. There is an old council motion that dictates that a large percentage of the target grant dollars must go to the MJ & D Seniors Assoc and the Cosmo Seniors I don't think this is relevant for today's seniors with all of the other senior recreation opportunities available in MJ. Typically the more healthy and active seniors that are still playing hockey, using our trails, playing organized sports, curling, swimming, etc. are seeing less of these sask lotteries funds rather than the less active ones who are playing card games, scrabble, floor shuffle at these centres. Don't we want to support the more active individuals also? This council motion should be dissolved and all senior rec activities applied for equally under the target grant the two senior centres shouldn't be guaranteed more funding then other applicants are receiving. We could allocate the grant funds more effectively in MJ if this council motion was dissolved.	7/18/2019 12:38 PM
17	Consistent meeting schedule and focus on items that can assist the city to grow and attract new business.	7/18/2019 10:01 AM
18	Expand the issues to be brought to the Parks and Rec committee such as input to the budget process. Increase priority the City places on it's infrastructure in Wakamow (roads, bridges etc.). Wakamow can only do so much and must rely on the City to maintain it's works.	7/18/2019 9:49 AM
19	define to committee and Admin leading the committee what city in 2019 hopes they accomplish	7/18/2019 8:44 AM
20	Municipal planning could be given more information when it comes to certain things that come our way. We could make more of a clearer decision then in a few instances. Parks and rec we have been getting alot more information that has helped. With the Libraiiry board we have good leadership and members, which do want to keep giving moose jaw and familes great facilities and services and activities. Which is a drawing card for building up the city for businesses wanting to settle in the city with their workers that have families. They look at all aspects of what the city has to offer. Advertise more or come up with posters etc to get more people on the committee.	7/18/2019 12:43 AM
21	Give a clear outline of what they're supposed to be doing. Informing the public of what the City is doing from an environmental perspective? Educating the public on environmental matters? Educating youth? Educating adults? Brainstorming City policy to meet environmental objectives? Or just functioning as a checkmarker of environmental steps the City is taking? The goal was unclear.	7/17/2019 10:18 PM
22	Abide by our decisions	7/17/2019 8:40 PM
23	Invite some members from 15 Wing, a representative from Ecole Ducharme, and any other official local ethnic groups or organizations which haven't got a current representative in our membership...more diversity reach might be gained in this case. Also, ensuring a larger membership could guarantee quorum and more regular meetings. And finally, the meetings should accommodate the city council member and committee chair's schedules as I believe both these persons should be in attendance at every meeting. Thank you for seeking my feedback on the Cultural Diversity Advisory Committee...I truly believe this is a committee which will help educate and support our community mosaic! <3	7/17/2019 8:29 PM
24	Na	7/17/2019 2:54 PM
25	No advice	7/17/2019 2:46 PM
26	TSAC could meet more frequently. DAB could use 1-2 more members. Wakamow although it is very happy with the funds the city provides, more funds means more activities and education to the community	7/17/2019 1:37 PM
27	While there are consultants working on a new landfill and other solid waste initiatives being worked on. It is unlikely there will be much that the EAC can contribute to this. With the addition of a communications officer at the City, much of the education / public awareness function of the EAC is better handled through the City's PR channels. I would think the City could consider retiring this group until such time items are undertaken which a committee should contribute to...	7/17/2019 1:28 PM
28	I would ask that council actually engage with our committee when addressing them, so we can explain our decisions and rationale more clearly. I would simply hope that council recognizes the importance of this committee.	7/17/2019 12:37 PM
29	I feel we are doing our best with the funding we have	7/17/2019 12:31 PM

30	The committee works well and we feel the interests of our students is being served.	7/17/2019 12:09 PM
31	No monthly meetings instead of monthly. More involved to cultural events This committee used to be the co.mittee to deal with racism incidents in the city Not sure if it's duplicated with multicultural co.mittee	7/17/2019 12:06 PM
32	This is a very important board as the repercussions of dismantling it would be very foolhardy. The city needs to spend more time trying to recruit younger board members for continuity and longevity of the murals and murals board. A yearly thank you card would be nice too. We never receive any acknowledgment of the FREE work we put in for the benefit of this city. The murals board does operate very effectively with very little money but does not always feel respected for our efforts or our thriftiness.	7/17/2019 11:18 AM
33	The guidance and leadership provided by volunteer committees should be allowed to make significant contributions to the development of the parks and recreation area of our city. I feel there is talent abundant and should be utilized for project feasibility, usage studies, monitoring, etc. Many of these volunteers would provide services in this capacity thus alleviating some of the cost and time constraints on our civil servants.	7/17/2019 10:59 AM
34	Mandate of the board. Quarterly meetings	7/17/2019 10:48 AM
