

Special Needs Advisory Committee

RAMP PROJECT BACKGROUND

Fall 2019- Special Needs Advisory Committee discusses starting Ramp Project to provide downtown businesses that are not currently accessible with wheelchair accessible ramps.

January 2020- Saskatchewan Polytechnic's Architectural Technologies Department agrees to take on project.

May 2020 – December 2021 - Project is put on hold due to COVID

February 2022- Committee plans to move forward with Ramp Project. Councillor Logan is in contact with Peacock Collegiate and students are interested in helping build ramps for the project.

September 2022- Peacock still interested in helping with project. School requesting waiver from City for them to review.
